Oak Ridge Institute.

We are just in receipt of the catalogue of Oak Ridge Institute. Those who are good judges, and in a position to know, say it is the handsomest ever issued by a similar institution in this country. It is in keeping with the progressive spirit which has marked every year of this well known school's life. Those who are looking for the best place to prepare for college, for business or for life, should not fail to write for catalogue. We are glad to see that it still stands pre-eminent among the schools of the state in equipment and numbers. See advertisement.

Let it Come Soon.

THE REFLECTOR has recently learned enough to lead to the belief that a brick making plant will soon be added to the industries of Greenville. Such an enterprise is needed and we hope it will come soon.

Mixing Folks.

It was too hot Friday for any of the THE REFLECTOR force to get on a jag but the way two of the personal items joined into one in the hurry made things look like somebody was a little off. We give the two straight today.

GARLANDS FOR OUR FALLEN HEROES

Over the narrow homes that hold the dust of the gray fond memory lingers, while loving hands place a chaplet of flowers upon their graves. The muffled drum and muted fife again wake the strains of "Dixie," and the sweet melody of "Tenting on the Old Camp Ground" echoes through the vistas of the past. Soldier, sleep well; the breezes chant thy requiem, while the heart throbs of Southern sons honor thy memory.

SATURDAY AFTERNOON, JULY 4, 1908.

FIRE PATROL.

After Greenville's water works plant is completed it is THE REFLECTOR's intention to advocate the establishment of a fire patrol. Of course we do not need such an elaborate one as in large cities, but we do need a night officer whose duty it shall be to patrol the town on the lookout for fires. It will mean a saving of thousands of dollars, for there can be no doubt that five or ten minutes saved in giving an alarm will often be the means of saving of vast amounts of property.

Two officers might be sufficient—one to patrol from Five Points to the to the river, the other to cover the tobacco and depot section. The insurance companies maintain a very effective system of fire police in all large cities, and it is probable that the companies who operate largely here could be induced to join with the tobacco interests, the mercantile and manufacturing interests and the town, in providing for the establishment and maintenance of a fire patrol. We know it is a good thing and shall urge its adoption. Of course, at present we are absolutely at the mercy of the flames and must put our sole trust in Providence.

Mr. James Sprant Hill, in his alumni address at the University, said:

"It is said of the University of Virginia that it is the 'lengthened shadow of one man—Jefferson.' The University of North Carolina is the lengthened shadow, not of one man, but of a whole people, the 'freest of the free,' united in a grand struggle for civil and religious liberty. It represents their sublime confidence in the justice of their cause as well as their abiding hope in its eternal usefulness. In those days, as it should now, the right of private judgment presupposed sufficient intelligence in the individual to arrive at an intelligent judgment. Educated citizenship, therefore, was the rock on which the whole structure of their new democratic government rested. Hence, it was the first duty of the State to secure and educate citizenship and provide for its maintenance and support. Believing firmly that the preservation of the blessings of liberty to themselves and to all posterity rested upon the education of the youth of the state, they were afraid to leave a matter of such momentous importance to benevolence and philanthropy and to private enterprise. Hence, to the ideas already in existence favoring education for preservation of learning, for the social, moral and religious improvement, the Revolution brought the new educational baptism and for all future time the dominating idea of education, as a means of self defense, self-protection and as the best means of preserving civil and religious liberty and transmitting it to posterity."

The great American speech making habit reached the limit yesterday. No doubt the distinguished gentleman who was supposed to be the orator of the day thought there had been a mistake and he had been invited to hear speeches instead of to deliver one. And no doubt he will insist upon revising the program when next Greenville honors him by inviting him to listen to brilliant speeches by the statesmen of this town.

If a woman appears on the streets of New York after nine o'clock, no matter how pure and innocent she is, or how necessary her appearance may be, she is liable to be arrested and confined in dirty jails with human vermin until she can prove that she is the kind of woman we want for wives and sisters. This is one kind of North-era "civilization."

Booker T. Washington, in a speech before an immense Louisville audience, said that lynch law is not confined to any one section of the country. This time Booker is right.

The Durham Sun writes:

It is reported that First Assistant Postmaster General Wynne is a "marked man," and that he is to be "quietly dropped" because he revealed the existence of the Machen ring and the "irregularities" of his predecessor, Heath. The public will not stand for the dropping of that sort of a man.

The public will have to stand for anything thrown out to it by the most corrupt national administration the country has ever seen. The public will not only stand for it, but will forget it.

Lieut. McCue, of the U. S. army, has been arrested for bigamy. He induced a young woman to marry him after an acquaintance and courtship of two weeks, when he already had a wife. And now they say the officer is insane. It may be so, but there is better ground for belief that the woman is crazy.

President Marshall of the press association is right in thinking that the editorial column of local papers should be devoted to local matters to a greater extent than at present. But the brethren should be careful lest they harp upon one string too much.

No doubt the Brooklyn Eagle will feel much gratification in learning that THE REFLECTOR agrees with it as to the brilliant qualifications of Governor Aycock, but we don't believe the Eagle has any idea that the governor could be elected.

We wish the Northern papers would print a picture of Senator Hopkins, who says the negro ought to have an equal share in government. We have a curiosity to see if he is heavy enough to stretch a rope.

