#### BOARD OF ALDERMEN.

#### Working on Special Taxes Again--Fifth Ward Vacancy Filled.

The Board of Aldermen held a special meeting, Thursday night, for the purpose of electing a member to fill the vacancy in the Fifth ward, for reconsideration and addition of special license taxes, and to appoint committees. All the members were present.

J. L. Sugg was unanimously elected by acclamation as Alderman to fill the vacancy existing in the Fifth ward.

The special license taxes levied at last meeting were called over and some revisions made.

The circus license was amended so as to include circus and menaged combined when only one admission fee is charged to both. On all other shows under canvass a tax of \$25 a day was levied.

The tax on bicycle dealers and repairers was amended so as not to apply to those who do repair work only and do not sell or offer for sale any supplies.

The tax on peddlers of clocks, stoves and ranges was stricken out, the State revenue act making no provision for this.

The tax on stock brokers and dealers in future contracts was reduced from \$1,000 to \$100.

The tax on itinerant oculists or opticians was changed from \$15 per day to \$25 per year.

A letter from the Attorney General was read stating that the town, under its charter, had no right to levy a special tax on tobacco warehouses, tobacco buyers and pinhookers, and cotton buyers and a motion was made to strike out the tax previously levied on warehouses. This motion was afterward reconsidered and the tax of \$15 allowed to remain, and the tax on buyers and pinhookers placed at \$10 per year, and on cotton buyers \$10 per year.

On oil tanks of 500 or more gallons capacity a tax of \$50 per year was levied.

Venders of lemonade and other cold drinks on the streets were taxed \$5 per year.

On all dealers of goods, wares and merchandise was levied a purchase tax on gross sales the same as paid to the county, with an additional license tax of \$1.

Chief of Police J. T. Smith, who is also Captain of the Greenville Light Infantry, was granted leave of absence to attend the encampment with his company.

Mayor Long appointed the following standing committees:

On Finance—J. B. White and E. B. Ficklen.

On Streets—R. J. Cobb, E. B. Ficklen and H. L. Coward.

On Lights and Wells—H. L. Coward, H. C. Hooker, E. M. McGowan

On Market—E. M. McGowan, R. J. Cobb and H. C. Hooker.

On White Cemetery—Henry T. King.

On Colored Cemetery—E. M. McGowan.

On Ordinances—Henry T. King and J. B. White.

The member for the Fifth Ward will be assigned to the finance and ordinance committees after he qualifies as Aldermen.

Kinston is going to build a \$20,000 public school building.

#### BETHEL ITEMS

BETHEL, N. C., July 18, 1901.

Bethel is quiet but is still going ahead.

We are glad to see the large double cotton gin which is being put down by Blount and Overton will soon be completed. This will add much to our town as well as being a great help to the farmers of the community. The capacity will be 40 bales per day and will not work but very few hands. It is very interesting to see the machinery.

Staton Cherry & Bunting were right well pleased yesterday morning when they got an order for 100,000 brick.

Miss Mattie Grimes went to Winterville yesterday to visit some of her friends.

Miss Dollie Richmond, of Maryland, formerly of Bethel, has been visiting Mrs. W. O. Blount for the past few days. We were glad to see her.

Miss Alice Carson, of Pulaski City, Va., formerly of this place, is again at home with her many friends and relatives.

Mrs. L. B. Thigpen, of Chattanooga, Tenn., is at home once more to spend awhile with her friends and relatives.

C. H. James always has something to meet the season. He is now making quite a lot of tobacco harvesters lawn swings and screen doors etc. We are glad to see the people patronize him.

We are sorry that the wife of J. C. Andrews is very sick with typhoid fever. Hope she will soon recover.

Mrs. D. C. Moore, of Greenville, is now visiting her friends and relatives in and around Bethel.

Sam Smith, with Sam White, of

Greenville, is over to see his many friends.

We are very sorry to note that Prof. Z. D. McWhorter is going to leave Bethel. Prof. McWhorter has served the people here very faithfully and has done great good in the community and therefore we are sorry to see him go. We can say to the people of Mt. Olive that they are going to get a good and hard working teacher.

The trustees are corresponding with several excellent teachers of the State, and we hope they will procure as good a teacher as has left to take charge of the Bethel High School.

"About this time," says The Electrical Review, "look out for the lightning rod man. If anybody is really alarmed about lightning and thinks seriously of lightning rods, let him purchase a book on 'Lightning Conductors' rather than fall a victim to the wiles of the lightning-rod agent. The ordinary lightning rod of commerce is pretty to look at and is no much more liable to be struck by lightning than its immediate surrounding. It is not especially dangerous, but a good thrifty tree near the house is a better protection." The lightning rod is probably about on par with the so called mad-stone, but we are inclined to be hospitable to both, for they do no harm and may ease the "patient's" mind in both instances. The lightning rod theory is beautiful to behold on a cloudless day and may impart a sense of security, while the madstone is probably good to the same extent. There is, however, a wide gulf between these "remedies" and the various faith healers of disease of modern times. —Charlotte Observer.

