ANNOYED BY NEGROES.

Farmer Freeman Hit Four at One Shot.

Lumberton, N. C., Aug. 3.—Sunday while Niell Freeman, who lives near Kingsdale, was at church, four negroes baled at his gate and acted in such a manner as to greatly alarm his daughter. She sent her little brother in haste for her father, the church being only a short distance away. Mr. Freeman came at once, got his gun and shot the negroes, who had gone down the road a short distance. He fired only once but made a good shot and hit all four of the negroes. The shot, however, were small and only served to teach the negroes a good lesson which it is hoped will be heeded, as the people of the neighborhood have been greatly annoyed by tramping negroes from the large saw mill at Kingsdale.

Midshipman Fry's Sentence.

Annapolis, Md., Aug. 1.—Midshipman Hugh C. Fry of North Carolina has been sentenced to receive fifty demerits and to be confined on the Santee for two months for hitting a negro waiter over the head with a glass. He was recommended for dismissal, but the lesser sentence was inflicted on account of the extreme provocation received. Fry is from Greensboro.

Booker's Troubles.

Boston, Mass., Aug. 3.—The melee at the Booker Washington meeting, Thursday night, in the Zion Methodist Episcopal church, was brought to the attention of Mayor Collins this morning, because city officers were complained of as being among the disturbers. The delegation that waited on the mayor consisted of officers of the church.

Jailbirds Flee From Tarboro.

Tarboro, N. C., Aug. 4.—Six negro prisoners broke jail here last night by breaking and bending the cell bars with an axe and then picking a hole in the wall. The axe was probably gotten to these from the outside. Two other prisoners confined in the cell were too large in size to make their escape through the same outlet.

Governor of Georgia Robbed.

Atlanta, Ga., Aug. 3.—Governor Terrell is minus a good portion of his salary for July, as well as a \$50 hat, some silver plate and other valuables, which were taken by burglars from the executive mansion on Peachtree street early this morning.

Prices Get Worse.

The breaks at the tobacco warehouses were very small today, there being hardly more than 10,000 pounds on sale. Prices were even lower than on the opening day and both the farmers and warehousemen feel discouraged. The trust certainly has the situation by the neck and is showing a disposition to squeeze it. This thing, however, Greenville is doing as well as any other market.

Dr. Richard Hall Johnson, throat, nose, ear and eye specialist of Baltimore, will spend a few days in Greenville this week. He can be found at the office of Drs. Laughinghouse and Moye on Tuesday Aug. 4th and Wednesday Aug. 5th. All who desire to consult a competent specialist for any troubles of eye, ear, nose and throat will have an opportunity to do so.

Bad Negroes--Worse Whites.

Charlotte, N. C., August 3.—Warrants have been issued for the arrest of two well known negroes of Charlotte on suspicion of having caused the death of the McDonald woman who was found dead on the Southern railway track late Saturday night. It was at first supposed that the woman was killed by a shifting engine, but the coroner's jury, which has been in session all day, declared that the woman came to her death by foul means. The two negro men were last seen with the woman. One witness declared that she heard talking and heard the woman exclaim that if the men did not leave her alone she would tell of the woman they killed and threw under Seventh street bridge two years ago. The two threatened to kill her and a few hours later the woman was found on the railroad track dead.

Gorman Returns Home.

Washington, D. C., Aug. 3.—Senator Gorman has returned to his home in Maryland and is expected in the capital city tomorrow. The senator's return from abroad has aroused much interest in political circles here. When he arrives tomorrow political interest will center around him. It is the opinion in Washington that the Marylander would be the overwhelming choice of the democrats for the presidential nomination should the national convention assemble at this time. But the convention is nearly a year away and there is nothing more uncertain than politics.

The Rapist Still At Large.

Rocky Mount, N. C. August 3.—No arrest has yet been made in the rape case which occurred near here, in Edgecombe county, Saturday evening. Every effort has, and is still being made, to apprehend the black brute who perpetrated the dastardly outrage upon a defenceless woman. Upon investigation it has been learned that some one, supposed to be the same man, made two other ineffectual attempts to commit rape in the same neighborhood on the same day. Bloodhounds were gotten here late Saturday night, but they failed to run the track.

Holton Wants \$10,000.

