Words

Words are the slaves alike of the wise and the foolish, the weak and the strong, the true and the false. They must serve him who calls them forth by lips or pen, whether the purpose be to inform the world of that which it should know or deceive the unwary by parroting the expressions of others whom they would fain the world should think them to resemble.

Fortunately for the public, "words are good when backed by deeds, and only so."

Deeds are not such servile subjects, and when the public learns to know whose words are constantly allied with deeds they know where and when to place confidence in words.

FURTHER FACTS

About the Tobacco Planters Mutual Hail Insurance Company.

In calling attention in yesterday's REFLECTOR to the Tobacco Planters Mutual Hail Insurance Co. we were not full in possession of all the facts bearing upon this company, therefore cheerfully desire to make this additional mention of the company.

To begin with, the promoters of this company have been very busily engaged for some time past in an effort to promote this company. Until recently there was no law authorizing the formation of such companies in North Carolina, but foreign companies were admitted. Mr. Joyner, the president of the company, has spent much time in Raleigh during the sitting of the legislature in consultation with Mr. James R. Young, the efficient Insurance Commissioner, and the two together, with Mr. E. A. Taylor, who formerly was at the head of the Park Region Hail Insurance Association in this state, they drew a bill and it was passed by the legislature authorizing the formation of this company. The new company goes before the public with much favor.

Our readers are familiar with the get-up-and get, the industry, energy and efforts of Mr. Joyner, and those who know him well will realize that no stone will be left unturned that will advance the interest of the company.

Mr. Joyner is a practical man, though an energetic and persevering one, and is not in the habit of chasing rain bows or promoting wild cat schemes, cool and deliberate, yet an aggressive fighter and a never quitter, as his record on the Greenville tobacco market in the face of adversity and against great odds in the years that are gone fully attest.

Mr. R. J. Cobb, the treasurer of the company, is well and favorably known as a very successful, broad-gauged business man in whatever he undertakes. Mr. Cobb has been engaged in the mercantile business of Greenville and as such was one of our most liberal and successful merchants. Tiring of this or desiring a change some years ago, he organized the Greenville Banking and Trust Company, and was himself made the cashier at the first meeting of the board of directors, since which time he has continued in this capacity and the increasing business of this institution only bears out the reputation he had previously made as a wide-awake business man. Those desiring insurance need have no fear that the financial interests of the institution will suffer, for with such a man at the financial head of it as Mr. Cobb is satisfactory assurance along this line.

We are not personally acquainted with the secretary of the company, Mr. E. A. Taylor, but we understand he is a practical insurance man and has for the past ten years been connected with the Park Region Mutual Hail Association. Mr. Taylor was at the head of this company in this state last year, and as such made himself very well and favorably known, for it was he who assessed and adjusted the losses sustained by his company last year in the Bethel section, and also the loss of Mr. J. J. Laughinghouse, all of which, we understand, were very satisfactory. Mr. Taylor is a clean-cut, clever, genial young man of pleasant address.

Mr. D. A. Tompkins, of Charlotte, N. So that the value to the commonwealth of the man with university education and proper training for his business is fifty times greater than the value of the illiterate and untrained man. If Mr. Tompkins' deduction is correct, and we have no doubt but what it is, as he is a very painstaking gentleman and careful in his statements, it is very evident that the educated man has the advantage over the uneducated. Therefore boys, it behooves you to get an education.—Gaffney, S. C. Ledger.

Second the Motion.

We have not advocated an appropriation for making an exhibit at the St. Louis exposition for the reason that the funds of the state are low and there are things more needed. However, we hold that if the state makes an exhibit it should be such as would not only reflect credit upon the state but would be beneficial in its results. That \$10,000 will do this no one will pretend to claim, and this amount used for this purpose will be worse than wasted. We had rather North Carolina would keep out of it altogether than see her bring up the tail-end of the procession. We have had entirely too much of this kind of advertising already.—Durham Herald.