FRIDAY, JULY 19, 1901.

You just can't count on the weather, so had as well take it as it comes along. We've seen it dryer, we've seen it wetter, we've seen it hotter and we've seen it colder than it is now.

The Greensboro Publishing Company, the company that has been publishing the Evening Telegram, has gone into the hands of a receiver. It is stated that the publication of the paper will be continued.

We see it stated in the Philadelphia Record that Buffalo needs 8,000,000 paying visitors to make the exposition a success. Then the exposition managers had better prevail upon the railroads to drop the fare down a few pegs.

Somebody is working off a pretty good fake in the story coming from Washington county. The story says that while a man was walking along a lonely country road another man who had been dead six months suddenly appeared before him.

"The ignorance of women in some things is nothing short of awe-inspiring," says The Kansas City Journal. "At Beloit a man went swimming in the river and took his wife along. As he departed himself in the water she sat on the bank and watched him. Down in the river at the point where the man was swimming was a flume, leading to a dam, and under this flume the man dived repeatedly.

Senator Pettigrew's Luck. It is reported that ex-Senator Richard F. Pettigrew had a great piece of luck in the New York stock market. He is said to have made at least \$300,000 during the recent boom in which Northern Pacific cut such high jinks.

also gave him the benefit of experience and inside knowledge. It turned out when Hill and Morgan began to hunt up Northern Pacific shares that Pettigrew had 2,000 shares which he had purchased at par.

Should Have Used State Coach. According to gossip straight from The Hague, the husband of Queen Wilhelmina has made himself unpopular by not driving out in state the first time he appeared in The Hague after the honeymoon.

A Street Inspector. Through the recommendation of her son, Honore Palmer, recently elected an alderman in Chicago, Mrs. Potter Palmer has been tendered a position as one of the city's "volunteer street inspectors."

Secura In Cows. It is almost impossible to prescribe a sure remedy for this disease unless we know the cause, and it may be one of as many as the causes of diarrhea in the human race, says American Cultivator.

Mr. Metcalfe and the Chancellor. The New York university has been directed by Justice Maddox of Brooklyn to show cause why a writ of mandamus should not issue commanding its officers to permit Tristram W. Metcalfe to be finally examined and, if qualified, to permit him to graduate and receive the degree of bachelor of arts.

Parsnips For Milk Cows. The parsnip is probably one of the best roots ever grown for milk cows, and it has a great advantage in that it may remain in the field until spring, when other roots are all gone, and then be used until grass has grown.

**Is An Indian a Person?**

The courts have been appealed to to decide whether an Indian has any rights which our government is bound to respect. In the pursuit of its wobbly and often cruel policy toward the Indian the government has decided to throw open for settlement the lands of the Apache, Comanche and Kiawa Indians.

So many "boomers" have collected on the borders of the lands which are to be thus opened that a lottery scheme for their distribution has been adopted.

The "boomer" who draws the first number will have its choice of lots and so on until 13,417 farms have been disposed of. There will be at least 50,000 entries in this grab game nearly three fourths of whom must be disappointed.

The drawing will begin July 29th.

Many of the Indians who are to be deprived of their lands are very sore and one of their number, Lone Wolf, has entered a practical protest in the form of an appeal to the courts.

He has employed counsel to plead for his rights under that section of the constitution which provides that "no person shall be deprived of life, liberty or property without due process of law."

Is the Indian a "person" or a mere chattel owned by the government?—Atlanta Journal.

#### An Old Remedy.

It is said by some one that sulphur burned once a week for three weeks in each room of the house will surely prevent inmates from taking typhoid fever. This is an old remedy, and it should be remembered that "an ounce of prevention is worth a pound of cure." Even if it should do no other good, it will purify the air of bed rooms.

#### Where "Ads" are Read.

The manager of a Boston theatre, who has quit using posters in order to put the money which they cost into more newspaper space, has given as his chief reason for the change that a person may look at a poster a hundred times in passing without ever taking in its meaning; "but when a person takes his newspaper up it is for the purpose of reading, and when his eye has been attracted by an advertisement he will read it with full understanding."

#### Winterville High School.

Attention is called to the advertisement of Winterville High School. This excellent school, in charge of Prof. G. E. Lineberry, is an ideal place for boys and girls. Located amid the best surroundings, with a moral and religious influence seldom found anywhere, a corps of teachers thoroughly competent, and a principal of sterling character and recognized ability as a teacher, Winterville High School offers valuable advantages. Write the principal for catalogue.

#### Prof. McWhorter Leaves.

Our Bethel correspondent announces that Prof. Z. D. McWhorter is to leave Pitt county. He has been elected principal of the graded school at Mt. Olive and enters upon the work there at the beginning of the fall term. Prof. McWhorter has built up an excellent school at Bethel and has been a factor for good in the community. He once taught in Greenville and is well known to our people. We regret that he is to leave the county.
