RAILROAD ELECTION CALLED.

Farmville and Beaver Dam Will Vote for Bonds.

At the meeting of the board of county commissioners Monday petitions were presented from Farmville and Beaver Dam townships asking that elections be ordered for those townships to vote on the question of taking some of the second mortgage bonds of the Raleigh and Pamlico Sound railroad. Farmville wants to vote \$7,000 and Beaver Dam \$2,500. The commissioners ordered the elections to be held on the 22nd of September.

A petition will be presented to the board of aldermen Thursday night asking for an election in the town of Greenville on \$15,000. The railroad ought to be secured.

GRIMESLAND ITEMS.

Grimesland, N. C., Aug. 3 1903.

From this date hence we will be able to make an early good morning to Pactolus. Ed Boyd begins today at 6:15 a. m. to take out our mail to Pactolus and bring in mail at night.

W. E. Proctor and W. M. Moore went to Greenville today to consult with Prof. Ragsdale about our school, and to set a date for him to come down and speak to our people on the subject of education. We will announce the date in our next letter and bespeak for him a full house.

W. S. Galloway and family spent Saturday night and Sunday in the county at W. E. Tuckers.

We were out at Galloway's X one day last week and were surprised to see such a full stock of goods as is carried by H. A. Paramore. He has built up quite a good business out there.

Mrs. Dr. Jones, after a few days visit to her parents, returned home today, accompanied by her father, F. Ward, Esq., who will remain with us a few days, recuperating from his recent illness.

Mr. and Mrs. J. L. Gibson attended church at Salem yesterday.

Mrs. Emily Hardee, who has been visiting the family of W. E. Proctor, returned to her home at Tucker's today.

A mad dog bit a small negro child at Yankee Hall Saturday.

Some of our tobacco farmers returned from Greenville this evening complaining of low prices.

Examination for White Teachers.

On Thursday and Friday, August 13th, and 14th, the examination for the white teachers of this county will be held at Winterville. This will be at the close of the institute. Every teacher in the county will be present and take the examination, regardless of where you have attended a summer school or the date of your present certificate. This examination will be free, and so far as I can now see your only opportunity to be examined this year.

W. H. RAGSDALE,
 Co. Supt. School.

Prisoners Captured.

Tarboro, N. C., Aug. 5.—Three of the six prisoners who broke jail Monday night, were captured at Nashville yesterday afternoon and brought to Tarboro last night. Sheriff Harris has offered a reward of \$20 each for their arrest, also a large sum for the apprehension and conviction of their confederates.

Gone North.

Frank Wilson, the king clothier, left for New York to day to purchase fall and winter clothing, shoes, hats and men's furnishings. Await his return before buying.

Mr. and Mrs. G. A. Johnson, of Quinerly, were in town yesterday. Berry Simpson is in town.

Master Taylor Whitehurst returned to his home in Aurora Monday.

Hon. L. I. Moore, of Greenville, was here last night explaining the true principle of the graded school and effectually silencing every doubt that could have been held by any reasonable, progressive, unprejudiced citizen.

Mr. Moore is a brilliant man and an able speaker and it stands to reason that after such thorough explanation of every detail relative to the school, the only grounds a man can possibly have for opposing such a proposition is simply prejudice. It is perfectly absurd for some of our people to be making such unfounded statements as we have recently heard, misleading people who are honest in their convictions and would favor the school if the matter had been put before them in the true light. This is a matter that should be next to yourself. It is a question of whether you want to bring the children of the land to a higher plane of enlightenment by education or not.

Speaking For Graded School.

Solicitor L. I. Moore went to Ayden Tuesday evening to speak in the interest of the graded school election. There was a large crowd to hear him and much interest shown in the school. Ayden expects to carry the election in favor of the school by a good majority.

Coming in Late.

The passenger train starts to day away behind schedule for the opening of the tobacco season. More argument that another train is needed on this road.

