TUESDAY, JULY 24, 1899.

The body of Ingersoll will be cremated, says a press telegram. But for the scriptural injunction to "judge not," some reference might be made to the soul as well.

In the recent flooded district of Texas food supplies and clothing were distributed among the sufferers. The negroes refused to work as long as the charity rations held out.

Elihu Root, a prominent lawyer of New York, will succeed Secretary Alger in the War department. It is to be hoped he will root up a better reputation in the office than his predecessor.

The Government Entomologist says household ammonia promptly applied will remove all bad effects of a kissing bug's sting. With the kissing bug as easy to dispose of as this, his popularity will soon wane.

Italy has got her back up again because four or five Italians were lynched in Louisiana last week. Italy ought to teach her subjects not to be shooting and stabbing our folks, then they would not be lynched.

Kinston folks may find out after awhile who "turned in" the alarm at the burning of the Atlantic Coast Line depot there, last Friday, even if the origin of the fire is never learned. So far four different claims of having first sent in the alarm have been published.

## WASHINGTON LETTER.

From Our Regular Correspondent.

Washington, D. C., July 24, '99

The unsuccessful bluffer is spoken of as a duffer by sports. Well, Alger is an unsuccessful political bluffer, and the result will be his retirement from public life on August 1. Somehow this bluffing phase of the question has been overlooked. But a close friend of Alger's is responsible for the statement that Alger's resignation was handed to Mr. McKinley as a big bluff, with the expectation that he would decline it in a nice little note that Alger could have published to refute the charge that he was remaining in the Cabinet against Mr. McKirley's wishes, and that Alger was the most surprised man in Washington when he received Mr. McKinley's note accepting his resignation to take effect August 1. The same man says that Alger is very mad, although pretending to be greatly pleased, and that he may toss a few bombshells administrationward, after he drops official harness, and that their explosion will not make pleasant music for Mr. McKinley. If the new Secretary of War—Mr. Root—is merely to look after the legal questions connected with our military occupation of Cuba, Porto Rico and the Philippines, leaving military affairs to be controlled by Meiklejohn and Corbin, and that is the present understanding that, Algerism isn't likely to depart with Alger.

Unless Mr. Elihu Root, of New York, can persuade Mr. McKinley to shake up the War Department clique and to give Gen. Miles the say that properly belongs to him as Commanding General of the Army, in all strictly Military matters, he will live to regret the day he so eagerly accepted the War portfolio to perform duties properly belonging to the Attorney General, after two members of the Cabinet, fully conversant with the situation, had declined to do so, and to stand before the country as a figure head responsible for the conduct of the War Department.

Perhaps it was a fellow feeling that caused "Corporal" Tanner, who was kicked out of the Pension Bureau by Harrison, after a few months service as Commissioner, to rush into print with fulsome praise of Alger and Algerism. Whatever it was, it was creditable to Tanner's heart, if not to his sense of thrift, to stand up for the under dog, in this fracas, because he liked him personally, although he knew when he did it that it was likely to lessen his own pull on the administration.

Mr. M. L. Lockwood, of Pennsylvania, President of the American Anti-Trust League, which although a non-partisan organization purposes to take an important part in the Presidential campaign, is a strong Bryan democrat, and he says of the sentiment of Pennsylvania democrats: "I am in touch with the true democrats of Pennsylvania, and it is safe to say that ninety-five per cent of them are loyal to Bryan, and the principles of the Chicago platform. The real democracy of the state and of all the other states must be on the alert, for if the tricksters get one vote more than one-third of all the members of the National Convention, they will accomplish their end, which is the defeat of Bryan. The monopolistic and trust interests will bend all their energies to defeat his nomination because they recognize that no human power can prevent his victory at the polls, if he be again declared the nominee of the democratic party."

The statement that Hon. W. C. Whitney, whose shrewd manipula-

### BLOOD TELLS.

YES, it is the index to health. If you have bad blood you are likely to learn that you have Rheumatism, one of the most horrible diseases to which man kind is heir. If this disease has just begun its work, or if you have been afflicted for years, you should at once take the wonderful new cure.

