**FALL SELLING.**

**Putting it Strong.**

And why not? When the merchandise and prices will back up the statements made concerning them, we have every right to "Put it Strong." There is nothing wrong in emphasizing excellence when the emphasis is within the bounds of truth, when facts are given without misrepresentation.

**Our "Ad" States Facts.**

Just facts, something well worth remembering. Counters and tables piled high. Stacks and stacks of mens, boys and youths clothing. Every place rambled and packed with shoes. We can show you to your entire satisfaction. Counter room needed in our dress goods department. Selling must continue to relieve the pressure. Come early before the best things are gone. All the latest styles and weaves in dress goods. Agents for Standard Patterns.

**RICKS & WILKINSON.**

**SCHOOL BUILDING BURNED.**

The Old Masonic Lodge Entirely Destroyed.

About 10 o'clock this morning while Masonic Hall school was in progress, a colored woman passing the building saw fire on the roof near the flue. She rushed in and informed Miss Thornton, the teacher on the first floor, that the building was on fire. Miss Thornton dismissed the children in her department and at once went to inform Miss Parker, the teacher on the second floor. Naturally the children were greatly excited, but they were all quickly out of the building without any harm being done to any one. The children saved nearly all their books.

An alarm was sent down town, and as quickly as possible the fire department and citizens responded. There was very little water in the neighborhood of the building and no ladder long enough to reach the roof, and owing to the distance from the centre of town the fire had spread all over the roof before the department could arrive and get ready for work.

The nearest water was the small cistern on the premises occupied by Rev. J. N. Booth, near the Baptist church. The steam engine and hand engine both went to this and a line of hose was run to the burning building, three blocks away. Soon after the stream was turned on it was seen that the fire was yielding to the fight made upon it, and it began to look like most of the building, with the exception of the roof, would be saved. But at the point when all hopes were highest, the pump to the steamer broke and nothing else could be done but stand by and see the building burn down. It was a total loss.

The fire originated on the roof from the flue. The property was owned by Greenville Masonic Lodge and the loss is something above \$800 with \$400 insurance in J. L. Sugg's agency.

Owing to the building being in the centre of the lot with a thick growth of evergreen trees in front of it, other buildings in the neighborhood were not in much danger.

A large number of the school children stood around and saw the building burn, and cried piteously as the flames devoured it. Their grief at the loss touched many hearts. It was also saddening to the Masons to see destroyed the building in which they had held so many pleasant meetings in years gone by. It was one of the landmarks of the town and had stood there more than half a century.

The destruction of the school building means a much more serious loss to the town than can be measured by its money value. The Masons will take steps at once to secure a building, if possible, in which to continue the school.

Judge W. A. Hoke declines to be a candidate on the Democratic ticket for a place on the supreme court bench. He is an able, fair, honest judge and reflects distinguished lustre upon the superior court of the state. In common with a great many people in North Carolina The Messenger holds him in profound respect for capacity, integrity, dignity and fidelity.—Wilmington Messenger.

**Mr. JIGGERS**

If you want to avoid Shoe trouble this Fall come here. Every man likes a neat dressy Shoe, but it is difficult—many times, to combine style with comfort. The average man has neither time nor inclination to try on Shoes for half an hour to find which pair hurts the least. He wants to be fitted QUICKLY and we DO IT! No need to ask if our Shoes are durable. We guarantee them to give satisfaction or money back. Here are some special styles—note the prices:

Our store has long been famous for the style and comfort of its Shoes. This season we are showing a greater variety of styles than ever, including Calf, Vici Kid, and Box Calf; all sizes and widths. **\$3.50**

One of our most popular lines in Men's Shoes consists of Patent Leather, Vici Kid, French Calf and Enameled Leather; all sizes and widths. **\$4.00**

Men's Patent Kid and Patent Leather Shoes, hand-sewed throughout—Shoes for smart dressers, equal to custom-made Shoes at \$7.00 and \$8.00—our price **\$5.00 & 5.50**

OTHER GOOD THINGS IN MEN'S FALL SHOES. COME SEE THEM.

**FRANK WILSON,**  
SHOE DEALER.

**SERIOUS ASSAULT.**

Mr. W. H. Proctor Stricken by Jake Latham, Colored.

Mr. W. H. Proctor occupies the Rountree house near the corner of Pitt and Third street. Early this morning he was out hitching up his horse. Jake Latham, a colored drayman, drove by that way, and Mr. Proctor had some words with him about a water barrel belonging to him which he said Jake had. What words passed between them is not known, as no one else was near enough to hear, but they must have been such that both men got mad.

Jake had a shovel on the wagon with him, and with this he struck Mr. Proctor a blow on the head, knocking him down in the street and rendering him unconscious.

