WINTERVILLE DEPARTMENT

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C. SEPT. 28.

Rev. W. L. Bilbro filled his regular appointment here Saturday and Sunday with quite a large crowd in attendance Sunday. It seems to me his sermons were exceptionally fine.

S. W. Park-r returned Friday night from Durham where he has been acting as superintendent for Wyatt & Young

Mrs. E. E. Best is in town. This is her first visit since her family moved away and her many friends are glad to see her.

H. B. Whitford is assisting Carroll Bros. in their store this week.

Work on the brick stores is progressing somewhat slowly for a lack of brick, but the Brick Co are burning a kiln which will be ready next week.

Miss Nannie Cox's new piano for the use of her school has arrived and they had quite a nice little concert at the boarding house last night. The piano, organ and George Davis with his banjo made fine music.

Cotton has declined to 4 11-16.

B. F. Manning & Co. have purchased two car loads of flour at best prices and will give their customers as close figures as can be had. Every barrel will be sold under a guarantee.

The Winterville fence force returned last night from Edgcombe county where they have been erecting a lot of wire fence. They make a fine report and say others are preparing to send in some large orders from that section. We also note a lot of fence being shipped to Lewiston this morning.

B. F. Manning & Co. have a large lot of bagging and ties and will make special prices in large lots to ginner.

The A. G. Cox, Mfg Co. keeps a full supply of cements and can supply demand promptly and at reasonable prices.

Better see A. G. Cox soon about purchasing a farm.

The school will open next Monday and it is well equipped with teachers and musical instruments. We predict one of the best sessions of the school's history.

LEGGETT ITEMS

LEGGETT N. C. Sept. 26th 1898.

Miss Carrie Strickland, of Scotland Neck, spent last week with Mrs. C. L. Fountain.

John Rountree returned home last Thursday.

H. L. Leggett, one of our soldier boys is home on a thirty days furlough.

Mrs. Julia Harrison, lost her baby Wednesday. We extend our sympathy to the bereaved mother.

Arthur Fountain accompanied by his cousin, Miss Alice Fountain, went to Elm City last week.

E. J. Hurdle went to Mildred Wednesday.

Walter Fountain and sister, Miss Maggie, went to Crisp Saturday and returned Sunday evening.

We are sorry to note Leo Hargrove on the sick list.

Miss Katie Cotter is visiting Miss Alice Fountain.

Miss Matilda Williams, of Mildred, who has taught several years near Leggett opened her school last Tuesday.

Skinner and Small

Hertford, N. C., Sept. 26.—The first joint discussion took place here today between Skinner and Small, in which Small certainly got the better of his opponent. Skinner's speech fell flat, and even his friends admit that he was no match for Small.

Today Small's speech was often and loudly applauded, while Skinner could hardly get a slap of hands.

The Democrats are solidly united and hard at work. The Republicans are much dissatisfied and will probably put out a Congressional candidate for this district. It is believed that Small will be elected. Skinner seems to be badly hacked.—Special to News and Observer.

America a Century Ago

There was only one hat factory, and that made cocked hats.

Virginia contained a fifth of the whole population of the country.

A gentleman bowing to a lady always scraped his foot on the ground.

A horseman who galloped on a city street was fined four shillings.

Crockery plates were objected to because they dulled the knives.

Stoves were unknown. All cooking was done before an open fireplace.

Two stage coaches bore all the travel between New York and Boston.

Six days were required for a journey between New York and Boston.

Twenty days were required for a letter to go from New York to Charleston by land.

All the population of a village assembled at the inn on "post-day" to hear the news.

Quinine was unknown. When a man had ague fits he took Peruvian bark and whiskey.

Dances in Philadelphia were given every two weeks, but men under twenty and girls under eighteen were not admitted.

The church collection was taken in a bag at the end of a pole with a bell attached to arouse sleepy contributors.

A New England girl was not allowed to marry until she could bake a loaf of bread and cut it in smooth, even slices while it was still warm.

When a Virginian started on a journey to New York he made his will and bade farewell to his friends as though he never expected to see them again.—American Tribune.

Maria Teresa Raised

Santiago de Cuba, Sept. 26.—Details just received of the floating of the Spanish armored cruiser Maria Teresa show that, with the help of dynamite, she was blown off the rocks into deep water, on September 23rd, and proceeded under her own steam some time afterward to Guantanamo, accompanied by one of the tugs of the Merritt Wrecking Company.

The work of wrecking this ship was directly in charge of Constructor Hobson. He has been instructed to resume work on the Colon and begin operations toward wrecking the Mercedes. It is the purpose of the Department to place the Teresa in commission as a United States naval vessel, and her name is likely to remain unchanged to carry into the future the glory of the American victory.

who gauges the quality of CLOTHING by the price has no business to be married. Yet one of this class directed his wife to buy clothing from another firm because they charged more for it, and "it must therefore be better." His better half bought some from us and some from the other house, and showed her husband that they were identical. This proved conclusively how foolish a man can be when he really tries. The lady of the house generally knows where she can get the most and best for the money.

