Savage & Moye NEAR THE DEPOT, GREENVILLE, - N. C.

Explanation.

I am greatly disappointed at not receiving certain lines of my millinery and dress goods in time for the opening announced for 17th, 18th and 19th. These goods were shipped from New York Aug. 22nd, and by mistake went to Greenville, S. C. They were shipped from that point Sept. 8th, but as yet have not reached here. This statement is made so that my friends who attend the opening may know why certain goods are not on display. However, the opening will take place as advertised.

A HEAVY LOSS.

And a New Record for the Mile Dash.

Circumstances which had been shaping the destiny of an humble citizen resulted Monday afternoon in the loss, by Hon. Larry Moore, of an energetic utility man, by the Chief of Police of a round of ammunition, and by the town, presumably, of one John Daniel, colored and foxy.

Mr. Moore had boated Johnnie out of the lock-up, and had further contributed to his general well-being by directing him through a course of such physical exercise as was supposed to be needful to a man of his temperament and brawn. Johnnie was duly appreciative, but his store of surplus energy was more than equal to these light calisthenics. He became a great walker. The bracing night air was agreeable. Shoe soles were in some demand, and John bethought him of an experiment. Why not substitute some of the surplus belting of factory town for shoe soles? Done! From Johnny's standpoint, under the starlit skies, the experiment was a great success. He no longer envied Edison and Marconi. Great possibilities were lending themselves to his fertile imagination when, yesterday, "Eureka!" exclaimed the colored scientist, from the depths of Mr. Moore's kitchen sink. "So have I," said Capt. Smith, peeping mischievously over the window sill, at Johnny's bobbing wool.

The Captain apparently persuaded John to accompany him down town, but, upon request, allowed him to return to the room for his coat. And then the wily scientist's resources came into full and impressive play, which the crack of the Captain's fire arm seemed to stimulate, rather than depress. With at first the house between him and the Chief, and then rapidly increasing number of acres, he furnished the onlooker with an exhibition of speed that will go down in local chronicles as probably the best un-paced. Good by, John. If you are running today, you will be fortunate to have a pair of extra soles in your pocket tonight.

Card of Thanks.

Words are inadequate to express my gratitude to the home talent of Greenville for the part they so kindly took in making the concert at Hotel Macou, Monday night, such a splendid success. And the large number of music-loving people who attended in response to the announcement of the Stieff Piano Co. is most heartily appreciated. Assuring one and all of my sincere thanks, I am

Respectfully,

G. F. FINEMAN,
Factory Representative.

Got His Go-Cart.

Folks don't get much happier here than C. B. Whichard is now. There was a new girl at his house, and for some weeks he has been collecting cigar bands to get a go-cart for the little Miss. The requisite number of bands was secured, and the cart was received Monday. Several friends assisted him in collecting the bands and he wishes to thank them for their interest.

Missing.

The matrimonial infelicities of Mrs. Henry Boyd, colored, gave policeman Dudley an opportunity to extend the strong arm of the law in her behalf Monday. Henry left for parts unknown before the arm could reach him. Should he be apprehended he will have to answer for very cruel treatment of his wife.

R. M. Moye has purchased a half interest in the mercantile business of L. M. Savage, near the depot, and the firm is now Savage & Moye. Both are young men of fine business capacity and they will succeed. Read their advertisement in this paper.

Cable Concert.

The Cable Co., gave a most enjoyable concert, Monday night, at their music room near Five Points. There was a good attendance and all were charmed with the wonderful work of the Simplex piano player. It plays any music with perfect touch and expression, and it is remarkable that a piece of mechanism could be made to do such work.

A Splendid Musician.

Miss Lillian Bonner, of Washington, who is here this week to play for the Stieff Piano Co., is an accomplished musician. She plays with artistic touch and expression.

TUESDAY, SEPTEMBER 16, 1902.

The Charlotte News has added another column. Congratulations over there.

If a man who sets up all night in order to sleep well next morning were to add a little wisdom to his precaution, the life insurance companies might give us lower rates.