Seeing what he had done Jake came down town, he said for the purpose of giving himself up, and was stopped in front of the Court House by Deputy Sheriff Leon Tucker, taken in custody and placed in jail to await the result of Mr. Proctor's injuries.

Mr. Proctor was carried into the house and physicians summoned. They found him bleeding at the ears, nose and mouth, and think the base of his skull is fractured. He could not be roused and lay unconscious all day.

**Trouble Repaired.**

Immediately after the fire today the steam engine was overhauled, when it was found that the pump was not broken but had got out of fix so it would not work. The trouble was removed and this afternoon the engine was tested and found in good working order again.

**Subscriber For 58 Newspapers.**

Prof. W. H. Lynch of Mountain Grove Academy at Mountain Grove, Mo., is credited with reading more paid for newspapers than any other man in the United States says the Kansas City Times. He subscribes for 58 newspapers six of them dailies. The professor was in Kansas City yesterday, and in discussing the papers, said:

"I use the newspapers in my classes. They are the best instrument in the world for teaching current history and geography. The real drama of life in its varied forms of commercial, political and social relations must be seen and learned through 'the mirror of the world,' the newspaper. Every Friday morning in the academy is devoted to the reading of newspapers."

The Marshall Enterprise says that Mr. E. N. Fry made 950 bushels of corn on 28 acres—an average of over 37 bushels to the acre. Good farming, and others should emulate a worthy example. The Enterprise is precisely right when it urges "that a better system of farming must be inaugurated. We must cultivate less land and raise more grain" Every farmer should resolve to cultivate no more poor land, but only improved land. Do that and there is money in it. Make home manures.—Wilmington Messenger.

**Tax Notice.**

The tax books of the town of Greenville have been placed in my hands for collection of taxes. All who are due for taxes will see me at once and settle, and save cost. Office in court house.  
Oct. 22, 1901.

Advertising rates are liberal and can be had on application to the editor or at the office.

We desire a live correspondent every Postoffice in the county who will send in brief items of news as it occurs in each neighborhood. Write plainly and only on one side of the paper.

FRIDAY, OCTOBER 25, 1901.

Now what have those opposed to Greenville's progress got to say about no water in case of fire? The Masonic Hall school building could have been saved with ease if water had been near enough to be available in time.

Financially the Pan-American Exposition at Buffalo has been a gigantic failure. The directors have decided to close the exposition on the night of November 2nd, and the accountants have figured up that the shortage will exceed \$4,000,000. Considerable litigation will follow. Doubtless the railroads are largely responsible for this failure of the exposition, as they charged such high rates for transportation that the people were largely kept from attending.

The destruction of the building in which the Masonic Hall School for girls has been conducted for a little more than a year, should appeal to every citizen of the town. After the Masonic Lodge changed its place of meeting to a hall down town, the old building was rented for school purposes. The parties who had so occupied it moved away from town. It looking like the town would not have a school for girls, in the summer of 1900 the Masons discussed the matter and decided to open a school in their building. A Board of Trustees was appointed, teachers were employed, and for a year the town had a most excellent school.

This school was not started with a view of making money, but only that the Masons, as well as other people of the community having daughters, might have a good school at home to which to send their girls. The first year of the school was an actual expense to the Lodge of \$125—that is the receipts from the school lacked \$65 of meeting all expenses, which deficiency was drawn from the treasury of the Lodge, and this added to the \$60 per year formerly received as rents makes \$125 cost to the Lodge. However, the school was so excellent and so badly needed that all felt satisfied, even if it had cost more than the income.

In the meantime, last spring Greenville voted for graded schools, and the Masons, wishing to aid all educational movements, decided to discontinue their school at the close of the term and made announce-

ment accordingly.

As the summer advanced it was found that graded schools for Greenville were yet well in the future, and it appearing that the town would again be without a school for girls, the Masons decided to re-open the Masonic Hall School. The same teachers were employed and the school opened again with the beginning of the fall term.

But now fire has robbed the Masons of their building, yet they and all other citizens do not want to see the school stop. But if the Masons have to rent a building for this purpose in addition to having to make good any other shortage that arises, it can be seen at once, that the Lodge will be bearing more than its share of the burden.

Now the way the matter appears to THE REFLECTOR—though we say this without the knowledge of the Masonic Lodge—is that the citizen of the town should interest themselves in the matter and at least provide the building in which to carry on the school. The time to act on this matter is right now, as the school ought not to stop a single day if possible to prevent it.

**Attention Masons.**

Special communication of Greenville Lodge No. 284 A. F. & A. M., tonight at 8 o'clock. Business of importance. Every member requested to be present.  
E. E. GRIFFIN, W. M.

