### CAMP BRYAN GRIMES.

Annual Meeting in Greenville Thursday.

The reunion of the Confederate Veterans of Pitt county, at the court house Thursday, Sept. 17th, in its large attendance and business like procedure, furnishes matter of great interest to the old soldiers, and to their sons and daughters, who naturally share the spirit that makes these occasions possible and profitable.

Reorganization was effected, with the following officers for the ensuing year.

H. Harding, Commander, H. A. Blow, Secretary.

Committee on Arrangements &c:—

C. D. Rountree, E. A. Moyer and Jno. F. Boyd, Greenville; J. J. Laughinghouse, Chicod; J. B. Kilpatrick, Swift Creek; John Pearce, Contentnea; Joab Tyson, Beaver Dam; John T. Parker, Farmville; Henry Harris, Falkland; T. A. Thigpen, Belvoir; F. L. Brown, Bethel; J. B. Whitehurst, Carolina; D. H. James, Pactolus.

Central Committee on Arrangements:—

Maj. H. Harding, Chairman; C. T. Munford, W. B. Wilson, E. G. Flanagan, James L. Fleming, H. W. Whedbee, J. B. White, F. C. Harding and Dr. E. A. Moyer.

It was ordered that the Daughters of the Confederacy be requested to act with Central Committee.

The following were appointed and will constitute an advisory Pension Board:

C. D. Rountree, Greenville; John Pearce, Contentnea; F. M. Kilpatrick, S. Creek; Jno. S. McLawhorn, Chicod; Joab Tyson, Beaver Dam; W. G. Little, Bethel; J. R. Congleton, Sr., Carolina; J. T. Bullock, Belvoir; R. B. Parker, Falkland; W. H. Wilkinson, Farmville; F. Ward, Pactolus.

Commander H. Harding made a brief but very suggestive address, followed by requests for speeches from Hon. Larry Moore, W. F. Harding and J. L. Flemming, who responded, much to the entertainment of those present.

THE REFLECTOR is pleased to note the provisions made to put future reunions of the old soldiers under business management. The committees appointed and the invitation to the Daughters of the Confederacy to co-operate with the Central Committee, will no doubt result in much more satisfactory arrangements for the next reunion than has been possible under the method depended on heretofore.

Thursday, Sept. 19th, 1903, was selected for the next reunion.

### Protracted Meeting.

Rev. J. T. Edmondson, who will conduct a meeting for some days in the Baptist church, arrived Thursday evening and held his first service at night. His text was "Follow me, and I will make you fishers of men." His talk was a very earnest one to Christians, as to how they can become useful in the Master's service and fish for men for Him.

The service tonight will begin at 7:45 o'clock, sermon at 8:15. A request has been made that the stores close at 8 o'clock, so all may have an opportunity of attending the meeting.

## CLOTHING LITTLE MEN

THE "Good-enough-for-the-Boy" idea is mighty poor policy. Is anything too good for YOUR boy? If our children's clothing costs a TRIFLE more than some of the cheap duds of the dry goods stores, it is because it is worth more. No good Clothing for Boys and Children can be had elsewhere for as little money. Blouse Suits, Little English Walking Coats, Russian Blouse Suits, Single and Double Breasted swell Overcoats. Many smart and new ideas for Fall and Winter. We are pleased when parents drop in just for a look.

FRIDAY, SEPT., 19, 1902.

So far Wilcox has succeeded in his efforts not to escape.

Isn't it about time that dog stopped worming tobacco?

Wilmington has a jealous eye on the tobacco markets. Look out for a new one next season.

It is reported that many Kansas farmers will burn corn this winter. The coal stove seems likely to take a back seat.

A Kinston man who claims to have cut his third set of teeth, would seem to be in a position to father a remedy for bald-headed gums.

A New York broker was arrested in San Francisco for "making eyes's" at passing girls. Right. theman who will disfigure his physiognomy with a "goo goo" deserves trouble.

