Big Sales With Good Prices.
The Greenville tobacco market surpassed itself today, making the largest sale on record. There was considerably more than 300,000 pounds sold. With so much on the market following the big sales of the week, it was predicted early in the day that there would be a break in prices. This did not occur, however, and there was general satisfaction that prices were so good. Greenville is the best market in the state.

Concert.

There was an impromptu concert, Wednesday night, at the Stieff Piano Co. music room in Sam White's store, which was engaged by a number of ladies and gentlemen who gathered there. Mr. L. M. Lanier, the performer of the company, favored the assembly with several vocal and instrumental selections. He is a piano artist of high merit. Mr. A. A. Forbes, Jr., also sang some splendid selections.

The Star Keeps Shining.

Hearing such a rumbling and rattling of carts and wagons over in the tobacco section, Wednesday night, we took a brief stroll to the Star Warehouse to see what was coming in. At 9 o'clock there were 82 loads in the house and it kept coming in all through the night and this morning. The brightness of the Star can't be dimmed. They are selling tobacco and getting high prices for it.

Got Across.

Once upon a time a man was hemmed in by wild animals. He could go no further, as a deep river was in front. He had no boat or balloon. Nor could he swim. He had to dig a hole in the cliff and hide. Being weary and tired he fell asleep and in his poetic fancy he dreamed that a departed friend who was in flesh some sixty years ago guided him across. (Curtain), Moral: Don't go hunting without your gun.

Words and music by C. G. Stone of Cable Co.

The police force and the fire department of Wilmington combined for an exciting few moments the other day and arrested a man.

It is rumored that some independents have been discovered over in Halifax.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. John L. Wooten.

THURSDAY, SEPTEMBER 11, 1902.

Section 20 of the town ordinances suffered divers and sundry fractures, contusions and dislocations Wednesday night. Someone remarked this morning that the Battle of Gettysburg was reproduced. No fatalities have been reported, but a bullish tendency in ammunition for rapid fire guns is the feature of the local market to-day.

The breaks today will exceed anything to date, this season. Tobacco town is working day and night, but the rush has the best of it for the present. The farmers must take the consequences, and the tobacco market the kicks; but the farmer will have to shoulder the blame for his disappointment. No buyer is going to pay a high price for a surplus article, that is likely to depreciate in value for want of impossible attention. THE REFLECTOR does not believe there is a better market in the State than the Greenville market, nor a more intelligent and clever corps of buyers and warehousemen; but the facilities of any market admit only a reasonable margin above the normal volume of trade. The farmer knows this, if he will but stop to think a moment. If he has ever carried a dozen eggs to the store, or a home-cured ham to the city, he has felt the law of supply and demand. Why does he disregard it?

A Naraw Escape.

Mr. Geo. W. Butler, the boss dyer at the dye works in Kinston, is alive and well today, despite a terrible experience he had, which to most men would have been death.

Tuesday Mr. Butler went into the close room where two of the oxidizing machines were in operation. He closed the door and looked at the thermometer, which registered 140. As he was turning to leave, his foot slipped and he fell, his head striking hard against a projecting piece of iron, attached to one of the fast moving machines. An ugly cut was made on the top of his head.

Mr. Butler remembers nothing for 20 minutes after being struck. When he recovered consciousness he was lying near the machine, the perspiration streaming from his body, and his face covered in blood. With what little strength remained he lifted himself on his hands and knees and crawled slowly toward the door. When he reached the outside and breathed the pure, cool air again he lay down and rested, thankful for his narrow escape.—Kinston News.

Grade Your Tobacco.

There was never such a leaf tobacco trade as there is this season. East of here there is a rush. It is said that in some markets the farmers do not even sort their leaf, but are so well pleased with their prices that they put it on the floors just as it is. The result is that the buyers make big money, as they sort it with special care.—Raleigh Correspondent.

There is a point in the foregoing item which tobacco growers should make a note of. The Free Press has heretofore called attention to the fact that the cost of grading is a "fixed charge" which must come out of the tobacco. If the grower grade it on the farm it works to his benefit in two ways: First, he saves the cost of grading, and thus keeps in his own pocket money which would be paid out to others; and, second, if the leaf is carefully sorted it will bring more money. The farmer who rushes his weed to market ungraded does not get all the money out of his crop there is in it, and it's money he is after, presumably. The farmer who acts upon the advice of the warehousemen and buyers last week and spends this week in grading will find next week that this time has been far from wasted.—Kinston Free Press.

