STORM AT NEW BERN.

Two Feet Higher Water Than During August Hurricane.

The storm which set in early yesterday, continued to increase all day, at dark the wind was blowing with great violence and sheets of rain were falling.

About 8 o'clock it was reported around the streets that the tide was rising dangerously high. It had been high all the afternoon but it was not until after dark that it began to back up on the docks and into the streets.

A visit towards the docks showed that the tide was indeed up. On Craven street the water covered the sidewalk above the cotton exchange and a little further along it was knee deep. On the docks the water was several feet in depth. On Middle street the water was within four doors of South Front street, Union Point and East Front street were all afloat.

Early in the evening the water was up in the electric light house and the lights were gone, adding darkness to the other evils. The belts were taken off in time to save them as were those at Meadow's mill. Horses were taken from the stables in this vicinity and brought up town.

Shortly after ten o'clock an alarm of fire was turned in from box 56, the lime in Cutlers warehouse below South Front street had set fire to the building, and the firemen worked waist deep. Numerous drays were carrying out goods from the building and for several hours a stream was turned on at times as the fire broke out among the heated lime barrels.

Shortly after this fire was under way, word came that the lime on the E. C. D. was ablaze. A hose wagon went down to the foot of Craven street and laid a line of

hose. The water was well up on the horse's side in the street and work was done under the greatest difficulty. A gang of men on the dock were employed in rolling the barrels of lime into the river and about 50 barrels were disposed of in this way.

Shortly before midnight a general fire alarm was turned in. Crowds of men gathered on Middle street, prepared to do what they could to save property. A boat was used to reach the stores below and the tide was well up on the floors, causing large losses of flour and other perishable goods. The wind blew very hard at midnight, shutters were being carried away, breaking glass was falling around and it was perilous to be out on the streets.

Of course no word has come up from below, only surmise could be made of how the people at Ocracoke and Portsmouth were faring. The tide was two feet higher here than during the August hurricane. The same height below would carry off the towns and leave little to tell the tale. But it may not be as bad there in proportion.—New Bern Journal, 31st.

SATURDAY, OCTOBER 28, 1899.

Some days ago a number of Pythians from the surrounding towns went to Albemarle to organize a lodge. In the following issue of the Enterprise, published at Albemarle, was a very harsh article about the visiting Pythians, accusing them of being drunk and disorderly on a train, discourteous to ladies, and acting in a disgraceful manner generally. And now the Pythians are having their turn and are after the editor of the Enterprise with a sharp stick. The Pythians of Charlotte, Concord and Salisbury have denounced the article as being totally false and demanded a public retraction from the editor of the Enterprise. Verily, that editor did not know what a hot nest he was stirring up when he attacked the Pythians.

Called on Wife to Run Thief Out

An excellent story on a well known gentleman living in the country about 7 miles from Charlotte, was told a News reporter this morning. The story would indicate that a man would do well to call his wife the braver half as well as the better half.

A few nights ago the gentleman in the story had found out that somebody was stealing corn from his crib and he was consequently on the lookout. Friday night he went to see how things were progressing and found that there was really a thief in the crib, for he could hear him shucking the corn. The gentleman got his gun and was all ready to fire but he got shaky in the knees and didn't have strength of voice to call the thief out while the fellow on the inside continued shucking the corn.

Finally the man with the gun thought himself of a little plan. He rushed to the house and told his wife the trouble and got her to come out and take the thief in charge, in the meantime the fellow in the crib probably finding out that he had a woman after him made a break and when his pursuers returned he was gone. A noise of one departing was heard far up in the woods and the husband with his wife at his side raised his gun and fired in that direction, but the thief escaped.—Charlotte News.

A Passing Fancy.

The following press dispatch, sent out from New York under date of the 24th, appeared in Wednesday's daily papers:

The steamer Havana arrived from Cuba to-night. Among the

passengers was General Fitzhugh Lee.

