TOBACCO SITUATION IS VERY SERIOUS.

O. L. JOYNER WRITES OF HIS RECENT TRAVELS.

Dry Season Injuring Tobacco and Other Crops in Several Counties.

Unless rain comes very soon there will be incalculable damage done to all growing crops, especially the tobacco crop. This has been the longest protracted spell of dry weather we have ever had at this time of the year, within the knowledge of the writer, and too, this unprecedented drouth follows a very wet spring. The ground really was not in the proper condition to plow during the months of February, March, and the first half of April, and about the time the ground got in condition to work well the drouth set in, and continues, with but little prospect of rain at this time. The people of this particular section are in much better shape than those farther South, where the tobacco crop was all set and in good growing condition when the drouth commenced.

Farther South the crops are doing nothing in the way of healthful growth. Last week I traveled through parts of Columbus, Robeson, Bladen and Scotland counties and tobacco there at that time looked to me like it was just ready to button, and the plant had a weakly, unhealthy appearance.

In this section our people, or the majority of them had just put out all their tobacco about the time the dry weather commenced, consequently there is not so much damage of premature buttoning, though there is some complaint, and fear in the section where the crop was set very early.

While in some sections farmers are not through transplanting; and scarcely any replanting has been done, consequently many farmers will not get anything like a stand, for when rain does come it will cause the old plants to shoot right up, and before the replanted can get a start the old plants will crowd them so they will always be weaklings.

When we turn to the old belt there conditions are much worse in fact, the situation is becoming alarming. In a private letter from Granville county I learn that very little tobacco has been set, while the plant beds are running away with overgrown plants. Some few people are setting out and watering, but unless rain comes very soon all those plants will die, while on the other hand those who do not set will be compelled to use overgrown and long leg plants, and surely premature buttoning will be the result, unless very reasonable weather follows.

On the whole the present outlook presents anything but a cheerful aspect. While there is always a great improvement in tobacco, still if this weather continues very long there will not be much tobacco to improve in some sections, for a number of people have already planted their tobacco land to cotton and peanuts, and many of the eastern farmers who once intended planting a large tobacco crop have recently been made to change their minds on account of the alluring prospects of the price of cotton in the face of poor prospects of the price of tobacco. O. L. JOYNER.

S. A. L. YARDS IN FLAMES. Fire Destroys \$750,000 Worth of Cars and Buildings.

Portsmouth, Va., May 23.—The Seaboard Air Line railway shops, minor offices and warehouses were destroyed by fire last night. At an early hour this morning the fire had not been put out. It is estimated that two-thirds of the buildings and cars in the yards are destroyed, amounting to a loss of \$750,000. James Herald, a machinist, was probably fatally burned, and another machinist named Penrose seriously injured. Minor injuries to several others were reported.

Wilcox Hearing Postponed.

Raleigh, May 22.—The appeal in the case of Jim Wilcox which was to have been heard this week has been postponed to Tuesday of next week. It is the last case on the Supreme court docket, and oral arguments will be made.

Kinston to Wilmington.

The Methodist Sunday school of Kinston will have an excursion from that town to Wilmington, via Goldsboro, on Tuesday, June 2nd. Fare for the round trip \$1.75. Any people from this section wishing to avail themselves of this fine trip could go to Kinston the evening before.

Good Time to Pay Debts.

The listing of taxes begins on the first day of June. One of the items to be given in is the amount of money on hand that day. If you want to get rid of some of your cash and save paying taxes on it hustle out and pay some debts.

Fishermen Right.

Not every fisherman catches any fish of consequence. For proof of this reference is made to ex Auctioneer Bowling, Alderman Cobb, "Uncle Gus" Eyns, Tobaccoist Critcher and Telegrapher "Coot" Whichard. Don't be afraid to ask them, as they will not talk you to death telling of their luck.

Killings in Alabama.

Gadsden, Ala., May 20.—News has reached Gadsden of the shooting of Will Wood, Jr., by Deputy Sheriff Cecil Griffin, at Ball Play, ten miles above Gadsden this morning. Deputy Sheriff Griffin had a warrant for Wood, issued in 1901, charging him with assault with intent to murder. He resisted arrest and threatened to kill Griffin whereupon the deputy shot and killed him. No blame attaches to Griffin, as a desperate character.

Scottsboro, Ala., May 20.—Thomas H. Kennedy, a photographer, shot John Young twice with a pistol at Hollywood last night, Young dying in about thirty minutes. The trouble arose over alleged slanderous remarks about the Kennedy family.

SATURDAY AFTERNOON, MAY 23, 1903.

