STATE NEWS.

Happenings in North Carolina.

E. B. Weeks, a prominent merchant of Carteret county was murdered one night last week and his store robbed. It was almost a parallel to the Dongola case in this county with the exception that the murder was not followed by arson.

Currituck county will get Julian S. Carr's gift of \$500 as the county which cast the largest percentage of its registered vote for the special tax for public schools. It gave 27 per cent, of its registered vote. Pamlico comes next, with 22 per cent.

We are informed by a correspondent from Onslow that bears in the neighborhood of Half Moon are becoming a nuisance. A few nights ago several bears, supposed to be eight in number, went to Mr. Stephen Henderson's house and destroyed seven bee hives. They are also playing havoc with the hogs in that section.—Newbern Journal.

Frank Fuller, a farmer of Vance county, had a terrible fight with a mad dog. The dog invaded his premises, attacked and bit a horse, cow and hog, and then dashed into the house after the farmer's wife and three little children. Fuller ran into the room, while his wife and children stood upon a bed, and he met the dog's charge with a blow from a hatchet. The dog fought to the last, but he was finally killed. It is said none of the family was bitten, though clothes were torn.

The Prize Fight Money.

New York, June 10.—The Times tomorrow will say: The division of the spoils of the Jeffries-Fitzsimmons fight was as follows: Half of the receipts went to the Coney Island Sporting Club and half to the contestants. The amount taken in at the door was \$85,270. Half of the admission money amounted to \$42,635. Of this Fitzsimmons received 60 per cent, or \$25,631 and Jeffries 40 per cent, or \$17,054. The purse said to have been offered by the club was \$20,000.

In the event of Jeffries winning this was to be equally divided, thereby making Fitzsimmons total receipts \$35,581 and Jeffries' \$37,054. It is declared that Fitz would not make the match unless he had been guaranteed the large end of the purse and the gate money, owing to his reputation and position. Manager Brady accepted 40 per cent, for his man, believing that in the long run such an amount and a decision were worth more than 60 per cent, and a defeat.

Marriage Licenses.

Register of Deeds Moore is having slow business in the marriage line so far since June came in, but the prospect is good for an increase during the remainder of the month. Up to last Saturday he had issued only three, for the following parties:

WHITE.

E. B. Ficklen and L. W. Skinner.

A. L. Tucker and Susan E. Tyson.

COLORED.

Robert Clemmons and Lena Brown.

Court Wedding.

A swell wedding took place in the Register of Deeds' office in the Court House on Monday afternoon, the contracting parties being Robert Carney and Martha Houston, of color. They went in together for the license which the obliging official soon had in readiness. Handing the document over to the prospective groom and receiving the usual fee in return therefor, the groom expressed the desire to have the privilege set forth therein executed at once. A messenger was dispatched for Rev. A. W. Setzer and he soon had the wedding knot tied tight enough to last them a lifetime, unless the aid of a divorce court should be found necessary in the meantime. Business in all other departments of the temple of justice was suspended during the ceremony, the officials attending in a body. At the conclusion of the ceremony the groom was advised that he might salute the bride, which he proceeded to do in great shape, much to the enjoyment of the spectators, and the couple left arm in arm.

Superintendent and Principal.

Newbern, June 10.—The trustees of the Newbern graded school met last night and elected Prof. Thos. R. Foust, of this city, and Prof. H. P. Harding, of Greenville, to the respective offices of superintendent and principal for the ensuing year. Both of these gentlemen have made their mark in educational circles.—Raleigh Post.

The friends of Mr. Harding here at home congratulate him on this honor. He will prove himself worthy in every way to fill the position to which has been chosen, and the people of New Bern are also to be congratulated upon securing so excellent a young man as principal of their school.

Conundrums.

From what era are the most pictures taken? The camera.

What Arabian Night's Tale do noisy boys remind one of? A lad din.

Why is a whisper illegal? It is not aloud (allowed).

What silk is most suitable for a farmer's necktie? Grossgrain, of course.

Why are debtors like waves? Because they are billowing (bill-owing.)

What is the difference between an astonished brutal man and an English breakfast cake? One is a mazed ruffin and the other a raised muffin.—Youth's Companion.

Train Late.

The freight train was considerably behind time this afternoon and did not reach here until about 2 o'clock. The party getting off to the Teachers' Assembly were very anxious lest they fail to reach Kinston in time to connect with the evening A. & N. C. train for Morehead.

WASHINGTON LETTER.

From Our Regular Correspondent.

Washington, D. C., June 12, '99

Everybody is asking everybody else why the administration is trying so hard to keep the people in the dark about what is going on in the Philippines, when only a short time ago it was its boast that it published all the official dispatches received. It is known from the press reports that have been allowed to pass the Military Censor at Manila, that hard fighting has been going on, and the suspicion is growing that Gen. Otis is making some use of the volunteers who should be on their way home, if any of the numerous promises made had been kept, that the administration doesn't wish their friends at home, to know until whatever is being attempted is all over. And it is admitted by officials that there are differences between Gen. Otis and Mr. Schurman, President of the Philippine Commission, but claimed that the differences are unimportant. The public doesn't care a continental about the claims made by officials, but it wishes to know and feels that it has a right to know what is being done with our volunteers; hence there is a general feeling of resentment against the suppression of official dispatches.

One of the principal reasons why Secretary Alger desires to retain the War portfolio, even when he knows that Mr. McKinley would like to get rid of him, will soon become apparent to close observers, as it has been announced that a number of franchises for various more or less valuable concessions in Porto Rico are shortly to be granted. It might naturally be supposed that such franchises, if granted at all before the establishment of the civil government for the island, would be granted by the Military Governor, but no chances are to be taken by the men who are after these franchises; they are to be granted by Secretary Alger, and it is dollars to ginger-cakes that every one of them that is at all desirable, will be captured by his friends and business associates.

