GET A WHITE MAN.

EDITOR REFLECTOR:

It was sent out from every sanctum and published from every stump, "that white men should have all the benefits of a white man's government," but this promise is being violated. I have been told that good white men made application to keep the bridge and attend to the draw that would be glad to have the work to feed their wife and little ones yet the work is being done by a negro that is as objectionable to we North Siders as it is possible for one to be. We have white men who will, and can, do the work much better than it is being done, who would be glad of the job and promise to have no negro in it. I heard Sheriff Mooring say a few years ago that Mr. B. H. Hearne kept the bridge in better repair and at one third less expense than it was kept by any one else during the 15 years he was Commissioner and I know that he gave the public less trouble at the draw than any one else. He did not keep you waiting a half hour or an hour, for a boat to pass. Why not give the work to a white man and let the negro go to those he voted for. What say the Commissioners?

NORTH SIDE WHITE MAN

RESOLUTIONS.

Adopted by Greenville M. E. Sunday Schools.

Whereas in the wise providence of our heavenly father He has seen fit to take from our Sunday school and from his loving family on earth our beloved and much esteemed friend and scholar Lancelot Murphy, and assigned him to the realms of everlasting joy,

Resolved 1st. That we the members of this Sunday school will ever cherish the memory of our beloved Lancelot, and will ever strive to emulate his example for faithful attendance at our school.

Resolved 2nd. That this Sunday school extend to the family our heartfelt sympathy in this their saddest hour.

Resolved 3rd. That a copy of these resolutions be sent to the family, that one page of our minute book be devoted to recording the same and that the EASTERN REFLECTOR be requested to publish them.

Pushing the Work.

The waiting rooms at the depot have been cut off from the warehouse and are being moved out towards Dickinson avenue to make a new passenger depot. When the changes about the depot are completed the improvement will be great.

Fruit Growers Convention.

The North Carolina State Horticultural Association, will hold a convention at Southern Pines on Friday and Saturday, January 6th and 7th, 1899 and they are inviting the farmers to attend that they may learn what has been and can be done in the cultivation of fruits. Just now this is a very important subject to the farmers, on account of the low price of cotton. It can be shown that there is more money to be made growing fruits than cotton. One fruit orchard in the Southern Pines section produced fruit enough to give the owners more than ten thousand dollars profit. Mr. J. Van Lindley, the largest fruit grower in North Carolina, will preside at the meeting. The State Horticultural Society has at Southern Pines fifty acres in various kinds of fruit trees plants and vegetables, which will be shown to visiting farmers.

FRIDAY, DECEMBER 30, 1898.

United States Senator Morrill, of Vermont, died Wednesday morning. He was the oldest member of the Senate, both in years and length of service.

What strange things do happen these days! J. M. Mewborne has resigned as Superintendent of the penitentiary and the Governor has appointed a Democrat, W. H. Day, to succeed him. Capt. Day takes charge of the institution with the new year.

The Cape Fear and Yadkin Valley Railroad, in its entirety, was sold at public auction on Thursday at Fayetteville. After an hour's bidding between representatives of the Atlantic Coast Line, the Seaboard Air Line and the Southern Railway, the property was knocked off to the Atlantic Coast Line at \$3,110,000. The Cape Fear and Yadkin Valley road extends from Wilmington to Mt. Airy. Its purchase by the Coast Line will be quite an addition to that system.

In politics, as in everything else, the future is uncertain, but it looks now as if William J. Bryan will be the Democratic candidate for President in 1900. That he is now easily in the lead for the nomination is apparent. The principles which he and his party enunciate embody the honest views and the needs of the great majority of the people of the United States and these principles must prevail before the Republic is safe and a sense of security is the common heritage of its citizenship. With the trusts and dollar aristocracy wedded to the Republican party, there must be another great battle between American manhood and money and manhood must win or the future will be dark to the great body of the people. With the restoration of white supremacy at home, North Carolinians will be nerved for the great struggle of 1900 and will do their part towards breaking the chains that are binding the nation.—Winston Sentinel.

Two weeks ago the Record announced that Mr. and Mrs. H. P. Straughan had just celebrated the 65th anniversary of their marriage. One week ago we announced the death of Mrs. Straughan, and now we regret to announce the death of Mr. Straughan, who died last Tuesday. Thus, having lived together so long, this aged couple almost died together. Of them it may well be said "Pleasant in their lives and in death not divided"—Pittsboro Record.

Drinkers in the Church.

Park Temple, Sixth and Trumbull streets northwest, was filled Sunday morning by people anxious to hear the pastor, Rev. Sterling N. Brown, in the first of a series of sermons—"The Church and Social World." The theme discussed was "The Church and the Drink Habit." The pastor said in part: "How any loyal Christian can, for his own sake, for the sake of society, and for the cause of righteousness, do less than totally abstain from all intoxicants is to me a standing enigma. I cannot see how it is possible for any Christian to slide in and out of saloons and to drink with the base and defiled. I will go farther and say that the man who by using the vile stuff slyly and so encouraging speak-easies, while claiming to be a Christian it far worse than the rum seller who slyly defies the law and good of his fellows.

"No Christian of standing would have it believed that he was fast becoming a drunkard. In fact, it would grieve and astound him to realize how much of a drunkard he already is. I have had good friends of mine become indignant at me for raising a warning that to them seemed pointed. But, friends can I possibly be too pointed in noting the ravages of intemperance? Can its pains its sorrows, its tears, its blood stains and human slaughter be exaggerated?

