MERCHANDISE

MAYOR'S COURT.

Busy Session This Morning.

Mayor Ola Forbes had quite a busy term of his court this morning with several cases to dispose of.

Bill Hanrahan and John Daniel were up charged with a disturbance. Daniel appeared not guilty and was promptly dismissed. Hanrahan did not get off so lightly, his mouth getting him into trouble. He used too much profane language at the Mayor and was given a fine of \$25 and a sentence of 30 days in jail for contempt. He has been committed and given time to meditate upon his conduct.

W. G. Morse, a traveling salesman, was arraigned for cursing and kicking one of the hack drivers. It seems that the driver, not knowing the drummer's name, had addressed him as "Cap'n" in asking for his fare. The drummer took offense at this. The Mayor gave him an opportunity of contributing \$7.25 for the use of the town.

Burt Thomas, for using profane language on the streets, was assessed \$5 and costs as a warning not to do so any more.

Jim Burbanks was up for fighting, and as his manner before the court was very insolent he was given a fine of \$25 and 30 days in prison.

Will Randolph and Rhoda Cotten were up for an affray. Will had used a beer bottle on Rhoda's head, and the woman retaliated by jabbing him in the eye with a knife. Both were bound over to Superior court.

J. L. Starkey & Bro. were called for selling after midnight Saturday night, but there was nothing against them and the case was promptly dismissed.

S. J. Nobles, barber, was up for being at work in his shop after midnight Saturday night and was fined a penny and costs.

Marriageable Ages.

In Germany a man must be at least 18 years of age before he can marry.

In Portugal a boy of 14 is considered marriageable and a woman at 12.

In Greece the man must have seen at least fourteen summers and the woman twelve.

In France he must be 18 and the woman 16. In Belgium the same ages.

In Spain the intended husband must have passed his fourteenth year and the woman her twelfth.

In Switzerland men from the age of 14 and women from the age of 12 are allowed to marry.

In Austria a "man" and a "woman" are supposed to be capable of conducting a home of their own from the age of 14.

In Turkey any youth and maiden who can walk properly and can understand the necessary religious service are allowed to marry.

In Hungary the man must be 18 years and the woman 15.

In Russia and Saxony they are a little more sensible, and a youth must refrain from entering into matrimony till he can count 18 years and a woman till she can count 16.

We are now getting the longest days of the year.

OVER THE COUNTRY.

Immense damage to crops was done by a storm at Lacrosse, Wis., and three churches were struck by lightning.

The building in which the National Saengerfest, at Cincinnati, O., is to be held was formally dedicated Sunday.

There is a corner in veal in the Chicago market, and the wholesale price of dressed calves has gone up from 15 to 25 per cent.

Mrs. Augusta Nack, who, with Martin Thorn, murdered William Guldensuppe in New York, is becoming blind in Sing Sing Prison.

For kissing 11-year old Florence Chaffee, of Watertown, N. Y., six times without her permission, Samuel Cohen, a Brooklyn soap agent, was fined \$50.

Inquiries are being made as to the whereabouts of Herr Schmucker, German Consul at Shanghai, who left Vancouver 10 days ago for New York and has not since been heard from.

STATE NEWS.

Happenings in North Carolina.

A Raleigh marketman has been arrested for making sausage out of spoiled beef.

Mrs. Winnie S. Tull, or near Kinston, died Saturday evening of a stroke of paralysis.

The Kinston Free Press is soon to issue an industrial edition of 5,000 copies.

Notice - Confederate Veterans.

The Confederate Veteran Association, of Washington, N. C., will have a reunion on June 29, next, at 12 M. in the town of Washington, N. C. The object being the reception of the regimental flag of the 40th N. C. Regiment lost at the battle of Bentonsville, March 20, 1865. The flag was captured by G. H. Swayze, of Michigan, and he will in person return the flag to us at that time. All Veterans, especially those belonging to the 40th N. C. Regiment, are earnestly requested to be present on that occasion.

