Mr. McBride Holt Says:

Graham, N. C. July 16, '97.

Oneida Cotton Mills:

About two and a half years ago my little boy about four years, and my little girl about two years, each had an enlargement of the glands about the ears. The trouble appearing on each about the same time, I was inclined to think it mumps, but soon observing to the contrary, I called in the doctor, who said the trouble came from colds, prescribing accordingly, yet swelling continued to grow, until each had to hold for the lance, the little boy having been lanced in three places, and at three times, his face at times, looking alarming. The nature of the trouble was termed one thing by one and another thing by another. This however, did not concern me, as I was looking for a cure, and Mrs. Joe Person's Remedy having been called to my attention so favorably, I dropped the treatment from the doctor and commenced to use Mrs. Joe Person's Remedy. To say that the results obtained have been satisfactory is putting it in mild terms, the children, and especially the little boy being entirely well, yet wearing the scars that will ever keep fresh in my memory the merits of Mrs. Joe Person's Remedy. Respt.

WHERE THE NEGRO RULES.

A Plain Statement of the Condition of Affairs in Newbern and Craven County

To the Editor of The Charlotte Observer:

A gentleman whose business makes it necessary that he should travel almost constantly around the State, surprised the citizens of Newbern by telling the following story: "In a county of western North Carolina during a term of the Superior Court the deputy sheriff summoned a negro man to act as juror. This being an unusual proceeding in this particular county, the white men who had taken their places in the box became incensed at the action of the deputy and expressed their unwillingness to sit upon a jury with a negro. Whether the negro was withdrawn or not is not stated, but it is well known that the deputy received a good round of abuse from at least eleven indignant white men."

This is strange to the people of Newbern, because 99 juries out of 100 sitting in court in Craven county are composed of as many negroes as white men. Furthermore, they are summoned by a negro deputy. Sheriff Hahn, upon receiving the nomination at the Republican county convention, made a speech in which he said: "No white men need apply for places as deputies nor as clerks." He has been as good as his word, and all of his clerks and deputies are negroes. If there should be occasion to arrest the sheriff a negro man would do it, for we have a negro coroner. This same negro coroner, Lassitter, some time ago displayed his bigness thusly: "An aged white man from the country, trading in a city store, dropped dead. His wife, sorrow-stricken upon learning that an inquest would be held, begged that a jury of white men be summoned. Lassitter said that he would attend to that and returned with a full jury of negro men to decide how the deceased came to his death. This is how the negro indulges in petty and mean delights, without regard for the white person's feelings."

The register of deeds is a negro man, and of course all of his clerks are negroes, too. Being naturally incompetent, there must of necessity be more of them than there would be if they were white.

The keeper of the county jail, being under the sheriff, is likewise a negro. One of the county commissioners is a negro man.

The county standard-keeper is a negro.

The candidate and nominee of the Republican party for the position of county treasurer is a negro saloon keeper.

One of the members of the county board of education is a negro.

There are thirteen negro school committeemen in Craven county.

By the way, the negroes in this county, according to the county supervisor's annual report, from July 1st, 1897, to July 1st, 1898, have property valued and assessed at \$363,321. The assessed value of property of the whites is \$2,638,320, more than seven times the value of the property of the negroes, but read: The total amount apportioned to the negroes during the year (from July 1st, '97 to July 1st, '98) was \$8,571.24; the total amount apportioned to the whites during the same period was \$5,720.35. The white people pay more than seven times as much and draw back just a little more than half as much as the negroes. Yet we have negro men to select teachers for the white schools. The negroes are not in the majority on

the school committee, but their votes elect.

A negro township constable served the papers for 26 magistrates, who disgrace the law and justice by their ignorance and partiality. Tuesday, August 16th, one of the negro justices of the peace was tried on a warrant sworn out by a negro woman for malpractice in office. A strong case was made out against him and other negro magistrates will be tried for the same offense. They have extorted outrageous costs and illegal fees until men have grown tired of this rascality in office and will prosecute the guilty officers. At trials the negro magistrates parade their authority to impress the by-standing negroes. So much for the county.

The city government is largely administered by negro officers. In the town council there are three negroes. The city attorney, the legal adviser of the town authorities, is a negro lawyer. He is also the Republican party's nominee for solicitor. George H. White, colored, at present member of Congress, was at one time our solicitor.

Four negro policemen and a negro sergeant of police strut the streets of Newbern in blue uniforms.

Around all the public buildings negro janitors, engineers, etc., are seen until one cannot help admitting the truth of the negro Bishop Petty's statement: "Eastern Carolina is the place for the negro." It is true, he has more privileges here than elsewhere and unless the reigns of government are taken from him we are threatened with an influx of negroes from all parts of the Union.

This is a plain statement of facts, which can be verified. No comment is made. It is believed that the people of western North Carolina will realize the evil of such conditions without reading of any particular breaches of conduct and decency.

The negro soldiers from Fort Macon overrun the streets, crowd into public carriages, drink until rowdy and are met on every hand, accompanied with dirty negro wench. The negro police bother the man.

At Morehead City negro soldier rescue one another from the civil authorities. A crowd of them met a white man and by threats of violence compelled him to show them to a house of ill repute.

The War Department has been telegraphed of their dastardly conduct and it is hoped that they will be removed. ROMULUS A. NUNN.

Newbern, August 16th.

West Market Yet

The Greenville market was a record breaker today, having over 150,000 pounds of tobacco on sale. The breaks were tremendous at all the warehouses, only two of them being finished from 9 o'clock up to the time of stopping for dinner. This left three houses for the afternoon and the sale lasted all day. Greenville cannot be touched by any other market.

Yellow Fever at Key West.

