The Old Reliable.

Congressman Geo. H. White, the only negro in Congress, who so badly misrepresents this district, was on the train going from Goldsboro to Morehead City Sunday afternoon. He and his negro private secretary got in the white compartment of the car. The conductor told him he would have to move into the negro compartment. He objected and said he didn't want to go in there. The conductor told him he could either go in there where he belonged with the other negroes or get off the car. He still hesitated, but six or eight white men gathered around and told the conductor not to say another word, that they would take pleasure in throwing the scamp off the train anyway. Thereupon the negro congressman and his negro secretary gathered their grips and quickly moved in the compartment reserved for negroes. This impudent negro, it seems, will never learn his place. He tried to sit with whites at a circus at Tarboro a year or so ago. He is a mean negro. He thinks he is too good to sit with his race and knows he is too inferior to sit with white people, yet tries to force himself among whites. He is worthy of contempt by both whites and negroes.—Kinston Free Press.

Here is what the Raleigh Post reports Governor Russell as saying in an interview:

My advice to the colored people is to let this amendment thing alone. They are helpless. Let them leave it to the whites. It is going to be adopted and remain so until set aside by the courts; and their opposition only makes bitterness against them and puts them in peril. I advised against the policy of permitting this amendment to be made a party issue. But the machine managers ordered the contrary. After they have wrecked the party, there will be nothing left but for us to try to gather up the fragments and go in to try to save the State for McKinley. If the property holding and conservative elements who favor McKinley will meet and bring out an electoral ticket composed of business men and no politicians, the Republican machine ticket should be taken down and the attempt made to give the State to McKinley.

You can't blame a girl for giving herself airs in midsummer.

House Full of Smallpox.

Winston-Salem, N. C., July 21.—Postmaster Wagoner and his entire family at Walkertown have smallpox. He was in Winston today when a physician discovered that Mr. Wagoner had the disease. He was examined by another doctor when the postmaster admitted that he had been broken out for ten days, but he did not think it was smallpox. He also stated that the members of his family were afflicted the same way. Mr. Wagoner was allowed to go home.

The Herald says there is in East Durham a family that is perhaps one of the largest in the State. The head of this family is Mr. Murphy J. Boyd and he has 17 children, 47 grand-children and 7 great grandchildren, making a total of 71 in his family! In speaking of his family Mr. Boyd says that each and every one will vote for the amendment who can vote for anything.

OUR RALEIGH LETTER

Did You Register Like A White Man, Or Are You A Political Eunuch.

Special Correspondent of Reflector.

RALEIGH, N. C., July 23, 1900.

Well the "day of grace" has passed—if you haven't registered anew, you can't vote. My friend, I hope you have not made of yourself that despised thing among white men this year—a political eunuch. But if you have, I'm not sorry for you, even a little bit; for it was your own fault, and none else on earth. You are now to be despised, rather than pitied, for you are worse than the eunuch slaves of whom the Good Book speaks.

FORGING CHAIRMAN SIMMONS' NAME

The desperation of Butler and his gang of alleged "Populists" pie eaters has become the equal of Holton and Abe Middleton—"the other twin baby's" managers.

Among their latest acts of infamy is the forging (by somebody) of Chairman Simmons' name to bogus letters and document, enclosed under same cover with fusion literature and sent broadcast over the State. Mr. Simmons now offers a reward of \$250 for information that will convict the scoundrels who have had the false facsimile (presumably a rubber stamp) of his name made. Mr. Simmons states that even some of the fusion speakers are using these counterfeit and false letters and signature "knowing them to be false." But both Butler and Holton have demonstrated of late that there is nothing they will not stoop to in the attempt to keep themselves and their pals in office.

A FINAL WORD OF CAUTION AND ADVICE.

A week hence you will be at the polls voting—at least you should be, for every negro and white skin traitor in the State will be there, you can depend—and it does seem that every white man, at heart, who is honest and influenced by the greed of office or the promise of it, must necessarily vote white on that eventful day, and that a great victory for White Supremacy and the Democratic ticket is assured. There is no question about how all white men of sufficient intelligence (even though unlettered, as to "book learning") to recognize the motives of the opposition will vote.

