### A BILL

#### To be Entitled An Act to Authorize the Town of Greenville to Issue Bonds for Works of Improvement.

The General Assembly of North Carolina do enact:

Section 1. That the town of Greenville through its properly constructed authorities, is hereby authorized and empowered, if a majority of the qualified voters shall so vote, to issue coupon interest bearing bonds to the amount of seventy-five thousand dollars in the manner and for the purposes hereinafter named.

Sec. 2. That the question shall first be submitted to the qualified voters of said town on the second Tuesday of April 1901, at an election to be called by the Board of Aldermen of said town for that purpose, which election shall be conducted in all respects as elections for Aldermen of said town except as modified by this act. The Board of Aldermen shall at a meeting held on or before the first Thursday in March 1901, appoint a registrar and two judges of election for each of the wards of said town whose duty it shall be to register the voters and conduct said election. The Mayor shall on or before the second Monday in March 1901, issue his proclamation giving notice of said election and designating therein the persons chosen to conduct said election and the exact place in each ward where the same will be held. For the purpose of holding said election a new registration is hereby ordered and it shall be the duty of the registrars appointed for the several wards to register each male resident of his ward entitled to register therein, and this he may do for convenience at his home or at any other place in said town but it shall be his duty to attend with his book from two o'clock to sun set, on Tuesday, Wednesday and Thursday preceding said election at the place designated by the Mayor in his proclamation for the election and on Saturday afternoon the judges of election shall attend with him at which time and place all challenges shall be heard and determined. The registration books shall be open to inspection at all times and they shall be finally closed at sun

set on the Thursday immediately preceding the election. The polls shall be opened at eight o'clock a. m. on said second Tuesday of April 1901, at the place designated by the Mayor and shall be closed at six o'clock p. m. on said day, and all persons whose names are found upon the registration books shall be entitled to vote for or against issuing the said bonds. Those desiring to vote for it shall vote a written or printed ticket on which shall be written or printed the words "For Bonds" and those desiring to vote against shall vote a written or printed ticket upon which shall be written or printed the words "Against Bonds." The registrar after the closing of the polls shall immediately count the votes and shall make and sign duplicate returns of said election, which shall be sealed up and delivered as follows: One sealed copy, together with the registration and poll books, shall be delivered to the Clerk of the Board of Aldermen and one copy to the Mayor. The Mayor and Board of Aldermen, shall meet at eight o'clock the Wednesday night succeeding said election at their usual place of meeting and in the presence of such persons as choose to attend, and shall open and compare said returns which they shall cause to be spread upon the records of said Board, and they shall there and then make an official announcement of the result of said election if all the returns shall have been received, in which they shall certify to the whole number of votes registered, the number cast for and the number cast against issuing bonds, and the Mayor shall during said week publish his proclamation repeating the said result.

Sec. 4. That if a majority of the qualified voters of said town as ascertained by said registration and election shall vote "For Bonds," then the Mayor and Board of Aldermen of said town are authorized and directed to cause to be prepared and issued interest-bearing coupon bonds to the amount of seventy-five thousand dollars, said bonds shall be of the denomination of five hundred dollars, signed by the Mayor and countersigned by the Clerk of said Board, shall bear interest at the rate of five per cent. per annum and shall run for thirty years. The interest shall be payable annually at such time and place as may be designated in said bonds, and to provide for the prompt and regular payment of

said interest it shall be the duty of the Board of Aldermen each and every year at the same time that other taxes are levied to levy a sufficient special tax upon all the taxable property and subjects of said town to pay said interest as the same may become due and payable which said special tax shall be collected and set aside for this special purpose and shall be used for no other.

Sec. 5. That said bonds shall be sold under the direction of the Mayor and Board of Aldermen for not less than their par value and of the proceeds of the sale the sum of five thousand dollars shall be turned over to the board of trustees of the graded school for the town of Greenville if one shall be established, with which to erect suitable buildings for said graded schools.

Sec. 6. That the proceeds of the sale of said bonds, except the sum of five thousand dollars appropriated for graded school buildings, shall be used by the Board of Aldermen or by such persons as they may designate under their direction in establishing, installing and putting in operation such a system of electric lights and such a system of water works, sewerage, drainage, market house facilities and other improvements in and for said town as the Board of Aldermen thereof may determine upon, and said Board may contract for the furnishing the material and installing said plants and improvements or otherwise as they may deem best, but the town shall be the sole owner of the plants and improvements and have the exclusive control and management of the same.