By order of Committee of Arrangements. Jno. R. Ross, Chairman.

Changing the Wires.

Manager W. S. Atkins is having new and larger telephone poles placed along Evans street near the business houses. While the wires are being changed to these new poles during the next few days they will be more or less crossed and mixed up, which will interfere with communication to some extent. He requests subscribers to be patient for a few days and the wires will all be straight and in good working order again.

Six in a Lump.

There must be something very slack about the mail service between Washington and Greenville. For sometime we have noticed that the Washington papers reach here very irregularly, coming two or three at once and often not getting here at all. On Monday evening we received six copies of the Washington Messenger at one time, all of them different dates and every one of them plainly addressed.

S-say on Clothes.

We are writing about Clothes because we are "THE KING CLOTHIER." It is our "line" and we are proud of it. The Child, the Boy, the Youth, and the grown-up Man, all have a prominent place in our mind. Our CHILDREN DEPARTMENT was somewhat disfigured by the fire but we still have some rare bargains in it that are the real stuff. For instance we can sell you a BOPS 2-PIECE SUIT for 65 cents or a PAIR of PANTS for 10 cts. Now ain't that Bar-

gains? If you see the goods you'll agree with us. These Suits fit, they are stylish, strongly sewed and made of good material. There is a great

future for the boy who wears our Clothes. Provided his habits are as correct as his clothes. And in Mens Wear, too, we are "roosting on the highest limb." The fire destroyed a great many of our Suits but we have them from \$2.50 up. We can fit you.

"Breathes there a man so stout or slim That clothiers fall of fitting? Let him take heart, for if he tries In our store he'll find his size. No shape or style do we omit To fit men who are hard to fit."

We guard the QUALITY of our stock with sleepless vigilance. Never is a poor article allowed in our stock. New line of

COLLARS -:- COLLARS

Standard Advertising.

An enterprising merchant who wants to know things asks: "What is standard advertising?" There can be but one suitable and sensible answer to this query—namely, that standard advertising is the best advertising. There is no one criterion for publicity. The merchant must be governed in his method of making business announcements by the character of his wares, his environment and the class of people with which he expects to deal. Having selected as his advertising medium a first-class and trustworthy newspaper, he must use his own judgment and ideas—or those of other people—and by experience find out what sort of advertising brings the quickest and best returns. Then he will have reached the standard sought for. But as to the standard advertising medium, there can be no question that it is a popular newspaper.—Philadelphia Record.

Profitable Trucking.

While the present truck season has been an unprofitable one in many sections of the south, the New Bern section has been favored, and good substantial financial returns have rewarded the efforts of truckers in this section.

Pamlico county truck growers have had a good season, their cabbages and potatoes bringing in good returns.

Two instances out of many such successes are worthy of note.

On three quarters of an acre, a Pamlico truck grower, raised cabbages which netted him \$250, and another trucker has dug 79 barrels of potatoes on an acre, these potatoes selling at \$3.50 per barrel in the northern market.—New Bern Journal.

No good action, no good example ever dies. It lives forever in our face. While the frame moulders and disappears, the deed leaves an indelible stamp and moulds the thought and will of future generations. Time is not the measure of noble works; the coming ages will share of their joy. A single virtuous action has elevated a whole village, a whole city, a whole nation. It is from small seeds dropped into the ground that the finest productions grow, and it is from the inborn dictates of conscience and the inspired principle of duty that the finest growths of character have arisen.—Goldsboro Argus.

WASHINGTON LETTER.

From Our Regular Correspondent.