Mr. Jesse R. Forkner, postmaster at Pilot Mountain, died Sunday night after a lingering illness of several years. Some 21 years ago, while Mr. Forkner was working with a threshing machine, he sucked a rye beard down his windpipe. Two or three years later it came out through his breast, producing a running sore, and this, after 21 years of suffering, has at last caused his death.

Mr. George Doughty, who is the efficient pilot and mate on the Str. R. L. Myers, met with a most painful accident yesterday morning. In attempting to cast off the line that held the steamer to the dock the line slipped and caused a large hook to go clear through his hand, shattering some of the bones. His many friends hope he will soon recover.—Washington Messenger.

Texas Oil Supply.

Professor Charles Willard Hayes is about to issue a report which will embody the results of the investigation of the Texas oil supply made by the Geological Survey. Professor Hayes, speaking of the fuel value of the Texas oil, says that it has a fuel value per barrel of \$3 as compared with coal at \$6.50 to \$7.00 per ton. Last year, there were shipped from Texas 4,000,000 barrels of oil at a cost ranging from 40 to 30 cents per ton; therefore the likelihood of oil coming into competition with coal as a widely used fuel is most promising. Up to date, however, there is no oil burner on the market which gives entire satisfaction. That this want will be supplied in

the not distant future is probable. Messrs. C. A. Snow & Co., solicitors of patents in Washington, state that already the attention of a large number of inventors is turned in this direction, and they are almost daily in receipt of inquiries on the subject. The inventor who succeeds in producing a burner which will meet the required demand has a fortune before him. Professor Hayes states confidently that the time is not distant when oil will enter into genuine competition with coal, but there are already rumors of an effort on the part of the coal barons to secure a corner on the oil lands.

Sucking Poisonous Wounds.

Among all people the sucking of the wound has ever been considered the most effective remedy of immediate application for snake bites. In Africa a cupping instrument is employed in emergencies of the kind to draw out the poisoned blood. The ancients followed the same methods, and when Cato made his famous expedition through the serpent infested African deserts he employed many savage snake charmers, called "psylli," to follow the army. They performed many mysterious rites over men who were bitten, but the efficacy of their treatment appears to have consisted in sucking the wounds.—Exchange.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians, Kodol saved my life. Take it after meals. Jno. L. Wooten.

The charity that begins at home covers the most sins.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville, N. C.

A fat woman will train off flesh till she gets afraid her new clothes won't fit her.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

A husband in hand is worth two that are beyond control.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. Jno. L. Wooten.

It is the coastwise steamer that manages to avoid the rocks.

Lingering Summer Colds.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long sledge like this will pull down the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe sure acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. John L. Wooten.

Love may be blind, but it never fails to hear papa's footstep on the stair.

Boy Cured of Colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book keeper for the Shell Lake Lumber Co. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

The high price of provisions gives many a person food for thought.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach, and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pepsin and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. GEORGE S. MARSH, Attorney-at-Law, Nocona, Tex.

It can't help but do you good. The full bottle contains 2 1/2 times as much (actual measurement) as the trial size which sells for 50c. Prepared by E. O. DeWitt & Co., Chicago. Sold by all dealers.

Sale Will Soon Close.

We have no time to grow poetical. But we are selling pianos and not playing for amusement. We are not claiming a solid carload of a famous brand, and only have 3 or 4 out of that car load to show.

Neither have we a lot of pianos bought from a New York concern, who do not claim to have Standard goods, and offer them to the public. We sell our own high grade pianos. We know what they are, and can safely guarantee them, and the public can safely rely upon them. We challenge the statement of any competitor who claims he sells the only "high grade" piano. You had better beware of any concern who makes such a claim, for such a claim is not only misleading, but false on its face. So be on your guard. There are many high grade makes besides ours. We claim only what we can prove. Read what one of the highest authorities says for the Cable pianos:

NEW ORLEANS, LA.

DEAR SIR:—Having been a professor of music for eighteen years, during which time I have taught in Europe and America, also directed French Opera Companies in both this country and the Old World, and having used the most celebrated makes of pianos, I deem it a very great privilege to give you this testimonial, of my own free will, and to state that during the past year I have used exclusively the Cable Piano, and can pronounce it as being the most superior instrument I have used during my eighteen years as a professor. The quality of the tone and scale are perfect throughout, and I place myself on record as advising any of my friends in need of a piano to purchase the Cable.

Very truly yours,

PAOLO F. DEL CAMPGLIO,
Director of Grand French Opera Company, New Orleans, La.

Now we say to the public: Take the case. Compare pianos, and take your choice, while they are going; and they are going, which no other concern in Greenville can show. Thanking the public for the trade we have received, we are,

Respectfully,