Winston-Salem, N. C., August 3.—District Attorney A. E. Holton has instituted a civil action in Yadkin county against Mr. N. Glenn Williams for damages growing out of the assault made upon Mr. Holton by Mr. Williams, in this city, a few months ago, and for which the latter was fined \$400 last week. It is reported that the district attorney will ask for damages in the amount of \$10,000. The case will probably be tried at the October term of the Yadkin court.

Summer Advertising.

The merchant who cuts down his advertising during the summer because it is known as the "dull season" is pursuing a false theory of economy. If all the merchants had all the business they could attend to all the time there never would be any necessity for advertising. It is when trade is dull and it takes an extra inducement to tempt the dollars into circulation that advertising plays its most important function—that of creating a demand.—Durham Sun.

Caught in Rat Trap.

Julius Sugg, a little son of Col. I. A. Sugg, got his curiosity aroused over a rat trap this morning. It was not long before the trap had him by the finger and gave him a painful cut.

THE MAN,

WHO regulates the prices, has marched through our store and left unmistakable signs of his visit. Wherever a broken lot or incomplete assortment was found in any department down went the price. No, we do not propose to advertise a grand clearance sale—Goods Sold Regardless of Price—Clothing at Half Price or Less Than the Cost of Manufacture—suits at the cost of the thread with which they are sewed. Such nonsensical advertisements are simply a burlesque and an insult to public intelligence. Here's our statement: We have made great reduction on all broken lots in every department. We have not marked them up and then marked them down. Simply cut the original prices. Now then, come and see for yourselves. Let the goods and prices do the talking. This is what constitutes a fair, square reduced price sale, and this is our straightforward and honorable way of doing it.

GENERAL LEE'S REPORT FORTY YEARS AGO.

To the Editor of the Atlanta Journal:

The following official report of General Lee was received in Richmond December 16, 1862:

HEADQUARTERS
ARMY NORTHERN VA.,
December 16, 1862.

To the Hon. Sec. of War, Richmond, Va.:

Sir—On the night of the 10th instant the enemy commenced to throw three bridges over the Rappahannock—two at Fredericksburg and the third about a mile and a quarter below, near the mouth of Deep Run.

The plain on which Fredericksburg stands is so completely commanded by the hills of Stafford, in possession of the enemy, that no effectual opposition could be offered to the construction of the bridges or the passage of the river without exposing our troops to the destructive fire of his numerous batteries. Positions were therefore taken to oppose his advance after crossing. The narrowness of the Rappahannock, its winding course and deep bed afforded opportunity for the construction of bridges at points beyond the reach of our artillery, and the banks had to be watched by skirmishers. The latter sheltering themselves behind houses, drove back the working parties of the enemy at the bridges opposite the city, but at the lowest point of crossing, where no shelter could be had, our sharpshooters were themselves driven off, and the completion of the bridge was effected about noon on the 11th.

In the afternoon of that day the enemy's batteries opened upon the city, and by dark had so demolished the houses on the river bank as to deprive our skirmishers of a shelter, and under cover of his guns he effected a lodging in the town.

The troops which had so gallantly held their position in the city under the severe cannonade during the day, resisting the advance of the enemy at every step, were withdrawn during the night, as were also those who with equal tenacity had maintained their post at the lowest bridge. Under cover of darkness and of a dense fog, on the 12th, a large force passed the river and took position on the right bank, protected by their heavy guns on the left. The morning of the 13th, the arrangements for the attack being completed, about 9 o'clock—the movement veiled by a fog—he advanced boldly in a large force against our right wing.

General Jackson's corps occupied the right of our line, which rested on the railroad; General Longstreet's, the left, extending along the heights to the Rappahannock above Fredericksburg. General Stuart, with two brigades of cavalry, was posted in the extensive plain on our extreme right.

As soon as the advance of the enemy was discovered through the fog General Stuart, with his accustomed promptness, moved up a section of his horse artillery, which

opened with effect upon his flank, and drew upon the gallant Pelham a heavy fire, which he sustained unflinchingly for about two hours.

In the meantime the enemy was fiercely encountered by General A. P. Hill's division, forming General Jackson's right, and after all obstinate combat, repulsed. During this attack, which was protracted and hotly contested, two of General Hill's brigades were driven back upon our second line.

