The Apple Industry.

It is said that a Missouri farmer who has an apple orchard containing two thousand acres has sold this year's crop on the trees for \$75,000, buyers to take all risks from now on. The orchard promises a yield of 100,000 bushels of apples and as the apple crop throughout the country is short, the purchasers expect to make a handsome profit. The apple crop is now an important item in the agricultural wealth of the country and in a good year amounts to something like 150,000,000 bushels. No State in the Union can grow better apples than the State of Virginia and apple culture in this State has become a most profitable industry. We have often remarked that a first-class apple orchard in certain sections of Virginia is worth as much as a corresponding orange grove in Florida. The apple has an advantage over the orange in that it is a hardier fruit and is less affected by weather conditions. Virginia farmers have been somewhat slow in making the most of this branch of industry, but it is a growing industry and will continue to add wealth to the State.—Richmond Times.

GRIFTON ITEMS.

GRIFTON, N. C. Sept. 2, 1901. Miss Mattie Holton, of Kinston, after spending a few days here returned home Monday.

J. L. Keene, Jr., went on a business trip to Norfolk Monday.

Ben Sheppard of Ayden, is here and went to Vanceboro with our boys to play ball which the Vanceboro boys say he did without a doubt.

Tom Gardner has gone in the drugstore and taken charge. He purchased an interest in it.

J. H. Barwick has accepted a position with J. Z. Brooks until Vance Wall returns from his home up in Randolph.

Miss Mildred Joyner, of Portsmouth, Va., is visiting the Misses Dawson near here.

There will be a couple of games of ball here between the colored teams of this place and Ayden and Hugo Friday.

J. R. Harvey and Mrs. Harvey returned from Asheville Saturday evening.

Gus Forbes returned to Green-

ville Wednesday, Gus did fine work towards winning the game for Grifton.

The Grifton ball club went to Vanceboro Tuesday to play the second game of ball with that team which was won by the visiting team, seven to six in favor of Grifton. Hopkins and Surles battery for Vanceboro and Wooten and Harper battery for Grifton. Mr. Hopkins is one of the best pitchers of the Carolina league for the past season. He was on the Wilmington team, and Surles is New Berne crack catcher of Durham. Dailing also of New Bern, is a professional of the New Bern team.

Lloyd Wooten in the box and Bill Harper behind the bat did fine work towards winning the game for Grifton. There was one three bagger off of Wooten and two two baggers off of Hopkins.

Our boys feel very highly elated over winning a game that had league players to contend with.

The Deputy Sheriff of Alamance county was shot Tuesday by a man whom he went to arrest.

THURSDAY, SEPTEMBER 12, 1901.

The Kinston Free Press is raising its voice against dogs that bark at night and disturb the repose of the neighborhood and wants the city fathers to tax them to death. Why not include crowing roosters in the same list with barking dogs?

Several anarchists, Emma Goldman among them, have been arrested on suspicion of being implicated in a plot to assassinate the President. The man Czolcosz who did the shooting has implicated no one yet, but the matter will be ferreted to the bottom. The sooner this country rids its borders of anarchists the better.

Everybody is rejoiced that President McKinley is improving so rapidly. Now if the doctors and experts don't over do the thing and give him a set back there is nothing else to fear. If the President could be isolated down this way with some good old country doctor and one nurse he would get well while the experts are theorizing over his condition.

Sheriff Wallace, of Mecklenburg, who has a pretty good share of hanging to do, does not mind the job. He looks upon it as a simple duty and he does it as such. It is the true idea. Every witness, every solicitor, every juror has a duty to perform and should feel the responsibility as much as the sheriff. The whole matter is one of duty not to be modified by whim, by hate or timidity. When a man so conducts himself that the laws of the land say that he is unfit to live and his removal is essential to the life, liberty and happiness of others there should be no shrinking from the duty of execution.—Concord Standard.

A Law Needed to Fix the Status at Dead Beats.

A law ought to be passed fixing the status of dead beats. A man who hires another and fails to pay him or purchase goods or anything of value from our merchants or other business men without any intention of paying—or never pays—is guilty of fraud. The law treats as a thief the man who secures money or goods by false pretense or takes them by stealth. The dead beat ought to be treated the same way for he in fact belongs to the same class. By the unwritten law of trade and commerce he makes false statements with fraudulent intent whenever he obtains a credit that is never cancelled. He is undoubtedly just as guilty as any man who by the same prac-

tice lays himself liable to the law. Any man who is unfortunate and really unable to keep his contract can get all the time he needs by acting in a perfectly fair and honorable manner. There is no more necessity for him to become a dead beat than there is for him to do stealing. A dead beat is simply a thief, and should be so treated by law.—Durham Sun.

New Canning Plant.

We are glad to see in our weekly exchanges notices of new canning establishments that have recently been established in many Georgia towns. But we have not nearly enough such concerns and their number should be multiplied many times over. In the South every year million dollars, worth of fruits and vegetables are left to rot, are entirely lost, which could be raised and marketed at a fine profit.

The South pays many millions of dollars every year for goods canned in the North and West which could be supplied by home enterprise.

Georgia ought never to have to buy at any point outside of her own borders a single can of tomatoes, corn, peaches, pears or any other kind of vegetable or fruit and yet train loads of such articles are imported into Georgia every year from States which are no better producers of vegetables and fruits than Georgia herself. The canning concerns which are in operation in this State pay well and will pay in almost any section of Georgia if managed on business principles.—Atlanta Journal.

