NORTH CAROLINA'S RECORD IS HIGH.

Missouri Leads in the Production of Tobacco--Over a Million Pounds Sold Last Week.

[Winston Journal.]

Notwithstanding the fact that Thursday was Thanksgiving day, and a holiday, there were something over a million pounds of tobacco sold on the local market during the past week. The quality was very good and considering the inclement weather early in the week the quantity is extraordinary.

High prices prevailed and the farmers are very well satisfied with the season generally. It is thought that about 50 per cent. of the entire crop will be in before Christmas. The figures for the week are as follows:

| | Pounds. | Prices. |
|-----------|-----------|-------------|
| Monday | 156,843 | \$14,527.71 |
| Tuesday | 275,850 | 29,140.07 |
| Wednesday | 300,617 | 30,892.02 |
| Friday | 218,480 | 21,597.43 |
| Saturday | 51,248 | 4,901.68 |
| Total | 1,003,038 | \$90,548.91 |

The shipments of manufactured tobacco for the past month will aggregate 1,062,365 pounds and the stamp sales amounted to \$110,354.82, divided as follows:

| | |
|-------------|--------------|
| On tobacco, | \$96,119.40. |
| On spirits, | \$14,025.77. |
| On cigars, | \$8,655. |

According to the annual report of the Commissioner of Internal Revenue the states of Missouri, North Carolina, Kentucky, Virginia, Ohio, New Jersey, and New York, in the order named, were last year the largest producers of both chewing and smoking tobacco.

| | Pounds. |
|----------------|------------|
| Missouri | 81,412,037 |
| North Carolina | 43,522,423 |
| Kentucky | 33,242,800 |
| Virginia | 38,036,521 |
| Ohio | 22,537,255 |
| New Jersey | 20,934,944 |
| New York | 14,912,884 |
| Illinois | 11,806,247 |
| Maryland | 10,246,600 |
| Wisconsin | 6,785,370 |

The farmers and tobacco growers in the United States annually produce more than 680,000,000 pounds of raw leaf tobacco, and last year more than 305,000,000 pounds were exported. During the year 296,378,007 pounds of tobacco were manufactured, and 17,513,317 pounds of snuff. The total number of cigars manufactured were 69,144,639,012, and 2,728,153,697 cigarettes. There were throughout the country 24,931 cigar manufacturers which includes 364 manufacturers of cigarettes.

The total number of cigar manufacturers for whom accounts were rendered for the calendar year 1901 was 24,931, which includes 364 manufacturers of cigarettes.

The total number of cigars made weighing more than three pounds per thousand was 6,391,390,776, an increase of 57,721,075, when compared with production of 1900.

The total number of cigars made weighing not more than three pounds per thousand was 775,284,236, an increase of 164,321,516 cigars as compared with the production for the previous year.

The total number of cigarettettes made was 2,728,153,697, showing a decrease of 50,562,608 from the previous year.

SCHOOL GROUNDS.

[Essay read by Miss Bessie Harding before the Pitt county Teachers' Association.]

It is not my purpose to try to present to you some beautiful theory of what an ideal school ground should be, for, however energetically and enthusiastically we should endeavor to make real that ideal our efforts would be entirely in vain so long as our grounds are, in truth, public grounds, left open for the passer-by to mar with by-path and short-cuts and free for cattle to range upon and for hogs to up-root. Imagine, if you will, grassy plots, flower beds, gravel walks, croquet grounds and tennis courts left free to such intruders. Sufficient to discourage the most hopeful worker.

Truly, the surroundings amid which a child spends about one half of his waking hours should be as attractive as we can possibly make them, because of the various benefits to be derived therefrom. Everybody is influenced, more or less, by environment, especially by the environments of childhood. Need I mention then those lasting influences of the environment of school days?

Beautiful surroundings will, I believe, make boys and girls regular and punctual in attendance. Get them interested in the growth of some flower and see if they will be willing to miss one stage of its development. A day away from school then will be one of great disappointment. They will be on the grounds early, eager to see what changes have taken place since yesterday. You could not make one be tardy then.