THE MAN,

WHO regulates the prices, has marched through our store and left unmistakable signs of his visit. Wherever a broken lot or incomplete assortment was found in any department down went the price. No, we do not propose to advertise a grand clearance sale—Goods Sold Regardless of Price—Clothing at Half Price or Less Than the Cost of Manufacture—suits at the cost of the thread with which they are sewed. Such nonsensical advertisements are simply a burlesque and an insult to public intelligence. Here's our statement: We have made great reduction on all broken lots in every department. We have not marked them up and then marked them down. Simply cut the original prices. Now then, come and see for yourselves. Let the goods and prices do the talking. This is what constitutes a fair, square reduced price sale, and this is our straightforward and honorable way of doing it.

"Too Much of a Good Thing"

That's what we have—too much Silk Mull, Mercerized Pebble Cloth, Mercerized Chambray, etc., for the season. The season really lacks two months of being over, but we must reduce stock for fall goods. Consequently we are making great reductions in Wash Silks, White Goods, Embroideries, Percales, etc. The profit goes to you if you take advantage of these reductions at once. We will not carry them over. You'll not have another chance to get the same goods for anything like the same money. Note these prices:

Silk Mulls, all colors, was 40c, now 25c.
 Mercerized Pebble Cloths, was 30c., now 20c.
 Mercerized Chambray, was 25c., now 15c.

WEDNESDAY AFTERNOON, AUGUST 5, 1903.

WILL CUT LOOSE FROM NEW YORK.

New Orleans refuses to conform to New York's quotations on the cotton market and says that with Liverpool quotations which are easily procurable she can get along without New York. She also claims that as three-fourths of the cotton crop is raised in her territory her position is impregnable.

We are glad that New Orleans is taking this action. For the last two or three crops New Orleans has been bullish, or in favor of cotton advancing, while New York's efforts have been against an advance and bearish in its tendency.

The influences that surround New York are naturally bearish. That market has little sympathy with the planter but mainly with the large cotton manufacturers of New England and New York, who have commission men buying for them on the New York market. These, desiring to purchase supplies for their mills at lowest possible prices, are naturally "bears" and bring all the influence they can to depress the market.

New Orleans on the other hand should be distinctly bullish in its tendencies. It rests in the midst of the great area where cotton is cultivated, and as nearly all the commission men on that market are either Southern men or have Southern connections or represent Southern planters, they should be in favor of keeping cotton to the highest notch.

We shall watch with interest the contest between New York and New Orleans for supremacy, trusting that our Southern market may come off winner.

It is to the interest of every Southern merchant dealer, and planter to throw his influence in favor of New Orleans.—Wilson Times.

Sunday's papers told of the commission of two outrages by negroes in this state in which white women were the victims. Near Statesville a Mrs. Beaver, while her husband was from home, was outraged, afterwards murdered and her body thrown in a well. Near Rocky Mount, a Mrs. Long, was knocked into insensibility and outraged. So long as such crimes continue lynchings may be expected to follow.

The farmers and almost every body else are abusing the tobacco trust now for the low price of tobacco, yet every one of them who uses the weed will be found smoking trust made cigars or chewing trust manufactured tobacco. Had you ever given that a thought? You abuse the octopus yet continue to feed it. There would be nothing easier than breaking the power of the trust if the consumers would just refuse to use its goods.

There's nothing like getting back home. The last few years have noted the departure of many negroes from North Carolina to the northern cities. One day last week 104 of them who had been in New York, came into Raleigh on one train. Some of them actually wept for joy when they landed back home.

Next Friday elections will be held at Farmville and Ayden on the question of levying a special tax to support graded schools. No more important matter has been before the people, and at both places the majority should vote for the graded schools.

To hope when there is absolutely no ground for it is not sense or philosophy, but fatuous folly. When there is nothing to hope for, then is the time to act.

Successful Bear Round-up.