Washington, D. C., June 19, 1899

At last, War Department officials admit the truth as to the situation in the Philippines; that more fighting and lots of it is ahead of our troops; that the alleged Peace Commissioners of Aguinaldo, who were feted and entertained in Manila by our Civil Commissioners, pulled the wool over our men's eyes and not only got the time they wished to prepare for more fighting, but gathered valuable information as to the number and condition of American soldiers, which they have been able to put to good use in the aggressive fighting of Aguinaldo, during the past week. There is no more talk of volunteers surrender on the part of Aguinaldo. It is now admitted that he has got to be whipped into submission, and that it will not be an easy job, by any means, unless a much larger army than the thirty-five thousand men now being provided for is placed under the command of Gen. Otis. There is a rumor afloat that Mr. John R. McLean, of Ohio, who also has a home in Washington, intends to establish a daily paper at the National Capital, which will support Col. Bryan for President and advocate free silver; also that Mr. McLean would like to run on the ticket with Col. Bryan.

It is not surprising that the administration should have quietly overlooked the break made by Prof. Haupt, a member of the present and of the last Canal Commission, in confirming the general impression that influences strong enough to thwart the almost unanimous wish of the people of this country, had been successfully used to prevent the building of the Nicaragua canal, and even to prevent the publishing of the report made by the last Commission, which is said to contain a scathing exposure of some of these influences. The subject is chock full of political dynamite, and the administration was afraid of it. Therefore, instead of calling Prof. Haupt down for his too truthful exposure of a National scandal and firing him from the new Commission, the administration got him to write a letter saying he had been misquoted by the newspaper that printed the exposure, and was glad to let it go at that. The new Commission met last week, authorized the appointment of Committees, and adjourned to meet again, in Washington, July 6th.

There isn't the slightest doubt about the position of Representative Lentz, of Ohio, on national issues. He said of the National outlook. "The only thing that can keep Mr. Bryan from being President of the United States, is for the Hanna democrats and the Hanna republicans to prevent his nomination. They are now scheming to bring about that consumation, but they will hardly succeed. I am for Bryan in 1900, and a repetition of the Chicago platform, with some additions. I favor the election of United States Senators by direct vote, and also hope to see the initiative and referendum made a part of our governmental system."

A prominent Ohio republican has been telling party tales out of school. He said of the fight on Senator Foraker, by H. H. Kohlsaat, editor of the Chicago Times-Herald, which has caused so much talk because of the close personal relations known to exist between Mr. McKinley and Mr. Kohlsaat; "I have absolute personal knowledge that the assaults made upon Foraker, in the Chicago Times-Herald are the result of an understanding between the editor and

Senator Hanna. The latter said at the Columbus convention, after Foraker had declared against the Hanna Machine, that he proposed to get even with him, and would resort to any means that might be necessary to down him. Foraker's term in the Senate will expire in 1903, and Hanna intends to prevent his re-election. I am thoroughly convinced that Mr. McKinley is familiar with every move made by Kohlsaat out of funds of the Republican National Committee for making war on Foraker, but those who know Kohlsaat best say that he seldom does anything without being in some way rewarded for it. Hanna has bought Boss Cox, and if he will stay bought, there will be serious trouble for Foraker in the Cincinnati end of the state."

One of the most valuable witnesses who has testified before the Industrial Commission, since it tackled the trusts, was Mr. P. K. Dowe, President of the Commercial Traveler's National League. He presented some startling figures. He said the formation of trusts would throw 35,000 drummers out of work and reduce the pay of 25,000 who would keep their jobs, which would mean a loss to the men in salaries of \$60,000,000; a loss to the railroads of the country of \$21,000,000, and to the hotels of \$28,000,000. Mr. Dowe gave details of the number of men knocked out of places by recently formed trusts, and read a list showing the absurdity of the claim that the general tendency of trusts was to lower prices. This list, which was obtained from drummers recently in the trades named, showed the following increases in price directly traceable to trust control: Iron Pipe, 100 per cent, Tin and Enameled Ware, 33 per cent, Brass Goods 60 per cent, Chairs 30 per cent, Rubber 14 per cent, Tin Plate 30 per cent, News Paper 1 to 1/2 cent a pound, Book paper 5 to 10 per cent, Common Soap 25 to 50 cents a box, Flint Glass Bottles 10 per cent, Clocks 66 per cent, Metal Goods 25 per cent, Brushes 12 1/2 per cent, Combs 7 1/2 per cent and Ribbons 10 per cent. In the few cases in which trusts have reduced prices, it has been done, not to benefit the consumer, but to drive out competition.