You surround a boy with beautiful things in which he is interested, and for which he loves to care, and watch how steadily is weakened that spirit of destruction which we are prone to believe is instilled in all children, particularly boys. The care in personal appearance, the pride in the beautiful grounds, the love and loyalty for school, thereby developed will be worth a thousand times the cost of the investment.

Do you have in your school pale-faced girls and dull boys, who, seemingly, cannot do satisfactory work, and do not even feel like playing at recess, if they do not have left-over work to do? Place upon your school grounds swings, croquet grounds, tennis courts, grounds for ball games, and watch the color come to those pale cheeks and activity to that dull mind. Verily, I believe there is not a more truthful saying than "all work and no play make Jack a dull boy." Healthful and enjoyable exercise in those games will not only bring roses to the cheeks and strength to the body, but will also create a strong mental activity, and there will be no necessity of "staying in" at recess or after school.

Aside from the physical and mental vigor resulting from such amusements there is a moral effect produced. Intense interest in games will make fights and quarrels less frequent, and peace and harmony will be promoted.

Beauty of environment will create in the children a love for the beautiful which is such an essential element of true culture and refinement. Surely we want our pupils to become cultivated and refined men and women.

More than that, will not constant interest in budding trees, blooming flowers, and other works of nature lead them to think of the causes of those results, make them study nature and nature's laws, the laws of God?

Men's Winter UNDERWEAR

We believe that we can fit and please every man with Underwear. We can fit the purse, too, with a wide range and variety of prices.

Prices don't go so low, though, as in some stores. That is, we know where to draw the line—at trash. Cotton, wool, or half and half, 35c., 50c., \$1.00, \$1.50 and \$2.00 per garment. The best of Winter Underwear is here. WE CARRY NO SECONDS, and you don't have to give it to your younger brother after the first washing—in other words, it's the unshrinkable kind. Come here for your Winter Underwear and you won't go astray.

FRANK WILSON,
The King Clothier.

Do you want punctuality and regularity in attendance?

Do you want loyalty to your school?

Do you want care in conduct, work, and personal appearance?

Do you want hearty, rosy cheeked boys and girls?

Do you want order on your school grounds?

Do you want to develop the finer natures of the boys and girls?

Do you want to create and cultivate a love for nature which may lead to the love of nature's God?

Members of the County Board of Education, will you enclose our school grounds and thus enable us to take our first step from which we, the teachers of Pitt county, may continue our steady march toward the desired goal?

Heart Shaped Leaves.

Elder H. B. Tucker, a minister of the Primitive Baptist church who lives a few miles from Greenville, brought THE REFLECTOR a tobacco leaf that is almost a perfect heart shape. Mr. Tucker tells us this is one of three heart shaped leaves found in a crop pitched by his son, the late Mr. Eugene Tucker, and finding them so impressed him, that he kept them. His son planted the crop last spring, but later was taken sick and died. Mr. Tucker took charge of his son's crop to finish it, and when the tobacco was being cured he found these three leaves. After finding these he looked over his own and other tobacco crops on his place, could find no other leaves like them anywhere. To him the finding of these three heart shaped leaves in the crop planted by his dead son has a significance that he treasures, and it gives him comfort to think about them in connection with his son.

MAKE IT CATS—THE WOMEN CAN'T VOTE, YOU KNOW.

The Greenville REFLECTOR wants the Legislature to put a tax of \$1 on every dog in the state for the benefit of the public schools. Our contemporary is fixing to get itself unpopular with the dear people.—Henderson Gold Leaf.

It seems that about the only way, and as good a way as any, to realize a tax of \$1 each on the dogs in the state, for the benefit of the public schools, and other things too numerous to mention, is through a franchise arrangement, similar to what we have in Greenville; which necessitates an annual license costing one dollar for each dog. The operation of a law to this effect is marked by two results; the number of worthless curs is curtailed appreciably, without detriment to the dogs that are really worth \$1 a year, and a neat sum is turned into the public treasury, for some good purpose.