**The Best Prescription for Malaria**  
Chills and Fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteless form. No cure, no pay. Price 50c.

According to an article published recently in a French chemical journal, the output of sulphur in Sicily has increased from 150,000 tons in 1860 to 447,000 tons in 1898. The world's production in these two years was 157,000 and 488,000 tons. Sicily furnishing about 90 per cent. The amount of sulphur in the ore varies from a very rare richness of 75 per cent. to 20 or 25 per cent. in the ordinary ore. The older method of obtaining sulphur from its ore was by setting fire to it in heaps or in kilns, the sulphur itself serving as fuel. This method has, however, been discarded both on account of the waste and because of the intolerable nuisance to which the fumes of the burning sulphur gave rise. Extraction of the sulphur with carbon bisulfide or with a concentrated solution of calcium chloride is in many cases used, but the only method in which no noxious fumes are generated is the extraction with steam under pressure. The extent of the industry is rapidly increasing, and Sicily will long continue to supply the major part of the world's production.

**Notice to the Public.**

After 14 years of experience as a mechanic and six years as a contractor, I have located in Greenville as my home and am prepared to do any and all kinds of carpenter work. Any one wishing to build give me a trial. I will guarantee perfect satisfaction.

Yours to serve,  
E. B. McLOHON.

Any one wishing reference I refer them to J. B. Gardner, Ayden, N. C., Mr. A. G. Cox, Winterville, N. C., Mr. J. J. Cherry, Greenville, N. C.

**You Know What You are Taking**  
When you take Grove's Tasteless Chill Tonic because the formula is plainly printed in every bottle showing that it is simply iron and quinine in a tasteless form. No Cure, No Pay. 50c.

**FOR HARNESS** and Saddle Sores Mexican Mustang Liniment is just what you need. It takes effect at once, and you will be astonished to see how quickly it heals sores!

It's this way:

You can burn yourself with Fire, with Powder, etc., or you can scald yourself with Steam or Hot Water, but there is only one proper way to cure a burn or scald and that is by using

**Mexican Mustang Liniment.**

It gives immediate relief. Get a piece of soft old linen cloth, saturate it with this liniment and bind loosely upon the wound. You can have no adequate idea what an excellent remedy this is for a burn until you have tried it.

**A FOWL TIP.** If you have a bird afflicted with Roup or any other poultry disease use Mexican Mustang Liniment. It is called a STANDARD remedy by poultry breeders.

A hydrant on the corner would have saved the Masonic Hall School building.

I replate watches for 50 cents and up. CAMPBELL, Jeweler, in Little White Front.

The fire alarm this morning was the first Greenville has had in just seven months and one day.

**"Commercial Democracy."**

Mayer Hahn, Collector of Customs for the Pamlico District of North Carolina, with headquarters in this city, yesterday received word that Charles U. Clark, Jr., had been appointed Deputy Collector and Inspector at this place, to succeed the lately deceased Wm. E. Clarke.

Mr. Clarke is well known in this community as a gentleman of fine ability, high social standing and thoroughly equipped for the duties of the office to which he has been appointed.

In politics he is known as a "Gold Democrat," and has been a strong advocate of the principles and policies of President McKinley, and politically considered his appointment is regarded as a very strong one.

Mr. Clark was recommended by Mr. M. Hahn, Collector of Customs here, who was familiar in every way with the standing and character of the new appointee.—New Bern Journal.

**Number of Law Breakers.**

While nobody can doubt the prevalence of crime it looks surprising that there are many as two hundred and fifty thousand habitual law-breakers in the country. In 1850, it is said there was but one criminal to every 3,422 inhabitants. This proportion by 1870 had changed to one in 1,171; in 1890 to one in 786, and at present here is on hand a representative of the vicious fraternity in every 100 of people. To attend to these vil-doers, between police and their capturing, trying and guarding agencies, there are considerably more than a hundred thousand men employed so that it is estimated if all the criminals of the land were to suddenly reform, in addition to what they steal and amaze they would effect a saving to the nation, through the various channels in which the change could work, of over \$135,000,000 a year.—Ex.

The American hog figures large in our commerce. The hog products exported last year exceeded value the exports of iron and steel manufactures by \$2,000,000. Wilmington Star.

**ELECTRICIAN.**

can furnish and install electric bells, electric buzzers, electric door openers, and anything electrical. Prices on application.

The Famous Parke Fountain Pen

Writes Right Every Time.

At Reflector Book Store.

## PERSONAL NOTES.

Those Who are Passing This Way.

