### THE TEACHERS' INSTITUTE.

What it Accomplished and the Results to Follow.

WINTERVILLE, N. C. July 29.  
EDITOR REFLECTOR.

Being asked to give my opinion of the teacher's institute held here, I would say first that it was in reality just what the Superintendents had planned it to be. Sometimes plans are theoretical and can't be carried out, but not so in this case. Mr. Davis had seen the work done by such institutes in western states and long since Prof. Ragsdale had become disgusted with the old plan and had awakened quite an interest by discussing at the Teachers Assembly a few years ago and even went so far as to ask for last year's appropriation for this kind of work to be held over for this year. None but those closely associated with him know how glad he was to see his long cherished hope a reality and doing for the teachers of his county what they so much needed—giving them thorough instruction in the studies to be taught and showing (not telling) them how to teach others.

I well remember the first institute I ever attended. It was conducted by one of the leading educators of the state. I was a mere boy soon to begin my first school and how eagerly did I listen to his every word and take notes, but alas, when I went into the school room I searched in vain for one single thing received during the entire institute that I could put into practice I had to formulate my own plans and use my own methods.

This was in the fall of '92 and ever since that time I have been convinced that the "Week Institutes" are "Weak Institutes" indeed.

In South Carolina a four weeks institute is held on the same plan as the one held here and no one who knows the condition of the public schools there can doubt their benefit. Their schools are rapidly improving and today are under much better management than ours. Already many townships there have organized forms of graded schools which continue eight to ten months in the year. One of the speakers who addressed the teachers here said the \$150 spent on the institute would be worth more to the schools of the County than \$10,000 added to the general school fund. I can say for the instructors in the institute that their financial reward was not great. Some of us at least feel that we are more than repaid in the improvement to ourselves, but if through these teachers we shall be the means of touching the boys and girls of the county, giving them better training and stimulating them to nobler lives then our reward is great.

We hear much about North Carolina's undeveloped resources. Her forest, her mines and her soil may remain to be developed by another generation, but the brain of her children—her great treasure—must be developed by the present generation or it is lost to the State.

I don't believe harder work was ever done by pupils in any school than was done in the institute and surely no teachers ever had such kind and attentive pupils as the teachers had here.

## Masonic Hall School, For Girls Only.

Masonic Hall School—A school for girls under control of Board of Trustees appointed by Greenville Lodge, No. 284, A. F. & A. M., will open fall session Sept. 2nd. This school was conducted last year with great satisfaction to the people of Greenville. We have therefore employed Misses Lizzie D. Parker and Lelia Thornton to teach in this school this year, and to all who have girls to educate we ask your patronage and support in maintaining this school.

Tuition per month:—Primary \$1.50, Intermediate \$2, Higher \$2.50, Languages 50c each extra. A matriculation fee of \$1 will be charged. The school will have no music department this session.

Persons in town who can board pupils of the school will please notify the Secretary.  
R. L. CARR, Sec. Board Trustees.

board was carefully copied in note books for future use.

The social feature is important. In the past the teachers have known very little of each other or of the county Superintendent, but now they know personally the Superintendent and the other teachers. I hope this will enable us to organize and maintain a good teachers' association in the county and that in these meetings we may discuss questions of vital importance to our schools. Why not have an educational column in THE REFLECTOR under the management of Prof. Ragsdale, or at least occasional articles and notes?

May we not hope that the day is dawning when men will not be paid by the State, at the expense of the poor school children, to go to different counties and explode high spun theories, re-hash old lectures that they have bored hundreds of other people with and abuse the poor hard working teacher for not doing better work. Let us hope that soon in every county an institute will be held for at least four weeks where teachers will not be abused for not knowing what they are teaching, but be taught those things in which they are deficient, where they will not be abused so much for not hav-

ing better methods, but be shown a better way.

The institute has thoroughly convinced me that the teachers want to be thorough in their text books and up-to-date in methods. The institute has helped them to see their needs and we may expect permanent improvement.

Pitt county owes Prof. Ragsdale a debt she can never pay for the interest he has taken in the school work and for his untiring zeal in behalf of the teachers.

Base Ball.

