PLUCKY WIDOW HEDGEPEETH.

She Comes Out Winner in Encounter With Black Brute.

Nashville, N. C., July 27.—Saturday night Mrs. Hedgepeth, a young widow of this town, was awakened about 12 o'clock and found a big black negro standing by her bedside. She grabbed a pistol in one hand and the negro by the collar with the other. She then snapped the pistol several times point blank in the negro's face, but it would not fire. A struggle ensued, in which the plucky woman pulled off the negro's coat. By this time neighbors began to arrive and the black intruder fled. His identity was betrayed by the coat left behind, and he was soon caught and carried to Wilson for safekeeping.

Killed Her Brother.

New Orleans, July 27.—Mrs. Prince Odum, wife of a prosperous farmer of Cherry county, shot and killed her brother, John Rich, at Richtown, Miss., today. Bitterness has existed for some time between brother and sister. Mrs. Odum was getting spring water from her brother's place, when he had her ejected with violence. She went home, secured a revolver and returned and shot her brother through the heart.

No Hope for Pulliam.

Washington, D. C., July 27.—At the department of justice little encouragement is given for the reopening of the Pulliam case, in which a pardon was refused by the president. Pulliam will probably be taken to the federal penitentiary at Atlanta at an early date.

NAGS HEAD HOTEL BURNED.

Wife of the Proprietor Dropped Dead From Excitement.

Nags Head, N. C., July 27.—The Nags Head hotel was burned to the ground Sunday morning. The hotel was full of guests, all of whom escaped, but were compelled to remain on the beach for 24 hours until taken off by the regular steamer from Elizabeth City. All the personal property belonging to the guests was destroyed.

While the hotel was burning Mrs. Lowe, wife of John Z. Lowe, proprietor of the hotel dropped dead. Among the prominent guests at the hotel were Hon. Thomas G. Skinner, of Hertford, and Captain Edward Outlaw, of Windsor. The amount of damage cannot be given at present, neither the origin of the fire.

To Build Factories.

Rocky Mount, N. C., July 24.—The North Carolina Farmers Protective Association held a splendid meeting here today and there were present about 200 delegates from the various county associations.

The meeting was an enthusiastic one, and it developed that the association was increasing. Addresses were made by the president, Col. John S. Cunningham, Messrs. R. H. Ricks, J. O. W. Gravely, Dr. R. H. Speight and Hon. Jesse Brake.

One important step determined on was to make an effort to start tobacco factories by the farmers. The meeting authorized President Cunningham to appoint a committee of five to formulate plans to open tobacco factories to be owned by the tobacco planters.

There was great interest shown in the meeting, which was a most enthusiastic one. It was determined to hold a great state meeting on August 21st, at a point yet to be selected.

GRIMESLAND ITEMS.

Grimesland, N. C., July, 27 1903. Some of our farmers are beginning to see the end of tobacco curing season. We notice that in some fields all tobacco was gathered last week. In about two more weeks all the crop will be in.

Quite a number of people were here yesterday to attend services at Disciples church. Among them were Mrs. W. H. Galloway and Miss Lucy Galloway.

J. W. Mayo went to Washington today to meet Mrs. Mayo, who is returning from a visit to her mother, Mrs. Smithwick, on Roanoke river.

Mrs. T. W. Stokes and Miss Rosa Stokes came in Saturday evening to visit Mrs. Jennie Proctor. They returned to their home today.

Jimmie Galloway went over to Winterville yesterday and carried Misses Myrtle Proctor and Corinne Ward. They had many friends gathered together at the county normal and they report a most delightful time during their stay with the teachers and clever people of that good little town.

Mrs. W. E. Tucker was in town Saturday visiting her sister, Mrs. W. S. Galloway.

Master Fred Jones is over in Possumtown this week visiting his grandparents Mr. and Mrs. F. Ward.

Col. Alston Grimes is out again today after a few days' illness. He lost a tobacco barn Saturday evening.

A man usually makes a virtue of the means he uses to conceal his faults.

Two Piece Suits

Those new two-piece suits of ours are just the thing for summer wear. We're always plowing new ground—never following the old furrows that will soon result in a rut. Plenty of indulgence is allowable in these very handsome suits.

Rough surfaces predominate. Seems strange that a rough looking cloth can be woven to be cooler than a smooth one. But we can show you how true that is, Wool Crashes, Home-spuns, Serges, Striped Flannel.

