ORIGINAL OBSERVATIONS.

Made By The Orange, Virginia, Observer

Because a man is seedy is no sign that he is a farmer.

Even a very weak man can often shoulder a responsibility.

The microbe of spite produces the full grown malady of hatred.

Most failures are caused by people not letting well enough alone.

Some men are most interesting when they have nothing to say.

The weighs of the transgressor are about 12 ounces to the pound.

Summer roses fade and die because there is no way of relieving them.

Some men have such a vast amount of brass that many people mistake it for brains.

The men think they can read a woman like a book—until they try to shut her up.

This has been a splendid season for the dead beat, for he doesn't require and cultivation.

What's the use of buying trouble when you can borrow it?

This Applies to Other Cities and Counties of the State.

The farmers about Asheville should supply the city market with all it can use of what they can produce, but they do not do it. Nearly all the hay used here is brought in from a distance; so with many varieties of vegetables and fruit, even poultry, and most of the beef, lamb and pork is imported from outside the county or the State. This is not as it should be. The farmers of the county could profitably make a close investigation of the Asheville market and learn much to their future advantage.—Asheville Gazette.

MONDAY, SEPTEMBER 9, 1901.

TO THE COTTON FARMERS AND GINNERS OF NORTH CAROLINA.

In accordance with a resolution at the recent meeting of the State Farmers' Alliance authorizing the appointment of a committee to issue an address to the cotton farmers, ginner, and others interested in procuring better prices for cotton seed, this committee met Tuesday in the city of Raleigh and authorized the following letter:

HILLSBORO, N. C., Aug. 31, 1901.
To the Cotton Farmers and Ginner of North Carolina,

GENTLEMAN:—This letter is issued for the purpose of awakening in you an interest in and appreciation of the value of the cotton seed crop this coming season.

As is well known, the corn crop in the corn growing States is short; in fact, it is short in most sections of the United States. We all know that a short crop means higher priced corn, which in turn means higher priced hogs, cattle, etc., and for their products. As these products advance in price, substitutes, such as compound lard olemargarine, butterine, etc., largely take their places. These substitutes contain cotton seed oil, hence the demand for that will probably be greater than ever before, consequently higher prices. The cattle feeders of the West will have to substitute some other feed for corn, and as cotton seed meal has proven to be better than corn for this purpose, it is but natural that they will largely substitute cotton seed meal for corn the coming feeding season. In consequence of these demands cotton seed meal and oil will both bring higher prices than heretofore. This being true cotton seed also should bring higher prices than they have been selling for.

Within the past few months a syndicate has been taking options on oil mills, and now, it is reported, they own more than 50 per cent of the mills in the South, or its equivalent in out-put. The American Cotton Oil Company, it is claimed, owns forty per cent., so there are less than 10 per cent. in out put, according to this calculation, that are independent mills.

From recent occurrences it is probable that these two oil companies, controlling over 90 per cent. of the cotton seed oil products of the South, may combine or have an understanding as to the prices to be paid for cotton seed. The situation is such that, in our opinion, the farmers should take some action to protect themselves and have some voice in naming the price their own products will sell for. This can best be done by co-operation in selling, which can be accomplished. The cotton seed crop of North Carolina will probably be at a low estimate, 10,000,

000 bushels. Of this crop 7,000,000 bushels will probably be sold. If by co-operation of the farmers the price can be advanced 10 cents on the bushel, it will give to the cotton farmers of the State \$700,000 more for the crop than they otherwise would get, but concert of action will be necessary to obtain the desired results. It is to be hoped that the farmers in all the cotton-growing States will take similar action. To that end this letter will be sent to every Southern State, that success may be assured.

We deem this of enough importance to suggest that the farmers meet in their respective counties at the court house on Saturday, September 21, and select delegates to attend a State meeting to be held in the city of Raleigh, Wednesday, September 25. If it is deemed advisable township meetings can be held earlier than September 21; each township or neighborhood can determine this for themselves.

The short corn crop and the high prices consequent thereon have made this a golden opportunity for the cotton farmers, and it is for them to say whether they will take advantage of it or leave all the profits arising from these conditions to the cottonseed oil mills. You may rest assured that they will not turn them down. In justice to your own interests you should step forward and offer to share these profits with the mill men.

This letter is addressed to every cotton farmer and ginner in the State, from the least to the largest. Let them all co operate. Let no reasonable excuse keep you away from the meetings.

T. B. PARKER, S. B. A.

A Little Talk About Savings.

