Why Wait Longer?

When it takes but just a little more to make enough funds to build the band stand it looks like a few other people would subscribe so that it could be built early. The thing has been talked about several weeks now, when a day or two ought to have been sufficient. Some one has suggested that a list be taken around for the balance of the subscriptions, but really that ought to be unnecessary for so small a matter of a few dollars. Let enough send in their names to complete the list so it can be turned over to the proper parties and the stand built. It ought to be completed ready for a concert by Tuesday night, Sept. 4th. What say you?

Bad Thief Arrested.

George Burrows, alias George McLilly, was arrested here today by Chief of Police J. T. Smith and Mr. Lyman Gaylord. a sub detective from Roper, for breaking into the depot at Tunis some time ago and stealing a quantity of goods and \$24 in money. The negro was traced here by Mr. Gaylord and captured out in tobacco town this evening.

The negro is a desperate character, having broken into another house in Tunis previous to the depot robbery and is also an escaped convict from the chain gang in Edgecombe county.

Good Advice.

A farmer told us the other day that the tobacco growers never had a better piece of advice given them than what Mr. O. L. Joyner wrote in a recent issue of THE REFLECTOR about not crowding their tobacco on the market, but divide it all through the season. All of Mr. Joyner's articles will be found timely, and it will pay them to follow the advice he gives. No man connected with the Greenville market looks after the farmer's interest better than Mr. Joyner, and no man works harder to help them get the benefit of their labor.

Died Far From Home.

Information comes today of the death of Mr. Ed. Randolph, a native of this county, which occurred in Central America on the 13th of this month. He had had fever and then lock jaw which caused his death. Ed had spent a good deal of his time in Greenville previous to his trip to Central America and made a number of friends here who are very much grieved to learn of his death. His brother, Mr. John Ralldolph, was with him in Central America.

New Bern Fair.

The New Bern Fair, under the auspices of the East Carolina Fish, Oyster, Game and Industrial Association, will be held November 12th to 17th, inclusive. Arrangements have begun early for the event, and it is proposed to make it the most successful fair ever held in New Bern. Trotting and running races are being arranged, which, with the large and attractive exhibits of fish, oysters and wild game, is bound to draw a large crowd of visitors.

The man who is given to self-praise owes an apology to his acquaintances.

The Washington Messenger says that some of the Populist postmasters in Beaufort county had been removed to give place to Republican aspirants and that early changes were likely to follow in all the other offices.

There we see the work of ex-Congressman Harry Skinner, Populist, passing away. In the palmy days of fusion when the Colonel held sway and cut some figure, he paid off many campaign obligations with postoffices. In the first avalanche that swept against his party he was one who went under and since then he has been gradually losing grip on his pull. Since the last election it has become evident that the Populists are so near not worth considering at all so far as influence goes, that the Republicans who are out of reach of the swill tub are growing mighty hungry for the berths occupied by the Populists. They say these Populist postmasters will vote for Bryan and that McKinley is not fool enough to keep them in and leave his supporters out in the cold.

Did you ever! Just listen at the news that comes from Ohio! In the city of Akron, a negro attempted an assault upon a little white girl. He was taken before a Magistrate for a hearing, pleaded guilty to the charge and was bound over to court. The affair spread like wild fire over the city; and it becoming evident that a lynching party was forming the negro was spirited away. Sure enough after night came the mob went to the city prison. They were told the negro was not there, and were invited to search the building and see. They then went to the coun-

ty jail and the same thing occurred. This did not satisfy them. They went back to the first prison, battered down the doors and shot at the windows. In the turmoil three people were killed: Later in the night a hardware store was broken open and everything in the way of guns and ammunition stolen. The mob then set fire to several buildings. All this about one negro, and in Ohio, too. That Boston female crank who has been shedding so many tears over the South Carolina negroes, had better hurry to the Buckeye State.

Judge George H. Brown, Jr., having been suggested as one of the candidates for the United States Senate or for the Chief Justiceship of the Supreme Court, has written a letter to the Charlotte Observer setting forth his position. He expresses a magnanimous sentiment in reference to Judge Shepherd that we believe will be concurred in the State over. Though he declines both, Judge Brown would honor either position. Below is his letter:

To the Editor of The Observer.
 I see an editorial in your issue of the 14th inst., in which reference is made to me as a candidate for United States Senator and 'failing in that a candidate for the chief justiceship of the Supreme Court.'

I am at a loss to understand how such rumors originated. Certainly not from any word or act of mine. I am not a candidate for either office.

In 1902 I hope to see the wrong of 1894 righted and Judge Shepherd reinstated in the high office of chief justice which he filled with such distinguished ability and from which he was removed by the manipulations of the wretched demagogues who succeeded so well for a brief period in deceiving a great many of the good people of this State.

G. H. BROWN, JR.

The Negro Problem Solved at Last.

Detroit, Aug. 22.—The State Federation of Colored Women this afternoon adopted a memorial to President McKinley, petitioning him to ask Congress to pay the widow of the late Postmaster Baker, of Lake City, S. C., \$40,000 in lieu of the life of her husband, which was lost during a race riot in that county.

The memorial also states: "We would like to ask for a law to be enacted to this effect, that should any State be found guilty of mob law and lynching it be expelled from the Union. The blacks then could evacuate and all the negro-haters could have a State of their own, wherein they need not see a black face. Thus we solve the negro problem."

At Middleton, N. Y., Joe Patchen lowered the track record of 2:06 made by John R. Gentry over the half mile track at Goshen, two years ago. Patchen's time was 2:05 1/2.