A two-piece suit is the thing for comfort.

TUESDAY AFTERNOON, JULY 28 1903.

CRUELTY TO ANIMALS.

Contrary to Shakespeare, the quality of mercy is strained—that is, Greenville mercy in dealing with dumb animals. In summer, of all times, should animals get especial consideration, but because of man's thoughtlessness and brutality they suffer unnamable agonies. If any man should kick that dog of yours you would get mad, but have you a place where your dog can drink fresh water whenever he needs it? Probably not—probably the dog has to look out for himself. And you would be surprised to know how much water a healthy dog requires in hot weather. He drinks several gallons each day when he can get it, and when he can't get it he sometimes goes mad and bites you or your children.

Horses fare even worse in Greenville. People coming from church Sunday morning saw a horse whose flank had been beaten into a pulp and a miserable attempt made to patch it up. The old carcass shuffled along with pain and misery in every joint, with not enough food in him to keep his sides from coming together. We are told that this animal was brutally beaten with a club, and certainly appearances give the statement truth.

This thing of outrageous cruelty to animals must stop. There is a state law forbidding it, and providing punishment. If this is not sufficient let the board of aldermen pass a stringent ordinance and see that the proper officers enforce it the limit.

What is needed is a society for the prevention of cruelty to animals—not a lot of dead wood people, who meet and hold a talk-fest with flinch and ping pong as the issues, but a band of earnest men, women and children, who will put conscience into their work. The wives of our mayor, aldermen and chief of police could get together and in one meeting accomplish more for humanity to animals than all the lawyers in the land. Let us have the Pitt County Society for the Prevention to Cruelty to Animals, but right now let the present laws be enforced.

"Oi protest," said Mr. Timothy Toolan, the only Irish citizen. "Oi fall back on me inalienable rights. This custom iv nomyntin' ivery wan iv y' friends fer th' vice presidency is narthin but a skeem t' git 'em t' tr-reat. Fer instance here's Tom Platt. He meets Seth Low on Br roadway, and, holdin' th' destinies iv th' nation in his lift glove he nomyntates Low fer th' tall hor-ree iv th' tandem team. 'Th' drinks iv on me' says Low. 'What'il yez hav?' This Oi comes high-steppin down th' avenue, jist in time to see Platt masargin' his whiskers. 'Mister Toolan,' he says t' me, 'th' hour has come; th' die is casted; yer r about t', pay th' proice iv fame.' 'What's th' combination?', says Oi. 'Yer r it' says he. 'Oive done it fer yez. Roosevelt an' Toolan—wan an' inseparible. Apostle iv th' Rough House an' Chafe Praste iv th' Erin go Bragh—God save th' state. Fer vice president, Timothy Dry Dollar Toolan, th' stout men from Tippeary.' When Oi come to, Platt was leadin' me t' a beer foundry."

Will some kindly disposed person pass around the hat for that unfortunate Recheffeller family, whose fortune shruuk one million in the recent slump, leaving the poor wretches only a hundred million or so.

A New Jersey woman announces that she has a system of mathematics that will startle the world. Maybe so, but the man at the roulette wheel will hardly be among the startled.

A New York woman knocked down a dude who tried to be familiar, and the fellow had her arrested. The judge will probably fine her heavily for thrashing an idiot.

The article in this issue of THE REFLECTOR on the Dick militia law from the pen of Hon. B. F. Grady, of Clinton, is full of interest. Mr. Grady is on the same line upon which this paper has opposed the Dick law, and points out the law's defects in a logical and clear-sighted manner.

If the wife of a certain Western statesman does not present him with twins at this juncture it will be a splendid opportunity neglected.

China will open the door of Manchuria only to see the sign, "Cemetery Room Only."

When the office seeks the man it finds sign posts all along the way.

THE STATE PRESS

So long as the prominent citizens only kill each other we suppose it is no business of the common people whether they are punished or not.—Durham Herald.

They are now predicting that Mr. Pulliam will not be allowed to serve his sentence. We could have predicted this months ago. He is not a common thief.—Durham Herald.

Judge Francis D. Winston addressed the people of Washington Thursday night on the subject of bonds to build the Masonic Temple in Raleigh. Judge Winston has his mind and heart in this work and we are glad to learn he is rapidly placing the bonds and temple is an assured fact. What ever Judge Winston attempts he usually pushes through. The people of Washington took a good sized block of the bonds.—Wilson Times.

