Delivered in town by carriers without extra cost.

Advertising rates are liberal and can be had on application to the editor or at the office.

We desire a live correspondent every Postoffice in the county who will send in brief items of news as it occurs in each neighborhood. Write plainly and only on one side of the paper.

MONDAY, MAY 6, 1901.

The REFLECTOR has received from Mr. A. D. McNair, Superintendent of the experimental farm of the North Carolina State Horticultural Society, located at Southern Pines, a pamphlet entitled "Experiments with Fertilizers." This pamphlet has been published for the purpose of instructing farmers how they can carry out practical field tests on a simple scale. It is for free distribution and any one can get a copy by addressing the Superintendent of Experiment Farm, Southern Pines, N. C.

It strikes us that the farmers of this section can raise corn cheaper than it costs to buy it from the west and pay freight on it. If last year's crop was not enough to last to planting time this year, as is evidenced from the fact that corn is already being shipped in, then it does look like it would be wise to avoid a recurrence of this by planting a larger corn acreage this year and not so much cotton. We never could see the wisdom of a Pitt county farmer buying corn and hay when they are about the easiest crops he could make.

Jacksonville, Fla., was visited by a fire Friday that came near destroying the whole city. The fire extended over a territory thirteen blocks wide and two miles in length, sweeping one hundred and forty-eight blocks clear of buildings. The property loss will amount to \$10,000,000 and several people perished. Ten thousand people were rendered homeless and much suffering follows the disaster. The government has forwarded a lot of tents to Jacksonville to give immediate shelter to the sufferers and many cities have already sent large donations. Every section of the country should send aid as quickly as possible.

The highest praise has been given me by those to whom I have sold the Standard Sewing Machine. S. M. SCHULTZ.

THE REFLECTOR returns thanks for an invitation to the commencement exercises of Winterville High School, May 23rd and 24th. The sermon will be by Rev. C. A. Jenkins, of Goldsboro, and the address by R. N. Simms, of Raleigh.

SPRING TIME HAS COME AT LAST.—And with it the flies and mosquitoes. They are very annoying and should be kept out of the house, especially kitchen, diningroom, nursery, and sitting-room. Wire doors and windows will do it. See Hodges & Johnston, or Ormond & Carr and place your order. First come, first served. Our time in this business is limited, so delay not to make your wives and children comfortable during the long hot days before us. Wire doors and windows will do it.

MERIT WILL TELL. This is shown by the steady increase in my business. I make shipments to the Wilmington Steam Laundry every Wednesday morning and return Saturday night. Best work guaranteed. I have this day bought out the laundry that was left on hand in the Chinese laundry. All persons having laundry with them will call on me within the next 15 days, otherwise it will be sold for charges. Terms cash.

That Artesian Well Again.

EDITOR REFLECTOR:

The writer has not been surprised at the almost universal favor that has followed since the suggestion was made for an artesian well on the public square near court house. Everybody says it is the greatest investment that the town could make, and if rightly considered there can be no doubt of it. The health and comfort of the people of Greenville, and the people who come to Greenville and patronize the town trade, are entitled to this one great needed necessity. This well would supply many demands now demanded. The street sprinkler could run twice the distance and do more effective work for half the cost as now. This is only one instance, but one that everybody sees and feels every day when dry weather runs monarch. It can be accomplished in 60 days if the town authorities will begin and push it properly. It is to be hoped and believed that this great necessity will receive the earnest consideration and effort of the Mayor and Aldermen. Give the people good water and in abundance and new life will be enthused. Will they do it? SENEX.

Mayor's Court

Mayor J. G. Moye has disposed of the following cases in his court since last report:

Lawrence Ward, drunk, riotous and disorderly, fined \$1 and costs, \$4.25.

W. R. Smith, riotous and disorderly conduct and assault, recognized for appearance at September term of Superior court.

W. A. Welburn and Danl. James, riotous and disorderly conduct and affray, both recognized for appearance at September term of Superior court.

Will Hyman, riotous and disorderly conduct and affray, fined \$10 and costs, \$14.40.

The short school term is the bane of the public schools of this State, and this is caused by the lack of money to pay teachers. A movement for volunteer teachers has begun. Miss Lena Brinkley, of Scotland county, is the first to volunteer. She offered to teach eight weeks without compensation in order that the school in her district may have a longer term. Miss Fannie Heck, of Raleigh, who is in North Carolina somewhat like Miss Helen Gould is in New York, writes the State Superintendent of Public Instruction, Gen. Toon, that she has arranged for the continuance of 50 public schools by volunteer teachers. The superintendent has replied in a letter, warmly thanking her for her interest in the work, and assuring her of his co-operation. This movement is likely to spread. It is argued that young men and young women might do quite as much in volunteer teaching of public schools as they do in teaching Sabbath schools, and in this way the stain of illiteracy may in a few years be wiped from the State. Probably the most unique movement of the kind in the country.