General Early, with part of his division being ordered to his support, drove the enemy back from the point of woods he had seized, and pursued him into the plain until arrested by his artillery. The right of the enemy's column extending beyond Hill's front, encountered the right of General Hood, of Longstreet's corps. The enemy took possession of a small copse in front of Hood, but were quickly dispossessed and repulsed with loss.

During the attack on our right the enemy was crossing troops over his bridges at Fredericksburg and massing them in front of Longstreet's line. Soon after his repulse on our right he commenced a series of attacks on our left, with a view of obtaining possession of the heights immediately overlooking the town. These repeated attacks were repulsed in gallant style by the Washington artillery, under Colonel Walton and a portion of McLaws' division, which captured these heights.

The last assault was made after dark, when Colonel Alexander's battalion had relieved the Washington artillery (whose ammunition had been exhausted) and ended the contest for the day. The enemy was supported in his attack by the fire of strong batteries of artillery on the right bank of the river as well as by his numerous heavy batteries on the Stafford heights.

Our loss during the operation, since the movements of the enemy began, amounts to about 1,800 killed and wounded. Among the former I regret to report the death of the patriotic soldier and statesman, Brigadier General T. R. R. Cobb, who fell upon our left; and among the latter, that brave soldier and accomplished gentleman, Brigadier General Maxey Gregg, who was very seriously and it is feared mortally wounded during the attack on our right.

The enemy today has been apparently engaged in caring for his wounded and burying his dead. His troops are visible in their first position in line of battle, but, with the exception of some desultory cannonading and firing between skirmishers he has not attempted to renew the attack. About 550 prisoners were taken during the engagement, but the full extent of his loss is unknown.

I have the honor to be, very respectfully, your obedient servant.

R. E. LEE, General.

CHAS. MARSHALL, Major and A. D. C.

The above report was printed in the Southern Recorder, Milledgeville, Ga., December 30, 1862. Yours very truly,

W. D. LYLE,

Co. I, 26th Ga. Vols., Gordon, Ga.

Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro. Farmville.

Nine times out of ten if a man can't borrow trouble he will go and buy it.

SAVE THE CHILDREN.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. 'Kodol digests what you eat and makes the stomach sweet.' Sold by J. L. Wooten.

Six months is time to spare for anybody to get over a love affair under twenty.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well." says Mr. Geo. E. Wright of New London, New York. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros., Farmville.

A man who can get along with his wife's relatives can almost get along with her.

DEWITT IS THE NAME.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by J. L. Wooten.

In England a candidate stands for office, but in this country he has to hump himself and run.

EAT ALL YOU WANT.

Persons troubled with indigestion or Dyspepsia can eat all they want if they will take Kodol Dyspepsia Cure. This remedy prepares the stomach for the reception, retention, digestion and assimilation of all of the wholesome food that may be eaten, and enable the digestive organs to transform the same into the kind of blood that gives health and strength. Sold by J. L. Wooten.

If a man will only keep on making love to a woman after he has married her they can keep on fooling themselves indefinitely.

POTENT PILL PLEASURE.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipot of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by J. L. Wooten.

By virtue of a decree of the Superior Court of Pitt County made this day in a certain special proceeding therein pending, entitled "D. M. Willis administrator versus Effie Willis and Lydia Tingle," I will on Monday, September 7th, 1903, before the Court House door in Greenville, sell at public sale to the highest bidder for cash, the following described real estate situated in Swift Creek township, Pitt County; to wit: One piece of parcel of land adjoining the lands of Effie Willis and Lydia Tingle, containing one hundred and fifteen acres more or less. One other piece adjoining the above described tract and containing 8 acres more or less. This the 30th day of July, 1903. D. M. WILLIS, Adm'r of James Tingle dec'd. Jarvis & Blow, Attorneys.

Major, Steadman in the Field.

Greensboro, N. C., August 1.—It is now settled beyond question that Major Chas. M. Steadman is a candidate for nomination of governor, and that the democrats of Guilford county will present his name to the next state convention. His campaign will be managed by Hon. A. L. Brooks, a solicitor of the Ninth Judicial District, who is his close personal and political friend.

The above statement was confirmed by Mr. Brooks in an interview with your correspondent to day.