Pharmacy, Farmville.

For a lazy liver try Chamberlain's Stomach and Liver Tablets. They invigorate the liver, aid the digestion, regulate the bowels and prevent bilious attacks. For sale by Wooten's Drug Store Greenville Farmville Pharmacy Farmville.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor

oil, as directed with each bottle, and a cure is certain. For sale by Wooten's Drug Store Greenville Farmville Pharmacy Farmville.

Some men have to go broke before they will attempt to break themselves of bad habits.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

Born diplomats handle the truth with care.

A SURGICAL OPERATION

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousand's of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Sumner, S. C. For Blind Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Wooten's Drug Store.

As the hod-carriers goes up, so goes the house.

Valuable Time saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poisons develop, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Wooten's Drug Store, Greenville, Farmville Pharmacy, Farmville.

Protection is the life insurance on homegrown industries.

CATARRH OF THE STOMACH.

When the stomach is overloaded; when food taken into it that fails to digest it decays and inflames the mucus membrane, exposing the nerves, and causes the glands to secrete mucin, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by Wooten's Drug Store.

There is no earthly hope for the man who boasts of his failures.

THE FOUNDATION OF HEALTH.

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by Wooten's Drug Store.

It is usually the idiot who rocks the boat that lives to regret it.

JUST ABOUT BEDTIME

take a Little Early Risers—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by Wooten's Drug Store.

Most women can put up with a good deal in this world if their husbands will put up for it.

B. F. GRADY ON THE DICK LAW.

EDITOR REFLECTOR:

I received last evening a copy of your issue of July 21st, containing your editorial on the Dick law, which I have read with interest and pleasure. The discussion of this measure is revealing a remarkable revolution in sentiment in the South, the views and purposes of our forefathers being forgotten or repudiated by some of our prominent leaders of thought.

When we go back to the framing of the constitution we find that the federal government was denied the power to infringe the right of the people to keep and bear arms, because "a well regular militia is necessary to the security of a free state;" that every able bodied man, with such exemptions as the state legislature might permit, was a militiaman; that the congress was empowered to "provide for organizing, arming and disciplining the militia," and for calling forth such parts of them as might be necessary

Who is He?

Who is it that makes the Fewgallons, wears longer paint?

How sure and swift is the penalty for murder in England after a verdict of guilty is brought in by a jury! The villain who took the life of Miss Holland, owner of the Meat House, at Saffron-Walden, in Essex, was sent to the gallows with impressive speed after his conviction. Here in North Carolina the delays and long drawn out appeals are beyond reason, to say nothing of the action of a pardoning board. There are no lynchings in England. Speedy judicial punishment is satisfactory.—Winston Journal.

It isn't always common sense that counts; sometimes it's the uncommon kind.

B. F. Grady on the Dick Law.

(Continued from 3rd page.)

not very clear; but it cannot be interpreted to mean that the army must be exhausted before the militia is called for, except in cases of resistance to the laws.

There is nothing in the constitution authorizing the enactment of such a law. It treats "the states, the territories and the District of Columbia" as political equals, and all of them as provinces of a central power. It omits to organize in each state a competent force for the preservation of peace. Whenever the "National Guard" is sent out of its borders, it squanders the people's money by providing an annual picnic for the "National Guard" at some pleasure resort; it insults the memory of our fathers by adopting and repeating the falsehood in the act of 1861 that secession was "rebellion against the authority of the government of the United States;" and in all its provisions it accords with the centralizing tendencies of the last forty years, by which the ship of state has been gradually losing both rudder and compass.

It is contended by some of the apologists of this act that, since it is "the law of the land," it is useless, if not improper, to find fault with it; but there is never a time when aberrations from truth or violations of fundamental political principles ought to escape detection and exposure. If the world's great reformers had kept silent because existing conditions were "the law of the land," it is not likely that we of today would be devoting much attention to political questions.

Very respectfully,

B. F. GRADY.

The farmers are blowing because it's hot and tobacco is ripening too fast.

The Asheville Citizen cannot understand why a judge gave a prominent Raleigh man who had defrauded his friends out of \$1,200 only three years imprisonment and gave a negro who stole only 35 cents one year. And this is not the worst of it. The prominent business man will get out of it, while the poor negro will serve his term.—Durham Herald.