Mr. J. A. Stikeleather, of Olin, N. C., writes to the Statesville Landmark some interesting items about a farmer of his community who follows the intensive plan of farming rather than the extensive. The farmer in question bought one bushel of artichokes for \$1.50 and planted them on one-tenth of an acre in his garden and made 100 bushels. One bushel of the artichokes, says the correspondent, is worth as much as a bushel of potatoes, and the farmer is feeding them to his hogs and cows with great advantage. This same farmer killed three 8 1 2 month old pigs weighing respectively 229, 236, 234 pounds. All this goes to show that intensive farming pays better than extensive over broad acres of poor land. This is a good season of the year for farmers to study such matters.—Scotland Neck Commonwealth.

A glance at the figures showing the representation of the south in the electoral college gives a comforting reminder of North Carolina's growing importance. The state is entitled to twelve votes in the college. Leaving out Texas and Missouri, which are in a class with themselves, there is not a single southern state, with two exceptions which cuts a greater figure in the electoral college than North Carolina does. The two exceptions are Georgia and Kentucky with 13 each, Alabama, Florida, Louisiana; Mississippi, and South Carolina are all distanced by the Tar Heel state, and Tennessee is only an even match for it. The Old North State is forging along and no mistake. What is more the time is coming when the solid south will mean more for the democratic cause than it does now.—Greensboro Telegram.

PROCLAMATION

—BY THE—

Mayor of Greenville,

Giving Notice of an Election to be held in said town on the

7th day of April, 1903.

Whereas, the General Assembly of North Carolina, at its present session has passed an act entitled "An act to authorize the town of Greenville to issue bonds," to an amount not exceeding sixty-five thousand dollars, for works of internal improvements, if approved by the voters of said town;

And another act entitled "An act to establish a Graded School in the town of Greenville," and providing for the issuing of ten thousand dollars of bonds for the erection and equipment of the necessary buildings therefor, if a majority of the qualified voters of the said town shall so direct;

And whereas, by the terms of said acts, the board of aldermen of the town of Greenville were required at a meeting to be held on or before the first Thursday in March, 1903, to appoint a registrar and two judges of election for each of the wards of said town, to hold and conduct said election;

And whereas, the mayor of said town is required by said acts to issue his proclamation at least 20 days before said election, giving notice of said election and designating therein the persons chosen to conduct the same, and the exact place in each ward where said election is to be held;

Now therefore, I, Harry W. Whedbee, mayor of the town of Greenville, do, in accordance with said acts, issue this my proclamation giving notice to the qualified voters of the said town of Greenville as follows:

1. That an election will be held in the town of Greenville, at the several places in the several wards of the said town, on Tuesday, the 7th day of April, 1903, (it being the first Tuesday in April, 1903.) for the purpose of taking the sense of the voters of said town on the ratification or rejection of the provisions of said acts. Those who favor the issuing of said bonds for the purposes specified in the act entitled "An act to authorize the town of Greenville to issue bonds" will vote a ticket on which shall be written or printed the words "For Bonds," and those desiring to vote against them shall vote a ticket on which shall be written or printed the words "Against the Schools."

2. That at the meeting of the board of aldermen of the said town held on the first Thursday in March, 1903, (it being the 5th day of March, 1903,) it was ordered that said election be held in the several wards at the following places to-wit:

First ward, at the old Eborn house on the corner of Second and Greene streets.

Second ward, at the residence of J. N. Booth on Third street.

Third ward, at the court house.

Fourth ward at J. H. Starkey's store at Five points.

Fifth ward, at the Farmers' warehouse, on Dickinson avenue.

That at said meeting on said 5th day of March, 1903, the said board of aldermen appointed the following named persons as registrars and judges of election, to register the voters and conduct the said election in the several wards as follows to-wit:

First ward—Henry Harding, registrar. B. T. Bailey and W. J. Cowell, judges of election.