A distinguished economist felt that it was as necessary to teach a child to save as to train him to earn, says American Boy. He formulated a system of savings for the lower schools of France so wise and efficient that in ten years there were in France 21,000 school savings banks, with 442,020 depositors, whose weekly average deposits of 15 centimes had amounted to 10,248,226 francs, or over \$2,000,000. The establishment of the banks was left to the voluntary efforts of the teachers. The children deposited pocket money only, and it was made a part of every Monday morning exercise.

The French cultivate the saving habit. Mme. Carnot gave a dinner to 400 of the poorest children of Paris and at its close gave to each one a bankbook containing a credit of 10 francs. When floods spread desolation and want in the south of France, the children of the schools of Bordeaux freely gave from their savings \$400 for the relief of the sufferers.

There are some school banks in our own country, and when the penny depositors of the school bank of Long Island city heard of the great Johnstown flood they sent \$452 out of their savings as their contribution.

Every boy as soon as he is old enough to spend money should be given a legitimate means of earning it or a regular allowance, which at first may be made to cover his pleasures and gradually increased to include his necessities and charities. A boy ought to learn how to give as well as how to save and so should give his own money to the church or Sunday school. Let the boy take care of his own money.

Ida M. Bodman in The Mother's Journal says in writing on this subject: A child seldom has sufficient will to enable him to work for a distant object steadily. He lives in the present, but every time he denies himself some trifling, pleasant gratification in order to save a few dollars to buy something of real value he has received a valuable lesson. Our primary object is not to persuade him to accumulate money, but to prevent him from spending it unwisely. In some cases in order to stimulate the boy to put aside his pennies for a specific object it is helpful to promise to add a certain amount to the savings.

Few people get out of breath blowing about their own achievements. Crumbs of comfort may be all right, but they don't make a square meal. No, Maude, dear; all women who use make-up are not peace-makers.

ASTHMA CURE FREE.

Asthmalene Brings Instant Relief & Permanent Cure in all Cases. SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. Wells, of Villa, Ridge, Ill., says: "Your bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

We want to send to every sufferer a trial treatment of Asthmalene, similar to the one that cured Mr. Wells. We'll send it by mail post-paid, absolutely Free of Charge, to any sufferer who will write for it, even on a postal. Never mind, though you are despairing, however bad your case. Asthmalene will relieve and cure. The worse your case, the more glad we are to send it. Do not delay, write at once, addressing Dr. Taft Bros' Medicine Co., 79 East 130th St., N. Y. City. Sold by all Druggists.

OUR RALEIGH LETTER.

Special Correspondent of Reflector.

RALEIGH, N. C., Sept. 9.

The sensation of the week was the serving of papers on the Corporation Commission for a writ of mandamus, to be heard before Judge Robinson here on September 23rd, to compel the Commission to assess anew the tangible and intangible property of the railroads for taxation during the present year. The action is brought by Senator Ward of Washington county, who made some reputation in the last Legislature by his activity along the same lines, as "counsel for Sheriff Jackson" of that county. TO "SELL" THE WESTERN N. C. RAILROAD.

The appearance of an advertisement in a State paper offering the Western N. C. Railroad for sale at auction on October 7th, under execution from Rowan Superior Court, was another sensation of the week. The sale is advertised by Messrs. Overman, Long and Avery, counsel for the widows of engineer James and fireman Howard, who were killed in a railroad accident and who obtained judgments some time ago aggregating \$20,000 against the Western N. C. Road—not the Southern Railway, which holds a 99-year lease on the road. Counsel for the Southern say the latter will ignore the proceeding because the sale would not be valid, but the plaintiffs' counsel declare that it will be regular and that they will find a purchaser.

AWAY WITH ANARCHISTS!

The shooting of President McKinley by a red-mouth anarchist of the same stripe as him who recently murdered the King of Italy was received with the greatest indignation here, and at the same time with the sincere sympathy of all classes and conditions of people for the President and his family—nowhere in all this country is the infamous outrage more genuinely deplored than in the South. It is high time this country took steps to suppress or deport every known anarchist in the United States, certainly the murderous organizations, yecept "Anarchists," "Socialists," "Knights of the Golden Eagle," and the like, allowed to hold open meetings at Patterson, N. J. (where the health of the "brother" who shot President McKinley was "toasted" in open meeting an hour or two after the awful event) and Chicago and elsewhere, should be effectively reached by the arm of the law, and without delay. Liberty! That is not "liberty." It is license, and worse—license to murder the chosen head of our county by foreign interlopers who have little conception and less appreciation of our form of government, and it would not be tolerated anywhere else on the face of the civilized globe.

M. L. Starkey and Alex Bailey, riotous and disorderly conduct and assault with deadly weapon, bound over to Superior Court.
