Ricks & Wilkinson

This is Greenville's
Fastest Growing Store.

WHY?

BECAUSE no other store Anywhere is so diligent in the interests of the buying public to which it looks for support.
BECAUSE nothing but absolutely reliable merchandise is admitted here at any price--that point is of vital import.
BECAUSE the prices we ask are the lowest known to the merchandise world for goods of the quality we sell.
BECAUSE every sale that we make is backed by an absolute personal guarantee of satisfaction to the smallest detail.
BECAUSE every thing is done to promote your personal comfort while shopping, and to fulfill the most exacting requirements.
And so we might continue to name reason after reason almost without end. No really careful buyer will pass the offers we make without investigating them. Look at this double column full of Economy opportunities for this week:

White India Linen, White Persian Lawns, White Piques. The prices start at 5½c and by an easy rising scale run up as high as 75c.

French, Austrian and Japanese Fans in all the latest new creations in Crepe paper, Silk Gause and all floral designs 5c, 10c, 15c, 25c, 50c, 75c and \$1.

Zephyr Dimities.

Something entirely new this season, and just as pretty as they are new. We could offer them as a bargain at 12½c, but this week we say 8½c.

American Made Percals.

Full 36 inches wide, new and attractive designs. No better American Percals to be found anywhere. Worth 12½c. This week 8c.

Burham Chaleys.

2,000 yards Chaleys that was never such pretty styles and designs at 10c. This week we say 8c.

National Lawns.

In 15 new and attractive designs such as never was put in anything but 15 and 20c lawns before, in natural linen color with red, blue, green and black stripe and dots. We can't buy any more this season at any price. As long as they last 6c.

BIG FIRE AT AYDEN.

Entire Block in Business Section Destroyed.

About one o'clock Sunday morning the town of Ayden, 10 miles south of Greenville, was visited by the worst fire in its history. The fire started in the barber shop of W. H. Dew, situated in the heart of the business portion of the town, and spreading in both directions, destroyed an entire block before it could be checked. Unfortunately the town had no equipment for fighting fire and the people only had to stand and see one after another building swept down before the flames, saving what they could of the contents. The fire is believed to have been the work of incendiaries.

The following list of losses obtained by THE REFLECTOR this morning will give some idea of the extent of the fire:

W. H. Dew, fixtures in barber shop, about \$200, no insurance; J. T. Smith, Jr., stock, about \$300, no insurance; Dail Bros., stock about \$800, no insurance; J. B. Smith & Bro., three stores and stock, \$20,000, insurance, \$7,000; Mrs. J. A. Davis, stock of millinery, could not learn amount of loss or insurance; Dr. Joseph Dixon, office, about \$200, no insurance; Free Will Baptist printing office, most of contents except large press saved, insurance \$1,000; W. F. Hart, two store buildings, no insurance; W. T. Hart, one store building, no insurance.

Greenville sympathizes with her neighbor in this misfortune. Such heavy losses with so little insurance is a severe blow to Ayden, but we hope the pluck characteristic of the sufferers will assert itself and that they can soon rebuild and resume business again.

Marriage Licenses.

Register of Deeds, T. B. Moore, issued the following marriage licenses last week:

WHITE

A. D. Johnston and Lovie Smith.

COLORED.

John Moore and Sylvania Dail; Willie Johnston and Puss Daniels; Noah Williams and Hattie Cannon; George Phillips and Jane Anderson.

Mayor's Court.

Mayor Long has disposed of the following cases since last report: Sam Bryant, tethering horse in open lot, fined \$1 and cost, \$2.95. Joseph Moye, permitting horse to run at large, fined one penny and cost, \$7.96.

Charlie Donelson and John Teel, affray, bound over to Superior court.

Afternoon Service.

The Methodist church has decided to begin the first of June holding the Sunday evening service at 5:30 o'clock instead of at night. We believe the change will be a comfortable one for summer.

Fire In Beaver Dam.

Mr. Augustus Philips, of Beaver Dam township, lost a barn by fire early Sunday morning. It is thought someone robbed the barn and then set it on fire to cover up the first crime.

Cushion Sole Shoes

A perfect boon to tender or corn-troubled feet. They are unquestionably the shoe of shoes for tender feet. To begin with, they combine graceful style, handsome appearance and comfort. Then the prices are right. The best of leather. Latest lasts and toe shapes. All sizes and widths. There is satisfaction in every shoe. Genuine "Cushion Sole" Shoes require no "breaking-in." They are fitted with soft, non-conducting leather-covered "Cushion Soles" which, while conforming to the shape of the foot, do not lump-up. They are perfectly easy, noiseless and act as a cushion to your every step. The soles being non-conducting, keep your feet at an even temperature in all weathers. It is the ideal shoe for tender feet. Step in and see this shoe. Try it on. You will be surprised at the absolute foot comfort it will give you.

THE REFLECTOR sympathises with the Free Will Baptist, at Ayden, in the loss sustained by fire Sunday morning. We hope the brethren will soon have their office in shape to resume work again.

The tobacco market will bring more people to Greenville next fall than are here at present. With not a desirable dwelling house for rent here now, the new comers cannot be provided for unless more houses are built. More houses are needed and it will be a good investment to build them.

How to Beat the Beef Trust.