In the neighborhood of Prescott's post office, Beaufort county, the bears have been annoying the farmers by frequent attacks on their hogs.

Sunday evening, a bear family raided the herd of Mr. Irving Bonner, and carried off what they wanted. Monday morning Mr. Bonner aroused a number of his neighbors and they started in pursuit of the marauders.

After beating the brush for some time three bears were discovered, two had taken to trees, while the other one, the mother bear had crouched near by to protect her offspring. Then the fun began. After practicing their marksmanship on the head of bruin, a fatal shot was fired by one of the hunters and the hog eater stretched herself out in a last struggle. One cub was killed, the other one was captured alive. The she-bear was quite a large specimen and the cubs were well on towards grown.—New Berne Journal.

The Raleigh & Pamlico Sound Railroad.

The county commissioners also took up today and considered petitions from Old Fields, Wilson, Saratoga and Stantonsburg townships asking the privilege of voting to allow these townships to subscribe to the second mortgage bonds of the Raleigh & Pamlico Sound Railroad.

Dr. Crocker presented one from Stantonsburg with sixty signatures; Mr. John G. Ellis, from Saratoga, with 31 signatures; Messrs. Tom Barnes and J. H. Thompson, one from Old Fields, with 48 signatures.—Wilson Times.

Young man take off your hat when women enter the office or store or any other place you may be. You won't be in "form," perhaps, but folks will think that you were born of woman, or that some sweet woman is interested in you, or that you have in you an uplifting respect for the best beings that the Creator to a greater or less extent, intrusted to you that they might make your life worth the living in return for your care, tenderness and respect toward them and your belief that they are a little better than you are or can be.

Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro. Farmville.

If there is anything more pitiful than an effeminate man it is a masculine woman.

SAVE THE CHILDREN.

Ninety nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. 'Kodol digests what you eat and makes the stomach sweet.' Sold by J. L. Wooten.

When a man's nose is as red as a beat it's usually safe to bet that he is one.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well." says Mr. Geo. E. Wright of New London, New York. For sale by Wooten's Drug Store Greenville, R. L. Davis & Bros., Farmville.

Any man who attempts to dodge a bill collector is apt to be found out.

DEWITT IS THE NAME.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by J. L. Wooten.

A woman loves a man in proportion to his ability to make her angry.

EAT ALL YOU WANT.

Persons troubled with indigestion or Dyspepsia can eat all they want if they will take Kodol Dyspepsia Cure. This remedy prepares the stomach for the reception, retention, digestion and assimilation of all of the wholesome food that may be eaten, and enable the digestive organs to transform the same into the kind of blood that gives health and strength. Sold by J. L. Wooten.

Usually the right side of the market is the outside.

A wise man knows all he tells, but he never tells all he knows.

POTENT PILL PLEASURE.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipot of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly." Little Early Risers are certainly an ideal pill." Sold by J. L. Wooten.

First Suit Under Watts Law.

Dunn, N. C., August 3.—The first suit in the state instituted under the Watts law has been entered here for a violation of that act. One A. L. Sorrell, has been operating a distillery in this county since the first of July. He also sold intoxicating liquors. Warrants were obtained, his arrest secured, together with the arrest of others who were helping him and they were bound over in a recognizance for Harnett court, which convenes on the 31st of August.

Inasmuch as we have a special act, some hold that Sorrell ought to be indicted under that rather than under the Watts act. But the proper course will be pursued and violation of the law will be punished.

Down Goes Tobacco and Farmers look Blue

Willon, N. C., August 3.—The tobacco market opened here this morning with fairly good sales. Never in the history of the Wilson market has there been such dissatisfaction shown by tobacco growers on account of prices.

The buyers showed no desire for the tobacco offered, and 80 per cent. of the offerings were bought by warehousemen. There was about 75,000 pounds sold at an average of 5 1/2 cents. In many instances farmers took their tobacco off sale before it was even offered. There is at present no outlook for better prices.

