#### Division of School Taxes.

It is noticeable that a number of Democratic county conventions in eastern North Carolina have passed resolutions instructing their members of the Legislature to exert their influence to have that body pass, for submission to the people, a constitutional amendment providing for a division of the school fund—so that the school taxes paid by white people shall be applied to white schools only, and the taxes paid by negroes shall be applied to negro schools. Some who do not favor such division of the regular school taxes favor a measure which will permit white people to vote extra school taxes solely for the support of their own schools, without being compelled to divide with the negro schools, as now required by the constitution.

The scheme to divide the school taxes according to the races is said to be very popular in eastern North Carolina, and it is much more popular throughout the State than many people permit themselves to believe. In our judgment a measure providing for a division of the school taxes as proposed would carry overwhelmingly. We are not discussing now the justice or wisdom of such a measure. We are stating facts as we see them.

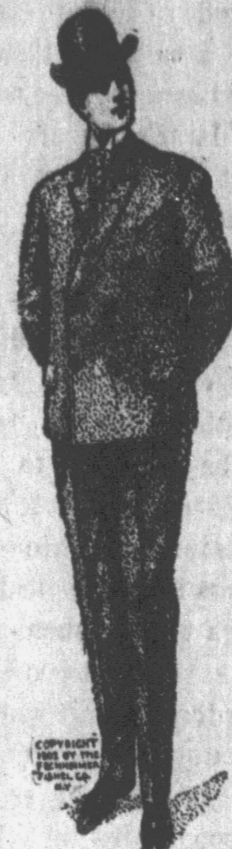

It is true also that the indisposition to vote extra taxes for schools is due in some measure to the feeling against paying more taxes for negro education. Many people who are willing to pay what they are paying now would refuse to vote another cent unless it is to be applied solely to their own race; and we think it more than probable that an effort will be made in the next Legislature to provide some arrangement whereby white people who so desire may vote extra taxes on themselves purely for the benefit of white children.—Statesville Landmark.

#### The Fight Resulted in Many Conversions.

The pastor of the Methodist churches on the Stokes circuit, in reporting the meetings held on this circuit, says the devil appeared upon the scene during the service one night at Prestonville. Just before the preaching hour a fierce fight broke out in front of the church door. Fists, rocks and knives were used to the shedding of blood, the instigator of the brawl being carried from the place with a frightful stab in the side. All was excitement and terror, men rushing about and women talking excitedly. The pastor adds: "We were at the point of dismissing the crowd without service when one of the brethren arose and addressed such burning words to the people about the heinousness of sin and his own trust in God, and the people were moved and shout after shout went up to the glory of God. Penitents came and dropped at the altar and were saved."—Winston Dispatch.

#### Lingering Summer Colds.

That must have been a terrific sneeze indulged in by Prof. John Duckett, (chief clerk to the State Superintendent of Public Instruction. Something of a sensation has been created in national political circles by the declination of Congressman D. B. Henderson, Speaker of the last House, of a re-nomination from his district in Iowa. He has been a Congressman for ten consecutive terms. His reason given for not accepting the nomination again is that his views do not accord with his party on the question of tariff and trusts.

## Mulattoes Cannot Vote Under the "Grandfather Clause."

The Observer is in receipt of the following from a friend at Cart-hage:

A question which is having some discussion here is: Can a mulatto whose father was a white man register under the "grandfather clause?" Now it is a generally accepted fact that most mulattoes are such from the fact that their fathers and not their mothers were white. Would this general application be sufficient grounds for a general mulatto registration? If not, could a mulatto whose mother was a negro but whose father is unknown register according to law? Is the burden upon the applicant for registration to prove that his father was a white man and could vote prior to 1867?

Your subscribers would be pleased to have you give some editorial answers and explanations to the above questions. It is certain such would be of interest to many people throughout the State at this time, and the independence of your people renders it the logical medium through which such information can do the most good.

