THANKS FOR THE COMPANY.

Voicing the unanimous sentiment of Hope Fire Company I desire to tender to Misses Julia Foley and Bessie Jarvis our sincere thanks for the proceeds of the play, "Strife," so admirably rendered under their efficient management on Jan 27th. Miss Julia as the Judge's ward, was resplendant in sustaining her position with the natural grace and brilliancy of her own true character. Miss Bessie, as Mrs. Hansell, rendered her part with the firmness, dignity and affability peculiarly her own. Miss Annie Perkins, in her role, was too good to be excelled. The young men also merit our thanks who so ably assisted in their respective positions. To the Forbes' Orchestra and cornet band we feel indebted for the music which was a bright feature of the entertainment. On the whole, it was a superb untiring effort by the lady managers, crowned with abundant success, which, allow me, in behalf of the Company to assure you will ever remain fresh in our memory, and urge us on in the noble work we have undertaken. Again wishing you to accept our thanks, I am

Very respectfully,
A. J. GRIFFIN,
Chief of Fire Department.

Danger in Calcium Carbide.

Superintendent Murray of the Bureau of Combustibles, has made regulations governing the transportation, storage and sale of calcium carbide, which the firemen declare to be a source of danger in a burning building, because when water reaches it acetylene gas is given off. A number of stores keep it for use in bicycle lamps. Hereafter, in transit or on storage, it must be inclosed in hermetically sealed iron receptacles marked "Dangerous, if not kept dry." No package may contain more than 100 pounds. It must be stored in isolated buildings that are fireproof and waterproof. No artificial light or heat will be permitted in the building where it is stored. Not more than twenty pounds, in bulk or in cartridges, may be kept in any store or factory and this must be in a fireproof safe or vault above the street grade and it must be kept six inches above the floor.

The manufacture, transportation, storage sale or use of liquefied acetylene is absolutely prohibited within the limits of this city.—N. Y. Sun.

Take Off their Hats.

The ladies here who wear large hats to the opera house are adopting the plan of removing them during the performance, so that persons occupying seats in the rear may have an opportunity of seeing what takes place on the stage. This is commendable.

ORIGINAL OBSERVATIONS.

Made by The Orange Va. Observer.

The way of the trasgressor is hard to find out.

"God bless our roam" is the motto of the tramp.

The dog with a tin can tied to its tail has a rattling time.

A poet should keep a cat so as to always have his "mews" handy.

Why should pawnbrokers be reviled? Don't they always keep their pledges?

It is the love-smitten miller who addresses his sweetheart in the language of flours.

Allopathy and homeopathy are all right, but oftentimes a little sympathy is better than either.

The tramp still scours the country. It is the only thing he does scour, sadly neglecting himself in this respect.

Big Snow.

The weather bureau seemed not to know it was coming and said nothing about snow, but it came just the same and caught many many people short on wood. Sometime about 2 or 3 o'clock Friday night the snow began falling, and by morning everything was covered up several inches. It kept right on falling all the morning and at this writing looks like we are in for a snow storm right.

It was still snowing hard when we went to press.

WINTERVILLE DEPARTMENT.

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., Jan 28, '99.

Winterville is the right name for us this morning, a big snow on the ground and still a snowing.

Mr. Beachim has moved here from Aurora. He is in Johnson's old store where he will do business.

There have been many changes around here for the last few days. B. F. Manning & Co. have moved in A. G. Cox & Bros. new brick stores, and J. R. Johnson has taken Manning & Co's old stand.

Rev. C. W. Blanchard, M. P. Davis and Dr. R. H. Lewis, of Kinston, came up on train yesterday morning to attend Union meeting. Bro. Alderman was not able to be here so Bro. Davis preached the introductory sermon. The sessions yesterday and last night were very good, although the crowd was a little thin.

Out in the snow:—The A. G. Cox Mfg. Co's Wagons and Carts, but it will not hurt them as they are made of the best of material and well painted. Orders for Cotton Planters are beginning to come in.

The Cigar business is on a boom. Salesman E. G. Cox and W. M. Ward brought in orders for about 25,000 this week. The Company will move in the new brick building as soon as possible and will then increase its of makers.

This snow will pile up against your fence and rot it, but it will not hurt our wire fence as that is made of best galvanized wire, which will not rust by getting wet.

The Minstrels.

The largest audience yet seen in the new opera house was out Friday night to see Fields and Hansons' Minstrels. The performance was good and amusing all through and met with a hearty response from the audience. There are some good musicians and fine specialists with the company.

The Right Way to Look At It.

A few of our business houses give as a reason for not advertising that "times are hard" and the lack of patronage from the people of Frankford. If you will take our advice you will patronize them less and give your trade to those who advertise, showing thereby that they are wide-awake. The up-to-date business man is always the one to patronize. So says the Frankford Gleaner, and sound talk it is. The hint contained therein is worthy of being referred to the thoughtful consideration of the business people of every community.—Germantown Independent-Gazette.