Sec. 7. That in the erection, operation and maintenance of said plants and improvements the said Board may make, take, occupy, use and condemn such private property in or out of the corporate limits of said town as said Board may deem necessary; and when the property owner and the Board cannot agree upon the amount of damages to be paid to the property owner for the use or condemnation of his property the question shall be tried and determined as is provided for in the charter of said town, except that the town may proceed at once to take and use such private property without waiting for the consummation of such proceedings, as the delay might work great injury to the public, but the town's title to such private property or its right to permanently occupy the same shall not become absolute until the final judgment of the court is complied with.

Sec. 8. That the board shall have power to fix the price, terms and conditions for the use of the lights and water supplied by said plants to individuals, firms or corporations in or out of the corporate limits of said town and to prescribe all needful rules and regulations concerning the use of the same.

Sec. 9. This Act shall be in force from and after its ratification.

Near Durham a little girl, two and a-half years old, fell in a hole in which was ten inches of water and was drowned. The children had dug the hole in the yard calling it their well, and the rains had filled it with water.

## OUR RALEIGH LETTER

### The Proposed Impeachment of Furches and Douglas and Other Legislative Matters of Importance.

Special Correspondent of Reflector.

RALEIGH N. C., Feb. 4, 1901.

The resolution of Representative Craig, of Buncombe, introduced in the House last Thursday, looking to the impeachment of Chief Justice Furches and Associate Justice Douglas of the Supreme Court, is the most sensational development of the past week. Few expected it beyond a circle of lawyers, mostly members of the Legislature, although the subject has been mooted for three months past. The principal charge is that these Judges violated the Constitution when, over-riding the action of the Legislature, they commanded the Auditor and Treasurer to pay the claim of Shell-fish Commissioner White.

The resolution was referred to the House judiciary committee, and on Thursday night that committee placed the matter in the hands of a sub-committee of five. These will report it back with recommendations this week. In the meantime the matter rests in statu quo, though it may be reported back today or tomorrow.

If a favorable report is made then the resolution will come immediately before the House. One reading only and a vote by majority of the members of the House is necessary for the passage of the resolution. A committee of five notifies the Senate of the charges for impeachment if preferred by the House. The act of impeachment is always the duty of the Senate. When the House prefers charges of this kind the Senate becomes the highest court in the State.

## FOUR NEW JUDGES—SHYSTER LAWYERS.

The decision of the Democratic legislative caucus to abolish the criminal courts and increase the number of Superior Court districts from 12 to 16, will meet with general approval. One feature of the discussion developed the fact that it was the general opinion that too much of the time of the courts is wasted by the lawyers, and it was claimed that if a proper reform was worked in that respect there would be no need of additional terms of courts. But the attorneys appear to have pretty much their own way, with most judges, and the latitude allowed some of them, especially in the merciless and often cruel and taunting examination and cross-examination of witnesses is one of the wonders of this free country with laymen—a country where the rights of every citizen is alleged to be protected, except in the witness box while undergoing such an or-

deal at the hands of some shyster of the legal profession. Of course this observation does not apply to all lawyers, for many of them, most of them, are not guilty of the charge, though entirely too many of them are.

In this connection attention may be called to the bill of Senator James, of Pitt, which prohibits solicitors from collecting costs in cases in which judgment is not prayed in open court.

## AID FOR CONFEDERATE VETERANS.

The State Association of ex-Confederate soldiers met here last Wednesday night and Thursday, and took action relative to securing better legislative aid for needy veterans—those in the Soldiers' Home and the pensioners at home. It was decided to ask for \$20,000 appropriation for the Soldiers' Home maintenance, and \$6,000 for needed repairs and new buildings; that the pension tax be increased from 3 1/2 to 5 cents on real and personal property and from 10 to 15 cents on the poll; that all honorably discharged Confederate soldiers over 70 years, worth less than \$500, be placed on roll as 4th class pensioners; that all widows of Confederate soldiers, married to them during the war, and now 65 years old or more, be made 4th class pensioners; that no other pension legislation be enacted.

