COTTON MILL

ASSURED FOR GREENVILLE.

Company Will Organize Next Thursday.

There was a large gathering of people in the Court House, Thursday afternoon, to attend the mass meeting called in the interest of a cotton mill.

The meeting was called to order by Jesse Speight, who has been very active in soliciting stock for the mill, and he requested F. G. James to act as temporary chairman and D. J. Whichard secretary. On motion of L. I. Moore these were elected permanent officers of the meeting.

A list of those who had subscribed for stock was called when it was found the total amounted to some over \$33,000.

On motion a committee of two, S. T. Hooker and R. L. Davis, was appointed to wait upon those present to see if others wanted to subscribe or if any would increase the amount they had already subscribed. This committee reported enough additional to bring the amount a little above \$42,000.

A committee of five was then appointed to make another canvass at large to solicit subscriptions, they to report to the chairman as soon as the amount reached \$50,000 when he would call a meeting of all the subscribers for the purpose of electing a board of directors and organizing the mill company. This committee was composed of Jesse Speight, W. A. Darden, S. T. Hooker, R. W. Smith and W. B. Wilson.

Following this there were talks from John J. Bockee, of New York and C. T. Lipscomb, both of whom have had experience in milling, and this rallied the meeting so that those present raised the amount of subscriptions to \$50,000.

It was then decided to adjourn the meeting until next Thursday, May 3rd, at 2 o'clock, P. M., when the secretary should notify every subscriber to be present for the purpose of effecting organization.

Another Post Office Robbed.

Winston, N. C., April 26—Robbers broke into the postoffice at Mooresville last night. They blew open the safe and got about \$1,000 in money and stamps. A hole about the size of a lead pencil was drilled in the safe and powder applied. The explosion turned the safe completely over and also broke several windows in adjoining buildings.

An Interesting Book

Mrs. I. M. Beard, of Winston, is in town selling her book "My Own Life, or a Deserted Wife." Mrs. Beard bears the highest testimonials from people of her own town and from all sections of the State. Her book is endorsed by all. She has sold the first edition of 2,000 copies and is now selling the second edition. After being deserted Mrs. Beard was thrown upon her own resources and resorted to her pen as a means of earning a support for herself and two children. It is the story of her own life that she tells very interestingly.

Old friends are sometimes dearest because they owe you the most money.

FRIDAY, APRIL 27, 1900.

THE REFLECTOR is feeling very much elated. For years and years we have been talking hotel and cotton factory for Greenville, and after much patient waiting, and more wondering why the people were not awakened to their interest, the prospect is that both are to be realities in the near future. Thursday we were permitted to announce that Mr. B. F. Patrick, one of our enterprising citizens, had let the contract for a good hotel, and now we need only to point to the proceedings of the cotton mill meeting, published in another column, to show what has been accomplished in that direction.

Verily, there is cause for congratulation in this. With these two enterprises secured Greenville will take on new life. It will be the beginning of the development of resources about us that will be followed in quick succession by other enterprises. When our people once realize the benefit of factories they will never stop working for them. Do not stop now, but every man put his shoulder to the wheel. The prosperity of Greenville is assured when we get the hotel and the first cotton mill completed.

The most important thing in this election is the success of the legislative ticket. The fusionists would gladly give up all for the control of the Legislature. It behooves the lovers of good government and all those who do not wish to return to the scenes of 1896, to bestir themselves. A United States Senator will be chosen and it is of greatest importance that a wise selection be made.—Lexington Dispatch.

Grand Lodge K. of P.

The grand lodge K. of P. were given an elegant reception by Durham people. On Wednesday the following officers were elected:

- G. C.—G. W. Mountcastle, Lexington.
- G. V. C.—L. P. McCloud, Asheville.
- G. P.—Rev. E. D. Brown, Kinston.
- G. K. R. S.—W. T. Hollowell, Goldsboro.
- G. M. E.—John Ward, Raleigh.
- G. M. A.—J. L. Scott, Jr., Graham.
- G. I. G.—John L. Arrington, Rocky Mount.
- G. O. G.—E. Noel, Jr., Pittsboro.

"CARORINA" IS RIGHT.

EDITOR REFLECTOR:

Lets try to get things in a little better shape for business. Too much material always makes a bungling fit.

