### TERMS OF THE AGREEMENT REACHED SATURDAY.

### EXCHANGE OF \$30,000 BONDS

### Will be No Increase in Taxation in Townships Traversed.

The result of the meeting here last Saturday between Capt. J. M. Turner and Mr. C. M. Barbee, of the Raleigh & Pamlico Sound railroad with the committee representing the Retail Merchant's Association of Greenville, was an agreement by which the road is guaranteed to come via Greenville. By request of those interested the terms of this agreement are not made public until today.

The gentlemen representing the railroad explained fully to the committee the plan by which the road is to be built. Arrangements have already been perfected to float first mortgage bonds on the road to the amount of \$12,000 per mile as fast as the construction progresses. In addition to this second mortgage 6 per cent. bonds will be issued sufficient to equip the road. It is proposed that the towns and townships through which the road passes take these second mortgage bonds, giving in exchange for them municipal or township 5 per cent. bonds. These bonds will be placed in the hands of a trustee but do not become the property of the railroad company until the road is completed. If the road should never be completed the bonds would not be delivered and the towns or townships issuing them would be out nothing. On the other hand upon the completion of the road the bonds are exchanged and the towns or townships taking them have 6 per cent. second mortgage bonds for which 5 per cent. bonds have been given. This one per cent. difference in favor of the towns or townships in addition to the taxation derived from the railroad will, it is believed, be sufficient to meet all interest on the municipal and township bonds, so there would be no need of levying of a special tax for that purpose, and the railroad bonds would soon be valuable to the towns or townships possessing them. This matter was talked over and explained fully by the railroad representatives to the committee.

Two suggested routes for the road have been under consideration by the promoters. Both these are the same from Raleigh as far as Wilson. At the latter place it is either to diverge via Snow Hill, Ormondville and Ayden to Grimesland, crossing Tar river near that place and going in to Washington on the north side of the river, or to take a direct course from Wilson, via Farmville and Greenville to Grimesland, then across the river and on to Washington. The latter route is 10 miles shorter than the former and would make the construction cost correspondingly less. The advantages of both were discussed, and while Capt. Turner and Mr. Barbee frankly told the

committee what inducements were offered them in the way of exchange of bonds to take the longer route via Snow Hill, they expressed a desire to take the shorter route via Greenville because it is more direct. Yet the inducement offered is a consideration and unless the shorter route held out an inducement that would more than offset the offer of the longer routes then the road would have to go the other way. There was no bluff in this but it was simply a business proposition to business men.

Then when the matter was narrowed down to a plain business proposition the committee pressed the gentlemen to name the very lowest amount of bonds taken by Farmville, Greenville and Grimesland together would secure the road coming this shorter route. There came the tug, but it was finally agreed the road would come for \$30,000. The committee believed that amount of bonds could be provided for by the portions of Pitt county through which the road will pass, and will report the agreement to the next meeting of the Retail Merchants' Association. If the agreement is approved by the association, as no doubt it will be, that body will then decide upon securing an early mass meeting of the people of the sections interested to determine about the bonds.

That brings the question down to this: If Farmville, Greenville and Grimesland want the Raleigh & Pamlico Sound railroad the \$30,000 of bonds must be taken. Fail to take the bonds and the road goes elsewhere. THE REFLECTOR thinks we cannot afford not to have this new road.

### A Rapist Sixty Years Old.

Charlotte, N. C., July 21.—The Charlotte police are searching assiduously for Rufus Holder, a white carpenter 60 years old, who is charge with the blackest crime that has been committed within the borders of Mecklenburg in many years. It is alleged that Holder went to the home of Jack Overcash, a carpenter living in Dilworth, and criminally assaulted the latter's 11-year-old daughter, Ellie.

### 1903 Cotton Sells at 26 1-2

New York, July 21.—The first bale of cotton of the 1903 crop arrived here this morning and was sold for 26 1/2 cents per pound. George W. Cummings made the first bid at 15 cents and also the last bid which secured the cotton. The cotton was raised in Japota county, Texas, and was shipped from Houston to Latham, Alexander & Co., who put it up for sale. It was said by experts to be of unusually high grade. The first bale of the 1902 crop was sold July 2, 1902.