Last week was an interesting one all through in the state ball league and no one club held the lead long at the time. Tarboro and Wilmington each won two games, tied one and lost three. Raleigh won four and lost two. Charlotte won two and lost four.

The standing of the clubs is as follows:

	Won.	Lost.	P. C.
Raleigh	10	8	.588
Tarboro	8	8	.500
Wilmington	7	8	.466
Charlotte	7	9	.438

AYDEN NOTES.

AYDEN, N. C., July 29.

We have hot weather and dusty streets. We would gladly welcome a shower.

Misses Cora Long and Jennie Savage, of Hamilton, are visiting Mrs. Osborn Nobles.

Misses Eula and Clyde Cox, Minnie Cannon and Delia Smith came up from Winterville Saturday where they have been attending the institute.

E. V. and Eugene Cox went to Greenville Saturday.

C. L. Tyson left this morning to visit his father, Joab Tyson, near Rochdale.

J. J. Stroud came in Saturday and left for Greenville this morning.

Miss Bettie Manning, of Grindool, came down from Winterville Saturday to spend a few days at Smith Hotel.

Miss Neta McKinney, who has been spending some time in Hyde county returned home Friday night. Her many friends appreciate her presence again.

John Summerel and Zeb Bland were in town yesterday.

Miss Ella Smith left this morning to spend some time with relatives near Rochdale and Falkland.

When The Cosmopolitan, in its April number, published an essay, at once clever and philosophic, on "The Ideal Wife," a demand was created for a paper on "The Ideal Husband" by the same author—Lavinia Hart. The August Cosmopolitan contains an essay on this subject—on which few people agree—which is certain not only to prove widely interesting, but to cause lively discussion. In the same number Mrs. Van Rensselaer Crouger (Julien Gordon) tells the story of the life of the French wife with all its tragic commonplace narrowness. "The woman of small capacity puts up with, and, perhaps, does much toward maintaining present conditions," says the author, "but there are women of brains who die at an early age of no disease known to doctors, but simply from utter weariness."

Shot at a Thief.

Saturday night some men who were trading in town left their buggy in the lot in the rear of J. L. Starkey & Bro's store. The men suspected some one was trying to steal packages from the buggy, and one of them began watching. In a short while a negro slipped up to the buggy and took a bucket of molasses. The man started after the negro, but the latter was the best runner, especially when a few pistol shots went along to make him run the faster.

Letters on the Institute.

THE REFLECTOR today publishes  
a very interesting letter from Prof.  
G. E. Lineberry, Principal of Win-  
terville High School, giving his  
views of the recent teachers' in-  
stitute at Winterville. We expect  
to publish a number of such letters,  
and invite every teacher who was  
in attendance, both ladies and  
gentlemen, to write THE REFLEC-  
TOR a letter expressing their views  
on the institute.

Prof. Lineberry in his letter asks  
the teachers "Why not have an  
Educational Column in THE RE-  
FLECTOR?" We will take great  
pleasure in giving the teachers  
space for such a department in the  
paper and hope they will use it  
for that purpose.

### DISLOCATED SPINAL COLUMN.

Mr. Percy Manning Meets a Terrible Accident.

On Sunday afternoon several young men were bathing in a swimming hole in Grindle creek about eight miles from town. They were amusing themselves by standing on a log and diving off in the water, turning a summersault in the descent. When Mr. Percy Manning was making a jump from the log his footing slipped and instead of falling in the deep water he fell where it was very shallow. The back of his neck and shoulders catching the force of the fall on the sand, his spinal column was dislocated near the neck.

His comrades seeing the accident quickly pulled him out of the water and prevented his being drowned. Mr. Manning was taken to the home of Mr. J. R. Barnhill and a physician sent for. Dr. W. H. Bagwell, who attended him, says almost his entire body is paralyzed and his condition is very serious.

### Fine Peaches.

Today Mr. Allen Warren, of Riverside Nurseries, brought THE REFLECTOR some of the finest peaches we have seen this season. A dozen of them filled a basket. They are a new variety free stone called Amelia, and are as large and delicious and as beautiful in color as the California peach. Riverside peaches are on sale at the store of S. M. Schultz.