We lift up our voice in unison with the Wilmington Messenger, which kicketh:

"We do not want to be considered a chronic kicker, but we must protest against the wholesale pirating of editorials which is being done by some of the newspapers of this state. Last Sunday's Messenger contained an editorial on the proposed inland waterway, based upon an article by Congressman Small in the current issue of The Southern Industrial Guide. Last Wednesday's issue of an afternoon paper published in one of the progressive towns of this state published our article, word for word, as its leading editorial, without a word of credit to this paper. We protest against such work. We like to have due credit for our work. If what we write is worth reproducing we should be given credit for it."

There is certainly a discreditable amount of editorial stealing going on, and the Messenger is right in protesting but is entirely too merciful. The name of the dishonest paper should have been printed, and it should have been held up to public scorn. We differ from the Messenger in that we really do not care whether our stuff is credited or not, but we hate to see a man claiming as the product of his own brain that which he stole from another. THE REFLECTOR is frequently the victim of pirates, and when the notion strikes us to show the fellow up we do it, giving names, dates and so forth.

The Greensboro Telegram says:

"Mr. Alex F. W. Leslie, of Alex F. W. Leslie & Son, proprietors of the Winston-Salem Journal, was in the city yesterday and paid The Telegram office a pleasant call. Mr. Leslie enjoys the rather uncommon distinction of having intentionally given up life in New York city in order to come to the quieter atmosphere of the south. For twenty years he worked on leading New York newspapers and at the end of that time he concluded he would try life where it ran less tumultuously than in the great metropolis. He likes North Carolina and will no doubt make the state his home permanently."

This is the kind of Northerners we delight to have among us. Since the Leslies have resided in North Carolina they have done everything in their power for the good of their adopted country, and right heartily we welcome them and all such.

The esteemed Charlotte News is indeed fortunate in securing the services of Dr. A. J. McKelway as editor. Dr. McKelway has brought the Presbyterian Standard to the foremost rank in religious journalism in this country, and he is considered one of the ablest editors and writers in the South. The News has also signed Miss Feriba Grier as assistant city editor, completing a staff second to none in the state. The News is the best afternoon paper in the state and an honor and credit to it. We wish the new editor and the new News unbounded success.

Theodore, the great "civil servus" reformer, doesn't seem inclined to split his shirt getting back to Washington to take a hand in the postal fraud investigation.

"A Southern man who has discovered that feeding hens with onions flavors their eggs is now trying the experiment of feeding them with whiskey and sugar to produce eggnog," says an exchange. Don't whisper this to those Kentuckians, or they will turn the whole poultry yard loose on the mint beds.

"Maybe Mr. Mitchell is in hiding with the intention of launching a Fairbanks boom some place where he is not known," says the Durham Herald. When last spoken he was in Atlanta, but it is feared that he is entirely "locoed" by this time, as the above village is a deal too swift for him.

"The people do not really want a negro for rural letter carrier, and that is all there is to it," said a prominent Tennessean in Washington. The postoffice department will see to it that that is not all there is to it, however.

The way to pronounce the president's name is "Rose-uh velt," says the New York Sun. If our wishes had any weight in the matter his name would be pronounced "Den-nis."

Mary Ann up at Washington breaks into the Morning Post to talk about the people's party. If Mary Ann has no respect for the dead the Post should have.

Greenville's cotton exchange is not doing business in opposition to the New York exchange but the former can tell the latter how to make a noise.

If there is a bluff in the Charlotte newspaper situation it is not apparent. Both sides seem perfectly able to "make good."

The Minneapolis people must be a queer lot. They put "members of our best families" in the penitentiary just as they would common ordinary people. Mayor Ames a boodler, is the latest. In this State we just let 'em plead self-defense and go free. - Asheville Citizen.

Too Big For Bridge.

A negro woman of immense beam arrived at 10:45 last night at the New York end of the bridge from somewhere in something other than an ordinary conveyance. She wanted to go to Brooklyn. She tried to get into an open car, but her breadth prevented, and she flew signals of distress.

Two bridge "cops" and a dozen newsboys responded. They lifted and pushed valorously, but she wouldn't fit.

Then the cops and the boys lowered her to the asphalt and waited for a closed car.

The crowd broke into cheers of encouragement as the woman was lifted bodily to the rear platform of the next car. She got wedged in between the dashboard and the end of the car, and began shouting for more power.

More cops and more newsboys responded, but all would not do, depth was as great as the beam,

Mr. Joseph Pomerville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by Wooten's Drug Store, Greenville; Farmville Pharmacy, Farmville.

The president has had his rest, and now the country needs and deserves one.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by Wooten's Drug Store, Greenville; Farmville Pharmacy, Farmville.

"Is there any real advantage in being a millionaire?" asked the philosopher. "There is," answered Mr. Dustin Stax. "You can wear your old clothes without exciting comment, which is a great economy."—Washington Star.

A Farmer straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayer, of Patten's Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by Wooten's Drug Store, Greenville; Farmville Pharmacy, Farmville.