Assuming that the mulatto was the illegitimate son of a white man (which must be assumed, as marriages between whites and blacks is and was unlawful) the mulatto could not vote as the law does not recognize that an illegitimate has any father and unless the said mulatto is otherwise qualified he cannot get in under the "grandfather clause." As nearly all negroes were slaves prior to their emancipation the presumption is that the grandfather of any mulatto was disqualified from voting prior to 1868, and the burden rests upon him to show to the contrary before he shall be entitled to register or vote.—Charlotte Observer.

## Three Legs are Sufficient.

It is a popular idea that a dog that loses a leg should, in pity, be given the speedy death that is meted to a horse with a broken limb, but the fine Scotch collie belonging to Mr. David S. Yates, of this city, daily proves that a dog may lose a leg without suffering particular discomfort or loss in locomotion. A year ago the dog came in the way of a street car, and the result was that the veterinary surgeon who was called in had to amputate a hind leg as close to the animal's body as possible. The dog played invalid patiently and when the wound was healed he arose with a triple movement that is astonishing to all spectators. He jumps high fences, runs races with other dogs and in all respects retains his former prowess in the local canine society.—Charlotte Observer.

Cut this out and take it to Wooten's Drug Store or Farmville Pharmacy and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

## Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

## Children Thrive on Kodol

**KODOL** purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifton Gleton, Collett, Ind. "I cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."

**Kodol Digests What You Eat.** Prepared by E. C. DeWitt & Co., Chicago. The 8¢ bottle contains 2 1/4 times as much (by actual measurement) as the trial size which sells for 50c.

**DeWitt's Little Early Risers** the famous little liver pills for biliousness or constipation. Safe, thorough. They never gripe. J. L. WOOTEN

## Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians, Kodol saved my life. Take it after meals. Jno. L. Wooten.

Love is a dream with a nightmare just before the awakening.

## Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville, N. C.

We feel shame not for what we have done, but for what others know we have done.

## Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

It takes nine tailors to make a man, but if she has money one woman can make nine dress-makers.

## Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. Jno. L. Wooten.

Half the people in the world are too optimistic and the other half are not pessimistic enough.

## Boy Cured of colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book keeper for the Shell Lake Lumber co. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

A bad man gets vast credit for doing a good thing which nobody would have noticed if the doer had been decent.

## A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. John L. Wooten.

Adam had his troubles, but he never had a spasm at sight of a dressmaker's bill.

## The Thrust of a Lance

is scarcely more agonizing than the recurrent pains in the abdomen which follow the eating of improper food or too free indulgence in ice-water. The immediate cause of cramps and colic is often the distention of the bowels by gas. Quick relief follows the use of Perry Davis' Painkiller. Careful housekeepers give it the place of honor in the family medicine chest.

## J. B. Cherry & Co's. Opening.

The mammoth store of J. B. Cherry & Co., always attractive, is a place of indiscribable beauty today, their fall opening being in progress. Just a glance is enough to entrance the beholder, and as one goes through the magnificent display involuntary exclamations of admiration follow each other in quick succession. A more superb line has never before been shown in Greenville, both domestic and foreign markets having been drawn upon largely for the season's latest fabrics and fashions. It seems that the wants of all have been anticipated in the selection of their stock, for it looks like nothing could be asked for that they do not have.

Such a display is highly creditable to the firm, as well as to their clever corps of assistants who planned and arranged it, and such a store is a credit to Greenville.

## "Couldn't Stay Away."

The negro John Daniel, whose hurried departure from Greenville was noted in Tuesday's issue, was one of the incoming passengers of Wednesday evening's train. John wore a good pair of bracelets, and in his walk from the depot to the jail evinced no serious effects of the remarkable sprint of last Monday. Mr. W. C. Hines, whose dogs had trailed John to the rail road tank Monday, had notified the authorities of nearby towns, and was informed Wednesday morning that his man was in the custody of the Tarboro police. Chief Cotton, of Tarboro, had put his force on the lookout, and yesterday morning, when John showed up near the depot, John Mayo, who looks after such matters at that point, persuaded him from boarding the Norfolk-bound train, and made it convenient for him to return to Greenville with Mr. Hines, who went after him yesterday morning.