Second ward—J. N. Booth, registrar. Allen Warren and J. L. Starkey, judges of election.

Third ward—L. W. Lawrence, registrar. G. E. Harris and J. D. Garden, judges of election.

Fourth ward—J. G. Bowling, registrar. T. E. Hooker and G. C. Moore, judges of election.

Fifth ward—J. C. Lanier, registrar. W. H. Dall, Jr., and J. S. Tunstall, judges of election.

I therefore give notice that said election will be held at the places designated above in the several wards and conducted by the persons above designated as registrars and judges of election.

3. It is also provided in said acts that there shall be an entirely new registration of the voters of said town, and that the registrars

of the several wards shall attend at the above designated voting places on Thursday, Friday and Saturday next preceding the election, from 2 o'clock p. m. to sunset each day, for the purpose of registering all persons entitled to register, and who have not been registered, but the said registrars may, for convenience, register any person entitled to register at his home or at any other place in said town. Notice is therefore given that all who desire to vote must register before the day of election, as only those can vote whose names are found on the registration books.

4. It is provided by the 9th section of the act entitled "An act to authorize the town of Greenville to issue bonds" that at the same time and places as above set out there shall be elected five citizens of the said town, who shall be known and designated as the Board of Internal Improvements for said town. Notice is therefore given that each voter entitled to vote for or against bonds will also be entitled to vote in a separate box for five citizens to constitute said Board of Internal Improvements.

5. That it is provided by the 6th section of the act entitled "An act to establish a graded school in the town of Greenville," that at the election above provided for, to be held on the 1st Tuesday in April, 1903, there shall be also a separate election to determine and select fourteen trustees of said school and a separate box provided for same, which trustees shall be the trustees of the said school for the terms for which they have been elected, in the event the said schools shall have been established as above provided, to-wit: Two persons whose terms shall expire on 30th day of June, 1904; two persons whose terms of office shall expire on 30th day of June, 1905; two persons whose term of office shall expire on 30th day of June, 1906; two persons whose term of office shall expire on 30th day of June, 1907; two persons whose term of office shall expire on 30th day of June, 1908; two persons whose term of office shall expire on 30th day of June, 1909; two persons whose term of office shall expire on 30th day of June, 1910.

Notice is therefore given that all persons who are entitled to vote for or against the schools will be entitled to vote in separate box for trustees as above set out.

Given under my hand at the mayor's office in Greenville this 6th day of March, A. D. 1903.

HARRY W. WHEDBEE, Mayor.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Jno. L. Wooten.

Columbia, S. C., has set a good example for some other towns that we might name by ordering that on and after Friday, March 6th, all antiquated "hack-carriage" and skeleton horses must be kept off the streets as public conveyances.—Asheville Citizen.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Mon, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

The best pill 'neath the stars and stripes; It cleanses the system and never gripes. Little Early Risers of worldly repute—Ask for DeWitt's and take no substitute. A small pill, easy to buy, easy to take and easy to act, but never failing in results. DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently.

READ IT THROUGH.

'I would Spoil this Story to Tell it in the Headlines.

To use an 18th century expression, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced, as I was." For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

We cannot understand why the president should appoint Crum and turn down Vick, and perhaps he cannot understand why we oppose Crum but have no objection to Vick.—Durham Herald.

Wakeful Children.

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

At the meeting of the Chamber of Commerce last night the speakers paid their respects to Blackburn for the part he played in defeating the appropriation for a federal building at Winston-Salem. He was handled as he deserved.—Winston-Salem Sentinel.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Jno. L. Wooten.

"She is very intelligent," said the girl who likes to admire some one. "Yes," answered Miss Cayenne, "but I'm afraid she is a little insincere. She pretends to take more interest in the Trojan war than she does in the quarrels in her progressive euchre club."—Washington Star.

Colds are Dangerous.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by Wooten's Drug Store, Greenville, and Farmville Pharmacy, Farmville.

The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Jno. L. Wooten.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder. If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.