A Singular Blaze.

A singular thing happened at Mr. Ephriam Harrell's yesterday. He had a hen nest made in a box fastened to a tree. During the afternoon the hen came off the eggs in the nest in a hurry, for the straw in the nest burst into flames. After the fire she returned to her post and continues to warm the eggs. What caused the fire is a mystery.—Wilson News.

Every evidence of competition in this life, in this day of business methods versus philanthropic enterprise, comes to us as a sweet balm to a weary soul. No less than four distinct and separate concerns, corporations or organizations, are after the North Pole and determined to get it. With so many as four companies dealing in the North Pole, we the people may hope to get some of the benefits without paying extra and extortionate tribute to a monopoly.—Raleigh Post.

The deaths in Havana from June 1 to June 15 were 318. During the corresponding time last year the number of deaths was 2160. This decrease in the death-rate is the one overtopping advantage resulting from Yankee administration.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

The San Jose Scale.

Mr. G. S. Boren, the secretary and treasurer of the J. Van Lindley Nursery Company, of Pomona, called on me today to correct the numerous misstatements in the press about the San Jose Scale, which has recently made its appearance in many orchards in North Carolina. In the first place, Mr. Boren said that the nursery here is entirely unaffected by the scale, though the insect had ruined \$25,000 orchard for the Van Lindley Company at Southern Pines.

"As is generally known," said Mr. Boren, "the first appearance of the scale in the United States was in California, about 25 years ago, but it was spread in this State and other Southern States by William Parry, a nurseryman in New Jersey. In North Carolina it first appeared in the orchard of Mr. Whippie, of Southern Pines. There is none of the scale in Guilford county, but we have received letters from all over the State asking for a formula for its destruction.

"In an orchard the scale will be first on peach trees, if any are there, though it may attack all kinds of fruit or other trees. A great many people have sent us crickets' eggs, thinking they were the San Jose scale, but a cricket's eggs are half as large as a grain of wheat, whereas the scale is a minute gray speck, resembling ashes; and the fact that it is an insect can only be determined by microscopic inspection. It multiplies very rapidly, and will kill any tree inside of a year. No tree is good for fruiting after the scale makes its appearance, and it will take diligent work to save it. When it is found that a tree has lost all vitality from the insect it should be cut down at once.

"The most usual way of carrying the scale from one place to another is by birds. It is somewhat gummy, and sticks to the feet of the birds. As soon as the scale is seen in an orchard it is imperative to act at once, and the following formula, which was adopted by the committee for the control of crop pests, appointed in 1895, makes the best spray that I know of: Dissolve in two quarts of water one quart of soft soap, or one-quarter pound of hard soap, by heating to the boiling point. Then add one pint of kerosene oil and stir violently for from three to five minutes. This may be done by using a common force pump and putting the end of the hose back into the mixture again. This mixes the oil permanently, so that it will never separate and may be diluted easily at pleasure. This mixture should be diluted to twice its bulk with water, or about fourteen times as much as water as kerosene. The kerosene emulsion is successful in destroying cattle lice and sheep ticks, as well as all varieties of plant lice, scale, etc."—Greensboro Record.

WHO WANTS IT? SPEAK QUICK.

THE 'REFLECTOR' recently purchased two printing office outfits and has a quantity of surplus material that will be sold cheap. There is a cylinder press large enough to print a nine column paper, in splendid condition, and a quantity of Small Pica, Long Primer, Brevier and Nonpariel body type. We can furnish a complete outfit large enough for a six or seven column paper.

Specimens of the body type are shown in this advertisement, the type being taken from the case just as it runs, so it shows for itself how well it prints. This is the Small Pica size of which there is 1 pair of cases.

Then here is a paragraph set from the Long Primer size. We have 4 pairs of these cases. In buying this type you do not get something that is worn out and east aside, but a good serviceable type, capable of much wear.