Some of our readers will probably recall that a little more than 18 months ago this Gen. Fitzhugh Lee was the most prominent man in the United States. When he came home from Havana just prior to the outbreak of the war he received one continuous ovation from the time he touched our shores, and the daily papers devoted columns and columns to Lee. He could be President, or at least Vice President, they said, or he could have almost anything else in sight that he wanted by asking for it. Gen. Lee is the same man to-day he was then. He has done nothing to forfeit the public regard; but the to do over him was a passing fancy and he has been forgotten—that's all. Admiral Geo. Dewey will find himself in the same boat before long unless we are much mistaken. He, too, will be forgotten. It has been so since the time of the Great Nazarene. The fickle populace cry "Hosanna!" to-day and "Crucify him!" to-morrow; or if they don't say "crucify him" they straightway forget all about him.—Statesville Landmark.

WINTERVILLE DEPARTMENT.

NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, Nov. 1, '99

Miss Laura Cox, of Redalia, is visiting in town this week.

Johnie Mathews has gone to Durham with the intention of working in a cigar factory.

Miss Lillian Campbell, who has been on a visit to Greenville since Saturday, returned last evening to the delight of her many, many friends.

Miss Mary Hardy, who has been off two or three days, is back to welcome her many customers and friends.

Rowan Cooper, his little daughter Effie, and John Cooper took the train yesterday morning for Weldon to attend the fair.

Think "Cool's" advice to Old Buck made him kinder blue, but you know the truth is what hurts, and if that don't knock him off the stool of "do nothing" nothing else will.

But Joe left Bro. Parker out last week, but his wire fence business is not left out by any means. He is selling twice as much as ever even if the price is twice as high.

The delegates to the first session of our new Association just held at LaGrange, which will be called the Neuse Baptist Association, returned Saturday reporting an enthusiastic session.

OBJECTION THAT DON'T OBJECT.

We have sold within two weeks four or five hundred of our back bands and cart saddles. We can only find this objection from our dealers, viz: The first one they sell a man never gives out so they can get to sell him another. Now while this may be an object with the merchant, it cannot be with the user. A. G. COX MFG CO.

"Bud Joe" said last week that his heart was all right if his brain was lacking. One thing we are sure of from his items, i. e. that he has a big heart. As to how much of his big head is brain we don't know, but are not disposed to underrate his ability, and hope he will soon have enough Winterville history written up to fill your paper several times.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE "NECESSARY" MAGAZINE

The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.

To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death."

Price 25 cents per number, \$2.50 a year.

A sample copy will be sent on receipt of ten cents in stamps.

WARREN--FLEMING.

A Pretty Morning Marriage.

The Baptist church at Pactolus, daintily dressed with flowers evergreens, and golden tints from the forest, was the scene of a pretty marriage this, Wednesday morning, Nov. 1st, at 8 o'clock. The contracting parties were Dr. William Edward Warren, of Stokes, and Miss Eva Mae Fleming, of Pactolus.

The ushers were Matt Harris and J. S. Mooring.

Mrs. O. E. Warren, of Greenville, presided at the organ, and to the rhythmic flow of Mendelsohn's March the wedding party entered in the following order: Dr. J. E. Nobles with Miss Annie Fleming, J. F. Davenport with Miss Lucy Nobles, J. P. Fleming with Miss Lydia Thigpen.

The bride accompanied by Miss Delphia Belcher, maid of honor, entered by the left aisle, the groom accompanied by his brother, O. E. Warren as "best man," met them at the altar where Rev. N. M. Watson, of Greenville, pronounced the words that made them man and wife.

In a few minutes the Doctor and his bride were aboard the train and off for a ten days tour of Northern cities.

Ran Off From Depot.

A horse left unattended at the depot ran away Tuesday night. It is a wonder there are not more such occurrences, as it is a common thing to see teams left without an attendant. There is a town ordinance forbidding it, too.

Hoax—"There's only one way to get decent clothes from a tailor, and that's to never pay him."

Joax—"How does that work?" "Why, then he gives you fits." Philadelphia Record.
