**THEY DID NOT MARRY.**

Thoughtlessness of Young Man Spoiled the Plan.

There was an attempted run-away marriage here Sunday that failed to carry through. Rumor says that for sometime a young man and young lady, in a certain section of the county, were making love and wanted to get married, but there was parental objection coming from the young lady's side. Last week the lady came to Greenville to visit relatives. Saturday the young man came to town and began making inquiries as to where she was visiting. He found out the place, and Sunday he came again, bringing a friend with him to help along his plans. He called to see the young lady and arranged for her to meet him after supper at another house just outside of town. She was there at the appointed time, as was also the young man with his friend, but the prospective bridegroom had failed to provide himself with either a marriage license or a minister to perform the ceremony, and in this dilemma their plans were discovered and stopped.

**Old Maids' Convention at Ayden.**

The people of Ayden have a rich treat in store for them, as we learn the Old Maids' Convention will hold forth in that town next Friday night. Greenville recently had the distinguished gathering, and the people here have not quit laughing over it yet. We give the Ayden people notice that they had as well sew all their buttons on tight and provide a little sore throat liniment, for they will be sure to laugh as they have never laughed before. Delegates to these conventions usually arrive early to take in the town where they meet and we hear that some of them will reach Ayden by Wednesday. The wife hunting men there should be ready to meet all trains and our correspondent there will report all arrivals.

**Here is the Chart.**

Politicians are being interviewed as to the best way for Democrats to win. The Messenger holds that the sure and proper way is for the Democrats to be Democrats, to stop quarrelling, to cease to scramble for office, to remain faithful to fundamental principles, "to be what you seem," and to antagonize the corrupt, evil, ruinous, dangerous Republican party at every point, at every turn, all the year round, and in all years, off-years included.—Wilmington Messenger.

**Marriages for the Year.**

During the fiscal year from Dec. 3rd, 1900 to Dec. 1, 1902, Register of Deeds T. R. Moore issued 362 marriage licenses, 150 for whites and 212 for colored. This lacked only three of being one license for every day in the year. For the previous year the total number was 313, and for the year ending Dec. 2nd, 1899, it was 360. The past year was a little ahead of any since Mr. Moore has been in office.

Men leave their troubles to others just as easy as a girl leaves the dirty dishes for her mother to wash.

Our \$15.00 Suits are so good that we say to you, buy one and you will get the \$15.00 back if you don't like the suit.

If we make any sort of mistake, bring the suit back and let us make it right.

Call it our generosity, call it your generosity, call it fairness, call it anything you like.

But do it.

By the way, \$15.00 is the place where we can put the most value into our suits. Why?—that's a long story.

The suits tell it.

We do what we say we do.

MONDAY, DECEMBER 2, 1901.

Two notable religious bodies in this State hold their annual meetings this week, the North Carolina Conference at Fayetteville and the Baptist State Convention at Winston.

Rev. T. J. Gattis comes out winner again in his suit, tried at Oxford, against Dr. J. C. Kilgo and E. N. Duke. There were three defendants in the case, W. R. Odell being the other, but he was not held responsible for damages.

An Unusual Case.

Sam Ange, of Jamesville, while working in the woods near that town on Tuesday was struck by a limb of a tree and a hole as large as a walnut was knocked in his skull, and the brains oozed out. In this condition Mr. Ange walked from the woods to the river some distance from where he was struck.

During this time Mr. Ange retained consciousness and talked freely with those present.

When the physicians were ready to dress the wound, he walked to the operating room. Nearly two ounces of his brain was removed and when the doctors had finished Mr. Ange waked up and was still conscious.

A telephone message received here yesterday afternoon stated that Mr. Ange was still living, free from fever and was still conscious.

Mayor Morris, of Ottawa, Canada, proposes to get even with the local coal dealers who have made a combination on the price of coal and shoved the price up \$1 higher than it can be obtained in neighboring cities, by establishing a municipal coal yard.

WASHINGTON LETTER. From Our Regular Correspondent. WASHINGTON, D. C., Nov. 30. With the aid of Senator McLaurin, who, it is believed, will remain a democrat until the time approaches for the presidential convention when he will declare himself a "Roosevelt man," irrespective of party, the President has practically reorganized the republican machines in North and South Carolina and the former members, who were under obligations to Senator Hanna, are now out in the cold.

In Missouri, Mr. Roosevelt is deferring his decision in the Kerns-Hitchcock controversy but it is alleged that whichever faction comes out squarely with a pledge of support in the next presidential convention will be declared the winner. In Illinois he has secured pledges from a large number of the leading republicans and probably of the entire republican machine, although it has not been his policy to show his hand but to move quietly and deliberately but with certain aim so that before he has been in the White House a year he may feel relieved from all uneasiness because of the existence of the Hanna machine which twice nominated Mr. McKinley and was scheduled to nominate Mr. Marcus Hanna in 1904.

I have it on excellent authority that the President hopes to score a masterstroke by the recommendation in regard to reciprocity with Cuba in his forthcoming message. He will, I am told, attempt to steer between the Scylla of the high protectionists and the Charibdis of the Oxnard faction and at the same time gain the Golden Apple of Sugar Trust favor by recommending a material concession in the tariff rates on raw Cuban sugar. It is worthy of note in this connection that the report of Secretary of War, Root, who, by the way, stands very close to the President, recommends a "reasonable reduction in our duties on sugar" imported from Cuba, saying that "Our present duty to Cuba can be performed by the making of such a reciprocal tariff arrangement with her as President McKinley urged", etc.

In this connection some figures on our sugar consumption and on republican methods of raising a revenue may prove interesting. Our consumption of sugar for the current year is estimated at 2,360,500 tons of which amount domestic producers, using the term to include the producers of Porto Rico and Hawaii, furnish approximately one million tons, leaving a balance of 1,360,500 tons on which a duty of about \$36 per ton is collected.

This means that the government receives in sugar duties approximately \$49,000,000 but, as this duty enables the domestic producers to charge as much for their sugar as the imported sugar costs with the duty added, it also means that the consumer pays into the pockets of the domestic producers \$36,000,000 and that the consumer pays a total of \$85,000,000 a year for sugar in order that the government may receive a revenue of slightly less than \$49,000,000. These figures show how far republican plutocratic tendencies have carried the party since the period, some ten or twelve years ago, when the republican war-cry was "A free breakfast table for the American workingman". I understand that when Con-