I wish to endorse every word uttered by your correspondent "Carolina" in your issue of the 24th inst., and will say in addition that those who think that G. M. Moor-ing has that kind of "Democracy" or "patriotism" that will allow him to tell his friends after they have given him an enthusiastic nomination, "I cannot, I will not serve you," do not know the man as we do. By all means let G. M. Moor-ing, T. R. Moore and J. B. Cherry be nominated again to fill their respective positions.

And as I have taken upon myself to write a little, I will add further that whether Tom Jarvis enters the race or not for U. S. Senator, he will get one vote in Carolina if I am permitted to get to the primary. Such service as he has rendered the people of his State since 1868 deserves the highest recognition. Let us nominate T. J. Jarvis for U. S. Senator. CAROLINA No 2.

University Summer School For Teachers.

The seventh session will begin June 12th next and continue for four weeks. The faculty will include more than twenty eminent instructors. There will be daily instruction in the best methods of teaching all of the branches taught in the leading public and private schools, high schools and academies in the South. Since its establishment six years ago, the University summer school has easily ranked with the best summer schools of the country. The advantages of this year will surpass those of former years.

This year for the first time in its history, the University will have a summer term and offer 20 regular university courses.

Many a teacher desiring to pursue an advanced course during his vacation, many a college student who wishes to carry on his studies during the summer months and thus hasten his graduation, and many men and women who can attend college or the University only during June, July and August will learn gladly of this new departure. Members of the summer school during the four weeks it is in session, may attend the summer term classes free of charge.

A Whistle Sixty-five Miles Long.

An odd incident occurred on the Chicago and Northwestern Railway Sunday forenoon at Highland Park, Ill. As the engineer of the train which reaches Milwaukee at 11 o'clock blew the whistle the valve broke and he was unable to shut off the steam from the noise-maker. From Highland Park to Milwaukee, a distance of about sixty-five miles, there was not a moment when the whistle was not sounding full strength. It could be heard for miles away as the train came on in a long continuous shrill sound, and at every city and village people ran to their doors to learn what was happening. While the whistle was blowing the fireman was straining every nerve to keep the steam up to the running point, and succeeded in bringing the train into the station on time.—Milwaukee Sentinel.

An Appeal For Funds.

Raleigh, N. C., April 20th, 1900. To the Democrats of North Carolina.

We are engaged in a campaign of education. We want every white man in North Carolina to understand the amendment. We want no white man in North Carolina to be misled by the miserable falsehoods and misrepresentations that our enemies are circulating with reference to this measure. It is certain that if the white people of the State do understand the amendment, its effects upon the State and the individual citizen, that they will give it such a majority as no measure submitted to the people has ever before received in the history of the State, and will give the ticket representing this measure the most decisive majority of recent years.

To print and distribute literature and to circulate papers and to defray other necessary expenses of such a campaign as we are now engaged in is expensive and requires ready money. Your committee is practically without funds. Indeed for the last three weeks it has been borrowing money to meet current expenses.

The committee takes this method of appealing to the Democrats and all the friends of good government and White Supremacy in the State for contributions to pay the legitimate and necessary expenses of the campaign. We feel sure this appeal will not be in vain.

Contributions can be sent directly to the Chairman of the Committee at Raleigh and will be duly acknowledged.

Yours truly,

F. M. SIMMONS,

Chairman.

The White Doe.

Those whose good fortune it was to hear Mrs. Robert R. Cotten at the Woman's Club last night feel inestimably indebted to her for one of the most delightful and instructive of recitations.

It is impossible to conceive anything more charmingly told, in finished verse, graceful diction, poetic fancy and inspiring sentiment, than her beautiful original poem, The White Doe.

The prose preamble with which the poem is introduced, and which gives the historic facts of the several attempts of Sir Walter Raleigh to establish a colony on the eastern shores of North Carolina, including the birth of surmised fate of Virginia Dare, of which the poem treats, is of itself of rare literary merit, showing original and painstaking research and conclusions that are as instructive and inspiring as the beautiful poem it sustains is resistless in beauty and abiding in interest.—Goldsboro Argus, 25th.

Everything is "Mortal Mind" With Mrs. Eddy but Money.

Mrs. Mary Baker Eddy, of Christian Science fame, is generous enough to counsel her fellows to submit to vaccination when the law requires it. Mrs. Eddy no doubt knows, or thinks she knows, that small pox is a mere delusion of the "mortal mind," which will give way at once when the mind is made right; but so, for that matter, is vaccination, from her standpoint. The one thing, however, that Mrs. Eddy treats as real is money. No "mortal mind" money goes with her; it must be good, genuine money, and it takes \$3 of it to buy a 40-cent book. Until Mrs. Eddy puts money on the same plane as smallpox and other evils, that is, as merely ideal, she will not be wholly Christian or wholly sanctified from the standpoint of her own system.—Louisville Courier-Journal.

