To the Voters of the Town of Greenville:

It is the purpose of the temperance element of Greenville to call for an election to be held in September on the question of establishing a dispensary. It is very important that the incoming Board of Aldermen should be men who will be favorable to that movement. With this purpose in view we recommend and endorse the following men for Aldermen:

- First Ward--D. S. SPAIN.
- Second Ward--A. B. ELLINGTON, L. H. PENDER.
- Third Ward--E. E. GRIFFIN and J. J. CHERRY, Sr.
- Fourth Ward--E. G. FLANAGAN and J. R. MOYE.
- Fifth Ward--R. S. EVANS.

We earnestly urge every voter of the town who favors the establishing of a dispensary to attend his respective ward meeting tonight and support the nomination of the above men.

It has been rumored that the temperance element of the town is seeking to elect a Board of Aldermen who will refuse to grant liquor license in July next. This is untrue. Our only purpose is that stated above.

- A. B. ELLINGTON,
- W. O. BARNHILL,
- G. E. HARRIS,
- E. A. MOYE, Sr.

Earthquake in Turkey.

Constantinople, May 28.—Advices which reached here today from Asiatic Turkey show that a terrible earthquake occurred April 29th at Melazherd, eighty miles southeast of Erzerum on the Eu-

phates. The town was destroyed with its entire population numbering 2,000 souls. In addition more than 400 houses in neighboring villages collapsed. A somewhat severe earthquake was felt this morning but no damage was done.

STEALINGS IN P. O. DEPARTMENT CONTINUE TO COME TO LIGHT.

THOUSANDS OF SALARIES ILLEGALLY RAISED.

Postmaster General Reduces Salaries of Many Clerks Who Profited by the Dishonesty of Former Superintendent Beavers.

Washington, May 28.—Postmaster General Payne today issued an order reducing the salaries of assistant postmasters, financial clerks and bookkeepers in post-offices all over the country. By favor of George W. Beavers, former superintendent of the division of salaries and allowances, the above officials have drawn larger salaries from the government than the law entitles them to.

This is an entirely new feature of the postal scandals and is a result of the scheme unearthed sometime ago whereby clerks in post-offices all over the country had been illegally promoted.

The postmaster general will make public tomorrow the full list of those who have profited by violations of the law and whose salaries have been reduced to the proper figure.

ORMONDSVILLE'S BIG DAY.

Professor Ragsdale Delivered Commencement Address.

Thursday was a big day at Ormondsville, in Greene county. It was the occasion of the closing of Ormondsville High School. A large crowd was present and the day was given over to pleasure.

Ormondsville is in the heart of one of the finest sections of eastern North Carolina. It is surrounded by magnificent farms, thickly settled and dotted with as elegant country homes as can be found anywhere. Driving through such a beautiful section one is impressed with the progress and prosperity of the people, while the very appearance of the surroundings of the homes denotes culture and refinement.

The enterprise of such people accounts for the splendid school at Ormondsville. Four leading men, Messrs. W. A. Darden, Elias Turnage, W. W. Ormond and Tedoc Frizzle, are the trustees and financial backers of the school, and they have the support and co-operation of the people of that section, all working together for the school. There is a nice two-story building for the school, well furnished, with a rural library in connection.

The past session Prof. B. W. Stephens, of Person county has been principal of the school, with Miss Lizzie Carver as assistant and music teacher. Both of these were re-elected for the next year which is a compliment to the excellence of their work. The enrollment of the school was 65.

At 11 o'clock Thursday morning the audience assembled in the large church, where after an earnest prayer by Rev. E. Pope, of Snow Hill, who is also pastor at Ormondsville, Mr. W. A. Darden, one of the trustees, introduced Prof. W. H. Ragsdale, who delivered the address of the occasion. Ex-Governor Jarvis had been invited to deliver this address, but the sickness of Mrs. Jarvis prevented his going and Prof. Ragsdale kindly consented to go in his stead.

FRANK CHEEK IS NO MORE.

Kicked by a Horse, He Died of Peritonitis Yesterday.

Greenville was shocked and deeply grieved Thursday evening when it was told that Frank Cheek was dead. The sad news came like a thunder bolt from a clear sky and people were almost appalled at the suddenness of the summons. It was known that Frank had been hurt by the kick of a horse, but his injury was thought to be only slight.

Frank loved horses, and was particularly fond of one belonging to Dr. E. A. Moye. As the little fellow was coming down town Wednesday afternoon he stopped in Dr. Moye's stable and was petting the horse when the animal kicked him in the right side just below the ribs. Frank walked back home and told his mother the horse had kicked him. She told him to lie down, and sent for a physician to examine him. There was nothing to indicate that he was hurt much, as it could not be told if he was hurt internally. Through Wednesday night and Thursday morning he seemed to be getting along all right and there was hope that he would soon be out, but during the afternoon peritonitis developed and he passed away a little before 8 o'clock.

