### NEWSY HAPPENINGS AND BUSINESS NOTES.

WINTERVILLE, N. C., June 19.

See F. O. Cox to find out the strongest potato market.

Miss Bettie Keel, after spending a delightful week visiting friends in Greenville returned home Saturday evening.

Mrs. W. K. Whitfield and little daughter, of Kinston, spent a few days here last week visiting her husband, who is in charge of the erection of the dormitory. She left Monday to visit relatives near Robersonville.

Anyone having yearlings or beef cattle for sale can dispose of them to A. G. Cox for the spot cash.

Miss Narcissa Sutton left last Wednesday on a visit to the Black Jack section and returned Sunday.

There is much complaint among the farmers about grass and no little grumbling concerning tobacco worms. In fact we heard a gentleman say "the worms had taken possession of Herbert Crafts patch" he said "he was going along the road from here the other day, and met two big fat fellows on their way here after a truck; they couldn't eat it fast enough, so they intended to haul it away." This is no yarn of ours.

I. A. Sugg, Jr., of Greenville, came down on Saturday evening's train and spent Sunday here.

Nat Cox, of Grifton, spent Sunday here on a special visit of vast importance.

Rudolph Croom, of Kinston, was here Sunday, and the smile he wore when he left leads one to think his call was not in vain.

Rev. J. K. Faulkner, who has been spending sometime with his son in Kinston on account of ill health returned last Saturday morning very much improved and filled his regular appointment Sunday morning.

Rev. Mr. Eure, of the Methodist church, preached in the Missionary Baptist church at this place last Sunday afternoon.

J. L. Roberson and family, of Stokes, spent Sunday with the family of J. R. Cooper. Sam Eason and family were visiting the same gentleman Monday.

Louis Lawrence and J. J. Stroud of Greenville, came down last night and are now engaged papering and painting the house of Mrs. J. D. Cox.

James Nichols and family, of Farmville, have moved here. Mr. Nichols has accepted a position in the flue department of the A. G. Cox Mfg. Co.

Misses Rosa and Maggie Tucker, of near Standard, spent part of the day here yesterday shopping.

The Hunsucker Carriage Co., have just completed a few of their famous buggies which they now have on hand. Anyone wishing a first class buggy had better call at once, for it is seldom this firm can get ahead in their work.

Now is the Season when the small boy fills himself with green fruit, which invariably leads to cramps, diarrhea or dysentery. If parents are prudent, they will have a bottle of Pain-Killer, ready for such summer emergencies. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

## North Carolina Crops.

The crop bulletin for the week ending Monday, June 17th, issued by the weather bureau is as follows:

"Farmers received some encouragement by the continuance of warm, dry sunny weather during the early part of the week just passed, during which the cultivation of crops proceeded rapidly, and some evidences of more rapid growth were visible. Rains began on the 13th which were quite beneficial at first, especially on uplands, but the large amounts on the 14th, and the generally cloudy, damp weather during the last portion of the week were very unfavorable. Farm work was completely interrupted, and cannot be resumed for some time, as the ground has become very wet. A good deal of grass was killed the first week, but complaints of grassy fields are still very numerous, and the unnecessary rains will make matters worse.

"Wheat harvest was under way generally in the south portion of the State early in the week, but has ceased for the present. Much wheat is ready to cut; some has been beaten down by rain, and the prospect seems hardly as good as was previously expected. In well cultivated fields cotton and corn have made some growth, and while very small at least show good color but generally the condition of both crops continues poor. Cotton has not all been chopped, and many fields are being abandoned or plowed up for corn or field peas. All the tobacco has now been transplanted, and this crop seems to be doing fairly well, though worms are giving much trouble. The yield of Irish potatoes is quite large. Gardens are much improved. Peaches and cherries will be full crops; apples very short and inferior. Minor crops, rice, peanuts and especially melons, are doing well.

"Rainfall for the week from selected stations (in inches): Goldsboro 2.40 Greensboro 1.96, Lumberton 3.48, New Bern 2.38, Weldon 0.60, Raleigh 2.85, Marion 4.83, Auburn 2.66, Wilmington 2.00, Charlotte 4.30, Mocksville 2.16, Patterson 2.30.

A Toledo, Ohio, man recently made an incursion into Canada, where he bought a pencil. When he got into Ohio he remembered that the customs house men didn't tackle him, and therefore he paid no duty on that pencil. This smote his conscience, and he sent the U. S. Treasury one cent the other day with the explanation. Think of an Ohio man totting a conscience like that around with him, and then think what he might do if he got a good chance.—Wilmington

## Parachute Didn't Work.

A few days ago Clyde Neil, a youth about town, undertook an experiment with disastrous results. He got on top of a shed about ten feet from the ground, opened two umbrellas and with these in his hands jumped off. His idea was that the umbrellas, after the manner of a parachute, would bear him to the ground with ease and safety. But the parachute didn't work right and Neil hit the ground with a dull thud and with a force that jarred him so that he has since walked with a limp.—Statesville Landmark.

The straw hat caps the climax. Ball players are not the only base deceivers.

This morning Bennie Baily, a little 4-year-old son of Mr. B. T. Bailey, left his home on Second street and went down about the gully near Front street to play. The boy found a moccasin snake which he caught and carried home. The boy held the snake about the middle of the body with both ends hanging down and wriggling trying to get away. When the boy reached the gate and Mrs. Bailey saw him with the snake she screamed. This frightened the little fellow so that he dropped the snake and began crying. Fortunately the snake did not harm the child at all.

### Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

### WINE OF CARDUI

Townsend, Ga., May 18, 1899.

I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theford's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.