The Case As It Is.

In a very just and sensible editorial, commenting upon the fact that fusion government in North Carolina has cost in three years nearly \$400,000 more than Democratic government for the preceding three years. The Richmond Times says: "It may be that this additional expense was all necessary. It may be, for all that we know to the contrary, that the money has been honestly and judiciously expended, but we cite the incident as showing the humbuggery of politics. Politicians who are cut are forever finding fault with those who are in, and are forever promising the people that if the management of affairs shall be entrusted to them they will cut expenses and reduce taxation. In short, there are those who continually cry reform so long as they are out, but they forget the cry and their promises as soon as they are in." It is well to consider the broad view of this matter which The Times suggests in the two first sentences of the foregoing. We have it upon the testimony of fusionists themselves that under their administration public money has been squandered and stolen; that it all has not "been honestly and judiciously expended." But suppose we take the word of those of them who say that their government has been one of honesty and that the public revenues have been carefully husbanded—then see what sort of plight they are left in. Why, they are still under conviction

of having lied to the people when they promised to cut down expenses and reduce taxation. There is no escape from the dilemma they are in.

It all reduces itself to this: If the Democratic and fusion administrations have both been honest it is manifest that the Democrats were the better managers—were the more economical; if neither was honest, but both stole then it is manifest from the figures that the fusionists have stolen the most. After all his swelling around about free silver, Senator Butler could not prevent nineteen of his people in the Legislature from voting for a gold-bug Senator, and his explanation of it was that they would have proved their loyalty to silver if they had not been bought. It may be that he and his fellow fusionists will pitch their defence of their State government on substantially the same ground and say that they surely would have fulfilled their promises of cheaper government and reform except that some of their people stole the public money.

The truth about it is that for what it accomplished, for its general efficiency, Democratic government in North Carolina was a marvel of economy. No party or combination of parties, however honest it or they might be, could take this State and conduct its affairs on the same plane as that on which the Democrats conducted them, on a smaller expenditure of money.—Charlotte Observer.

Another Endorsement

The Republican county convention of Nash county was held in Nashville on Thursday of last week. The preponderating element in it was black, of course, as might be expected. There were some speeches but the principal speech was made by one Jordan to which the Rocky Mount Motor of the 21st inst, refers as follows: "One feature of the convention was the speech of Jordan, negro lawyer of Franklin, who said that he fully endorsed all that Manly said about prostitution among North Carolina whitewomen."

The Republican politicians and their Populist allies have tried to make the impression that this vile slander by the negro organ was not endorsed by negroes, and some of the Populists organs have gone so far as to insinuate, with out openly asserting it, that Manly, the editor of the Record, is a mere nursing of Democrats and that this slander was inspired by them and published at their instance. Manly has indignantly and emphatically denied this and protested against this reflection on his party fealty.

Will these organs insinuate that this Franklin negro lawyer was instigated by Democrats to thus publicly endorse that slander? The only condemnation of it that has ever appeared from Republican quarters, black or white, came from the Republican committee of this county and that was only for political effect.—Wilmington Star.

Found \$8,000 in Gold

Mr. C. F. Massey informs us that Robert Hester found \$8,000 in gold buried in the Cameron meadow back of Mr. R. C. Mills' home last night. The money was buried by a big elm tree. Bob received information that a treasure was buried in the meadow when the Yankees came and was never found. Bob has been digging for it every night for weeks. This morning Bob stated that he found the \$8,000 last night. Hester, Etherage and Stewart have been digging for it by lamp light for some time.—Raleigh Times-Visitor.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common Soda is all right in its proper place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and the people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily and one of which is fraught with danger; moreover the soda only, gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grain lozenges, very pleasant to taste and contain the natural acids, pepsines and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach.

All druggists sell Stuart's Dyspepsia Tablets at 50c per package. A little book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co., of Marshall, Mich.

Mr. McBride Holt Says:
Graham, N. C. July 16, '97.

Oneida Cotton Mills:
About two and a half years ago my little boy about four years, and my little girl about two years, each had an enlargement of the glands about the ears. The trouble appearing on each about the same time, I was inclined to think it mumps, but soon observing to the contrary, I called in the doctor, who said the trouble came from colds, prescribing accordingly, yet swelling continued to grow, until each had to hold or the lanes, the little boy having been lanced in three places, and at three times, his face at times, looking alarming. The nature of the trouble was termed one thing by one and another thing by another. This however, did not concern me, as I was looking for a cure, and Mrs. Joe Person's Remedy having been called to my attention so favorably. I dropped the treatment from the doctor and commenced to use Mrs. Joe Person's Remedy. To say that the results obtained have been satisfactory is putting it in mild terms, the children, and especially the little boy being entirely well, yet wearing the scars that will ever keep fresh in my memory the merits of Mrs. Joe Person's Remedy. THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only. We wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it does not irritate or weaken the bowels, does not grip or cause nausea, and in order to get its beneficial effects, one should remember the name of the Company—