### RHEUMACIDE

Thousands have been cured. The summer season is the best time to take a rheumatic remedy. Nature will then aid the medicine in effecting a permanent, constitutional cure. People with bad blood are subject to catarrh, indigestion and many other diseases. To be healthy the blood must be pure. RHEUMACIDE is the Prince of blood purifiers. tion procured the last nomination of Mr. Cleveland, in spite of seemingly invincible obstacles, had gone to Europe for the purpose of trying to persuade Admiral Dewey to allow his name to go before the next Democratic Convention, as a candidate for the Presidential nomination while interesting, was not regarded in Washington as of any particular importance. Mr. Whitney has been hunting for sometime for anybody to beat Bryan, and has sounded a number of men as to their willingness to contest the nomination with Col. Bryan. Nobody with the slightest political knowledge has shown any disposition to try to do the impossible, and it is among the possibilities that Mr. Whitney, banking upon Admiral Dewey's ignorance of politics and existing political conditions, may intercept him somewhere in Europe and try to persuade him to attempt it. Those who know him best say that Admiral Dewey never changes his mind, after having once decided a question, and that he will give Mr. Whitney the same answer he has already given to others to the same question.

Gen. Carlos Garcia, son of the late Gen. Calixto Garcia, is in Washington, as a representative of the Cuban republican League, which advocates complete political independence of Cuba. He asked Mr. McKinley for authority to hold elections for municipal offices, throughout Cuba, in order to demonstrate the ability of the Cubans to govern themselves. Mr. McKinley did not give him a decided answer, but it had been previously said by officials that no elections would be held in Cuba, until a census of those entitled to vote had been taken.

### Her Husband's Partner.

"Among what are known as the laboring classes in this country the woman is the financial head of the house," writes Frances Evans, of "The Wife and Her Husband's Business," in the August Ladies' Home Journal. "The man is the wage earner; the woman the wage holder. Every mechanic who is considered a steady man hands over his wages to his wife when he is paid off. She handles the money and directs the financial interests of the entire family. The women of that class estimate a man's character by his willingness to intrust his earnings to his wife or mother. The wife of a day laborer is compelled by necessity to be a partner in the matrimonial concern; but let the husband of one of these women rise gradually or suddenly into large means and wide business interests and you will see her little by little accustom herself to coddling, in the form of servants and luxuries. She is no longer compelled to find ways and means, while her husband takes pride in turning her into a fine lady, and so destroys the healthy partnership of former days without offering her compensation for the earlier confidence between them."

# TYPE AND PRESS. DIRECTORY.

## WHO WANTS IT? SPEAK QUICK.

THE REFLECTOR recently purchased two printing office outfits and has a quantity of surplus material that will be sold cheap. There is a cylinder press large enough to print a nine column paper, in splendid condition, and a quantity of Small Pica, Long Primer, Brevier and Nonpariel body type. We can furnish a complete outfit large enough for a six or seven column paper.

Specimens of the body type are shown in this advertisement, the type being taken from the case just as it runs, so it shows for itself how well it prints. This is the Small Pica size of which there is 1 pair of cases.

Then here is a paragraph set from the Long Primer size. We have 4 pairs of these cases. In buying this type you do not get something that is worn out and cast aside, but a good serviceable type, capable of much wear.

Here is something a little smaller, Brevier size. There are 2 pairs of these and it is a bargain for somebody interested in printing. It may not come but once in a lifetime that an opportunity is given for buying type as cheap as we will sell these lots.

Again we have 1 pair of cases of this Nonpariel size, a very useful type in any printing office. Cases will be sold with the type of all sizes. Any printer who can use any or all of this type can make us a spot cash offer. While we prefer a customer for a whole outfit, press and type, one case of type will be sold if no more is wanted.

### TICKET BUYERS.

Some Come on Them, Others Depart.

J. D. Bullock, of Oxford, came down Monday evening.

W. S. Atkins returned Monday evening from Old Point Comfort.

Dr. W. R. Mayo, of Ft. Wayne, Ind., arrived Monday evening to visit his sister, Mrs. D. E. House.

