The Long-Harding Nuptials.

Greensboro, N. C., Dec. 21, 1899. Never did the parlors of G. F. College appear more beautiful than last evening during the reception tendered by Mrs. Z. A. Long to the bridal party gathered from many different States to witness and participate in the marriage of her daughter, Lillian, to Mr. W. F. Harding, of Greenville, N. C. The parlors were very effectively decorated in the College colors, white and green. The warm hospitality dispensed and the holly and mistletoe used in the decorations carried one back to Olde England. During the evening a dainty and delicious collation was served to the guests, in which the same color-scheme was carried out. At a late hour good nights were reluctantly said with pleasant thoughts of the happy event that would take place on the morrow—the uniting in marriage of Miss Lillian Long to Mr. William F. Harding.

Just before the appointed hour, the assembled guests, who filled the parlors, were delightfully entertained by the very appropriate song, "If You Love Me," sung by the bride's cousin, Miss May Woodward, of Durham.

The green and white ribbons which formed the aisle for the bridal party were held by Masters John Peacock and Sidney Alderman in green and white George Washington suits.

Promptly at 10:30 o'clock, to the inspiring strains of Mendelsohn's Wedding March, played by Miss Woodard, the bridal party entered in the following order. Miss Eva L. Fleming, of Ridgeway, N. C., Miss Catharine F. Heiskell, of Knoxville, Tenn., Miss Rachel Sims, of Durham, N. C., Miss Alta B. Cozart, of Winston, N. C., Miss Mary Oliver Black, of Littleton, N. C., Miss Minnie H. Moore, of Greenville, S. C., Miss Annie M. Sneed, of Arrington, Va., all attired in white organdie and carrying love-knots of white satin ribbon intertwined with white carnations and smilax. The maid of honor, Miss Bertha Shelton, of Winston, followed wearing white organdie over green taffeta, her flowers being pink carnations tied with a love-knot of green ribbon. She was met in the folding doors by the groom, escorted by his best man, Mr. Harry Harding, of Greenville,

N. C. Then came the bride leaning on the arm of her eldest brother, Mr. A. W. Long, of Lawrenceville, N. J. She was becomingly gowned in castor cloth and carried the conventional bunch of brides roses tied with white ribbons. She was met by the groom and they took their stand under a bough of mistletoe suspended from a green love-knot, where they were united by the Rev. N. M. Watson, of Greenville, according to the impressive ceremony of the Episcopal church.

The bridal party then repaired to the sitting room where much merriment was made by the cutting of the bride's cake.

Among the wedding presents, over a hundred in number, are many handsome pieces of silver, cut glass and china.

Mr. and Mrs. Harding left on the noon train for their future home, Greenville, N. C., followed by the good wishes and congratulations of a host of friends.

PRISONERS DISCHARGED.

Preliminary Trial in Oakley Case.

Henry Andrews, Mack Andrews and Sy Little, who on the recommendation of the Coroner's jury over the body of Mr. George O. Taylor were arrested and held in custody, have been given their liberty.

Mr. George Taylor's house, near Oakley, was burned early on Saturday night, 16th, and his charred body was found in the ruins of the building. The supposition was that he was murdered and the house set on fire to cover the crime. On the recommendation of the Coroner's jury the three colored men above named were arrested and brought here to jail. The preliminary trial was set for Wednesday, 20th. That day the defendants were brought before Justices H. Harding, W. H. Williams and W. H. Long, and at the request of Solicitor L. I. Moore the hearing of the case was postponed to Thursday, 28th.

On the latter date the trial came on for a hearing before the same Justices, Solicitor Moore appearing for the State and Harding & Harding for the defendants.

The trial lasted nearly all day. The State put on twelve witnesses for examination, the defense offering no testimony at all. Brief argument was made to the court by counsel on both sides, and after consultation the court decided that in all the testimony there was not sufficient weight to justify holding the defendants longer in custody and the case was dismissed.

While the crime was a great one, the general opinion is that with the testimony before the court took the proper action. We hope the guilty parties may yet be found and brought to justice.

When the Emperor of Germany sports all of his decorations he has \$230,000 worth of them on him, and can cut a dash—Wilmington Star.

The king of Greece delights in farm work as a pastime. If he had to do it for a living he would not delight in it so much.—Wilmington Star.

The bodies of the soldiers who perished on the Maine have been brought home from Havana and reinterred in the national cemetery at Arlington. Every military honor was paid them.

The State's bonded debt is now \$6,501,770, of which \$2,720,000 is in 6 per cents. The annual interest charged is \$305,178. The State owns stock in the N. C., and the A. & N. C. Railroads, aggregating \$4,266,800, and holds its own bonds to the amount of \$136,750. These holdings have a market value of \$5,206,000. The income from these is \$225,815, which is from railroad dividends mainly.