Frank was the son of Mr. and Mrs. Eugene M. Cheek and was nearly 12 years old. He was a manly little fellow, kind, gentle and always obliging, and was a favorite with every one. Last year he joined the Baptist church, and was faithful in his duties to the church and Sunday school.

Frank was one of the carrier boys of THE DAILY REFLECTOR and the patrons on his route often spoke of his faithfulness and promptness. Whatever he undertook was given his best effort.

It is peculiarly sad that the accident and death of the little boy occurred during the absence from home of his father. Mr. Cheek left Monday on a prospecting trip in the central portion of the state, and while several telegraph and telephone messages have been sent they have so far failed to find him.

The body has been embalmed by Undertaker R. Greeue so it can be kept until Mr. Cheek returns. The remains will be taken to Raleigh for interment, probably leaving here sometime tomorrow.

The family have the sympathy of the entire town and community in their sorrow.

Haywood Habeas Corpus.

Raleigh, May 29.—Habeas corpus proceedings before Associate Justices Douglas and Conner in the case of state against Ernest Haywood for the murder of Ludlow Skinner, were begun yesterday afternoon. The case comes up on a motion for bail by the defendant. Only two witnesses were examined as to the facts. The hearing was resumed at 10 o'clock today.

FRIDAY AFTERNOON, MAY 29, 1903.

MAKING A MOCKERY OF MERCY.

A man is convicted of a capital offence and sentenced to be hung. Many citizens of his county, including the jury who convicted him, sign an application for pardon or commutation of sentence, expressing grave doubts as to the prisoner's guilt, and stating that he was convicted upon the evidence of a perjurer. The governor commutes the sentence to life imprisonment, and here, apparently the case ends.

But if this is justice, it is a thing we hope not to encounter. The practical fact of the above case is that a man must stay in jail all his life because of the possibility of his guilt. If there is evidence enough to show that he does not deserve the original sentence—if the jury and people who acted in his behalf believe what they say, this man ought to be as free as you or I. "He may not be guilty," they say, "so it is best to commute the sentence to life imprisonment." MAY not be guilty! What a travesty upon Justice! What a mockery is such "mercy!"

We do not censure the governor for pardoning those he thinks are unjustly imprisoned, or who have suffered sufficiently, but we do censure him for making this halting, compromising disposition of human life and liberty. Does the bandage upon the eyes of Justice also cover up sense and reason?

It is maintained by some scientific chaps that married men live longer than bachelors. Well, we are willing to admit that the married leg is quite frequently longer than the bachelor pedal appendage.

Some of our contemporaries are still discussing the negro question. After awhile we expect to be edited by their opinions on the Reformation or the invasion of Rome by the Goths.

That inmate of an institution for the feeble minded who invented the idea that Bryan would bolt the next convention, probably had previous experience in the sea serpent industry.

That New York preacher who is hankering to make up B. Washington's bed would probably make a more useful chambermaid than preacher.

It P. M. G. Payne had paid more attention to his help and less to looking out for negro votes, things would not be so rotten in Denmark.

Max O'Rell probably knew more about women than the average man, still his life was too short to solve the mystery.

The democrats may sneer at the "Ohio situation," but they would do well to take lessons in harmony from the G. O. P.

If P. M. G. Payne had been the head of any commercial institution the board of directors would have fired him long ago.

Hanna never intended to fight Roosevelt openly. He sees his power vanishing and simply tried to remedy matters.

How many college graduates who hold the stage today will be heard from in the roll call of men who do things!

Sheep are now sheared by machinery, but the old method of trimming lambs is still in vogue in Wall street.

Greensboro gets a refrigerator factory. Probably needs a place where its nerve can be kept in cold storage.

It seems that some Northern pulpits are still the scene of heathen raging.

We gave the "Ohio situation" away a few hours before the peace treaty.

The Kentucky navy has not yet been ordered into commission.

Theodore is master of his household, anyway.

THE STATE PRESS

The Russian authorities are amusing the masses with free shows at the theatres in order to divert their attention from killing the Jews.—Raleigh Times.

We judge from one or two recent newspaper articles that the Hon. Marion Butler is again able to sit up politically and take notice. But the Hon. Otho Wilson is still unheard from.—Asheville Citizen.

The editor of the Williamston Enterprise complains of bulls on the streets of his town. The whole country has suffered of late from the same state of affairs in New York city.—Wilmington Messenger.

We do not know what Mr. Haywood will be able to prove in the habeas corpus proceedings, but it will be a hard matter to prove that Mr. Skinner is not dead or that he did not kill him.—Durham Herald.

The French premier is quoted as saying that the recent automobile accidents were not due to lack of precautions. Which is doubtless but another way of saying that the auto will just naturally kill people whether or no. The man who doesn't own an auto is in no way an object of pity.—Greensboro Record.