WASHINGTON LETTER.

From Our Regular Correspondent.

Washington, D. C., Jan. 27, '99

A sensational speech against the Hull bill for the increase of the regular army, which will be voted upon next Tuesday, was made in the House by Representative Johnson, of Indiana, a republican. He said of Mr. McKinley: "If William McKinley ever changes his policy regarding the Philippines he will bend to the weight of popular opinion, to which he bows, right or wrong."

The most carefully prepared speech against the Hull bill was made by Representative Hay, of Virginia, the ranking democratic member of the Military Committee, who said that the bill provided for too small an army to carry out an imperial policy.

The absurdity of the charge that the anti-imperialists are holding up the treaty of peace became fully apparent in the debate on the treaty this week. Senator Gorman told the supporters of the treaty that its opponents were ready to join them in disposing of the treaty at any time, and twitted them by doubting their earnestness about taking a vote on the treaty.

Senator Vest spoke plainer. He said: "We want it understood distinctly that we are not holding the treaty up at all. Name the day. We will agree to any date that will suit you. If you have the votes you can ratify the treaty; if not, it will be defeated; the question will be disposed of, and the Senate can proceed with other business."

Under these taunts Senator Davis asked that the treaty be voted on February 6th and it was agreed to. Senator Clay, of Georgia, who favors ratification of the treaty but

opposes expansion, did some common sense talking this week, in the Senate. For instance, he said of the failure of the administration to announce a policy toward the Philippines: "If it be wise and statesmanlike to outline our policy as to Cuba before the adoption of the peace treaty, what reason or logic can the friends of expansion give for silence as to the policy of our government in dealing with our other territorial acquisitions?"

That there is something rotten about the War Department is every day becoming more apparent, in spite of the efforts made to keep down the truth. The War investigating Commission seems especially determined to save the contractors who furnished the bad beef, both refrigerated and canned, to our soldiers, by insisting that the beef was good, in the face of positive evidence to the contrary.

Another proof of the rottenness of the War Department methods is furnished by the assertions made by Gen. Eagan's friends, that he is willing to accept a nominal punishment as a result of his court-martial for blackguarding Gen. Miles, and keep his mouth shut, but that if Mr. McKinley fails to set aside enough of the finding of the court-martial to make his punishment nominal, he will raise such a scandal as Washington has not had for many years, by telling everything he knows about war contracts and those who profited thereby.

Senator Lodge, in a speech in favor of the ratification of the treaty, did not go quite as far as Tim Campbell, who is said to have once remarked to Mr. Cleveland, "What's the Constitution between friends," but he must have felt about the same as Tim did when the Constitution stood in his way, when he said: "Constitutions do not make a people; people make constitutions." Like many other epigrams, that of Mr. Lodge is not strictly true. He does not read history aright who does not recognize the powerful part played by the Constitution in making the people of the United States what they are today.

Judge Wants "Hollering" Stopped.

In the last issue of The Landmark there was some discussion of the proposition to increase the number of Superior Court circuits and judges, and a way or ways suggested by which the necessity for this could be obviated. A judge of the Superior Court was recently heard to suggest still another—it was that a law be passed to allow the judge to make the lawyers stop "hollering." He said that he was just from a court which had occupied an entire week in disposing of business which could just as well have been transacted in one day, but the lawyers "hollered" five-sixths of the time, and about nothing. A lawyer, he alleged, makes his speech in twenty minutes and then repeats and screams and gesticulates and sweats for two hours longer. A lawyer standing by during this arraignment of the profession, declared that this judge before going on the bench, "hollered" as loud and as long as any of them, and proved it by another lawyer present; but whether this is true or not there is a good deal in what the judge had to say. There is no question that a great deal of time is wasted in courts by the repetition of questions on cross-examination and by vain repetition in arguing cases before juries. If we mistake not, time was when judges had the discretion to limit lawyers' speeches, but is was abused by Greasy Sam Watts in a case in Johnston county and the Legislature changed the law.—Statesville Landmark.

A gentleman remarked recently that had a stranger or an outsider come to North Carolina, and made the cures among our people that Mrs. Joe Person's Remedy had made, the people would be have stirred as never before. Read this and suppose a case:

Eleven years ago I had a child that was delicate from birth, and for six months she was under constant care of the best physician we had in our town. But his medicine seemed powerless to control the bowel trouble, which had become chronic dysentery. She also suffered from some aggravated blood trouble, which caused large sores and risings to break out on her body. Off time there would be as many as 20 or 25. We had several doctors to treat her at different times, but nothing reached her case. They would lance these risings, but as soon as one was cured another broke out, and the doctors gave me no hope of her cure. After she had led a life of agony and suffering for six months, I was inspired to try Mrs. Joe Person's Remedy. There was a change for the better in twenty-four hours, it seemed to check the bowels at once, and after using a few bottles my child was entirely cured, and has never since had any sign of trouble and is now in perfect health. A few years after this I had two sores to break out on my ankle, and strange to say I did not think of Mrs. Joe Person's Remedy. I was under the treatment of doctors for three years, but the sores continued to get worse until they had eaten to the bone. I then thought of trying Mrs. Joe Person's Wash and did so, and it is almost useless to say it soon made a cure. I wish I could speak so that every man, woman and child, in North Carolina could hear, that I might tell them what Mrs. Joe Person's Remedy and Wash did for me and mine. I advised one of my friends who had been a terrible sufferer for a long time, with nurses sore mouth. She used the Remedy and Wash, and it soon made a cure. I have recommended it to ever so many of my friends, for indigestion and other ailments, and I have never known it to fail to cure yet. There is no medicine equal to it. MRS. RACHEL READE LONG, Roxboro, Peison Co., Oct. 8, 1898.

America's Greatest Comedian Uses Paine's Celery Compound.

Back of every smooth performance there is an amount of preparation, study and rehearsal that soon tells on the health of every actor. It is significant how unanimous men and women in professional life, whether actors, editors, teachers or physicians, are in regard to Paine's celery compound. As a nerve tonic for the exhausting strain of their professional duties nothing else does the work of Paine's celery compound.

A testimonial taken at random from the many that are constantly received from the theatrical professional, says:

NEW YORK CITY, Sept. 25, 1898. Wells, Richardson & Co.,

Gentlemen:—If others have been helped by Paine's celery compound as decidedly as in my case I do not wonder at the enthusiastic testimonials this remedy is constantly receiving. If I had never heard a word as to its remarkable invigorating capability, I could unhesitatingly recommend it from my own experience. As a fact, many of my professional friends have been urging me to try Paine's celery compound. It proved to be the very thing my tired system needed to overcome the exhausted effects of close application to stage work. I am recommending it to all my friends whenever they complain of

sleeplessness, indigestion, or other indications of nervousness common in our profession.

I am yours sincerely,
KATHERINE KIDDER.

De Wolf Hopper, America's most popular comedian, writing on Oct. 4, 1898, from the Knickerbocker theatre, New York, says:

"I cordially recommend Paine's celery compound as being thoroughly efficacious."

When the history of Paine's celery compound is studied it is easily understood why its popularity is so enormous. Paine's celery compound is the world-famed discoverer of Prof. Edwards Elisha Phelps, M. D., LL. D., professor of materia medica at Dartmouth college. Prof. Phelps' unusual talent quickly established his reputation and prominence among his professional brethren.

He was fully alive to the dangers attendant upon the American way of living, and he sought diligently for some common-sense remedy that would cure the common evils, which, under one name and another result from an unhealthy state of the nervous system. His labors were crowned with glorious success and he gave to the medical profession the celebrated remedy which has won world-wide fame as Paine's celery compound.

A Curious Case of Somnambulism.

The modern novelist is very prone to found his plots on the doings of sleep-walkers and hypnotists, but, as usual, "truth is stranger than fiction," and his efforts are outdone by actual occurrences. Here, for example, is a true story from France of a gentleman missing from his bedroom a packet containing more than £2,000 worth of bonds. The thief could not be traced, but shortly afterward the mistress of the house, who had taken the robbery to heart even more than her husband, was taken to a doctor, for she was suffering from nervous prostration.

The doctor, a firm believer in hypnotism, was told of the robbery and, putting two and two together, hypnotized his patient and extorted a confession from her that she had taken the bonds and buried them in the garden. There, upon search being made, they were found, but the lady is as yet quite ignorant of the fact that she herself was the person who hid them. Chambers Journal.

Where Early Planting is Desirable.

"I tell a well-meaning but perhaps not yet perfectly persistent young friend, who asks me about it," said Mr. Stuybolt, "that there is no such thing as an incubator that will hatch out eagles from dollars while you wait; that the only way indeed in which a money crop can be raised is by the most careful and constant cultivation, and I venture to remind him, being young and with the world yet before him, that this is a crop in which it is desirable to begin planting early in order to produce the best results." New York Sun.

The quorum which ratified the United States constitution for Pennsylvania was secured by a ruse and held behind locked doors.

"Trivial" is derived from the Latin for three ways and means the petty gossip of the cross-roads.

Those with a bad habit of smoking the pipe or cigar, who are tired of the habit, will find in the "WATERBURY" a most reliable and effective remedy. It is a pure vegetable compound, and does not injure the system. It is sold in boxes of 100 and 500. Price, 50¢ and \$1.00. Write for a free trial box.

SYRUP OF FIGS

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

A Good Idea.

It is very soft twaddle to charge those who favor the dispensary with being advocates of liquor selling. The people who favor the dispensary plan, as a rule, are those most earnestly and consistently opposed to the traffic, while those against the plan, as a rule, (there are honorable exceptions of course) are the men who have made no records against liquor. If we must live with wild beasts why not employ a keeper?—Charity & Children.