Washington, August 17.—The naval station at Key West will at once be practically abandoned on account of a threatened epidemic of yellow fever in the barracks and city. The naval base will be removed temporarily to Hampton Roads. Three unmistakable cases of yellow jack have appeared among the marines at the Key West barracks, and there are several suspicious cases. Rigid precautions have been prescribed and a quarantine will be established.

DEMOCRATIC CONGRESSIONAL CONVENTION

A Convention of the Democratic party of the First Congressional District is hereby called to meet at Edenton, N. C., on August 30, 1898, at 3 P. M., for the purpose of nominating a candidate for Congress and to transact such other business as shall come before it.

DEMOCRATIC NOMINEES

- FOR JUDGES SUPERIOR COURT.
First District - George H. Brown, Jr., of Beaufort.
Second District - Henry R. Bryan, of Craven.
Fifth District - Thomas J. Shaw, of Guilford.
Sixth District - Oliver H. Allen, of Lenoir.
Seventh District - Thomas A. McNeill, of Robeson.
Eleventh District - W. A. Hoke, of Lincoln.

FOR SOLICITOR
Third District - Larry I. Moore, of Pitt.

The Populist State Executive Committee met in Raleigh this week and signed up the fusion agreement papers with the Republicans. As was expected the Republicans dictated the terms, and mapped out the course for the Populists to pursue.

A Gross Outrage

The Wilmington Star of yesterday tells of a high-handed outrage committed there Saturday night by Edward Bryant, a negro deputy sheriff, upon D. K. Furch, a street railway conductor.

The evidence was that Deputy Sheriff Bryant boarded the street car of which Mr. Furch was conductor. He came to Bryant on his round collecting fare. Bryant told him that he had no ticket, no money and no transfer, but was going to ride on the car.

and stop all this trouble? There it is in your hand!

Finally Bryant handed over the transfer and said he was only joking. Mr. Furch told him it was a very poor way of joking, and that he had no time to be bothered in that way.

This is the testimony as given by Mr. Furch and substantiated by five eye witnesses. Bryant tried to make it appear that when he drew his pistol he was about to be attacked by the motormen of two cars, who had their controllers in their hands.

New Taxes Will Stay

The war stamp tax will remain on the statute books indefinitely. It is not saying too much, perhaps, to assert that the new revenue measure, in its essential features, may never be repealed.

The Treasury Department has been agreeably surprised at the income from the measure. The revenue derived under its provisions have been more than twice as great as was calculated.

It is probable that some modifications of the law will be made at the next session. One of the provisions of the law that will certainly be repealed is the onerous and unnecessary tax on collateral for notes.

A pious woman has written President McKinley asking him to ask the Lord what to do with the Philippines. The Major probably won't do it, but he will do the next best - from his point of view. He will ask Mr. Hanna:

Coming Back Home

From every part of the State the intelligence comes through the press that the Populists are turning away from Populism back to grand old Democracy.

The whole State is in a turmoil of disgrace, and there are many Populists all through the State who deeply regret ever having had one thing to do with it. Like real and true men, many of them are renouncing their short lived faith in the Populist party and coming back to the white man's party, where they belong.

A great responsibility rests on every voter in North Carolina; and may each one have the courage to face it and discharge it, and thus help redeem the State - Scotland Neck Commonwealth.

Would it not be well for the Third regiment, colored, to be transferred to, say Asheville or Murpny for awhile, so the Western Republicans can see how the negro behaves whenever he "gets a chance," clothed in "a little brief authority" with a uniform or a badge upon him?

Their Reason

The Republicans refused to fuse with the Populists in this county because they can carry the county without any aid whatever from the Populists and they want all the offices.

At the Eastern warehouse today auctioneer E. R. Aiken sold 380 piles of tobacco in 1 hour and 5 minutes. The last man selling tobacco had his check within less than five minutes after the sale stopped. That was hustling both for auctioneer and bookkeepers.

The old Greenville warehouse had one of the finest breaks today ever seen on this market. The floor was chock full to start with and was filled nearly half full again before the sale was finished.

The Negroes Generally go With the Rascals

This is certainly true so far as politics is concerned, and yet who do you think made this statement?

Nobody but Daniel L. Russell!

Would you have believed it possible?

And yet no man is better qualified from personal experience to know the truth of this statement!

For, have not "the negroes generally gone with" him and his party?

Yes, the above statement was made and written by our present Governor in a letter written by him on the 8th of April, 1892, and which has been published several times without any retraction or qualification from him!—Pittsboro Record.

About Right

If what we hear from old Pitt county is true, the straws are showing which way the wind blows. A gentleman said: "At the Populist primary at Pactolus only four Populists took part the others present saying they had had enough of Skinnerism. At Grimesland not one attended the primary. In Pactolus, last election, the Populist strength was about fifty, this time if they cast six votes I shall be surprised. At Grimesland they tell me not one will be cast. The truth is the leaders may rise but they will never be able to deliver the goods."—Washington Messenger

Not a Bad Idea

A valued exchange makes the following sensible suggestion:

"It has been frequently suggested, and the suggestion is a good one, for every farmer to place his name and the name of his farm on his barn or road gate. Not only would persons driving to a place more easily find it, but it would add more pleasure and interest to people driving from place to place. This last result would have special effect with regard to well kept and pretty houses. An observing person will seldom pass a beautiful farm without a desire to know who is its enterprising owner.

ALFRED FORBES.

Dont Bother About the Paint!

We have a plenty of room for you and you will not be disturbed while trading, although the painters are busy here beautifying and cleaning our store and making it so nice and pretty for Fall Business that it will be a pleasure to trade here, yet we can supply your wants now and will be glad to see you.

A few more **SUMMER GOODS** left to be closed out cheap.