### Spanish Peanuts at 90 Cents.

Petersburg, Va., July 22.—Eleven thousand bags of Spanish peanuts were sold here today at ninety cents a bushel, aggregating forty thousand dollars. It is a high price for Spanish nuts, which are scarce here and there.

Richmond, Va., July 22.—The end of the trolley strike seems at hand. Twenty-six of the strikers returned to work yesterday. The militia have been ordered away from Manchester.

WEDNESDAY AFTERNOON, JULY 22 1903.

THE RALEIGH & PAMLICO.

We publish today the agreement reached by the business men of Greenville and Messrs. Turner and Barbee, representing the Raleigh & Pamlico Sound railroad, whereby the road is to come to Farmville from Wilson, thence to Greenville and Grimesland.

At this time THE REFLECTOR wishes to put itself on record as an out-and-out advocate of the plans agreed upon. We believe Greenville's industrial and commercial development depends upon securing another railroad, and instead of putting trivial, short-sighted objections in the way of the road, we shall welcome it warmly.

It would seem that no man who cares anything for Greenville and Pitt county could oppose the road, yet we learn that some of our wise men are already beginning to talk about increase in taxation and other bugaboos. The fact is, there will be no increase in taxation. The taxes on the road's property will fully pay the interest on the township bonds to be exchanged for the railroad's second mortgage bonds, and in this exchange we get one per cent. the best of the deal, as the railroad's bonds bear six per cent., while the township bonds bear only five per cent.

We earnestly hope that there will be no considerable opposition to this greatest of all Greenville's needs, and yet we see this early in the game that there will be some who will oppose it on general principles—because they oppose everything that is supposed to make for advancement and education.

"The Dick bill makes liberal provisions for maintenance of the state troops," says the Wilmington Messenger. Yes, sir; and we can point out hundreds of instances in history where exactly the same methods were employed to destroy states and crush the liberties of the people. The Dick law was so garnished with gold that its gitter was too much for the officers in convention assembled, so they "accepted" the new militia law. Happily that acceptance was only for themselves—they cannot transfer any of its odium to the enlisted men.

The Messenger further says the Dick measure is now the law of the land. Is it? Well, will you please tell us what would happen should a state decline to turn over its militia to the federal government?

Colonel W. A. B. Hearne, formerly of THE REFLECTOR, has grounds for a suit for highway robbery or grand larceny against a western paper that claims to have made the discovery that the reason the negro does not commit suicide is that when he sits down to think over his troubles he goes to sleep. Colonel Hearne dug up that discovery several moons ago.

The Newton Enterprise suggests that as Governor Aycock is barred from seeking a renomination it would be a graceful act for those who went into office with him to go out with him and not stand for renomination. Yes, it would be very graceful—also very startling and very unnatural.

Mr. Timothy Toolan stuck a nail in his trousers to hang his suspenders on and observed: "A great deal of money is spent for parlor sanery at a wedding that is sadly missed when it comes to buyin' kitchen sanery."

The only way that a republican administration will ever take the rural free delivery system out of politics is to take it out of existence or kill the politicians.

The papers that are throwing bouquets at the railroads for agreeing to give us a depot must not have been keeping up with the proceedings.—Durham Herald.

And what makes it worse, after a man's friends have persuaded him to run for an office they will advise him to do almost any old thing to get there.—Durham Herald.

It may be remarked that the fellow "who does not want it but is willing to run if his friends desire it," is generally pretty certain how his friends stand on the question.—Winston Sentinel.

## Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

## A SURGICAL OPERATION

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Sumner, S. C. ## JUST ABOUT BEDTIME

take a Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by Wooten's Drug Store.

The great trick of marrying wisely is not so much to pick out the right one as not to pick out the wrong one.

## Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

A woman's wisdom is always beyond her years, because however little there is of it, there is more than she confesses to her age.

## CATARRH OF THE STOMACH.

When the stomach is overloaded; when food taken into it that fails to digest it decays and inflames the mucus membrane, exposing the nerves, and causes the glands to secrete mucin, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppel, Tex. Sold by Wooten's Drug Store.

