ALL SUMMER GOODS MUST WALK.

We are anxious to sell—yes, but we are not so anxious for money that we will jeopardize our business by offering stuff we cannot stand back of. We are as jealous of our good name as we are proud of our business. Come this week and see how far a dollar bill will travel.

Mr. Wilkinson is in the northern markets buying Fall and Winter goods, and all summer goods must suffer great cuts. We mean carry over.

SATURDAY, AUGUST 30, 1902.

Just because the negro will have little or no part in the coming election does not mean that the Democrats are going to have a walk over and win out with no effort. It is just as important as ever that every man do his duty and that all work zealously for the success of Democratic principles. The Republicans will put forth every effort possible to arouse independents and create dissension in the Democratic ranks. They are given to playing a shrewd game and their object is to capture all possible this year. Democrats have work before them.

The Republican State convention met in Greensboro Thursday and a large attendance is reported. The convention was composed of none but white men, the negro being ruled out entirely. It is the first strictly white Republican convention held in the State since the civil war. Many former Populists were present taking part in the proceedings, they having become straight out Republicans. This is just as was predicted of them. Harry Skinner was there and it is said he bored everybody with a long, heavy speech. The convention endorsed T. N. Hill, of Halifax county, who has come out as an independent, for Chief Justice of the Supreme court, and made no nomination for Associate Justices. D. A. Long was nominated for Superintendent of Public Instruction and D. H. Abbott for Corporation Commissioner. The convention was bossed by Senator Pritchard and what he said went. The platform adopted by the convention was made up largely of condemnation of the Democratic party.

IMPORTANT COTTON LETTER.

Having recently visited the Eastern markets, we feel confident that our facilities for handling cotton both for mill and export trade will be much better this year than ever before, and as heretofore hope to share your patronage in the disposition of the new crop.

Now the coming season is near at hand, we desire to call you attention to a few facts that will prove beneficial both to planters and buyers, viz.: have your cotton picked out as free from trash and as clear from dirt and dust as possible; avoid packing small bales; every bale should weigh 500 pounds; never false pack a bale of cotton by putting low grade in the middle and better on each side;

never use side strips or use over six yards of bagging to the bale as every Exchange docks two pounds where over six yards of bagging is used; never let your cotton stand out in the weather if you wish to hold it any length of time, but shelter it carefully as it needs protection as much as any other crop. It is necessary to look after your gins and keep them in good order and gin while cotton is thoroughly dry to avoid gin cut cotton.

As to the future market no one can now tell what the crop will sell for, but judging from all reports so far we think prices will range from 7 to 8 1/2 cents. Exporters are now paying 8 cents in the interior for new cotton, while old cotton is selling at a premium, bringing from 8 1/2 to 8 3/4.

Future contracts for October and January sold in New York yesterday as follows: October 8.36, January 8.28.

If you will call your neighbor's attention to these important facts and carry them out yourselves you will appreciate the advice herein given at the end of the season.

Below we give the present conditions of the crops in the Southern States from the best official advice:

First—The Government report says, a deterioration in conditions is reported generally; in Texas it is very pronounced owing to dry and hot weather; but good rains even after now would greatly improve conditions, although with most favorable seasons an average yield is improbable. The most favorable conditions are reported from North and South Carolina. Georgia is hot and dry and claims serious damage. Alabama's poorest outlook in years. Mississippi reports outlook poor from continuous drought. Louisiana also hot and dry and crop below an average. Tennessee claims to be injured by rust and shedding, in fact most all the states complain of rust.

Second—Hester's Cotton Statement gives the world's visible supply 1,511,839 bales against 1,887,551 bales last year, a decrease of 375,712 of this the American decrease is 218,712 bales. The total port receipts since September 1, 1901 up to the 15th of August, 1902 was 7,463,944 bales against 7,535,366 bales for the same period in 1901, a decrease since September 1, 1901, of 71,422 bales.

Third—A strong point on consumption is that Northern spinners have taken to September 1st, 1902, 190,488 bales more than last year; this is the natural result of capital's firm confidence in the future and the expectation of a larger trade, and it has been estimated that fully 11,000,000 bales will be required to meet the consumptive demands.

The crop of 1899 and 1900 was 9,439,559 bales and last years crop has been estimated at about 10,350,000 bales, and 1900 and 1901, 10,425,141 bales.

Fourth—These statistics are worthy of careful consideration and should be the key-note of present strength of cotton. The information above given may be received as correct and as worthy the consideration of thoughtful men.

We have recently moved our office to the new brick building now partially occupied by D. W. Hardee at Five Points. We will be on the market from the beginning and better prepared than ever to give you the highest prices for your cotton. In addition we will buy cotton seed or give you in exchange cotton seed meal and at all times keep on hand a supply of cotton seed meal and hulls.

We appreciate your former patronage and desire that it may continue. You can always see us at our office or reach us by phone No 65 or by telegraph used at our expense. Yours to serve,

Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

KODOL Digests What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and sweetens the stomach. Kodol digests all classes of food and gives to the body all of the nourishment, health and strength it contains. Cures indigestion, dyspepsia and all Stomach Troubles.

"Kodol Dyspepsia Cure is just the thing for dyspepsia and stomach troubles. It has helped me more than anything else in a long standing case of catarrh of the stomach."
 Oscar King, Cherry Valley, N. C.
 Prepared only by E. C. DeWitt & Co., Chicago.

One Minute Cough Cure The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat troubles. It cures. **WOOTEN.**

To My Friends.
 It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words can not tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength of mind and body depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any good food you eat. Take a dose after meals. John L. Wooten.

Some people blow their own horns because no one else is willing to undertake the work.

Not Over-Wise.
 There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy Farmville, N. C.

When ill news comes too late to be serviceable to your neighbor, keep it to yourself.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

It is the richest who is content with the least; for content is the wealth of nature.

Boy Cured of colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book keeper for the Shell Lake Lumber Co. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

He who has not a good memory should never take upon him the trade of lying.

His Sight Strengthened.

"While picnicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Iowa. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is cure. Relieves piles at once. Beware of counterfeits. John L. Wooten.

The man who never in his life was foolish was never a wise man.

It Needs a Tonic.

There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. DeWitt's Little Early Risers expel all poison from the system and act as tonic to the liver. W. Scott, 531 Highland ave., Milton, Pa., says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. John L. Wooten.

A man's own good breeding is the best security against other people's ill manners.

A Necessary Precaution.

Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Always inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. Jno. L. Wooten.

Orders for JOB PRINTING are
solicited. Best work.

Get a free sample of Chamberlain's
Stomach and Liver Tablets at Wooten's
drug store, Greenville, and Farmville
Pharmacy, Farmville. They are easier
to take and more pleasant in effect than
pills. Then their use is not followed by
constipation as is often the case with
pills. Regular size, 25c. per box.