There is one very grave objection to this law. It isn't popular. At least not universally so. In that respect, it is not dissimilar to some other laws, which the next Legislature may have occasion to look into. The statute requiring the payment of a poll tax by certain citizens—though a survivor of the statesmanship of many administrations, is a source of tribulation to every sheriff in the state. It is probably a good law in some respects, but it can hardly be said to harmonize with the views of the minority. Another law which is doing tolerably fair service, under difficulties, requires the manufacturer of bug-juice to have certain dealings with the government, by which the public exchequer is occasionally relieved of that "all gone feeling," at the expense of popularity in certain quarters. The man who retails it sometimes pays a good stiff price for the privilege, but nobody ever heard of his going into extasies over the legal arrangement by which he is relieved of an embarrassing surplus. The price you pay for a dozen tin-types includes a margin for the photographer's privilege as well as a probable reason for the criminally hued smile with which one faces a camera. It may have something to do with the artist's inability to produce a photograph that resembles any member of your father's family.

All these laws, ordinances, and so forth should be called to the attention of the next Legislature. They are very unpopular—to the people whose pockets they help to empty. A franchise dog tax wouldn't be what you might call popular, and it is well we have been able to find that out without any further experiments. Some might pay it willingly, valuing the results to be obtained above the

price. As a general thing, however, such a dog tax would be unpopular, at this stage of things that statesmen have to take into consideration, and we won't insist on its passage. We don't want to embarrass anybody. Fact is, after looking at the matter from several sides it appears that the unpopularity of a dog tax is by far the most serious objection that can be raised against it. Goodness knows that's serious enough. Only a violation of the Constitution begins to approach it in seriousness.

War on Tobacco Trust.

War on the tobacco trust, which dominates the tobacco trade, with a capital of nearly \$75,000,000, has been begun in this city.

The retail tobacco dealers are organizing for a fight to a finish; 250 of the largest dealers in Greater New York have combined for united action. Within forty-eight hours they will have 250 more members in that organization.

The first steps were taken today when the dealers met and formed the Greater New York Retail Tobacco Dealers' Association. The fight will be the greatest ever waged between small dealers and a trust. The new organization will battle directly with the United Cigar Stores Company, which is backed by the American Tobacco Company. The cigar company is establishing stores throughout the country.

The fight is to be carried into all of the big cities of the country.

Three methods of fighting the trust will be adopted. They are: The formation of a stock company to secure the benefits of co-operation.

The issuing of coupons for gifts similar to those issued by the United Cigar Stores Company.

The enlisting of the entire power of organized labor in the battle.—New York Dispatch to The New Orleans Times-Democrat.

LETTER TO H. L. CARR. Greenville N. C.

Dear Sir: You have taken the agency for Devoe Lead and Zinc paint—the "Fewer-gallons; wears-longer" paint.

It is fair to tell you that it is going to lessen the amount of paint sold in your town for each job; but it is going to more-than-double the satisfaction that people have found in other paint; and you are going to increase his business by getting more jobs.

It has never failed to do it. W. B. Arnold & Co., Waterville, Maine, bought \$105 of Devoe lead and zinc in 1898. In 1901 they bought \$1155. Doig Brothers of Lowville, N. Y., bought \$29 in 1899. In 1901, \$1991. Fowler & Sellers, White Plains, N. Y.—1898 \$166; 1901, \$1762. Leggett & Peddie, Glens Falls, N. Y.—1899, \$382; 1901, \$3706.

Write to them. You can't know too much about a paint that's going to increase business like that, and do so much for the people of your town.

Yours truly,
F. W. DEVOE & Co.,
New York.

Kodol Dyspepsia Cure.

Digests all classes of food, tones and strengthens the stomach and digestive organs. Cures Dyspepsia, Indigestion, Stomach Troubles, and makes rich red blood, health and strength. Kodol rebuilds worn-out tissues, purifies, strengthens and sweetens the stomach. Gov. G. W. Atkinson, of W. Va., says: I have used a number of bottles of Kodol and have found it to be a very effective and, indeed, a powerful remedy for stomach ailments. I recommend it to my friends. J. L. Wooten.

Every man has his particular bent—especially after he gets in the rheumatic class.