American shops have turned out 2473 locomotives this year—the largest number they ever manufactured in one year, and 598 more than were made in 1898. More than 25 per cent. of the number, or 534, were made for railway companies in other countries. Large as the output was—and it was fully equal to the capacity of the works—it was little more than sufficient to replace the engines which were worn out and discarded. There are about 37,000 locomotives in the United States.

We note with interest that a Georgia paper, which claims a larger circulation in North Carolina than any North Carolina paper has, continues its established policy of never referring to North Carolina except to ridicule it. It exhibits a nice appreciation of the patronage it receives from the State, and the State exhibits a high degree of local pride in continuing to give its business to a paper which is so appreciative of it.—Charlotte Observer.

NOTE THE NAME.

Peace Institute, Raleigh, N. C.

The fall term of this Institute has been remarkably successful in every way. It has had more boarding pupils than last year, they have enjoyed uniformly good health and have distinguished themselves in deportment and application to study.

Work will be resumed on January 4, 1900. This will be a good time for young ladies to enter the Institute for the spring term at reduced rates. The separation of pupils, two in a room, the excellent physician and inspector, most competent trained nurse, admirably arranged infirmary, and the careful attention paid to each individual must reduce to a minimum all tendency to disease in Peace Institute. Its numbers are limited and the aim is to have a select school, where there shall be a quiet home-life, with close and intimate association between teachers and pupils, and to avoid the demoralizing influences of great numbers collected together with no common bond of sympathy. In such a school as Peace the advantages for the development of true character and habits and the correction of individual defects of either are very great.—Raleigh News and Observer.

Aside from the politics involved there is no doubt about the inherent rightness of a qualified suffrage. And there is no room to question the superior advantages of it to the State. We are not to be drawn into a discussion of the form of the amendment to our State constitution, on which we are to vote ere long, nor to a discussion of its conformity to the Federal constitution. In the Bible we find in olden time qualifications were prescribed by God in order to exercise of governmental duties. Such a requirement now at the hands of voters has in very fact Divine sanction. Reason tells us that ignorant men are unfit to make laws. The voter is a law maker. He does what he does through another. The voter names the law maker interpreter and executor. A large number of ignorant voters in a State is a menace to material mental and religious prosperity. For the sake of the ignorant and enlightened the lost and the saved let us have an educational qualification for all who are allowed to govern.—Rev. P. R. Law in Lumberton Robesonian.

Store Vouchers Taxed.

Charleston, S. C., Dec. 27.—United States Circuit Judge Simonon today handed down a decision in the case of the Granby Mercantile Company, of Columbia, against Weber, collector of internal revenue, which involves a very interesting question of law and will add considerably to the war taxes, if all mills have the same system of paying hands as some of those in this State.

Briefly stated, the mercantile company sold goods to Granby mill operatives and the accounts when presented to the treasurer of the mill were paid out of monies due the operatives. In order to protect itself, the mercantile company took vouchers for each account and under the stamp law, Collector Webster held that a revenue stamp had to be attached to each and every order. The commissioner of Internal Revenue sustained the collector and the mercantile company paid two cents on 15,874 orders. Subsequently suit was brought for the return of the amount, but it has been refused by the court and the complaint was today dismissed.

North Carolina Leads.

Boston, Dec. 27.—The number of textile mills constructed or contemplated in the United States for the last half of 1899, as reviewed by The American Wool and Cotton Reported, is 183 against 116 for the first half of the year. This makes a total of 299 mills for the year, against 262 for 1898, and 155 for 1897. The South still leads in the new mill construction, with a gain of 14 mills over the number for the first of the year. The North has shown a greater increase having an accession of 53 over the 25 reported the first six months in the year.

North Carolina, as usual, leads the list, with a total of 41. Georgia comes second, with a total of 21. Pennsylvania shows 19; South Carolina 16; Alabama 16; Massachusetts 13; New York 9; Rhode Island 8; Maine 8; Mississippi, Tennessee and Virginia 6 each; Texas 5; Connecticut, Louisiana and New Jersey 3 each; Ohio 3; Illinois, Maryland, Michigan, New Hampshire, New Mexico, North Dakota and Vermont 1 each.

Informal callers should be most careful to avoid the hours for meals. To drop an unwelcome acquaintance one merely omits sending cards.

Do not apologize too much for not having called before. Your neglect to do so has probably not been observed.

Never impose yourself upon your friends unless you are feeling well and are reasonably sure of making yourself agreeable.

Do not offer your hostess the slight of a hurried call, or be absent-minded, nor constantly consulting your watch.

Why don't your town have a good hotel? asked a visitor of THE REFLECTOR. And the reader would be surprised to know how often this very question is propounded.

Carr the latter. The supper served the guests was very elaborate.