B. W. Mosley went to Bethel today.

J. D. Gwynn came in this morning from Danville.

D. J. Weisiger, of Richmond, left this morning.

D. C. Moore returned Thursday evening from Bethel.

H. W. Whedbee returned Thursday evening from Bethel.

Mayor W. H. Long returned Thursday evening from Wilson.

W. L. Brown returned Thursday evening from the Raleigh fair.

Mrs. O. G. Calhoun, who was visiting Mrs. F. G. Whaley returned to Halifax today.

Mrs. J. J. Laughinghouse and little daughter returned Thursday evening from Chapel Hill.

Dr. Zeno Brown left this morning for Baltimore for treatment in the hospital. His brother, W. L. Brown, accompanied him.

Mrs. W. R. Ware, of Reidsville, who has been spending a few weeks with her mother, Mrs. Clara Brown, near Greenville has returned home.

He Advertised Himself.

Riding with two ladies, he reached out a long whip and hit a harmless goose near the road.

I do not want any of my grandchildren to fall into his hands.

A. D. BETTS, Bethel, N. C.

Building Sold.

Mr. J. G. Moye has sold the Dr. Brown office building to Mr. E. E. Griffin, and the latter is having it moved to the lot he recently purchased, on Third street east of Cotanch.

Why the Difference?

In July I paid sixty-five cents in Greenville for putting on two horse shoes. In October I had four put on nicely and quickly for sixty cents at Wakefield.

One was too high, or the other was too low.

A. D. BETTS, Bethel, N. C.

Turkish Tobacco.

Mr. Charles Skinner showed THE REFLECTOR a bunch of Turkish tobacco that was sent him by his son, Charlie, who is at work for the American Tobacco Company in New York. This tobacco is very different from the kind grown in this section. It is very dark and strong, and the leaves are not larger than an ordinary envelope. The Turkish tobacco brings high prices.

Where He Got the Idea.

A gentleman who was in Raleigh yesterday said that North Carolina Republicans would no doubt endorse President Roosevelt's inviting Booker Washington to dine with him. Why? He suggests that the President got his idea from the Greensboro meeting, which was held in a dining room and where Harkins and Jim Young and other white and colored republicans fraternized upon the terms of perfect equality.—News and Observer.

A Happier Man Now.

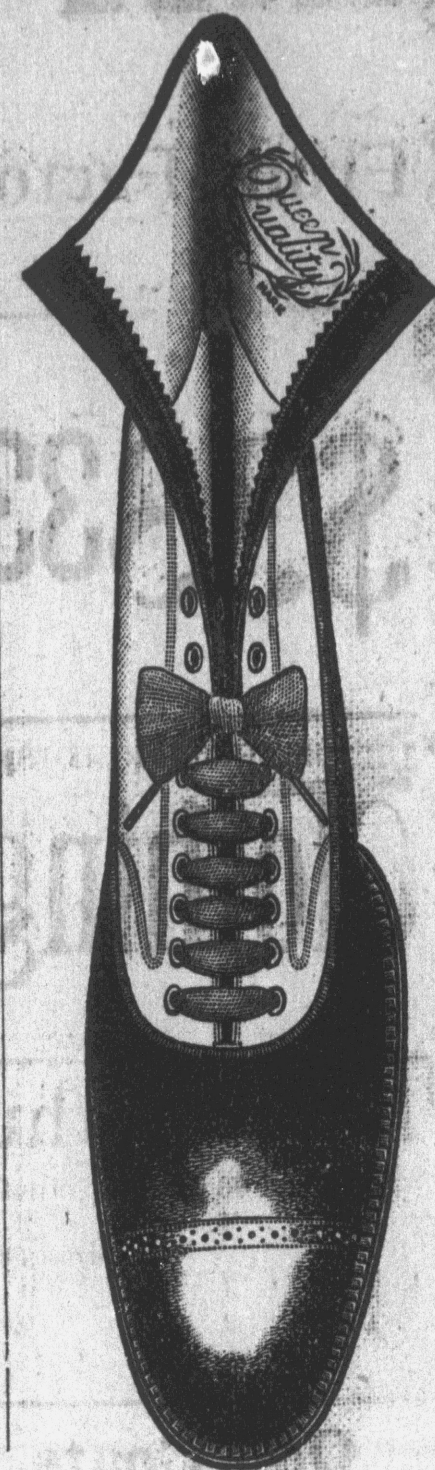

P. R. Summers, of the Durham Bottling works, is a much happier man today than he was at one time yesterday. He came down from Guilford county, where he had been visiting relatives. After getting here he discovered that he had lost a roll of greenbacks amounting to \$140. He took the next train back to Guilford county on the hunt for the lost money. Upon arrival there he found that a relative had picked it up, so he got it back without the loss of a cent. It was enough to make a person feel good.—Durham Sun.