It looks as if Uncle Sam would have both hands occupied before he adds many years to his age. There is talk now in Europe about that Monroe doctrine, that may yet get this country into trouble unless it is dropped. The idea of this country undertaking to dictate to the nations as to the countries in South America is moving some of them to talk with some plainness. It is almost certain that if the United States shall ever attempt to carry out the principles of the Monroe doctrine that trouble of a very serious character will follow, and more than one great nation will have to be encountered. It is said that Germany has its eyes upon Brazil and perhaps other South American countries. Referring to an article that appeared in that great London Weekly, the Spectator, the Washington Post says that "the proposition is that while Germany has not the least ill will toward the united States, but, on the contrary, the very tenderest affection, the ruling classes of the empire regard the Monroe doctrine as a mere dog-in-the-manger attitude—an attitude which Germany will not respect for one moment after having fully prepared herself to challenge it."—Wilmington Messenger.

Convict Re-Captured

Goldsboro, N. C., April 26—Gas-ton Proctor, an escaped convict from Durham county, was arrested at 5:30 o'clock this afternoon near the Wilson county line by Sheriff Scott. He made a desperate fight before being captured. He is now confined under guard at Fremont until he can be taken back to Durham.

IT WILL PAY YOU TO INVESTIGATE the new policies of the Bankers. The Life, Limited Payment Life and Endowment policies contain all the up-to-date features, many of which are original.

Good Things.

Did you ever look for the "good things" in your life insurance policy? Unless it was in the Bankers Life Insurance Company of the City of New York, you probably found side issues labelled "Grace" "Incontestability," "Loans," and the like, made prominent as "good things." Of course we have these features, too, for the "Bankers" is nothing if not progressive; but—

Did you ever see a policy with which the Company keeps an Individual Account?

Or one in which all earnings are guaranteed to the policy-holder?

Or one which guaranteed both reserve and surplus if surrendered?

Or one which gives all withdrawable surplus at death, in addition to face of policy?

Or one, in fact, which treats the policy-holder with absolute equity, confiscating no portion of the net premiums, and allowing a policy-holder to control his own money at all times, as far as is consistent with a conservative system which embraces the best points of banking and insurance?

If you have never seen any of these "good things," investigate the new policies of the Bankers Life Insurance Company of the City of New York.

Who are its officers and directors? Among them are many of the best known men in New York financial circles.

The Company's record has been unequalled for economical management, safe investments, equitable dealings with its policy-holders and low cost of Insurance Protection.

A SPRING GREETING IN A MERRY MOOD.

Good Fortune Smiles

and you ignore rightful advantages if you do not claim the benefits offered in this

Announcement.

Many are the needs that confront you with the advent of Spring. It is concerning these requirements and how they may be secured with satisfaction and economy that we wish to speak. Our new line is now ready. We present the latest and best Spring goods at a scale of uniformly low figures—so low, in fact, that they may be truthfully called "price concessions." These goods are fully as attractive in style and quality as they are in price, and we are perfectly confident that they will appeal to your best judgment as a careful buyer in every way. This is a conservative statement regarding facts which can be easily substantiated any time you visit our store. Our great desire is to have you call and see our new Spring line. It will speak for itself—the quality and style will be apparent and the price will present its own argument. In extending this invitation we are not urging you to become a buyer on the strength of our statements but to become a visitor. We do not ask you to buy; but bring your experience and best judgment with you and compare our reasonable attractions with your most cherished memories of cheap buying—we'll leave the rest to your own inclination. Our stock is of the practical, popular kind, that shows in a marked degree the evidences of a careful and judicious selection from the best markets. Variety, new novelties, and a thorough up-to-date quality in all things is everywhere apparent. Our Spring goods are marked for quick selling. It is a time for you to decide quickly as to whether you shall select from our full assortment of fresh, desirable styles, or take chances on perfect satisfaction a little later on, when stocks of necessity, must be more or less broken. We should prefer to see you today or tomorrow; later in the season we should be very likely to please you but now we are certain to do so. Remember, such opportunities do not have to wait long for new comers. A look will convince you these are no idle words—will you call and give it? Yours respectfully,

J. B. CHERRY & CO.