A Cold Wave.

A forecast of a sudden change in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your own home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures Coughs, Colds, LaGrippe, Bronchitis, Pneumonia and all Throat and Lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs.

After praying for goodness some people forget to be good.

To improve the appetite and strengthen the digestion, try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says, "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." There are people in this community who need just such a medicine. For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville. Every box warranted.

Fame is a glorious thing, but a small regular income is much more satisfactory to the average man.

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

It sometimes happens that a politician is never so much out of place as when he is in one.

Better Than a Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deep seated, muscular and rheumatic pains. For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

It stands to reason that any man who would hook a fish would lie about it.

A Timely Suggestion.

This is the season of the year when the prudent and careful house wife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

What's in a Name.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For Blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. L. Wooten.

Has \$600,000,000 In Gold.

Washington, Nov. 29.—The gold holdings of the United States Government has reached the enormous total of \$600,000,000, the largest sum in gold ever held by any nation. Prosperity and confidence have brought forth enormous quantities of gold from hiding. Under present conditions people prefer paper currency. The balance of trade with foreign countries recently has been largely in favor of the United States. Another cause is the heavy increase in gold production.

More pieces of money were coined the last year in this country than ever before, but their value was \$40,000,000 less than the previous year's coinage, owing to a greater demand for the smaller denominations.

THE YEAR'S WORK.

Statistical Report of M. E. Church.

Last Sunday closed the conference year of the Methodist church, and the pastor, Rev. H. M. Eure, preached his farewell sermon for the year. He also read his report of the church that he takes to Conference showing what has been done during the year. Every collection for the various objects of the church and Conference was made in full. The following figures are taken from the report:

| | |
|--|-------------|
| Total number members | 201. |
| Additions during year | 18. |
| Removals by certificate | 18. |
| Deaths during year | 2. |
| Withdrawals | 1. |
| Total amount collected by the church for all objects | \$2,306.06. |

In addition to the above other collections were made as follows:

| | |
|-----------------------------|----------|
| Sunday school | \$115 29 |
| Woman's Missionary Society | 42.55 |
| Juvenile Missionary Society | 20.75 |
| Ladies Aid Society | 313.18 |

This makes the grand total of all collections amount to \$2,797.83. This is Mr. Eure's second year as pastor of the church here. Of course it cannot be told what the conference will do, but the people of Greenville would be very glad to have him back as pastor of the church, and also have Rev. F. A. Bishop return as Presiding Elder of this district. Both are held in highest esteem by all our people.

DEMORALIZING AND BANEFUL.

Says The New Hanover Grand Jury. Extract From Report in Wilmington Nov. 29.

We view with condemnation the issuing of licenses for conducting gambling devices known as slot machines. We learn that 20 such machines are licensed to do business in this community. The demoralizing and baneful influence; especially upon the youth of our city, is manifest and we ask the authorities granting said licenses to revoke the same and we invoke the strong arm of the law to suppress the crime.

Mr. Dooley is to Wed Pretty American Girl.

Chicago, Nov. 29.—"Mr. Dooley" is going to join the army of benedicts. He failed to tell his friend Hennessy about it, but that was hardly to be expected.

However, the engagement of Finley Peter Dunne, who has made Mr. Dooley famous, to Miss Margaret Abbott, daughter of Mrs. Mary Abbott, has been announced. The author of the Dooley stories sent forth the news to his friends from New York. The bride is a former resident of Chicago, but has made her home in Paris for the past few years. She is described as a typical American girl. She also achieved fame by winning the woman's handicap golf match in Paris some time ago.

Mr. Dunne, who now calls New York his home, has leased a house at 30 West Thirty-sixth street. Here he will make his home after his marriage which it is understood will take place during the winter.

Mr. Dunne has become famous throughout this country and Europe as a writer of humor. He began life in Chicago as a reporter and made his first success as a writer of baseball stories. At one time he was in editorial charge of The Chicago Journal. Dunne first wrote the "Dooley" stories for The Post, and only treated local subjects. When he branched out on national questions his reputation was made.—Charlotte News.