## THE FOUNDATION OF HEALTH.

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Wooten's Drug Store.

## Thanks People of North Carolina.

Raleigh, N. C., July 18.—Governor Aycock today received from the secretary of state, John Hay, a letter expressing thanks of king of Portugal, to people of North Carolina for their kindness to the crew of the bark Vera Cruz the seventh wrecked at Ocracoke Inlet last May. The letter was transmitted by Portuguese charge de affairs through United States secretary of state.

## That Webster's "Blue Back Speller" is coming back to its rightful place in this country as the cornerstone of the science of orthography is shown by the tendency to go back to the once-popular "spelling-bee" and to use the blue-back for "giving out" the words. The latest event of this kind occurred this week at the Davidson College summer school. The "bee" was held in Shearer hall, which, we are told, was filled with a very interested audience who heartily enjoyed the contest. The Blue Back was used. About fifty people took part in the contest, spelling some of the most difficult words in the book. For nearly two hours the match lasted, learned professors, public school teachers and little children taking part. Master Norwood Alexander, a little twelve years old boy of Davidson, spelled down all of his opponents and won the prize. A copy of Webster's Spelling Book was presented to the young lady who missed the first word.—Asheville Citizen.

### PITT COUNTY TEACHERS.

## One Hundred and Five of Them at Winterville.

The teachers' institute which began at Winterville on Monday had 105 teachers present at first enrollment, nine counties being represented. The institute is under the direction of County Superintendent W. H. Ragsdale with Professors H. P. Harding, E. E. Lineberry, J. D. Everett and A. J. Manning in charge of the different departments of instruction.

The institute held at Winterville two years ago was declared the best ever held in the state up to that time, but the outlook for this one is that in members and work it bids fair to surpass the former. Great interest is shown by the teachers in the work before them.

The personnel of the institute is very fine and the accommodation all that could be asked.

The institute will be in progress four weeks, and besides the regular courses of instruction from 8:30 a. m. to 1 p. m. daily, there will be lectures two or three nights each week by persons of prominence from various sections of the state. The first of these lectures was delivered Tuesday night by Rev. A. T. King, pastor of the Memorial Baptist church at Greenville. His subject was "The Ideal in Education." The ideal of service was the predominating thought; and this was impressed with emphasis upon the minds of the teachers. His first point was that character is requisite. The second that character must be equipped. The third that it costs to prepare. The fourth the door of opportunity for service—wide open to every one. How to use this equipped life and show its best ideal in service to others was also emphasized.

All who heard Mr. King were charmed with his lecture, many declaring they never heard more eloquent words and beautiful expressions fall from the lips of any speaker.

### NEWS NOTES FROM WINTERVILLE.

WINTERVILLE, N. C., July 22.

Miss Myrtle White, of Jones county, a former pupil of our school, is here in attendance upon the institute.

Prof. Ragsdale, is a live energetic man and not only makes friends, but is undoubtedly one of the best, if not the best superintendent in the state.

J. E. Greene, our depot agent, returned yesterday after an absence of several days.

Mr. Andrews, who has been acting as agent at depot, left for his home this morning.

Sol M. Jones, of Bethel, is here. James Harrington lost a barn of tobacco by fire yesterday.

Mrs. J. B. Johnson and daughter Miss Miriam, are spending, the day in Greenville.

G. B. Dixon went to Washington Saturday and returned Monday evening. The first time he has been out of the county in 20 years.

The teachers are here and have possession. We all bid them a hearty welcome and hope their month's stay among us may be both profitable and pleasant.

That's a good and just law prohibiting the marriage of first cousins. It should have been on our statute books long ago and most rigidly enforced too.

Bethany church four miles from here is a popular resort with our people every third Sunday.

Lil Cannon, of Ayden, was here Monday.

From one end to the other our streets are things of beauty and surpassingly delightful to behold. Alas shall they all leave and not one remain as a reminder of what might have been. Pray for us, brother.

Last Monday for the first time in five years we had the pleasure of meeting our young friend Prot.