A petition is now being circulated in Charlotte for a prohibition election, to be held under Watts bill. Charlotte now has barrooms and it is not improbable that a dispensary will be the outcome of the agitation.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold at Wooten's Drug Store.

A Little Early Riser

now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Wooten's Drug Store.

PACTOLUS ITEMS.

PACTOLUS, N. C., May, 22, 1903.

Summer like weather has arrived.

Now for huckleberries and red bugs.

Farmers are moving up with their work now.

A. B. Smith, of Washington, was in town Tuesday on business.

The writer got little over taxed last week and over looked Pactolus Items. Well, everything was dull. "That's all."

We did not have any services at the Baptist church Sunday, on account of our pastor being sick and not able to get here.

We have learned how to kill potato bugs. Now will some one suggest how to blindfold flies.

J. B. Jarvis, with D. Lowenburg B. & S. Co., of Norfolk, was here Wednesday taking orders for tall shoes.

The warm days are turning the boys attention to C. E. Bradley's place for cold drinks—come in with collars off and go out with jackets buttoned up.

We had a little brawl Saturday between Jno. Smith (white) and Louis Hodges, (colored.) The meeting closed with a cracked head for Smith and a home run for Hodges.

How about a barbecue some where under a large shade tree with a spring of good water close at hand? Wouldn't something of the kind do to talk? Point out your pig, boys.

Mr. and Mrs. H. G. Huntley leave to day for Marvin, N. C., to spend a few days at their old home. Mr. Pender, of Pinner's Point, has charge of the A. C. L. agency while Mr. Huntley is absent. Homer, bring us a rock when you return.

C. E. Bradley and son, Hugh, were billed for a fishing trip Tuesday. They arrived safely at the point for the fun, but before the hooks could be baited the biting commence and the fun was too great on the other side. Hence with pine brushes they defended their bacon as best they could and took the shortest route for home. Enough to last twelve months "thank you."

Not Guilty of Sedition.

Manila, May 20.—The supreme court has decided that Dorr and O'Brien, respectively the proprietor and editor are not guilty of Freedom sedition.

Dorr and O'Brien were arrested on the charge of sedition in publishing an article from an American periodical, to which the editor of Freedom agreed and added remarks of his own, endorsing the United States commission's rule.

Strikes throughout the United States would be fewer if all corporations had the interest of their employees at heart as has the A. G. Cox Mfg. Co. On the 15th ult. when our educational Governor, Charles B. Aycock delivered the address to Winterville High School, the above named corporation gave all its employees a whole holiday with full pay. I think I can voice the sentiment of all the employees when I say we heartily appreciate their generosity.—An Employee.

Total Eclipse of the Moon.

A man in Michigan by the name of Moon got married, and that was a change in the moon. In due time his wife presented him with a daughter and that was a new moon. Then he went to town and got drunk for joy and that was a full moon. When he started for home he had 25 cents in his pocket and that was the last quarter. His mother-in-law met him at the door with a rolling-pin and there was a total eclipse.—Ex.

GREENVILLE'S GREAT DEPARTMENT STORE

"Dorothy Dodd"

THE
FAULTLESS
FITTING
SHOE
FOR
WOMEN

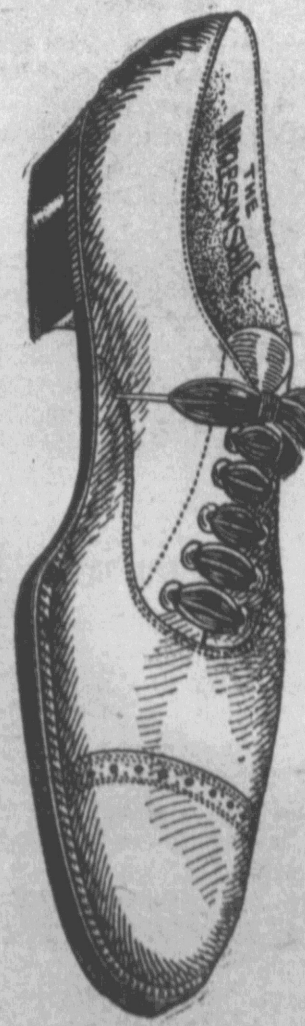

Let us assume that your shoes fit you. Now, what next? What is most important? Unquestionably, style. If it has style you want it. If it has not style, but everything else, you do not want it. The style of a Dorothy Dodd is unique. It cannot be duplicated by any other maker, because the Dorothy Dodd is a totally different construction from any other ladies' shoe. Besides being exclusive in style, it holds the foot firmly at the instep, prevents the foot from slipping forward, and gives a correct poise in walking. It makes the foot look nearly a whole size smaller. That's curious, and you won't believe it until you see it. Just for once try the Dorothy Dodd Faultless Fitting Ladies' Shoe and prove the truthfulness of our assertion.