According to press dispatches, President Roosevelt had the misfortune to hear a sermon in which reference was made to the danger of trusts. The preacher thought they were a menace to the country. Well, some of the rest of us hear things from the pulpit sometimes that do not exactly accord with our personal preferences.

The break today showed a satisfactory decline in breaks compared to those of last week. Upon which the buyer and the seller are to be congratulated. With a normally supplied market the factories and leaf-dealers will be able to eliminate, in a few days, any surplus stock, and, as a matter of course, quotations will show a corresponding improvement. If the man who has tobacco to sell will watch the market closely, and avoid big breaks, even if he has to hold off for a few weeks, he will be amply repaid for his trouble and patience.

Justice Gray Dead.

Lynn, Mass., Sept. 15th.—Justice Horace Gray, of the United States Supreme Court, retired, died at Nahant this morning, of paralysis. He suffered the attack in February and never rallied to any great extent. He was seventy-four years old. He was recently succeeded on the supreme bench by Oliver Wendell Holmes of this state.

Justice Gray handed his resignation to the president two months ago, and last had suffered a second stroke of apoplexy and felt that he could not again undertake court work. He retired on his salary of \$10,000 a year. With one exception his service in the Supreme Court, twenty years, was longer than that of any of his associates.

Justice Gray is survived by a widow. She was the daughter of the late Stanley Matthews.—Raleigh Post.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. John L. Wooten.

Boom Your Town.

Says an exchange: Every citizen should believe in the town he lives in, and if he doesn't think it a little better in most respects than neighboring towns then he should move out. When away from home do not neglect to give those with whom you come in contact to understand that you live in a town, populated by enterprising, go ahead, progressive people, and one that is advancing instead of retrograding.

If you can truthfully speak in commendation of the ability of your professional men, the square dealing methods of your merchants the superiority of your schools, etc., let nothing prevent you from exercising that privilege. It will not be necessary to mention the drawbacks, if there are any. Strangers seeking a location are always greatly influenced in favor of any place where the citizens are enthusiastic in its praise.

Unless its inhabitants appreciate the excellence and virtues of each other and will collectively spread abroad their faith in the prosperity and future greatness of their own locality no city or town can expect to attain prominence over its rivals. When rightly utilized, talk can be made effective in many directions, and this is one of them.

Invents a Tough Armor.

Washington, Sept. 13.—John B. Respass, Jr., assistant postmaster here, has invented a nearly perfected metal that is non pierceable. To what extent he has succeeded is attested by the fact that the United States government has carefully examined his invention and promised him aid in his tests. On a trip to Washington a few weeks ago he was treated with every courtesy by the Navy Department officials.

From an explanation given by the inventor, it seems that the invention is a combination of mathematical thought and a formula for a decided hardening over the present day battleship steel armor plate.

Assistant Postmaster Respass is up for election to succeed his father, who does not desire the office longer. He is a capable, systematic man and will probably get the office.

Should his invention show up well in the tests it will make Respass a very wealthy man and revolutionize this country's naval warfare.

The Thrust of a Lance

is scarcely more agonizing than the recurrent pains in the abdomen which follow the eating of improper food or too free indulgence in ice-water. The immediate cause of cramps and colic is often the distention of the bowels by gas. Quick relief follows the use of Perry Davis' Painkiller. Careful housekeepers give it the place of honor in the family medicine chest.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of peppin and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. GROSSER & MARSH, Attorney-at-Law, Nocona, Tex.

Fire Last Night.

The handsome new residence of Mr. Guilford Page, of Chicod township, was destroyed by fire about 12 o'clock Monday night. Not many particulars have been learned at this writing. One report says that a large part of the furniture was burned, and another that the furniture was saved. The loss is about \$2,000, with about \$800 insurance. The origin of the fire is attributed to a defective flue.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians, Kodol saved my life. Take it after meals. Jno. L. Wooten.

Riches either serve or govern the possessor.—Horace.

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy Farmville, N. C.

Sometimes the merest escape from defeat is the greatest victory.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

The present moment is a powerful deity.—Goethe.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. Jno. L. Wooten.

It is easier to be a hero worshiper than it is to be a hero.

Boy Cured of colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis.