In issuing a second elaborate defense of Mr. McKinley's Civil Service order, Secretary Gage rather overdid his task, without changing anybody's opinion. Criticisms of the order have made Mr. McKinley very sore, and he has engaged in the explanation business himself and even tried to get "funny" by telling how surprised Senators and Representatives have been who have come after some of the places excepted from the Civil Service Rules and found that they were all filled, and that no removals were

No-To-Bac for Fifty Cents. Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. All drug stores.

contemplated. He also gave out for publication a letter from the Board of the Smithsonian Institution, asking that the heads of all the bureaus of that establishment be exempted from the civil service rules. So much explanation is calculated to increase rather than diminish suspicion of that order. The full significance of the clause which permits the reinstatement of any government employe, regardless of how long they have been out of the government service, is just beginning to be seen. Under it every employe who was dismissed during the two Cleveland administrations can be reinstated, if they have pull enough.

Southerners were pleased by the selection of ex-Senator Pasco, of Florida, as one of the nine Commissioners named by Mr. McKinley to make an investigation of the Canal route across the Isthmus. Representative Underwood, of Alabama, declares that the people of his section regard provision for the building of a canal one of the most important matters to come before the next Congress. The last Congress appropriated \$1,000,000 for this Commission. It was understood at the time that this provision was the work of the lobbyists employed by the Panama Canal Company. Unless those who think they know are badly mistaken, the Panama Company is not likely to profit by the Commission, which is regarded as almost sure to report in favor of the Nicaragua route. How soon this Commission will report is a matter of doubt, but its members have been requested to try to do so before or during the next session of Congress.

A committee of distinguished Cubans are in Washington to protest against the order of the War Department suspending all legal proceedings on debts contracted before last December, in Cuba, and to endeavor to get the order revoked, or at least modified. They say that the order is paralyzing the business of the planters, by making it impossible for them to borrow money without paying extortionate interest, but their chance for success is not encouraging, as the order in question was one of Alger's pet schemes.

Members of the administration are greatly exercised over the latest news from the Czar's Peace Conference at The Hague, which says that Germany is opposing the arbitration scheme, and that it will probably get enough votes from the smaller powers represented, to defeat it. There are others, however who would feel grateful to Germany if it would defeat the arbitration scheme, because they regard it as much more likely to prove hurtful than helpful to this country, if adopted.

How They Work the Streets in Pittsboro.

For the first time in several years our town commissioners have called out, for one day's work on the streets, all male citizens of the town who would be liable to road duty if they lived in the country.—Chatham Record.

Philosophy Up To Date.

Charity may begin at home, but reform begins elsewhere.

The world owes every man an existence, but not a living.

There's no re-dress for the man who has but one suit of clothes.

A little white lie is always side-tracked for a big black one.

The way of the transgressor may be hard, but it's usually pretty smooth.

A man can make a good bluff by looking wise and keeping his mouth closed.

Literary men resemble hens. The author lays a plot and the editor sits on it.

The good man who goes wrong is in reality a bad man who has just been found out.

When some people make up their minds they leave out a lot of important matter.

Worry never cures an evil, but it sometimes relieves the monotony of too much happiness.

When ordering a new ribbon for your typewriter always specify whether it's for her or for it.

The poet possesses wonderful power. The mere sight of one has been known to raise the hair of an editor.

The individual who spends his time in telling what he is going to do after he gets there always fails to arrive.

The evil that men do lives after them. Even when an amateur cornetist dies he cannot take the fatal instrument with him.

Beauty Is Blood Deep.

Clean blood means a clean skin. No beauty without it. Cascarets, Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets,—beaut— for ten cents. All druggists. satisfaction guaranteed, 10c, 25c, 50c.

The Fire of Decision.

Authorities on military maneuvers state that at a certain stage in an advance of assaulting troops the "fire of decision" is commenced, followed by the fierce onslaught. The energetic methods adopted in successful warfare are being constantly imitated by the progressive and resourceful merchant. His competitors endeavor to out-manuever him in the contests for business, but he meets them upon their own ground. He devises plans of battles, and finds the advertising columns of a first class newspaper to be his most effective means of aggression. Through this medium he directs his fire of decision—a regular volley of interesting and timely business announcements, which, not being bullets, are welcomed by the masses in front. Being an alert and persistent fighter, he keeps his advertising batteries and his own inventive talents in action, and the victory is necessarily his.—Philadelphia Record.

There are very good reasons why Jeffries should have whipped Fitzsimmons. Jeffries is 6 feet 2 inches, Fitzsimmons 5 feet 11; Jeffries weighs 208 pounds and Fitzsimmons 159; Jeffries is 24 years old and Fitzsimmons 37. Height and weight count in a prize fight, and one is apt to be a better man physically at 24 than at 37. The talent depended on Fitzsimmons' unusual length of arm—his reach, they call it—but Jeffries has a reach, too. It depended on Fitzsimmons' long experience in the ring, in which he has acquired great skill, but Jeffries, while he has not been long in the ring showed even a higher degree of skill in Friday night's fight; in truth the talent was greatly deceived in the new-comer, or else greatly over-rated the champion, and that is why it as well as the outside public dropped a great deal of money on the result.—Charlotte Observer.

WIN A STOVE.

There is on exhibition at our store a full nickel plated **BUCK'S JUNIOR RANGE**. Every little girl wants it, and one little girl shall have it. On the 15th of July we will present it to the little girl under fourteen years of age, who cuts out the greatest number of Buck's Trade Marks in the advertisement below and brings them to our store. They must be done up in neat packages and the number and name written plainly on each package. Now girls get your friends to help you, save every Trade Mark and see who can win the prize.