The New York Evening Post has a very pleasant editorial commendatory of the rural school libraries established in North Carolina, and says the "experiment is attracting very considerable attention in other states," and concludes: "The peculiar value of the rural school library lies in the fact that it educates the older generation as well as the younger." There can be no doubt but that

The Wastes of the Body.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold at Wooten's Drug Store.

Mexico raises 50,000 bales of the 100,000 bales of cotton used each year in that country.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the result. For sale at 25 cents per box by Wooten's Drug Store, Greenville; Farmville Pharmacy, Farmville.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by Wooten's Drug Store, Greenville; Farmville Pharmacy, Farmville.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by Wooten's Drug Store, Greenville; Farmville Pharmacy, Farmville.

Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these disease should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. HARRY W. WHEEDBEE, Mayor

Undaunted.

He rose undaunted from a fresh defeat,
And fared him forth again the foe to meet;
The foe that mocked and jeered at him, and flaunted
His victory in his face: the foe that taunted
At him to make his downfall more complete.
Just to lie still, and die—that would be sweet!
But no!—He firmed and struggled to his feet:
Above the ruin that the victor vaunted
He rose undaunted!
And won at last. The world shall rise to greet
Such souls as his; the songs of old repeat
The names of those who gained the goal they wanted,
By no weak horror of undoing daunted—
The men who never knew when they were beat,
Heroes undaunted!

A good story about the Earl of Yarmouth came out the other day. It seems that the young man and Miss Thaw dined with a Pittsburg family a week before their wedding. The daughter of the hostess, a little girl of 9 years sat opposite the Earl, and not once did she take her big grave eyes from his face.

Finally she said:
"Are you an English Lord, sir?"
"Yes," he answered, laughing,
"I am an English Lord."
"Really and truly?"
"Yes, really and truly!"
She regarded him in silence for a moment, "I never saw an English lord before," she said. "I have always been very anxious to see one."

"And now that you have seen one, you are satisfied, aren't you?" the young man said, gaily.
"No, I am not satisfied," the little girl returned. "I am disappointed."

Married men live longer than bachelors. In other words conjugal life seems a necessary condition of longevity. An authority cites the cases of fifty centenarians not one of whom is a bachelor. A curious fact, too, is that these fifty centenarians were all widowers.

A Little Early Riser

now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. The woman who wears feathers on her hat won't let her little boy rob birds' nest because it is cruel.

The X-Rays.

Recent experiments, by practical tests and examination with the aid of the X-Rays, establish it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodol Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold at Wooten's Drug Store.

When a woman goes into a room and doesn't walk up to the looking glass to gaze at herself, it is a sign that there isn't one there.

AGE LIMITATION.

There is a growing sentiment which precludes old age from enjoying the benefits of choice positions in the business world. Youth is everywhere preferred. In this respect Electric Bitters is different. It benefits old and young alike. Rev. U. J. Budlong of Ashaway, R. I. "I want everybody to know what Electric Bitters is. It cured me of jaundice and liver trouble from which I had suffered for years. It's a great tonic and nerve and cures Liver, Kidney and Stomach troubles. Only 50c and guaranteed by Wooten's Drug Store."

Queen Quality

WILL YOU TRY IT?

Are you ever irritable? Many a woman can trace her irritability to ill fitting shoes. It is hard to be cheerful, isn't it, when all the time there is a drag and pinch upon the feet. But there is one shoe that is different in this matter of FIT. It is not made like a box into which the foot is thrust, but on the plan of a bandaged wrapped around the muscles of the foot to strengthen and sustain them.

That Shoe is the "Queen Quality"

It makes walking easier for thousands of women. It will do it for you. Will you let it?

Ormondsville Commencement.
(Continued from 1st page.)

Prof. Ragsdale's speech was an able one, and for an hour he held the closest attention of all present. He asked three questions and answered them in reference to education.

First—Do we need education? To answer this it is necessary to know two things: What is our present condition? Is there any demand for it?

Second—What will it do for us? It would develop our industrial resources. It would better our social condition. It would give a better chance in life.—It will fit us for better service to others.

Third—How can we obtain it? By using the opportunities now given us. By giving better opportunities. This may be done by removing the following hindrances: Excessive number of districts. Poor school houses and meager equipments for teaching. Small attendance. Want of interest of parents. Want of confidence in public teachers.

Other means of giving better opportunities mentioned were local taxation, and creating public sentiment favorable to the school. Under all these headings Prof. Ragsdale discussed the subject clearly, emphasizing the strong points as he went along. It was an address that gave the people something practical to think about and gave them a higher perception of their duty along educational lines.

After the address a bounteous picnic dinner was served in the grove and the afternoon was devoted to sociability and base ball. At night the pupils of the school gave a splendid concert.

C., will receive prompt attention.
