Educational Department.

EDITOR REFLECTOR:

As I see no one else seems to be in a notion to write for our column, I will write you a few words commenting on the same. So far I have been the only one to write you a few lines under our Educational Department and I want to ask if some of the rest of the teachers will not help us out.

The educational column in your paper will be an aid to education in our county if the teachers will only manifest enough interest to keep the principle going.

To write a few lines for publication in our column does not require a great effort, and if some of the teachers will take one sixteenth of the interest in it that was taken in "Johnie" and "Sallie" at the institute, the educational column will become very interesting.

I know that young ladies haven't a great preference for writing letters for public perusal, but it is a well known fact that young men have done such things, and it looks to me like some of our male teachers might somewhat modify their subjects and give us a piece for the Educational Department.

I do not mean by the above to exclude the ladies by any means. I know the ladies are just as competent to give us as interesting articles as can any of the male teachers, and I think if the men will only give us a start the ladies will follow, for it is already a conceded fact that a woman is going to have the last word anyhow. Some may say they are not able or "can't" write a piece, but there was not a certificate issued to any one at all who is not fully competent to give us something interesting on the subject of education.

Most of the teachers in this county are ladies and so I must say to them that we cannot get along without them. Let's see who is the first to write us a piece. Don't be timid or bashful, but just take you pen and blaze away. I hope none of the male teachers are too timid or bashful to write us a piece, but I guess that's all right. Such weeds don't grow in a man's crop.

We would like very much to hear from Prof. Lineberry and Prof. Ragsdale, and it wouldn't be a miss if some of our County Board of Education would favor us likewise. W. F. EVANS.

Another Man Shot.

Lawrence Ward and Lewis Johnson, both colored, had a difficulty near the depot early Saturday night resulting in Ward's being shot in the right thigh. The difficulty arose by Johnson paying Ward's wife some money, which is claimed to have been counterfeit. Ward went to see Johnson about the matter after being informed of it by his wife, whereupon they got in a contention over it and Johnson pulled out a pistol and began firing upon Ward, one ball taking effect in his right thigh. Chief of Police J. T. Smith brought the wounded man down town and had the ball taken out. From last report we hear that it proved only to be a flesh wound and will not be serious. Johnson made his escape for parts unknown.

Nine Shots At a Burglar.

Scotland Neck, N. C., Sept. 13.—News came from Hobgood yesterday that the store of Mr. R. J. Shields there was robbed the night before. Mr. Harris, a clerk, who was sleeping up stairs, was awakened by the striking of a match in the store below. He went to a window in a partition, through which he could see down into the store, and saw some one moving about cautiously. He fired five shots, and the man called out, "Don't shoot any more. You have killed me now. I'll give up." Mr. Harris fired four more shots, and the man then escaped through the front door. He had entered by the door, and had succeeded in opening the first door of the safe, but had not opened any of the drawers, and so took no money. Shoes, hats, razors and the like were missed from the store. Bloodhounds were brought from Suffolk, but they could track the thief no further than the railroad. The shooting at the thief occurred about 11 o'clock at night, and the hounds did not arrive until early yesterday morning.

An Advertising Bank.

A Chicago savings bank has increased its business enormously by shrewd advertising in the newspapers. The manager scoffs at the suggestion that advertising is beneath the dignity of a financial institution. "We have induced thousands of careless people to become savers by daily calling their attention to the advantages of having money laid by," he says. "No concern should be too dignified to tell the people through the newspapers what they should be told." —Philadelphia Record.

Autopsy Examination.

The autopsy examination held Saturday over President McKinley's body shows that death was caused by gangrene. The doctors failed to find the bullet. The President's remains are to be taken to Washington City this evening where they will lie in state until Wednesday afternoon. The body will then be taken to Canton, Ohio, the President's home, for interment Thursday.

Suppressing the News.

The practice of keeping things out of the paper makes it very difficult for a daily newspaper to do its duty and give all the news.

If the paper declines to "leave out" the item the applicant becomes very indignant, if it yields and a contemporary later publishes the news it never occurs to the gentlemen that he has injured the legitimate business of a newspaper.

The newspapers get tired and sick of being importuned to keep things out. The reporters get discouraged, the newspaper readers, hearing of something which ought to have been published on time, make derogatory remarks at the apparent lack of enterprise manifested by the journal that has been worked and imposed upon.

On the 13th of August a shocking crime was committed in this county. Yesterday, the 13th of September, the criminal was hanged in the county jail.

When and How to Paint.

The best time of the year to paint is when the spring rains are over and the wood is dry, but before flies get too plenty. After the bulk of flies are gone in the fall is also a good time. Most farm buildings can be painted by the owner or farm hands without employing an experienced painter at high wages. In applying the paint the two important points to bear in mind are to have it of the right consistency and to spread it thin and evenly. Always hold the brush and hand at right angles to the material which you are painting and do not be afraid to use plenty of elbow grease to brush in the paint. The most durable paint for outdoor work is pure white lead and raw linseed oil.

Feeding Young Chicks.

Chicks will do without food for the first 24 hours, but when they do begin to feed they should be fed constantly. At first their food should be bread crumbs dry or soaked in milk and the yolk of a hard boiled egg. Afterward give small grain, wheat, groats, canary seed, a little hemp seed, bits of cooked meat and sparingly of green stuff. Feed every two hours for the first two weeks, then gradually extend the time until the meals are given three or four times a day. When the chicks are a week old, they should be allowed to run about in the open air. Do not let the chicks out too early in the morning, even when a month old, as the wet grass is bad for them.

Let us tell
you about

Our Ready Made Garments.

They are a great convenience—so easy to come in and buy a skirt ready to put right on. Then they have such a nice set too, provided you buy the right make, and this is the kind we claim to have.

Rainy Day and Dress Skirts

We are showing have that correct stylish hang, peculiar to high class tailored garments. The many expressions of satisfaction with the beauty and comparative cheapness of our skirts is very gratifying and more than repays us for the labor and thought expended in our efforts to bring together a comprehensive showing of ready-to-wear apparel in up-to-date effects. Come to see them.

ASTHMA CURE FREE.

Asthmalene Brings Instant Relief & Permanent Cure in all Cases
SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. Wells, of Villa, Ridge, Ill., says: "Your bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

We want to send to every sufferer a trial treatment of Asthmalene, similar to the one that cured Mr. Wells. We'll send it by mail post-paid, absolutely Free of Charge, to any sufferer who will write for it, even on a postal. Never mind, though you are despairing, however bad your case. Asthmalene will relieve and cure. The worse your case, the more glad we are to send it. Do not delay, write at once, addressing Dr. Taft Bros' Medicine Co., 79 East 130th St., N. Y. City. Sold by all Druggists.

Good Music.

At the Baptist church last night the children took the place of the choir and furnished the music for the service. It was astonishing how well they sang. There are some fine voices among them and if they are properly trained they will make music sure enough some of these days. A large congregation greeted them at their first appearance in the role of a "church choir."
