#### Are You Guilty?

An exchange says not to be guilty of abusing your paper in the following different ways:

Don't abuse a paper unless you pay for it.

Don't delay paying your subscription because it is a small matter.

Don't cuss the editor because his opinions do not conform to yours.

Don't abuse a paper if it prints something you don't consider worth reading.

Don't have the paper sent to you two or three years and then leave the country without settling your bill and have the postmaster notify the publisher that you have left the country.

**Boys who are Away** at school should have a sure remedy for sudden attack of cramps, diarrhoea or dysentery, and an hour's delay in cases of this kind often leads to serious results. Parents should supply their sons with Pain-Killer, which is simple safe and sure. One dose rarely fails to bring relief from any bowel complaint. There is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

#### He Never Said Anything More.

A farmer drove slowly along the street of a city. He had a top box on his wagon, but over the edge could be seen the heads of several sheep and some young stock. As he drove on he was accosted by a swell city dude who thought he would crack a joke on the "hayseed," and sung out: "Say, Noah, your ark seems pretty full today!" The farmer looked up and unconcerned like replied: "Don't you worry; I have reserved a place for the jackass, and you can step right in." The city upstart looked like thirty cents, never squeaked, and the farmer drove on.

The palmetto trees of this city, says the Jacksonville, Fla., Metropolitan, stood the conflagration better than any other kind. While nearly all other trees in the wide sweep of the fire perished from the heat, the palmettos are putting out green shoots, showing that they have life and vigor left.

**WASHINGTON LETTER.**

From Our Regular Correspondent.

WASHINGTON, D. C., June 20th.

Russia is hitting back at this government, which the short-sighted policy of the administration has involved in a tariff war. First, the Russian duty on American machinery bicycles goes up a notch or two. When it is remembered that what we buy of Russia is not a drop in the bucket compared with what we sell her, the silliness of a system of tariff retaliation between the two countries is apparent. It is quite certain that this sort of policy will not result in extending our foreign markets, an object that Mr. McKinley constantly professes to keep in view. Secretary Gage has just ordered a countervailing duty placed on sugar from Italy.

The Industrial Commission has received a number of affidavits concerning the Standard Oil Trust, which will be printed in its permanent report. Following is an extract from one made by F. S. Monett, former Attorney General of Ohio: "Campaigns come and go commissions investigate and legislatures meet and adjourn, and magazine articles are written and read, and yet, through their monopolistic and criminal exactions, the Standard Oil combination transportation and distribution thereof levy tribute upon the owner of the oil rock and exact from the consumer of the refined oil and its by products an unnatural profit. The public are its victims; the little band of law violators owning the controlling shares are the beneficiaries of the plunder. The public for a short time stand aghast at their very boldness and defiance. The government alone can check their abuses."

Senator Jones of Arkansas, Chairman of the Democratic National Committee, has been in Washington all the week. He talked freely of the political outlook, but he said he wished it understood that he made no pretense of representing anybody but himself in the opinions expressed. He thinks that the next session of Congress will devote a great deal of time to the Philippine question with which the Supreme Court has said Congress alone has power to deal, and that out of the discussion will grow the principal issue of next year's Congressional campaign—"Ought the Constitution to follow the flag?" Senator Jones thinks the democrats will take the stand that we should not control any people who are not considered good enough to enjoy all the rights and privileges of American citizens; that we should assist the Filipinos to set up an independent government, notify the powers that we will brook no in-

terference with it, and then withdraw our flag from the Philippines, but believe that a majority of republicans will stand by the program of holding the islands for the money that can be made out of them. He said that the democrats would fight the Ship subsidy bill, which he expects to see pushed to the front again, just as hard as ever; that he doubted whether Babcock's much talked of anti-tariff bill would ever get out of the House Ways and Means Committee and rather expected the order of the trans-continental railroad bosses, to smother Nicaragua Canal Legislation, to be obeyed by the republican leaders.

Representative Clayton, of Alabama, who has just returned from a visit to the Constitutional convention now sitting in that State, says the elimination of the negro vote is certain. As to its effect upon the State he said: "I have seen it suggested that with the elimination of the negro vote some of the states in the South will go republican. This is certainly not true of Alabama. It has not been true of Mississippi, Louisiana or South Carolina. Alabama will remain a democratic State." Of the republican threat to reduce Southern representation in Congress and the Electoral College, Mr. Clayton said he had no fear. He called attention to the fact that Massachusetts had a limited suffrage for many years, and no suggestion had ever been made to reduce its representation.

A very sensible Judge in Chicago has decided that the children of believers in Christian Science should in cases of sickness be delivered to the care of the hospitals even without the consent of their parents. In the opinion of this jurist is it enough that the parents should suffer from the effects of their folly and fanaticism.—Philadelphia Record.

**Bad Drinking Water**—Every one suffers greatly from the different kinds of water he is compelled to drink, and nothing is so likely to bring on an attack of diarrhea. Perry Davis' Pain-Killer is the only safe, quick and sure cure for it, cramps and cholera morbus. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

### Health and Beauty

For generations women have been taught that "beauty is only skin deep," but, like many proverbs, that will not stand. Beauty is blood deep. There can be no beauty without health. Our grandmothers lived closer to nature than we do, and they were so sheltered by their home life that health and beauty were theirs naturally. Skin foods, freckle lotions and face bleaches were unknown commodities. But there has been a great change in the life of women since then. With broader education and larger opportunities, she has developed mentally at the expense of her health. From the quiet duties of home she has gone forth until now we find her in many avocations of life, which prove too great a tax on her vitality. How sad it is to see the cheek robbed of its color and the eye of its fire. These symptoms nearly always show derangements in the delicate feminine organism. They don't call for bleaches or paints or powders, but for a remedy that will make the afflicted organs strong and well. Wine of Cardui is just such a remedy. Women broken in health and spirit have been made healthy and happy by this Wine. No one

should give up to the "blues" until this reliable remedy has been tried. It has proven a blessing to other women and will not disappoint you. It brings that buoyancy of spirit, elasticity of step and lightness of heart which is the corner stone of beauty. A healthy woman is always beautiful.

Westville, February 4, 1899.

I feel that I must say a few words in praise of the Ladies' greatest friend, Wine of Cardui. It is the most wonderful remedy that I ever tried. I have been a sufferer for years, at times being confined to my bed two or three days each month. A friend recommended Wine of Cardui, and since I have taken it I have been greatly relieved. I intend to continue to take it, for I know it is as recommended. I will use every effort to get others to use it. Mrs. MARY E. COOLEY.

As True as Gospel.

Trouble often comes to show us how much we had to be thankful for before her arrival.

Some persons' virtues are so disagreeably self sufficient that they make their friends more charitable to humbler vices.

A mean man is mean enough, but when he gets religion to bolster up his meanness, he is mean enough to mean anything mean.

Courtesy opens with her silver key doors which even the golden key of wealth fails to unlock, and tact succeeds where even truth fails if she forces her way, and discretion is the perfection of reason.

It is harder and often finer to endure the injustice and caprice of the world than to die for it, for the world needs noble lives more than noble deaths.—Utica Globe.

After all the flurry about the non-indigent insane in our State Hospitals, who, according to a recent decision of the Supreme court, are required to pay for their own maintenance, the board of directors of the State Hospital at Morgantona are unable to find but four non-indigents in that institution out of nearly 700 patients. Therefore, the talk about non-indigents paying for their keep and saving the State great sums of money, has "much ado about nothing". The board of directors have wisely decided that only those are non-indigents who have a surplus after their living is provided for. Under this decision there are few non-indigents and the State has to pay for nearly all of them, as it should do.—Statesville Lanark.
