OUR RALEIGH LETTER

Special Correspondent of Reflector.

RALEIGH, N. C. May, 6.

The business men, a goodly percentage of the property owners, and the major portion of the people of Raleigh have, apparently, come at last to a realization of the fact that this town must build an ample auditorium and erect a new, first-class and thoroughly up-to-date hotel of generous proportions—and that the work must be done without further delay and without more ado—or that else the capital city will within three years cease to be the convention city of the State; that other towns are seeking the honor and that if Raleigh hesitates longer she is lost.

The live, progressive element is on top now in Raleigh, and this naturally beautiful and God-favored city will continue the march of progress and improvement it has been about for the last two or three years, and artificially add to its natural beauty until no city in the South will surpass it in attractiveness or utility or progressiveness.

We are going to vote another \$100,000 bond issue next month to continue the work of beautifying, macadamizing, paving and otherwise improving our streets and sidewalks.

NEW PLAN FOR EXTENDING COUNTY SCHOOLS.

The movement to extend the school term at the public schools in counties where the terms are inadequately short, by securing the volunteer services of patriotic teachers who will agree to teach a few additional weeks of school without salary, is meeting with much encouragement. A number of teachers, especially ladies, are sending in their agreement to the Superintendent of Public Instruction, and one public spirited woman of Raleigh, Miss Fannie Heck, states that she will arrange to have fifty young women teachers go into the arrangement, without cost to the State or counties, during the years 1901 and 1902. Great good is expected to result from this admirable arrangement. With this plan supplementing the \$200,000 appropriation by the State for the free public schools, there ought to be a great educational revival in North Carolina.

[CONTINUED FROM FIRST PAGE]

distribution of the said Graded school monies and shall keep a separate account of the amounts received from said special tax or from other sources for the benefit of the Graded Schools herein established and he shall only pay out said monies upon the order of the Chairman of the said board of Trustees countersigned by the Secretary of said Board.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, D. C., May 6.

Senator McLaurin may continue to call himself a Democrat if it pleases him to do so, but the fact that the distribution of the Federal patronage of South Carolina is in his hands, shows what sort of a Democrat he is. The white Republicans of that state, who have monopolized the Federal offices for thirty-five years, except during the two Cleveland terms are doing much growling, but those who after re-appointment, are told when they come to Washington, that it is necessary for them to have Senator McLaurin's endorsement, before they can get it. Not a little amusement was caused in Washington when the news of Senator McLaurin's attempt to get ex-Senator Wade Hampton to throw his influence to the administration movement in exchange for the office of post master at Columbia. Gen. Hampton is a poor man, and one of the reasons therefor is that he could never be bought. That was well known in Washington through Gen. Hampton's long and distinguished services in the Senate, and as railroad commissioner. This must have been well known to Senator McLaurin, but, having changed himself, he doubtless imagined that Gen. Hampton had also changed. He was quickly undeceived.

Another row is on over the purchase of foreign made arms by the War Department. The department ordered the purchase of one-thousand German magazine pistols, with the understanding that if, after a practical test by the army, they proved satisfactory, twenty thousand more would be bought. This brought a vigorous protest from a well-known American fire-arm company, which claims to have a pistol of American design and manufacture, in every way as good as the German pistol ordered to be purchased for the army, and which the Board or Ordnance and Fortifications, which recommended the German purchase, did not even test. The protest will not prevent the purchase of the one thousand German pistols, but it is likely to put a spoke in the scheme to purchase twenty thousand more of them. Every man wishes our army to have the best equipments to be had, but no man with the right sort of blood in him believes that foreign equipments should be bought, when as good can be had in this country. This purchasing of foreign made arms has long been a touchy subject with the Ordnance Bureau, and one which it has been almost impossible to secure official information about. It may be necessary for Congress to do a little investigating on this subject.

President Kruger of the Transvaal Republic, will visit the United States in October. This announcement was made by Mr. Montagu White, the Boer diplomatic agent, who has been in Washington for some days.

MERIT WILL TELL. This is shown by the steady increase in my business. I make shipments to the Wilmington Steam Laundry every Wednesday morning and return Saturday night. Best work guaranteed. I have this day bought out the laundry that was left on hand in the Chinese laundry. All persons having laundry with them will call on me within the next 15 days, otherwise it will be sold for charges. Terms cash.

POULTRY SHOW.

Splendid Exhibit to Be Made at the Pan-American Exposition.

In planning a great Exposition of the magnitude of the Pan-American, to be held in Buffalo next summer, where all the great industries of the United States will be represented by exhibits which will be of the best quality and character that can be produced, the wisdom of the management is shown in the magnificent preparations that are being made for the Division of Live Stock.

In no line of breeding domestic animals has greater strides been made than in the poultry industry, and, while the interest taken in the Live Stock Division of the Exposition by prospective exhibitors is very encouraging, the poultrymen of the United States and Canada are manifesting an interest that is truly phenomenal. The poultrymen in the past few years have seen the industry double many times until today it exceeds in value any single farm crop. The annual sale of eggs, poultry and fancy birds for breeding purposes in the United States and Canada exceeds \$1,000,000,000. The proposed show at the Pan-American will be fully adequate to the great interests involved. The time of this show will be most propitious to the fanciers—Oct. 21-31—and the accommodations will be all that are desired. The stables, covering ten acres, will all be devoted to the poultry and pet stock show.

PAN-AMERICAN SPORTS.

Will Be Held in a Stadium Seating Twelve Thousand People.

The popular sports of the Americans have been handsomely recognized by the Pan-American Exposition. A Stadium, beautiful in design, with a quarter mile track and ground area ample for the requirements of all the popular events proposed, is provided. It has a seating capacity of 12,000. The nature of the sports planned is varied. Amateur events of all kinds will be particularly encouraged as representing the most desirable of athletic competitions. There will be professional events as well. College sports will be made a feature, and intercollegiate events are being planned. There will be amateur and professional baseball, football, lawn tennis, Marathon race, cross country runs, lacrosse, cycling, basket ball, roque, shooting, Caledonian games, gymnastics, military maneuvers, turning, cricket, bowling and other sports.

Engineering Methods.

At the Pan-American Exposition mechanical and civil engineering and public works in which the American refuses to take second place, will be presented in a clear and interesting way, by means of all sorts of costly and ingenious exhibits, that the lay mind will find it scarcely less attractive than the expert.

CAPTURING STILLS.

Jesse Stokes Arrested for Moonshining.

Deputy Collectors Perkins, Phelps and Wheeler came in town this morning with a "moonshine" still that they captured near Black Jack. The officers were on a hunt all Monday night and made the find early this morning. They caught Mr. Jesse Stokes with the still and also brought him in. Mr. Stokes was taken before United States Commissioner J. A. Lang and bound over for trial on the 18th.

The still was cut up on the court house square in the presence of a large crowd that had gathered around. They do not get a chance often at such a sight in this section.

One day last week Deputies Carson and Wheeler found a still on the Buck place, two miles from Greenville, but nobody was with it though the kettle was boiling at the time. They cut it full of holes. It is believed that there is much illicit distilling going on in the county, but a few such raids as these by the officers will lessen it.

Cashier James L. Little, of the Bank of Greenville wore a larger smile than usual as he cashed checks today. His increased joy was accounted for in the arrival of a young banker at his home, and his friends are extending congratulations.
