Broke Up The Convention.

A barrel of Missouri red apples created great disturbance at the Buffalo meeting of the National Editorial Association. It had been presented to the members by the delegation from that state, and was inconsiderately rolled upon the platform while a hot debate was in progress on the subject of second class mail matter.

In an instant the hall was in an uproar. The sight of apples aroused the hunger of the delegates to such a degree that they forgot the debate, dignity, and everything else, in their mad haste to secure some of those apples.

The chairman pounded vigorously upon his desk, and implored the delegates to take their seats, but he might just as well have yelled to deaf men, or try to curb an angry flood. Men pushed each other about like crazy people, in attempting to reach the platform. Coats were torn, neck-ties untied, and in some instances excited individuals came to blows. In a twinkling the barrel was emptied, and not until the last apple had disappeared down the throats of the hungry hoard, was the president of the association able to restore order and continue the debate under discussion.

Country Homes Improving.

One of the best signs in connection with the home life of our people is the improvement which is so marked in the surroundings and furnishings of the average home in the country. We have closely observed this for the past ten years and this improvement is gratifying. Bare floors are giving place to carpets and matting; silent walls are being made to speak eternal messages from appropriate pictures, and pianos and organs are on every hand to cheer and gladden and entertain. And whenever there is a gathering of young people in the country home the sweet songs of Zion are sung with a beauty and richness that is wonderful. There is very little of the light and frivolous in their music. And from these homes are coming men and women who are leaders in our churches and important factors in the social life of the country.

This betterment of the homes bears better interest on the investment than stocks and bonds or cattle and lands; It makes home more attractive—gives it stronger holding qualities and a place that the boy and girl are not anxious to leave.

The Little Folks.

A number of little girls and boys will give an entertainment tonight in the yard at Hotel Macón for the benefit of the Daughters of the Confederacy monument fund. The entertainment will consist of tableaux, plays, etc., and the admission is only 5 cents. Miss Lucille Cobb will sing a solo. Be on hand promptly at 8:30 o'clock to encourage the little folks and also to enjoy their entertainment.

THURSDAY, JULY 4, 1901.

The hot wave is bad enough on us here, but still we have much to be thankful for. Just think of the suffering in the great cities with prostrations and deaths by the hundreds. In New York city alone on Tuesday 500 people were overcome by the heat and 148 of them died. In other places it was as bad.

WINTERVILLE DEPARTMENT.

THE TEACHERS' INSTITUTE

WINTERVILLE, N. C., July 4.

On Tuesday night J. Y. Joyner, Professor of English in the State Normal and Industrial College, spoke to the teachers on the subject of English Literature. He urged the importance of first securing a vocabulary. The child must have words to express his thoughts. Great art to store up words to be used for ages. Sit at the feet of nature and learn from one who never makes a mistake. Child uses words often heard so must surround them with the best English. First work is that in state of development. Vocabulary is largely acquired by hearing. Cultivate a literary taste. Literary habits of nearly all are formed before they enter college and those who have no literary taste when they enter college never have. All kinds of literature is to be found and unless care is taken the child will feed on garbage instead of the ambrosial of God.

What is all of this training for? You need to exalt it above materiality. Spirituality is chief fruit of literature—soul fruit, only means develop the spiritual side in the broadest sense.

In English parliament eloquence failed to cause unjust laws to be removed but Chas. Dickens by his masterly word-painting in English literature caused a change in the minds of the people and soon the repeal of many unjust laws. Prof. Joyner is giving his life to this work and we are proud to claim him as our own for he belongs to Pitt county.

On Wednesday night W. F. Harding Esq., of Greenville, and a member of the County Board of Education, spoke for us. He expressed surprise at finding such a magnificent school building so well equipped, and was glad to say A. G. Cox was one of the greatest men he ever knew. He thought when the people asked for Summer School here they were undertaking too much, but was glad to find his mistake, and all well cared for. Glad to see the teachers have such

an opportunity to receive instruction as they were getting here. Glad to see the dawning of a new era. When knowledge is diffused there will be a great change in the state. Once a contest in the state about appropriations to higher education but now unheard of, but now University is full, Wake Forest put up new buildings and broadens her work. Trinity is the endowed Methodist school in the south, Davidson under new President is taking on new life. Elon, one of our youngest, is rapidly growing and many others are improving. No boy or girl knocks at the doors of the College at Winterville in vain, but the struggle is to prepare for entering college. The state opens schools for only a few months in the year. Present State officers are committed to the cause the Governor and legislature are trying to carry out the pledge so that no white boy will be disfranchised in 1908. In the State there are over 600,000 school children, 4,000 are in colleges, 40,000 in academies, 400,000 in public schools and 200,000 in no schools, 2,500 children in Pitt county in no school during the year.

