

Ricks & Wilkinson

ALL SUMMER GOODS MUST WALK.

We are anxious to sell—yes, but we are not so anxious for money that we will jeopardize our business by offering stuff we cannot stand back of. We are as jealous of our good name as we are proud of our business. Come this week and see how far a dollar bill will travel.

Mr. Wilkinson is in the northern markets buying Fall and Winter goods, and all summer goods must suffer great cuts. We mean carry over.

Big Prices All The Time.

Mr. J. F. Godley, of Chocowinity, was here Wednesday. He told us that one of his neighbors informed him that prices had busted on the Greenville tobacco market, so he came here to see. He brought along a load and sold it at the Liberty Warehouse, and says he never got such high prices in his life. He said he was going back home and rake up every leaf of tobacco he can find and bring it to the Liberty.

Cut this out and take it to Wooten's Drug Store or Farmville Pharmacy and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

THE DAILY REFLECTOR.

TYPHOID FEVER.

Rules For its Prevention.

Typhoid Fever is present in seventy-five of the ninety counties reporting for July. It is therefore widely prevalent in our State. It is a communicable disease, spreading from one case to another, though generally in a roundabout fashion. Its extension can be prevented by the careful observation of certain simple rules. For the information of the people we give these rules, preceded by a statement of the reasons upon which they are based. If read and heeded by even a few, some lives would be saved and much sickness would be prevented. Read them and tell about them.

The active agency in the causation of typhoid fever is a bacterium, the Bacillus Typhosus, which attacks and causes the ulceration of certain glands in the small intestine, developing therein by myriads. They are therefore to be found chiefly in the bowel discharges, although present also in the excretion of the kidneys and to some extent in the expectoration of a person sick with the disease. From one of these sources,

nearly always the first named, the bacteria are transferred to the intestinal tract of a healthy person. The poison is always swallowed. The most common agencies of transfer are the drinking water, including milk infected from washing cans in polluted water, and the common housefly, although it may be conveyed directly to the nurse by her own soiled hands, and sometimes in dust. The most important rules therefore for the prevention of the extension of the disease may be briefly stated as follows:

1. Cover immediately upon their passage of the body discharges—to prevent access of flies.
2. As soon as possible thoroughly disinfect the discharges by mixing in equal quantity with them one of the following: (a) freshly made milk of lime or "white-wash" (unslaked lime); (b) a five per cent. solution of carbolic acid; (c) a 1 to 1,000 solution of corrosive sublimate; (d) a 1 per cent. solution of formaldehyde. After standing a half-hour (covered all the time) the mixture should be buried (never thrown on the surface of the ground) at a distance from the well of not less than 150 feet.
3. Provide in the sick-room a wooden tub one-third full of either of the three last named solutions, and drop therein as soon as removed everything in the way of body or bed-clothing, handkerchiefs, towels, etc., that have come in contact with the patient, and keep them submerged until they can be boiled, washed and dried in the sun.
4. All remnants of food that may for any reason be carried into the sick-room must be burned.
5. The nurse should wash her hands and dip them into one of the solutions, preferably corrosive sublimate, after every "changing" of the patient. She should never draw water from the family well unless a pump is used. In case it should be absolutely necessary she should disinfect her hands as above before doing so.
6. The soiled linen of the patient should never be washed at or near the well or spring. The greatest care should be observed to prevent the drainage or seepage through the soil into the well or spring from accumulation of filth of all kinds. As soon as a case of typhoid fever appears in a family all drinking water should be boiled until a report on the same can be obtained from the State Biologist, the family physician making application to the Secretary of the Board of Health for permit and sterilized bottle.
7. As the germ is present in the intestine in the preliminary stages and for several weeks after convalescence is established and the patient practically well, extra care of surface privies should be observed. Every evacuation should be immediately and completely covered with lime or dry powdered earth.

Summary.—Prompt disinfection of all discharges from the body of the patient; protection of the same against flies; special care as to the drinking water; scrupulous cleanliness. To the Profession.—As the people cannot be reached except through the medical attendant we earnestly beg all physicians having cases of typhoid fever under their care to insist upon the strict observance of the above simple rules. Printed copies of the same will be furnished in quantity upon request.—From Advance Sheets of the August Bulletin of the State Board of Health.

Run your eye over

your reflected face in your truthful mirror. Is it such as Nature gave you in color and smoothness

or have freckles, sunburn, tan, sallowness, etc., clouded its former flesh-tinted transparency? If so, apply

Hagan's Magnolia Balm

and redeem Nature's gift. Delightfully refreshing, and entirely free from all injurious elements. It gives a complexion that makes a lady look years younger.

It is a LIQUID, easily applied and sold by druggists at 75c.

High Grade JOB PRINTING done here. Send us your orders.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles—indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians, Kodol saved my life. Take it after meals. Jno. L. Wooten.

There are plenty of people lazy enough to die, but not quite dead enough to bury.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy Farmville, N. C.

The best friend any man has is his own conscience.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

There are some men on whom praise has no effect.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. Jno. L. Wooten.

No serpent distills such fatal poison as that which drips from the tongue of the slanderer.

Boy Cured of colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book keeper for the Shell Lake Lumber Co. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

Sudden wealth is very apt to made a man foolishly profuse.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. John L. Wooten.

A higher morality, like a higher intelligence, must be reached by a slow growth.

Lingering Summer Colds.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long sledge like this will pull down the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe sure acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. John L. Wooten.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pepsin and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. GEORGE S. MARSH, Attorney-at-Law, Nocona, Tex.

It can't help but do you good.

The 5¢ bottle contains 2 1/2 times as much (actual measurement) as the trial size which sells for 25¢. Prepared by E. C. DeWitt & Co., Chicago. Sold by all dealers.

DeWitt's Witch Hazel Salve a soothing, healing application for piles, sores and skin diseases. Beware of counterfeits.

J. L. WOOTEN.

SHORT LOCAL ITEMS

Snap Shots at Home News Put in Few Words for Busy Readers

me showers today.

Board of Aldermen meet tonight.

JUST RECEIVED—Rutabaga and Turnip seed. S. M. SCHULTZ.

For a good smoke try the "Havana Crook" at Reflector Book Store.

BREAK INTO THE HOMES OF THE PEOPLE BY ADVERTISING IN THE REFLECTOR

A REFLECTOR advertisement will walk into the homes every day and will let your wants be known to the people.

A REFLECTOR advertisement will bring customers for your goods, find tenants for your house, find employment or employes, in fact fill any reasonable want you may have.

THE REFLECTOR goes into the homes of the people and is read for what it carries them, hence the place to tell your wants is in THE REFLECTOR.

The cost of an advertisement in THE REFLECTOR is the easiest part.