But, unfortunately, there have been some uneducated white men who have been made the victims of the insinuating lies of the opposition and who, at one time at least, appeared to be ready to vote against their own families. Most of these have since been made to see and recognize the truth, but

not all, and there may be some left in your community still groping in the darkness of doubt and deception, and who have failed to accept the advice of their best friends.

See these men this week again, my brother. Don't let them be parties to an act for the commission of which they would be certain to despise themselves afterwards—if they are honest—for they are bound to realize the truth before very long after the election.

A HEARTRENDING SPECTACLE.

There has been no feature of this campaign so pitiable and awful as the sight of hard working white men allying themselves against their best interests and their own future industrial as well as political freedom and salvation—joining hands with the negroes and the white-skin office-holding crowd, who are out for the money there is in it for them personally, against the amendment—the very class of men who, of all men in the world, ought to most heartily desire and vote for White Supremacy, and whom it will certainly benefit more than any other class.

It makes me shudder to think of the deplorable condition the poorer class of whites will find themselves in (and their dependent wives and daughters) if the amendment should fail, after the great mob and horde of negroes—negro "politicians" and the worst elements of blacks—from Virginia and South Carolina and other States where they are, begin to flock to this State—the once fair old North State, the only State in the South or the Union whose own people will voluntarily, and with their eyes wide open, have negroized it, and at the same time damned its future forever! God pity the "poor white man" then!

But I do not for a moment believe such a catastrophe is imminent. Surely we have not been so bad as to deserve the visitation of such a curse, and it will not fall upon us! And the chief reason for saying so is my belief that the farmers and white working men of the towns and cities will make it impossible by their votes next Thursday.

MINOR MENTION.

Gubernatorial candidate Cy. Thompson admits that he favored the Amendment a year ago and so expressed himself on divers occasions. But he had not been promised the Pop. nomination for Governor then—and, may be, "something else!"

Representative Reinhardt, of Lincolnton county, one of the two Democrats in the Legislature who voted against the bill to submit the Amendment to the people, now announces that he favors and will support the Amendment. The other legislator (Dr. McNeill, of Brunswick), who was renominated by a small majority by a convention that endorsed the Amendment has been taken off the ticket by the county committee. The so-called "Democrat" who is not white enough to advocate and vote for the Amendment (especially when a candidate of the office, and the legislature at that), has no business in the Democratic party. That's "straight goods."

Rev J. W. Scott, of Gainesville, Ala., has been elected president of the Statesville Female College, succeeding Dr. J. B. Burwell, recently resigned.

The baseball fever has not been so contagious and widespread in this State in years as now. A jewelry firm of this city has just donated a handsome silver vase to be captured by that one of the six clubs composing the State League which comes out winner at the close of the season. There are six clubs in the League—Raleigh, Tarboro,

Statesville, Durham, Charlotte and Wilmington. Tarboro and Durham are the two leading teams in the race so far.

A most horrible tale is received here of the death from actual starvation, neglect and consequent disease and vermin, of three children of a white man in Nash county, named George W. Griffin, who together with his wife Lula (step-mother of the children and chief conspirator, it is alleged, are now in jail. The stricken and diseased children were dumped out of the dwelling into an old unused outhouse on the premises, and the older ones told to "look out for the whole outfit." When neighbors found them, three were dead and two still alive, with vermin and maggots eating into their flesh. And yet some men claim there is no need of home missionaries! The average "heathen" is a "gentleman and a christian" compared with this pair of candidates for the gallows.

ADAMS COMES DOWN.

As I conclude this letter it looks as though the efforts of Butler, Holton and revenue gang here (and Major John W. Graham, the counsel of the Rep.-Pops) to take down either Adams or Thompson will succeed. Thompson "kicked like a steer" at first (remembering his "solemn promises" to the delegates to the Pop. convention), but the "machine" is all powerful with the "Fusionists."