The death of Nicholas Fish, a New York millionaire, as the result of a saloon row, promises to keep the guessers busy for a while. About three women are supposed to be at the bottom of it.

Somebody in Lexington is advertising "a fresh milch cow for sale." If any subscriber has despaired of getting a sour milch cow, or a butter milch cow, he might compromise on this one.

Two Cubans fight over a girl in Tampa. After a half hour's struggle with pistols and fists, they break down, shake hands and make up; the girl witnessing the combat from her seat on a door step. Which confirms the opinion that some women are hard to move when they become set in their ways.

The issue of the Southern Tobaccoist, of Richmond, for September 16th, might very properly be termed a Greenville edition, in that it is made up of matter concerning this town. It gives ten pages to descriptions, with illustrations, of the Greenville tobacco market and other business of the town. The article, which is excellent, was prepared by Mr. J. B. Lightfoot, who recently spent some days here in the interest of the Tobaccoist.

The more voice a man puts into an argument the less logic he puts there.

A dispatch to the Kinston News says "two generals and several staff officers of the Cossack Life Guards have been sent to Siberia for embezzling 50,000 pounds of regimental funds." Russia has its Siberia; the United States, its Canada.

The modern tendency of condensing bulky necessities has resulted in the Compressed Spirits and Chemical Company, which will market the genial and rejuvenating eye-opener in tablet form—good old rye for the vest pocket and stamp case. This will obviate many difficulties. The festive tickler was a great old stand-by, but it was inconvenient. A safe repository for a snug quart, while you are in the parlor reciting Thomas Moore or Byron to Mary Eliza, isn't always easy to find. So much bulk in one pocket would undoubtedly attract the attention of feminine curiosity, besides committing you to an embarrassing explanation in case it slid out of your hip pocket at some stage of the evening's exercises. You just had to leave it outside, excuse yourself occasionally for a forecast of the heavens, and run the risk of having Mary Eliza's little brother discover and report your suspicious maneuvers in behalf of the weather department.

It is to be hoped that these tablets will be non-odorous or perfumed, so that one will still be able to distinguish milord's breath from the atmosphere of a bug juice factory.

## Pensions For Confederate Soldiers.

During our tenure we have appropriated and at the end of the present fiscal year will have spent over two hundred thousand dollars more than the Fusionists appropriated and spent during the four years of their tenure of office for pensions to disabled Confederate soldiers. Who will complain of that? Who will begrudge this pittance to these old heroes?

The Republican party has voted through Congress this year a bill appropriating one hundred and forty million dollars for pensions to Union soldiers. The Republican party has voted through Congress this year another bill pensioning certain persons who left the Confederate army and joined the Union army, and it is said there will be paid out under this bill about five hundred thousand dollars annually in North Carolina. The amount North Carolina will have to contribute towards the payment of these pensions to Union soldiers during the present year will reach between twenty and thirty hundred thousand dollars. We do not criticise or complain of just pensions to Union soldiers, but it would be ungracious indeed in that party which has voted these liberal pensions, and to the payment of which we will so largely contribute, to the brave men who followed Grant and Sheridan to begrudge the little mite which we have felt able to contribute to relieve in part at least the pressing needs of the brave men who followed Lee and Jackson.—F. M. Simmons at Greensboro.

Dr. Richard H. Lewis, secretary of the State board of health, says the smallpox in the State now is much worse than usual in September, and unless there is a vast deal of vaccination there will be a great deal of the disease when cold weather comes.

## The New Industry.

"Dried potatoes" is a new idea and industry, and like many other successful experiments, promises to be a big thing. It is the product of the South Carolina agricultural experiment station. During the process the potatoes are boiled, peeled and evaporated in a cannery, and will remain, it is claimed, in condition for years. The preserved potato becomes fit for eating after being soaked in warm water for an hour. Like many other new ideas, this promises to be a big thing. It insures to the farmer the perfect preservation of one of his most prolific and most important general food crops, at the same time fitting it for sale and economical shipment to distant markets heretofore closed to it, and effects these ends by a mode of preparation which is so simple and cheap that it can be employed on any farm. When it is noted that in one case stated in the table an acre of land yielded 357 bushels of raw potatoes, which in turn yielded 105 bushels of the dried product, the possibilities of the process in the way of developing the culture of the vegetable in the South and introducing it to the world's commerce and comfort begin to appear in truly vast proportions.—Indianapolis State Sentinel.