The teachers before me stand as the guards against this. Teaching should be a profession and may the day soon come when it will be recognized as such and the teachers required to inform and equip themselves, then will there dawn a brighter day.

May the progress link by link reach from kindergarten to college. But teachers have not done their duty. Wish I had the committees of the county here on one side and the teachers on the other then I'd go for the committees. Teachers do their duty 100 times better than the committees. 85 of the 86 white schools in Pitt county taught last year for about six months and the average price was \$24 per month. Some received \$35. So many got about \$19. Pays cook more than that, for we can't get a good one for less than \$20, all expenses counted. If a teacher is not worth \$2 per day she ought to be sent home. Raise the standard and do away with 2nd and 3rd grade certificates. Teachers ought to put their best energies of mind and body in the work. If a lawyer fails, his pocket is injured, if the doctor fails physical body is injured, but if the teacher fails an immortal mind is injured and a young life ruined. Teachers should enter profession for life. Lawyers and doctors don't enter for a year or so and the teacher who does, commits a crime against our youths. Tear down old school cabins and build good houses, put a committee to back the work, give good salary, have teachers equipped and trained and parents will point with pride to their schools and then we shall see the pall of ignorance lifted and the sunlight of knowledge shine abroad.

Mr. Harding gave us a speech full of practical thought and we are glad that a man of his ability will neglect his own work to serve the school interests of the Co., as he is so faithfully doing. At the close of Mr. Harding's speech, Sup. Davis stated that Greene Co. had a higher average salary than Pitt and a good grade of work, and he would ask for an increase in salary next Monday, but the truants who were not here would get no certificates unless the Board of Education required it.

Prof. Ragsdale congratulated teachers on having first opportunity in several years of attending an Institute. He had been slack on grade as pay was poor, but must raise now. Public school teachers can't go to the teachers assembly or summer schools at colleges but can come here and they are get-

NOTICE.

I will open a Music School in Greenville, N. C. September 2nd. Will be very glad to have those interested in music, or wish to take lessons to see me on or before that time. 7-3-2m MISS BESSIE PATRICK.

NOTICE.

I will return from the Boston Conservatory of Music about the middle of August, and will open my music class at the time the schools begin their fall term. I wish to thank all parents who have patronized me in the past, and request those who desire their children to study music to send them to me the coming session. MISS LINA SHEPPARD.

ting exactly the instruction they need. Can a teacher complain of the opportunity to improve? Some already told him they came to stay only part of the time, but can't afford to miss any, so will stay all the time. Then after the Institute all should follow up with a years work or they will go down next time. There are 23 more teachers here from Pitt than were examined last year. Our hearts go out in sympathy to Miss Quinerly in her sad bereavement. She was called home Monday by telegram announcing the death of her brother. May He who alone is able, comfort her in her sorrow. Our people here do not hesitate to express their disapproval of the change in the schedule on this road. Every man in the county, and especially the towns on the road ought to unite in a request to the road to give us another change. It is a burning shame that we are to be subjected to such inconveniences for no purpose as far as we can see. Let us have a change and have it quick.

1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

WINE OF CARDUI

South Gaston, N. C., May 29, 1899.
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.

A successful man once said this was his

Motto:

Early to bed, early to rise, hustle like thunder and advertise.

Advertising

in THE REFLECTOR will bring you success. Don't lag behind in the race, but let the people know what you are here for.

The easiest, quickest and best way to sell anything is to advertise it in THE REFLECTOR. Such an advertisement goes straight to the people, they learn what you have to sell and you reap the benefit.

We have just purchased a large supply of bright and attractive cuts to illustrate REFLECTOR advertisements, and you are at liberty to use them. If you don't know just what you want to say, we will help you get up your advertisement. That is our business, to help you talk to the people.

The cost of an advertisement in THE REFLECTOR is the easiest part.