Out of the most hellish evil some good may come. The universal grief and the universal indignation that followed swift upon the knowledge of the attack upon the life of President McKinley serve alike to show how real are the bonds that bind the people of these States together in one indissoluble fraternity. And the lines that divide us from continental neighbors and the seas that keep us apart from other great nationalities did not for a moment separate us from the profoundest and sincerest expressions of sympathy for the stricken chief, for his noble wife and for his sorrowing countrymen. These manifestations of good will cannot go unregarded or unremembered or unconsidered in influencing our future relations. They make for a closer brotherhood among men and serve to defeat the errand of the assassin's bullet, however deadly may have been his aim. This is the silver lining to our cloud of suspense and sorrow.—Philadelphia Record.

We call attention to the highly gratifying showing made by President Geo. S. Powell, of the Appalachian National Park Association, read in the meeting of the association in Asheville yesterday and published in the Asheville correspondence of The Observer this morning. It shows a really amazing amount of work done toward the accomplishment of the purposes of the park association. Such hard work has been done still deserves encouragement. The association is now in need of funds to prosecute its work and its call for financial help should meet with a liberal response from all who are interested in having the beautiful mountain section of North Carolina, South Carolina, Tennessee and Georgia set off into a national forest reserve.—Charlotte Observer.

ASTHMA CURE FREE.

Asthmalene Brings Instant Relief & Permanent Cure in all Cases SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. Wells, of Villa, Ridge, Ill., says: "Your bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

We want to send to every sufferer a trial treatment of Asthmalene, similar to the one that cured Mr. Wells. We'll send it by mail post-paid, absolutely Free of Charge, to any sufferer who will write for it, even on a postal. Never mind, though you are despairing, however bad your case. Asthmalene will relieve and cure. The worse your case, the more glad we are to send it. Do not delay, write at once, addressing Dr. Taft Bros' Medicine Co., 79 East 130th St., N. Y. City. History of Pitt County.

Mr. Alex. L. Blow is gathering material for a history of Pitt county. He has been at work on this for sometime and already has data prepared from the formation of the county up to the year 1875. There is no man better informed about the history and records of the county than Mr. Blow, and when his history is completed it will be a work of great value.

Jewish Holidays.

Besides closing his store from 6 o'clock tomorrow, Friday, evening to 6 o'clock Saturday evening in observance of Rosh Hashana, the Jewish New Year, (5662) our townsman, Mr. S. M. Schultz, will also close his store on Monday, 23rd inst., in observance of Yom Kippur, or Day of Atonement. All orthodox Israelites regard these days as the most sacred of the year and never fail to observe them.

The death penalty for murder has been restored in Colorado and Iowa. In both States the imprisonment for life experiment resulted in a largely increased list of homicides. There are now only four States in which the death penalty is not inflicted—Wisconsin, Michigan, Maine and Rhode Island.

Some newspaper man says that Carrie Nation does not wear a corset. How the duce did he manage to find out! A man that would put his arm around her waist would make a fine chap to go in the lion's cage at a circus.—Greensboro Record.

International Tennis.

Holcombe Ward, one of the American champion lawn tennis players in doubles and the national indoor champion in singles, will sail for England in a few days to play in the English championship tournament at Wimbledon the last week in June.

D. F. Davis, his regular partner and also the donor of the International Challenge cup, is already on the other side, having sailed from here April 24. Davis intends to play in a number of the English tournaments before the championship meeting, and he and Ward will enter at Wimbledon in both singles and doubles.

The American champions will practice together in private for a week immediately before the Wimbledon tournament instead of entering at Liverpool for the northern championship, as have most other American players who have played abroad. Their peculiar twist services were very puzzling to the visiting English players last season, and they are not anxious to let the foreigners become accustomed to its eccentricities before they meet them in the championship tournament.

Yacht Racing Across the Ocean.

According to advices received by a prominent New York yachtsman, the two English racing yachts Ailsa and Eelin, recently bought abroad for two American yachtsmen, are racing across the Atlantic. It was not generally understood that the yachts were to make a race of the trip to this side, as they did not leave their home ports within several days of each other.

The Ailsa, which had left Southampton several days in advance of the Eelin, put into the port of Penzance ostensibly to repair some of her head sails. Promptly on time the Eelin appeared and put into Falmouth, where she alleged she needed a slight refitting before proceeding on her way.

The skippers of the two boats were seen frequently together before the yachts again sailed. According to the agreement, both yachts put out late in April and when last seen had caught up with each other and were having it hot and heavy, with the Ailsa slightly in the lead.

Southern Trotting Affairs.

Secretary Murray Howe of the Memphis Trotting association, recently chartered, has announced that the new trotting track is nearing completion and that when finished it will be the fastest in the country. The Memphis harness meeting will open Oct. 21 and will be governed by National Trotting association rules. The stakes amount to \$15,000. Two of them will be contested under the "Memphis system," which rules that three heats constitute a race, first heat one mile, second heat a mile and an eighth and the third heat half a mile. This system is put in vogue to incorporate as many features of the running turf as will be consistent in heat racing.

Chris is a "Comer."

Chris Matthewson, New York's new college pitcher, gives promise of being one of the best in the League this year. When such old timers and good judges of material as Ned Hanlon and Captain Joe Kelly of the Brooklyn team say so, there's something more than a guess made.

Won the Chester Cup.

The Chester cup, value \$12,500, was won recently in England by David Garrick carrying the colors of Pierre Lorillard. This is an important American victory. Mr. Lorillard backed his horse at the comfortable odds of 10 to 1.