Agent J. R. Moore and three children, Miss Myra, Bailey and Howard, went to Scotland Neck today.

Rev. J. T. Erwin, of Rich Square, came in on Monday evening's train and went out in the country to visit his father.

Misses Katie Moore and Mamie Baynor, of Washington, arrived Monday evening to visit relatives at Riverside Nursery.

### Negroes Enjoying Life.

Austin, July 22.—Captain Seiker, quartermaster of the Texas Rangers, who has been at Richmond, Texas, for the past two weeks directing the distribution of food supplies and clothing among the destitute flood sufferers in Fort Bend and Brazos counties, returned to Austin today.

He reports that negro refugees have enough food supplies to last them an indefinite period and that no more should be sent to them, as they positively will not work as long as they are kept by charity. The Southern Pacific Railroad wanted two hundred men to work on that line and offered the refugees at Richmond fourteen cents per hour, but were were able to get only about twenty men.

Captain Seiker states that negroes are holding camp-meetings at all of the refugee camps, and that day and night are spent by them in returning thanks to the Lord for their deliverance from death by drowning. The ignorant negroes of that section claim that the recent great flood was caused by two negro preachers who prayed incessantly for rain just before the deluge came. These two preachers have had to leave that part of the country to save themselves from bodily harm.

### Servants Scarce.

The servant problem is getting to be more or less annoying. In most of the towns, and Greenville is no exception, a good servant, especially a cook, is hard to get. Not a few housekeepers are doing their own cooking. We believe it would be a good idea for a number of people to get together and import white servants and not have to depend on the unreliable kind who quit work without a moment's warning.

### New Church Building.

The Methodist church has purchased Mrs. E. M. Williams' lot on Washington street and will build a new house of worship thereon. It is a desirable lot, much more centrally located than their present place. We understand that the new church will be a handsome one. It is not yet definitely fixed when work will begin.

### Died.

News came by telephone from Farmville this morning that Miss Lola Anderson died last night. She was about 26 years old and a daughter of Mr. I. J. Anderson. We extend sympathy to the bereaved family.

Durham has two scandals. In one case a young woman, a deaf mute, has brought suit for \$10,000 damages against a young man, also a deaf mute, for seduction under promise of marriage. In the second case a well-known railroad man has left his wife, charging her with infidelity, and will bring action for divorce, naming a prominent young business man as correspondent.

There has been for the last two days, a one arm beggar making a house to house canvass of the resident part of the town. We have heard him described as being one of the most impudent, persistent beggars that has as yet made his appearance in town and refuses to leave when ordered away. We have no doubt this is the fellow the papers have been describing and pronouncing a fraud, and that he is making a systematic canvass of the towns in this part of the State. —Washington Messenger.

LOST.—Many golden opportunities have been lost by those who suffer from rheumatism. By taking Rheumacide now they will be permanently and positively cured.

**Shedding Their Bark.**

How often do sycamore trees shed their rough bark? Can any of our readers tell us? We notice that trees of this kind are doing so now. During the past week or so we have seen quite a number of them throughout this section whose outer bark was peeling and dropping off. We are inclined to think that this does not occur every year, but are not up on the subject enough to know much about it.—Durham Sun.

**Orphan's Concert.**

The class of orphans from the Oxford Orphan Asylum in charge of Mr. Will X. Coley and Mrs. Fleming, arrived on the freight train today and will give their concert in the opera house tonight. They should have a large audience.

RICH'S PATENT "Julia Marlowe" Shoes and Oxfords

ELASTIC GORING OVER INSTEP.

Original in design. Attractive in appearance and Perfect Fit—Fascinate and Captivate the wearer At First Trial.

**Probably no shoes have ever been introduced that have made so many friends in so short a time.**

**A Few**

They fit like a glove. They never pinch the foot. They are beautiful in design. They fit high or low insteep. They yield to every action of the foot. They conform in vital points to the shape of the wearer's foot instead of pressing the foot into the shape of the shoe.