Thompson has beat Holton & Co., and will remain as the head of the ticket, Adams coming down. Dockery, Walsler, Reynolds, Bowman, Hendricks and Alexander are said to be the other Republicans left on the "Fusion" ticket, now in the hands of the printers.

LLEWEXAM.

WASHINGTON LETTER

From Our Regular Correspondent.

WASHINGTON, D. C., July 23 1900.

Is there a secret understanding between the administration and the government of China? The acceptance by Secretary Hay and other members of the Cabinet of everything said to them by the Chinese Minister as gospel truth, is regarded as suspicious. Although scoffed at by the entire diplomatic corps and doubted by the public, Mr. Hay has accepted the cablegram alleged to be from Minister Conger and saying that he and the other foreign ministers in Pekin were all right, on the 18th inst. but in need of help, as genuine, and the other members of the Cabinet have even gone so far as to throw bouquets at Mr. Hay by publicity saying that his getting that message was a great diplomatic triumph. Diplomatic fiddlestick! That message, whether fake or genuine, was secured by the Chinese minister for purposes of his own, and if there was any triumph about it, the credit is his. It is whispered among European diplomats in Washington that the administration has undertaken the contract of keeping the present Chinese government in power, regardless of any decision of the powers which are assembling an army in China for allied action. It is difficult to believe that Mr. McKinley has made any such agreement. His own imperial schemes are quite enough to keep him busy, without his tackling those of China.

Senator Wellington, who sometime ago declared that he would not support McKinley for re-election, is still throwing nuts to the administration which it cannot or will not crack. The Senator said, while in Washington, a day or two ago; "If the situation in the Philippines is as favorable as the administration would have us believe

there is no reason why twelve or fifteen thousand men could not be sent from there to service in China. I think that would be America's fair quota of the international force for the relief of Pekin, and beyond the protection of American life and property, this country has no business to interfere with the affairs of the Chinese empire. American soldiers should never form a part of an army for the conquest of China. The European powers have sowed the wind and are now reaping the whirlwind. They have been looking for trouble in China for a long time, and now they have it. The fire they have kindled is a hot one, and this government should look well to it that American troops are not used as a catpaw for the pulling out of European chestnuts."

Secretary Root now says that the administration hopes to hand Cuba over to the Cubans within the next eight or ten months, but there are still men who believe that the island will have a string to it when it is turned over to the Cubans, and that secret schemes for annexation are being worked and encouraged by the administration for the purpose of making it appear when the time is ripe, that the demand for annexation comes from the Cubans. Gen. Wood had very little to say about annexation when he was in Washington last week, and that little was not important, although he was cornered by one newspaper man and made to acknowledge that he believed a large majority of Cubans now favored an independent government, rather than annexation. The administration knows that its attitude towards Cuba is being closely watched by the people, and that any act which even seems to imply that good faith would not be kept with the Cubans, would make thousands of anti-McKinley votes. If there is to be any trickery, it will be carefully concealed until after election.

It seems to be a little early in the campaign for Boss Hanna's henchmen to be putting out fakes but all the same they are going it. Several men known to be close to Hanna have been filling up Washington newspaper men with stories about how worried the "old man" was because of the refusal of some of the heaviest contributors to his campaign fund four years ago to give a cent this year, and of his fear that the National Committee would have to skimp its campaign plans for lack of money. The object of these stories is to create the impression among the democrats that the republicans are going to be short of campaign money this year. It is, of course, absolute tommyrot. Hanna spent \$8,000,000 four years ago, and he expects to spend quite as much or more this year, and he knows just where to go to get it. If his victims do not come down without squeezing he knows exactly how hard to squeeze them to get what he wants. He must think the democrats are easily gulled indeed, if he thinks it possible to make them believe that the favored trusts which have profited so largely by Hanna legislation, will allow the Hanna Committee to lack money to buy another election.

If you want to hear a hard-luck story just ask a man for money he owes you.

With such important issues as are at stake this year, we believe every white man is willing to give one day to the aid of his party.