A Fayetteville negro dropped dead while playing baseball. But this incident will not stop the balance of them from playing ball when they ought to be at work.

As long as there are such men as Senator Hopkins in the North and Senator Tillman in the South the air will be full of fishwife wrangling about the negro.

The Hamlet Outlook is up against the postoffice department, and both the Outlook and the outlook are gloomy.

A SURGICAL OPERATION is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Summerton, S. C. For Blind Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Salve by Wooten's Drug Store.

It's never too late to spend if you've got it.

JUST ABOUT BEDTIME take a Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by Wooten's Drug Store.

Some of the shirt waists make bathing suits look very modest.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

THE FOUNDATION OF HEALTH.

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Wooten's Drug Store.

CATARH OF THE STOMACH.

When the stomach is overloaded; when food taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucin, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by Wooten's Drug Store.

THE STATE PRESS

Last week a company of college cadets passed through Charlotte. Some one exclaimed, "There is Mrs. Stonewall Jackson on the veranda." Instantly the band struck up "Dixie," and the young soldiers came to port arms in recognition of the distinguished lady. The blood of the sires has descended to the sons, as demonstrated in this instance.—Winston Journal.

The total quantity of manufactured tobacco produced in this city during January, February, March, April, May and June of this year was 12,862,953 pounds, and for the corresponding six months of 1902 it was 12,224,595 pounds, an increase for the period of 1903 628,358 pounds.—Winston-Salem Sentinel.

It is the unwritten law of this section of the land, and it is more binding upon the consciences and hearts of the white men than any statute or clause of state or federal constitution, that a man who criminally assaults a white woman shall die.—Wilmington Messenger.

The Greenville Reflector has insisted all along that nothing would be done with those Wilson murderers and it seems that it had inside information.—Durham Herald.

All the members of the Indiana Music Teachers' association must be women. Their official organ is named the Mirror.—Atlanta Journal.

Looks like a sure thing, that half-hose business. New York papers are already printing photographs from life.—Atlanta Journal.

That dull thud may be one of the others clapping his ear to the ground while Judge Parker is visiting in the south.—Atlanta Journal.

King Peter of Servia continues to give evidence of wisdom. He is still praising the army of assassins.—Atlanta Journal.

There's just as good fish in the matrimonial sea as the other fellow ever caught out, anyhow.—Atlanta Journal.

Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. NEWS NOTES FROM WINTERVILLE.

WINTERVILLE, N. C., July 4. Miss Hattie Smith, of Falkland, is visiting at Bryant Tripp's.

A whole lot of our folks went to Greenville yesterday, the majority of the band boys included. They carried their drums and instruments as if they expected to be called on.

J. L. Jackson has been giving his tobacco barn alarm a practical test this week in the barn of J. B. Carroll. Mr. Carroll says that a variation of two degrees in the heat from what he wants it is made known instantly. Mr. Jackson will be ready to begin filling orders in a few days. Those interested would do well to notify him and he will be pleased to let them test the apparatus in their own barns. They will be sold under a positive guarantee to do what the inventor claims.

A few days more and Handy truck season will be over. Orders have already reached over a thousand. It is taking hard work and quick turning to supply all our customers, but we have not had to disappoint a single one yet. The main reason why we are so anxious to get as many out as possible this season is that they may be tested by the side of all other makes in order to prove their superiority. Farmers will find out that it is so far ahead of the make outs which they rig up themselves that they will discontinue that sort of thing altogether. Five or six dollars for a truck put up like the Handy is as cheap as dirt.—A. G. Cox Mfg. Co.

Agent J. E. Green, of this place, just received the sad message yesterday afternoon that his father was dead. His death was sudden, not having been sick at all. The old home is near Williamston. Mr. Green has all our deepest sympathies in his grief and bereavement.

Thursday afternoon Ernest Tripp left his horse standing on the street here. The horse became frightened and before Mr. Tripp could get hold of him began running. Not seeing the wire fence around the school campus, he ran full tilt into same, breaking his shoulder blade.

Prof. J. F. Stokes and wife are spending some time here. They are stopping with Mrs. J. D. Cox. Prof. Stokes is working insurance.

Prof. G. E. Lineberry, who has been taking a vacation at his old home in Robeson county, also attending teachers' institute at Chapel Hill, returned Wednesday night. It seems like he has been gone a long time and all welcome him back. Those teachers wishing to get any further information about the summer school here had better write him at once.

The school campus has been enclosed with an attractive Pittsburg wire fence, nice walks laid off and the entire plot of ground worked over and leveled up preparatory to sowing in lawn grass. It promises to be a beautiful place.

Somebody ought to take Sir Thomas up and let him look at the cup, anyhow. Nothing like showing the guest every possible attention.—Atlanta Journal.

Governor Aycock can get Greensboro's support for the vice-presidency by advocating moving the state capital to Greensboro.

It takes a woman to cast sheep's eyes at a man across the aisle in a car when she seems to be looking out of the window behind her.

If she could only get well again afterward, the average woman would like to die every once in so often to see how nice a funeral she could have.

Robt. Cox returned to Kinston Tuesday evening.

Richard White left Friday evening for Morehead City.