A good citizen is a man who obeys the laws of his country, gives his support, morally and otherwise, to all good movements for the betterment of his community, pays his debts, tells the truth and back biteth not his fellowman.—Louisburg Times.

## Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: "Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians, Kodol saved my life. Take it after meals. Jno. L. Wooten."

Sometimes the merest escape from defeat is the greatest victory.

## Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For Sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy Farmville, N. C.

Matrimony seems to skin a lot off the top of love.

## Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

Politeness is an easy virtue, costs little, and has great purchasing power.—Alcott.

## Boy Cured of colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book keeper for the Shell Lake Lumber Co. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

The next hardest thing to getting rich is keeping from getting poor.

## Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothes and heals. Jno. L. Wooten.

Occasionally you find a girl so modest she is ashamed to undress in a room with herself.

## A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. John L. Wooten.

Some people have such a habit of being in hard lines that they can get rid of one disease only by catching another.

## The Thrust of a Lance

It is scarcely more agonizing than the recurrent pains in the abdomen which follow the eating of improper food or too free indulgence in ice-water. The immediate cause of cramps and colic is often the distention of the bowels by gas. Quick relief follows the use of Perry's Davis' Painkiller. Careful housekeepers give it the place of honor in the family medicine chest.

Miss Jessie Lee Sugg returned to Kinston Thursday evening.

### FIRE CHIEF TANGLE

Town Should Not Suffer For It.

The Board of Aldermen held a special meeting Thursday night, and among the things up for consideration was the action taken at a previous meeting in which a chief of fire department, not recommended by Hope Fire Company, was elected. There was considerable discussion over the matter but the Board did not change their former action, not seeing how they could justly dismiss from office a man whom they had elected unless there was some cause why he should be removed. And this is followed by talk of the fire company disbanding, and the company will hold a meeting tonight to consider that step. Without going into the merits of the election, it strikes us that this is the wrong thing for the company to do. The fire company is for the protection of the property interests of the town, and to leave this property endangered to satisfy a personal grievance is wrong. We hope the company will have too much interest in the welfare of the town to disband.

### Help All.

The success of the revival services now in progress at the Baptist church will depend upon the cooperation of the Christian people of the place with the preachers who is aiding in the work. Several efforts in this direction have failed recently. That this may not be like them, let us all get out of our usual way. Let all attend who can, and strive to make it easy for others to go. School teachers by giving short lessons, merchants by closing early, and parents by a little care for their children may aid greatly in the work.

J. N. BOGGS, Pastor.

### Noisy.

Complaint is made of the behavior of some tobacco hands, who, on their way from the factories at night, frequently indulge in such profane and boisterous language as to make it very uncomfortable for residents in the neighborhood. An officer somewhere about the Disciple church for a few nights would probably be able to improve matters somewhat.

### A Liberal Offer.

### Sufficiently Neat.

It will be noted that in his speech at Asheville President Roosevelt referred in forcible terms to the treachery of Benedict Arnold. The President had evidently forgotten Senator Pritchard's bill which pensions deserters who left the Confederate armies and joined the Union side. The Wadesboro Messenger and Intelligencer, referring to these two facts, says: "And yet the man who pronounced this scathing denunciation against a deserter recently signed a bill, the passage of which was secured by Senator Pritchard, through the operation of which several thousand of these, the most despicable of criminals, will receive a money reward for their treachery." Which is sufficiently neat.—Monroe Journal.

A bad man gets vast credit for doing a good thing which nobody would have noticed if the deed had been decent.