Since the recent elevation of the price of beef by the trust which controls this product, there has been, of course, a great deal of advice to the people not to eat it, and this advice has, through anger or necessity, been to some extent taken. In some of the cities, notably New York and Philadelphia, anti-beef meetings have been held and many people have signed pledges to buy no more beef until the price comes down. But the practical question is how to get along without it, and the answer to this is furnished by Prof. Wiley, the chief chemist of the Department of Agriculture at Washington, who is evidently a practical man. Since the meat question became uppermost he has been conducting a series of investigations, and has ascertained that the mule, the strength of which particularly as to its hind legs, is known of all men, eats no meats; that the bull, "which can toss a 300-pound man over a ten-rail fence," is a vegetarian, as is also the monkey, which can lift by his tail three times his own weight.

These discoveries Professor Wiley has carefully laid before the public, with the other and further information that men who feed mainly on cereals "are capable of enduring the hardest manual labor." To all this a carefully contemporary, which looks into things, add that a recent report of the health commissioner of the State of New York discloses the fact that cancer is on the increase; that in fifteen years there have been eighty two deaths from this disease in the village of Bridgeport, near Utica, New York, and that the families in which these deaths have been found to be large meat eaters.

All this is the stuff. We see from these disclosures that it is both to our financial and physical interest to abjure beef which is sold on the trust basis. If we buy it we pay tribute to the trust and add to our financial embarrass-

ment, and if we eat it we have cancer. Let us all therefore, for a double reason, resolve with St. Paul as to meat in general—he quit it because he had been told that it made his neighbor to offend—that we will eat no more trust made beef so long as we shall live.—Charlotte Observer.

ORIGINAL OBSERVATIONS

Made By The Orange, Virginia, Observer

Everything that a man likes to do a woman can prove is positively wicked.

The man who wears his religion on his coat sleeve is very often out at the elbows.

Some men believe so strongly in truth that they seriously contemplate using it in their conversation.

There was a time when a man who was hard up tried to hide it, but there is no such thing as hiding it now.

Every man believes that if the woman who is a man hater knew him she would be a man hater no longer.

You can never measure how long a man will be missed in this world by the length of his widow's veil.

It is suggested that the art of attending to one's own business ought to be taught in the public schools.

The only time a man of experience takes his wife into his confidence is to tell her he is not making any money.

A FIVE DOLLAR JOKE.

Mr. Lee Fairchild, who is coming to the front as a humorist, visited San Francisco not long ago and, like many literary pilgrims to the west, determined to pay a visit to Mr. Joaquin Miller, poet of the Sierras, who lives in a charming villa in the Contra Costa foothills across the bay from the Golden Gate.

"What will you charge me to drive to Joaquin Miller's?" Fairchild asked of an Oakland cabman.

"Five dollars," was the response.

The humorist got in and started away over the long, rugged road leading to the poet's side hill hermitage. It was evening when he started. The night had settled, and the moon was up when he arrived. He paid the driver and was about to open the rustic gate to the famous home when the cabman said dryly:

"I suppose you know that Joaquin is not in California at the present time."

The humorist thought quickly and, smothering his indignation, replied:

"Oh, yes, of course; I merely wanted to see how his place looks by moonlight."—Saturday Evening Post.

Sympathetic Woman.

Mr. Gowitt—Dr. Bolus says if I don't ease up a bit in my work I'll be dead in a year.

Mrs. Gowitt—But you will have nothing to reproach yourself with, since you've got your life insured.—Philadelphia Press.

"Say, pa," said little Willie Bumpentball as he looked up from his book, "what is an upright lawyer?" "An upright lawyer, my son," replied the old man, who had but recently purchased some experience from a legal luminary, "is one who lies straight up and down."—Chicago News.

BOY SHOTS HIS FATHER.

The Latter After Him With a Knife.

Hardy Harrington, colored, and his son Sam, were both at Parker's X Roads, two miles from town, Saturday night. Sam had been at work cutting timber in the woods, and his father wanted a division of his wages. Sam said he had only been partially paid off and could not divide the little he had.

Hardy then began watching Sam's movements, and about 10 o'clock saw him spending some money. This angered the father, who went up to the boy, grabbed him by the waistband of his pants and with the other hand began raking a knife across the boy's breast, abusing him and telling him what he would do to him if he opened his mouth. Sam was so frightened that he did not open his mouth, but he did open fire on his father with a pistol. Only one out of five shots took effect, but this one entered the breast and may prove fatal.

New Remedy for Potato Bugs.

From what the Gastonia Gazette says it appears that a cheap and effective remedy against potato bugs has been found in cotton seed meal. It says:

"Mr. Robert White informed us last week that he put cotton seed meal on his potato vines and in two hours the bugs disappeared—they didn't die but hustled away. He is firmly convinced of its virtues as an anti-potato bug powder, much cheaper and safer than Paris Green. He was advised to use this remedy by a neighbor at Loray, who had discovered its virtue by accident. He had emptied a sack of cotton seed meal in his cow trough and was returning to the house through his potato patch. Thinking to fertilize the ground a little, he snapped the sack a time or two to rid it of the remnants of meal. He afterwards noticed that the little patch of vines that caught the siftings remained green and growing while the rest of his crop was devoured by the bugs. If this is a genuine discovery it is one, certainly, of very great importance."