Being asked what he thought were the chances for Major Steadman's nomination Mr. Brooks replied: "We are very much encouraged over the outlook. Wherever known, Major Steadman is honored and admired. In boyhood he won fame as a soldier and officer upon the battlefields of Virginia; in civil life by ability, integrity, fidelity, fortitude and unselfishness, he has fought bravely the battles of life. Knowing his eminent fitness for the position and his unceasing devotion to the party in the past, in my opinion, he is the most available man that the democrats can nominate. His powers as an orator and debator are well known to the people of the state, and if nominated, he will make a brilliant canvas in which every democrat will take pride."—News & Observer.

Judge Shaw to a Jury.

A correspondent of the Charlotte Observer, writing from Newton, says that in discharging the jury of Catawba Superior court Saturday Judge Shaw said: "Gentlemen of the jury, before discharging you I want to thank you for your faithful work. The court approves every verdict you have rendered but one. A young man was indicted for an assault with intent to commit rape. Of that crime he should have been convicted. You convicted him of a simple assault. You may be right and the court wrong. But the court thinks you made a serious mistake, that a great wrong has been done the state. This much I wanted to say and I wanted to say it in your presences." Spoken like a man and was to be expected from Judge Shaw.—Statesville Laudmark.

Part of the plant of the Carolina-Virginia Chemical Co, located at Charlotte, was destroyed by fire Saturday night, causing a loss of \$15,000.

The post office at Mocksville was robbed Saturday night, nearly \$700 in stamps and cash being taken.

KODOL
Digests What You Eat.
Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol
Digests What You Eat
Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

THAT SEWING MACHINE.

Is Waiting for Somebody.

Since the dull summer months have been on THE REFLECTOR has not been doing anything about the sewing machine prize in waiting for some subscriber, because we knew it was not a time when many people had money to spare. Now that the tobacco market has opened money ought to get more plentiful, so that our subscribers can spare a dollar. There are only about a hundred of the tickets now to give out and as soon as they are gone the machine is ready for the holder of the right ticket. Come on and pay your subscription, tell your neighbor to do likewise, and somebody will soon have the machine. We are anxious to give it away.

Ask Receiver for Tobacco Company.

New York, August 3.—The matter of the application of Edwin H. McAlpine, of Ossing, and others, for the appointment of a receiver for the Universal Tobacco Company, came up before Vice Chancellor Pitney, in Jersey City, today. The petitioners charge that President William H. Butler has been a party to a plan to wreck the company and has misapplied the company's fund. The company has a capital stock of \$1,000,000. On March 31 last it had assets of \$1,135,000, and liabilities of \$862,000.

The hearing was adjourned until August 11.

Hon. A. A. Campbell Dead.

The friends of Hon. A. A. Campbell, of Cherokee county, will hear with regret of his death. He died in Murphy. Mr. Campbell was one of the most widely known members of the republican legislature of 1895. He was a kind-hearted man, friendly, social and pleasant, and everybody liked him. You couldn't help it, for his kindness irradiated cheer. The newspaper boys all liked him and will read with regret of his death. In terms of affection they called him "Hoola Boom" after a humorous character in a popular play.

At one time he was prominently mentioned as a candidate for governor but he did not press his claims. He was chairman of the celebrated Arrington investigating committee.—Raleigh News and Observer.

Hopes to Transmute it Into Gold.

Merlin, Ore., August 3.—J. La Rix, chemist and metallurgist, has made silver from gold and developed a new metal from slate, from which he expects to produce gold. From his notes, which were scanned by the government inspectors, it seems he has developed a new metal from commercial slate, abundant here, which has an affinity for the atom of gold and silver, which he calls "rixum."

The process consists of a strong acid solution combined with powerful electric currents and long exposures to their action, causing the destruction of a portion of the atom by electrical conveyance into a similar solution of rixum.

Big Immigration Scheme.

New Orleans, Aug. 3.—It is announced that the Southern Railway Company is preparing to launch the most extensive immigration scheme the south has known, bringing immigrants to the rice and tobacco lands of Louisiana and Texas.

The first move in the scheme is the completion of a plan whereby well to do foreign farmers in these two states may send money and through tickets to relatives and friends at home. A special through rate for instance, has been made from Cape Town to Crowley of \$114.30. Every country on the globe will be worked.