"Let it never be forgotten the drinking man is always known. He may by ingenious effort temporarily destroy the liquor fumes but he cannot rid himself of its evil results. Rum bloats the face, reddens the nose, turns the lips, deadens the eye, ruins the disposition, chills the spiritual life and blasts future hopes.—Washington Post.

American and European Workshops.

There are many machine shops, both in England and on the continent, that will supply complete plants of machinery, and manufacture within their own walls boilers, engines, shafting, hangers, pulleys, small tools, and all sorts of machines, both large and small. While this state of affairs may be explained historically, it cannot be defended as an economic principle, in the light of modern practice. The very opposite policy is followed by most American makers of machinery. Many concerns devote themselves entirely to one line of machinery, and have no hesitation whatever in refusing orders for anything which they have not made a special study. A natural segregation has occurred in all the arts and sciences, and the American idea of specializing in the manufacture of machine tools is but a practical application of this principle. European nations must follow the same lines, if they hope to compete.—H. F. L. Orcutt, in the Engineering Magazine for January.

Why the White Man Rules.

The white man rules because he is the proprietor, because he owns the lands, conducts the industries and pays the taxes. The colored man may win a voice in government some day upon the same terms, but he will never win it by sheer force of impudence and vociferation. The spectacle of a race representing next to nothing in the matter of material possessions and financial responsibility ruling over the race which represents it all is not likely to be witnessed in this or any other country. No such grotesque anomaly has ever been presented to a civilized people.—Washington Post.

The Naval Engineer in Battle.

If you were sealed up in a heated iron tank floating on the sea and hammered at by missiles which now and then let in daylight and splinters, you would get a dim idea of the lot of the engineer's men about a battleship in action. But the engineer's men have to work in the hurly-burly, and you would go mad in your tank. The enemy's shot pounds the ship, but the engineer and his men know not where the enemy is or where the ship is heading. And they can't stop to think about it. Keep that bearing cool, smother it in oil, drown it in water! Keep it cool, or the game's up! The men on deck can let the splinters lie where they fall, but the men in the engine-room have to keep the splinters out of the machinery. Steam pipes are pierced, mend em. Crawl behind the boilers, and stop that steam leak. Impossible to shut off anything. Scalded? Never mind. It's all in the day's work. Don't let the water down. Pass the coal lively. And, while you're about it, put out that fire in the bunkers. In the lower engine-rooms the thermometer shows 136 degrees in front of the ventilating blowers; in the upper engine-rooms, 190 degrees.—Arthur Warren, in The Engineering Magazine for January.

"This steak," began the star boarder, but he stopped when he caught the gleam in Mrs. Hashem's eye. "Continue, Mr. Cashuppe," she said, with icy pleasantry, "but first let me state that I was assured of this steak being prime beef."

"Ah, then, perhaps the cow enjoyed a remarkably long prime."

Butler's Action Condemned.

New York, Dec. 28.—The Confederate veteran camp of New York has passed a resolution offered by Comrade Beasley, of North Carolina, which says that "the camp condemns in unmeasured terms the effort of Senator Butler, of North Carolina, who is not a Confederate veteran, to debauch the manhood of the South by seeking to obtain pensions for ex-Confederate soldiers from the United States, and that any similar effort by any Southern member of Congress will be abhorrent to this camp and meet with its unqualified condemnation."

The fact that most of the county officers of this State are now Democrats should not deter a Democratic Legislature from reducing their fees. The only question is, ought any of their fees to be reduced? If they ought, then reduce them regardless of the politics of the officers who will be affected thereby. Our legislators should remember that they are expected to legislate and enact laws in the interest of the tax-payers and not of the office holders, and most of the taxes are paid by the Democrats.—Pittsboro Record.

A gentleman remarked recently
 that had a stranger or an outsider
 come to North Carolina, and made
 the cures among our people that
 Mrs. Joe Person's Remedy had
 made, the people would be have
 stirred as never before. Read this
 and suppose a case:

Eleven years ago I had a child
 that was delicate from birth, and
 for six months she was under con-
 stant care of the best physician we
 had in our town. But his medi-
 cine seemed powerless to control
 the bowel trouble, which had be-
 come chronic dysentery. She also
 suffered from some aggravated blood
 trouble, which caused large sores
 and risings to break out on her
 body. Off time there would be as
 many as 20 or 25. We had several
 doctors to treat her at different
 times, but nothing reached her
 case. They would lance these ris-
 ings, but as soon as one was cured
 another broke out, and the doctors
 gave me no hope of her cure. Af-
 ter she had led a life of agony and
 suffering for six months, I was in-
 spired to try Mrs. Joe Person's
 Remedy. There was a change for
 the better in twenty-four hours, it
 seemed to check the bowels at once,
 and after using a few bottles my
 child was entirely cured, and has
 never since had any sign of trouble
 and is now in perfect health. A
 few years after this I had two sores
 to break out on my ankle, and
 strange to say I did not think of
 Mrs. Joe Person's Remedy. I was
 under the treatment of doctors for
 three years, but the sores continued
 to get worse until they had eaten
 to the bone. I then thought of
 trying Mrs. Joe Person's Wash and
 did so, and it is almost useless to
 say it soon made a cure.

I wish I could speak so that ev-
 ery man, woman and child, in
 North Carolina could hear, that I
 might tell them what Mrs. Joe Per-
 son's Remedy and Wash did for
 me and mine. I advised one of my
 friends who had been a terrible
 sufferer for a long time, with nurses
 sore mouth. She used the Remedy
 and Wash, and it soon made a
 cure.

I have recommended it to ever
 so many of my friends, for indiges-
 tion and other ailments, and I have
 never known it to fail to cure yet.
 There is no medicine equal to it.

WINE OF CARDUI MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McELREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Oenaville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."