Philadelphia's population is 1,293,697, against 1,045,964 ten years ago.

London, August 23.—According to a St. Petersburg special, a telegram has been received at the Russian capital from Shanghai announcing the departure of Li Hung Chang for Peking.

\$50,000 Fire at Norfolk.

Norfolk, Va., August 22.—The wholesale and retail hardware establishment of The Henry Walke Company, was visited by fire this morning between five and six o'clock. The blaze started in the office and was discovered by a policeman, who sent in a general alarm. The flames spread rapidly but after a hard fight for forty minutes the fire was extinguished. The cause of the fire is unknown, but is supposed to have been an electric wire. The company carries a stock worth about \$100,000. The loss is roughly estimated at \$50,000, fully covered by insurance. It is thought that the company will resume business in about thirty days.

To the Farmers of North Carolina.

You are especially invited to attend the sessions of the second annual convention of the Cotton States Association of the Commissioners of Agriculture at Raleigh, on Aug. 28, 29, 30 and 31, in the North Carolina agricultural building. Many topics of interest to the farmer, gardener and orchardist will be discussed. The Hon. James Wilson, secretary of agriculture, will be present, besides many other distinguished men of science.

A rate of one and one-third fares has been secured, and in order to secure the benefit of the low rate you should purchase a straight fare ticket from your station, asking for a certificate of purchase. This certificate will be signed by the secretary of the association at Raleigh, and will entitle you to a return ticket at one cent a mile. Be sure to get certificate when you purchase your ticket.

I hope many of the farmers of the State will attend.

S. L. PATTERSON,
 Commissioner.

The Philadelphia record takes this view of the situation:

So far as a suffrage amendment is concerned, the conditions in Alabama are considerably different from those in North Carolina. The proportion of illiterate whites in Alabama is so small in comparison with the total population that there is no need to make a discrimination in their order to save the suffrage amendment from defeat. In North Carolina a very large proportion of the illiterate whites are Republicans, especially in the western part of the State. But it does not follow that because they cannot read they have not a fair knowledge of the political issues that are presented to them on the stump or explained to them by the illiterate members of the family. Unjust as it is in its discrimination, the suffrage amendment in North Carolina is largely in favor of white Republicans."

Fired by Lightning.

Charlotte, N. C., August 22.—During the worst electrical storm of the year tonight lightning struck the large barn at the plant of the Charlotte Oil and Fertilizer Works, setting fire to the building which with the contents was entirely consumed. The barn was about a hundred feet long and right in the centre of the largest cotton seed oil plant in the South.

Workmen immediately went to work to save the more important buildings, and after an hour's fight succeeded in rendering the remainder of the plant safe. The barn contained several thousand bundles of straw which were entirely consumed. The fire at first caused considerable excitement here as it was thought the entire plant was burning. The loss will not be very serious.

Young Mother Killed by a Joke.

Chicago, Ill., August 22.—Mrs. Lillian Eby, wife of John A. Eby of Englewood, died yesterday as the result of a joke.

Mrs. Eby, who was but twenty two years old, took her three-months-old baby to the home of her sister-in-law, Mrs. Ralph Perry, for a short visit. While there Mrs. Perry took the baby down stairs to show to a neighbor who had called.

The neighbor had with her a child with a big wax doll. Mrs. Perry took the doll, with a cloth thrown over its face, back to Mrs. Eby instead of returning the baby. On seeing the wax face and closed eyes Mrs. Eby went into convulsions, which continued at intervals until she died three days after.

Before she died she said she was being pursued by a dead wax face with closed eyes.

Physicians stated that heart trouble hastened the end.

A Snake in the Beer Keg.

Altoona, Pa., August 22.—Last Sunday three men named Tony Grasso, Pete Legardo and Mike Pressi took a keg of beer with them to the mountains above the Pennsylvania Railroad, on which they were employed as laborers, near Newport. Last night the Italians were found dead on the ground. The keg was almost full of beer.

When the head was knocked in a dead copperhead snake was found in the keg. The poison from its glands had communicated to the beer, causing the death of those who drank it.

Star Fell in Their Path.

An immense meteor fell ten miles from here last night, and two persons, Mr. and Mrs. D. E. Monroe, of Monticello, N. Y., barely missed being struck by it.

They are making the tour of the country in a carriage, and left Muncy yesterday en route for this place, where they intended to spend the night. Ten miles from here they lost their way, and after night fell they found themselves in a low and swampy spot, surrounded by wooded hills. Here the phenomenon appeared. Suddenly the sky was illuminated with a strange light, which increased until the whole landscape was lighted up with blinding brilliancy.

The frightened tourists heard a loud hissing noise and a blazing mass fully ten feet in diameter struck the earth ten yards before them. The ground trembled under the mighty impact, and on examination Mr. Monroe found that the meteor had gone deep into the marshy ground, and from the hole were pouring clouds of steam. Mrs. Monroe was made quite ill by the shock.—Danville, Pa., Dispatch, 19th.

In a New York Police Court the other day a Boston man who had been arrested at the instance of his wife on the charges of desertion and non-support presented a novel defense. He alleged that his wife had consulted an astrologer, who told her that she was destined to be married at least twice. "I was her first husband," said the accused man, "and I saw that it was up to me to get a move on. I had to either die or skip again, and I preferred to skip." The court, however, declined to follow that line of reasoning, and put the man under bond to support his wife, regardless of the astrologer's horoscope.