## RAILROAD TAXATION SETTLEMENT.

By the settlement of the suit between the State and the three big railroad systems over the collection of the assessed taxes for 1900, which made an increase of over nine million dollars over the assessment of 1898, the State now receives \$44,500 additional, the counties \$100,559, and the school fund \$32,000.

Governor Aycock last Saturday sent a message to the General Assembly recommending approval of the settlement, and in so doing used these words:

"There are a good many men I am aware who would have preferred to continue the litigation and to pass other and more stringent tax laws against the railroads, but to do so involves continued litigation which so far has cost the State \$18,273.25, with a considerable sum still due for services already rendered, and which cannot be continued at less than the cost of \$20,000 per year to the State. The railroads constitute a considerable and valuable part of the property of North Carolina, and they are of great importance in its industrial development. No fair minded man desires in any way to hamper their growth and development. On the other hand, no just man can assent to their having an advantage in taxation. They ought to bear the burdens of the State in proportion to their ability to meet them, but it is not a violation of this rule to act upon the assessment made by our Corporation Commission, who have conscientiously and earnestly striven to do justice in the matter of taxation."

## Reflections of a Bachelor.

The average woman does a lot of foolish things just to see if a certain man will "care."

The fact that a woman marries a man at all is generally proof that she doesn't know as much as he does.

A woman that is too tender-hearted to kill a mouse won't think a thing of putting perfumery on a baby.

Before a girl is engaged she thinks all the men alike; after she has been married a year, she thinks they are all different.

Just at present the fellow with influenza doesn't object to losing his grip.

# MUNFORD'S BIG NEW STORE.

Well may the good people of Greenville and surrounding country be thankful and proud of their Big Store and the wonderful bargains that come from that great institution. For the third time this season has the buyer been north, picking and scouring the New York, Boston and Philadelphia markets and quickly snapped up all the "Juicy Plums." This was securing a leading manufacturer's fall shipment of fine clothing for men and boys intended for a clothier in Galveston, Tex., but which was countermanded on account of the flood. The result is, we can offer mens and boys highest grade clothing at just one-half the old time clothier's price. They will be ready and placed on the tables

## Our Popular Store.

We leave it to you if there is not a snap, vim or go, about this business not perceptible in any other business in Greenville. It is no secret. The "old foggy" dry goods and clothiers are sleeping, waiting for you to come in and pay them their 50 per cent. profit. Will you do it? Or will you trade with a live, hustling, progressive concern that is working like a Trojan and making your dollar buy two dollars worth. We have doubled the business since we are in our new building already, and now want to tripple it.

## Holiday Goods.

Over 2 car loads of fancy goods suitable for Christmas presents. The entire store presents a big Bazaar. Everything you can think of is right here. And the

### A Girl Forced by Her Father to Wed a Man She Did Not Want To.

On Monday night 21st, Miss  
Sarah Hudson, accompanied by her  
brother, drove up to Mr. M. F.  
Gainey's residence, on Broad  
street, and the young lady asked  
permission to remain over for the  
night and to be allowed to stay for  
a few days. Her request was  
granted and soon after she had  
gone in the house, she related the  
story of her father attempting to  
force her to marry a man she did  
not love. She related the story  
in tears and with a broken heart.  
Mr. Gainey told her she could  
spend several days at his home.  
On last Saturday her father, Holly  
Hudson, came for her, and finding  
her at Mr. Gainey's, he made her  
a promise if she would go home  
with him she might marry the man  
she loved. The girl agreed to go,  
and they started out. Just as they  
were passing out of town one of the  
friends of the man whom her father  
wanted her to marry drove up  
in a buggy and suggested to the  
young lady, who was riding on a  
cart, that she might ride with him  
in the buggy. She agreed to this  
and soon after she had gotten in  
the buggy her friend told her he  
was going to drive her away to  
marry Rufus Lee, the man of  
her father's choice. We are told  
that the girl broke down as if her  
heart was broken. She was car-  
ried down in Sampson and there  
married to the man of her father's  
choice.

The girl's mother is dead and  
her father lives in Westbrook  
township, Sampson county. The  
man she loved was a poor man  
and her father thought by marry-  
ing Lee she would marry into some  
property, so it is stated.

We consider this beyond brutal  
and the young lady has the sym-  
pathy of the public.—Dunn Ban-  
ner.