Here is something a little smaller, Brevier size. There are 2 pairs of these and it is a bargain for somebody interested in printing. It may not come but once in a lifetime that an opportunity is given for buying type as cheap as we will sell these lots.

Again we have 1 pair of cases of this Non pariel size, a very useful type in any printing office. Cases will be sold with the type of all sizes. Any printer who can use any or all of this type can make us a spot cash offer. While we prefer a customer for a whole outfit, press and type, one case of type will be sold if no more is wanted.

The above figures tell a remarkable story; they represent almost exactly the per centage of cures made by
RHEUMACIDE
the wonderful new constitutional cure for **RHEUMATISM**. The other two per cent. were not curable, or failed to take medicine according to directions. Thousands have been cured. In view of the fact that many physicians think that rheumatism is incurable, and that most remedies fail, it must be true that **RHEUMACIDE** is the greatest medical discovery of the age. Particulars and testimonials of many well known people sent free to all applicants.

BUCK'S JUNIOR RANGE

Every little girl wants it, and one little girl shall have it. On the 15th of July we will present it to the little girl under fourteen years of age, who cuts out the greatest number of Buck's Trade Marks in the advertisement below and brings them to our store. They must be done up in neat packages and the number and name written plainly on each package. Now girls get your friends to help you, save every Trade Mark and see who can win the prize.

THE PEOPLE.

These Are Some of Them.

Mrs. L. C. King, of Norfolk, came in Monday evening.

H. Harding and H. B. Harris went to Raonoke Rapids today.

Mrs. J. J. Cherry, Jr., left this morning to visit relatives in Petersburg.

W. H. Grimes has moved to South Greenville in the building formerly occupied by M. H. Quin-erly.

W. A. Bright and wife left this morning for Baltimore. Mrs. Bright goes for treatment in a hospital.

Frank Nobles, of Nash county, who has been spending a few days in this section, returned home today.

Mrs. Annie Coffield, of Hamilton, arrived Monday evening to visit her daughter, Mrs. W. R. Smith.

H. W. Whedbee left this morning for Fayetteville to attend the meeting of the Grand Lodge Knights of Pythias.

Prof. F. P. Hobgood, of Oxford Female Seminary, arrived here this morning and is the guest of J. G. Bowling in South Greenville.

Miss Mary Hadley, of Wilson and Miss Julia Castex, of Goldsboro, arrived Monday evening to be bride's maids at the Fleming-White marriage tomorrow morning.

We see from the Washington Post, that Mr. Surry Parker, of Pinetown, N. C., and Miss Mary Shepherd Odom, a member of the faculty, of Suffolk College, Suffolk, Va., were quietly married at 4 o'clock P. M., June 14, 1899. Mr. Parker is engaged in the lumber industry and is well and favorably known all over Eastern Carolina.

It is the clean cut advertising which makes money roll into the cash register of the progressive merchant.

Dull storekeepers with dull business methods are often responsible for dull times. Bright men, with business tact and a faith in advertising, make good times.—Fame.

Mr. J. R. Randolph, of Belvoir township, brought a cotton bloom to town today and it was left at THE REFLECTOR office. This is the first reported in Pitt county.

By Saturday evening's express I received a special lot of silverware from Henegen Bates Co., Baltimore. This lot contains some of the most beautiful articles for bridal presents that have ever been shown here. Many entirely new designs. All sold at Baltimore prices. MRS. J. B. CHERRY.

Swears He Will not Work.

Jim Burbanks, colored, who was fined \$25 and 30 days in prison by Mayor Forbes for contempt of court, was turned over to the policeman to collect the fine. Not having the money to put up, the officer chained Jim, gave him a hoe and put him out on the street to work. Jim would not work but sat down on his anchor in the street and spent the day there in the hot sun. Several of his friends at times gathered around to try and persuade him not to resist the law, but Jim swore that he would not do a lick of work.
