## THE MAN,

WHO regulates the prices, has marched through our store and left unmistakable signs of his visit. Wherever a broken lot or incomplete assortment was found in any department down went the price. No, we do not propose to advertise a grand clearance sale—Goods Sold Regardless of Price—Clothing at Half Price or Less Than the Cost of Manufacture—suits at the cost of the thread with which they are sewed. Such nonsensical advertisements are simply a burlesque and an insult to public intelligence. Here's our statement: We have made great reduction on all broken lots in every department. We have not marked them up and then marked them down. Simply cut the original prices. Now then, come and see for yourselves. Let the goods and prices do the talking. This is what constitutes a fair, square reduced price sale, and this is our straightforward and honorable way of doing it.

We will not carry them over. You'll not have another chance to get the same goods for anything like the same money. Note these prices:

Another bank cashier has gone wrong and the bank has been compelled to go into liquidation. T. H. Dewey, cashier of the Farmers and Merchants bank of New Bern, became short in his accounts to a large amount and disappeared from the city when the shortage was about to be detected. Speculation is said to be the cause of his going wrong. Mr. Dewey was looked upon as one of the most honest and capable banking men in the state and his downfall occasioned much surprise. The amount of his shortage has not yet been made public.

**Taken With Cramps.**

Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

**SAVE THE CHILDREN.**

Ninety nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. Kodol digests what you eat and makes the stomach sweet."

### Two Brothers Missing, Found Dead in the Creek.

Beaufort, N. C., Aug. 5.—Ernest and Raymond Conner, aged eleven and thirteen years respectively, only sons of Samuel Conner, a farmer at Harlow, thirteen miles from here, went to the creek near their home yesterday morning. Not returning at night, search was made and their bodies found. It is supposed that they were playing on a raft and that one falling overboard and the other endeavoring to assist him, they were both drowned.

This afternoon while bathing near here at the same place where Mr. Joseph and family, of Goldsboro, came near being drowned, a few weeks ago, Mr. Robert Shaw, son of Wm. Shaw, of Durham, N. C., was rescued after going down twice. The doctor had hard work in resuscitating him. He could not swim and stepped in the same deep hole and would have drowned but for timely assistance.

### Storm at St. Louis.

St. Louis, Mo., August 5.—One of the heaviest storms of the year, but of brief duration, swept over St. Louis this afternoon. The furious wind tore through the world's fair grounds, killing Theodore Kichter, a florist, probably fatally injuring A. B. Clark, a carpenter, and seriously injuring seven other workmen besides causing damage to world's fair buildings and other property generally throughout the city to the extent of \$10,000.

The day had been extremely warm, the temperature registering 94 degrees. Suddenly the sky began to grow dark, and soon after the storm broke with the force of a gale. At the world's fair grounds the agricultural building was struck by the gale, and six laborers working on scaffolding were hurled to the ground.

### Mrs. Perkins Entertains

Mrs. J. J. Perkins entertained most charmingly last afternoon in honor of her friend, Mrs. G. B. King, of Washington, D. C. The chief charm of the occasion lay in the fact that each guest was made to feel that for the ensuing evening Mrs. Perkins' home was her very own. Mrs. Shelburn assisted in receiving. The attractive game of finch and other festivities were indulged in. Mrs. G. B. King and Mrs. Shelburn won the first prize, which she presented to Mrs. King. Miss Martha O'Hagan being favored with the consolation. Fruit punch was served informally throughout the evening. At 6 p. m. dainty refreshments were served.