Judge Jones Denounces Lynchings.

Asheville, N. C., August 3.—Judge Jones in his charge to the grand jury at the opening session of the August term of the Superior Circuit court today, referred to lynching and laid great stress on the crime which he termed mob law. He said lynchings were murders, and asked for the suppression of lynching. Two bills of indictment for capital offenses were returned by the grand jury and one bill for forgery. Zack Doan and Henry Rice were indicted for murder and R. C. Wayt for forgery.

A Slight Blaze at Kinston.

Kinston, N. C., Aug. 3.—A slight fire occurred at the Lynch hotel yesterday afternoon, caused by the insulation of the electric light wire wearing off and exposing the wire at the metre. The fire was quickly extinguished and the damage was slight. The fire alarm was sounded but it was not necessary to use the apparatus.

Benson Quarantines.

Benson, N. C., Aug. 3.—Having learned that smallpox exists in the town of Dunn, the town commissioners have quarantined against Dunn and all persons who have been exposed to the disease.

Life is very nice at the top of the ladder, but then it is very lonesome.

FARMVILLE CORRESPONDENCE.

FARMVILLE, N. C. Aug 3 1903.

The farmers are busy gathering and curing tobacco, and in a week or so the entire crop will have been safely housed. The crop, though large, is not considered as fine and heavy as last year, but we hope the farmer will be compensated for his labor in higher prices he may receive. The cotton crop, if no accident happens to it, will be a very large one. The stalk is large, and the blooms are bursting out by the thousands.

The corn crop is in full silk and tassel, and is rapidly maturing, giving promise of a larger crop than has been grown in many years. This is in deed encouraging to the husbandman who toils and delves to furnish food for his family and stock.

We are pleased to say that W. M. Lang, our worthy townsman, has returned from Baltimore, where he went to see his father-in-law, John R. Phillips, of Kinston, who was sent to the Baltimore Medical University to have a very serious operation performed. Mr. Lang finding Mr. Phillips able to come home, brought him to Kinston last Friday. Hope is now entertained for his recovery. We trust the gentleman will recover his health and be spared many years to his friends and family.

While sitting in the post office a few days ago in pleasant conversation with our worthy postmaster, Mr. A. D. Hill, an old colored man came in the office and inquired for mail. His politeness and gentlemanly bearing attracted our attention, and upon inquiry we found out something of his history. The name of this old colored man is Henry Dixon.

He is now 81 years old, and has not taken a drink of liquor in 69 years. He was a slave belonging to Elder Dixon, a Primitive Baptist preacher, and has lived on the farm of his old master all his life. Henry is stout for his age, and possesses to a marked degree that politeness and respect which characterized the colored man in old times. The "old issue" of negroes passing away and when we see one like this good old man, we can realize that the rising generation of the colored race are far below their forefathers in morals, gentility and all that goes to make up the character of a true man and gentleman, though he be white or black. If the younger negroes would take old uncle Henry Dixon's life and character as their guide, and learn to be polite to every one and not show such independence and forwardness, they would command the respect of all white people. That old man, Henry Dixon, is liked by all who know him, as for his sterling traits of character, such as honesty, sobriety and truthfulness. His life placed in contrast with most of the young negroes would put them to shame, for the want of those virtues which should adorn the character of both white and black of all ages and sexes.

Cow Ate Vest and \$85.

Akron, Ohio, Aug. 4.—While working on the Cleveland and Pittsburg railroad at Macedonia, Ohio, today, Contractor Frank Wise hung his vest on a fence on a lot belonging to Frank Green, a farmer. In the pocket was a purse containing \$85.

A wandering cow of depraved appetite spied it and ate the vest and contents, but fortunately Wise discovered her in the act. He purchased the animal from Green for \$50 and sold her to a local butcher for \$25. The cow was slaughtered immediately, and a search resulted in the recovery of the \$75, which was yet in such condition that it could be redeemed.
