Why Root Resigned.

Washington, D. C. Aug. 17.—There is a story prevalent to the effect that Elihu Root resigned his seat in the cabinet so that the president could push him forward prominently in politics with the idea of placating the opposition to the present national administration which exists to a marked degree in New York. Already the statement is being heralded that New York republicans are now considering a proposition said to have the endorsement of President Roosevelt looking to the nomination of Secretary Root for Governor of New York and in 1908 for president.

There are a number of well informed politicians who are satisfied that the president will put Mr. Root at the head of the republican national committee in place of Senator Hanna. Mr. Root is close to New York financial circles and the president thinks he is the man to overcome the feeling that is manifesting itself daily in opposition to the Rough Rider of the White House.

An interesting story is being told to the effect that Mr. Root narrowly escaped standing in Mr. Roosevelt's shoes today. At a banquet in this city Saturday night Postmaster General Payne read a letter which Mr. Root wrote to the national committee in 1900 declining the nomination for Vice-President. The nomination had been offered him by President McKinley, it was said, but Mr. Root felt that the work he had undertaken growing out of the war with Spain made it incumbent upon him to remain at the head of the war department. The letter of declination was written to the chairman of the convention, so the story goes, to be used in case a movement was set on foot to nominate Mr. Root.

Edison's Latest.

Orange, N. J. Aug. 17.—Thos. A. Edison has just perfected a new phonograph which he believes will simplify the recording and reproducing of testimony and dictation. Two of the machines have been turned out and operated successfully. One operator can do the work of eight under the new system. Although no larger than ordinary phonographs, the new device is different in many particulars. The record is about nine inches long and about one half an inch thick and is taking from eight to nine letters of ordinary length. The machine is operated by electricity.

Treaty Rejected.

Washington, D. C., Aug. 17.—A cable message dated Aug. 12 has been received from Minister Beauprew Bogota, saying that the Panama Canal treaty has been rejected by the Columbian senate. President Roosevelt was immediately advised of the news.

Five Girls Drowned.

Richmond Va., Aug. 17.—At Lurich station, Giles county, last evening, while a party of children, one boy and seven girls ranging in age from eight to fifteen years, were boating the boat capsized and five of the girls were drowned.

That's what we have—too much Silk Mull, Mercerized Pebble Cloth, Mercerized Chambray, etc., for the season. The season really lacks two months of being over, but we must reduce stock for fall goods. We will not carry them over. You'll not have another chance to get the same goods for anything like the same money. Note these prices.

TUESDAY AFTERNOON, AUGUST 18, 1903.

Elsewhere in this issue is published the report of the taxable property in Pitt county taken from the records just completed in the office of the Register of Deeds. That the county has more than six millions dollars of taxable property, with an increase of above one million over last year, is a fine showing. It is also creditable to the colored people that they own more than a quarter million listed. The figures published speak for themselves.

Sombody else besides Mr. Carnegie has some idle millions to give away for the benefit of education. Mr. Pulitzer, of the New York World, has donated \$2,000,000 to establish a school of journalism at Columbia University, New York.

It is time to let up on General Miles now. He is out and will likely stay out, and Teddy served his purpose, whatever that was, in putting him down without any noise.

Again comes the announcement that Durham is to get that union depot. Maybe, but we have heard something like that before.

Durham ought to buy the present Southern railway depot in that city to preserve as a curiosity.

JOHN S. WISE TO STAY AWAY.

Richmond, Va., Aug. 16.—John S. Wise, of New York, has given up the attempt to get back into the upper set of Richmond society, a place he was entitled to by birth, but which he impaired by his political associations after the war and lost entirely by his recent activities in behalf of the negroes here in attacking the constitution of his native state.

News was received in the city today that Mr. Wise had cancelled his engagement of a box at the Richmond Horse Show, which will be held in October. Last year the Wises occupied a box there, but the society people passed it by with cold stares and there was none of that hospitality shown which other visitors received. Mr. Wise has remembered the treatment and has decided not to again face the experience.

Gov. Wise's family is distinguished and his father was Virginia's chief executive at the outbreak of civil war and signed the warrant for hanging John Brown. He fought bravely for the Confederacy, and John Wise was in the cadet battalion at their glorious New-Market battle.

After the war Mr. Wise committed the unpardonable sin, in the eyes of Southern aristocrats, of joining the republican party. As a consequence he was ostracised socially, and when he made application to become a member of the Westmoreland Club in this city he was blackballed. Within the last year he has made himself more heartily disliked by associating himself with Jim Hayes, the negro lawyer, in an attempt to break the new constitution of Virginia. His utterances have been bitter, and he has paid the penalty in being a social outcast in the state where his father was a loved leader. News of his cancelling his engagement for a box was received here with pleasure.

Inventing lies has cheapened many a good man's reputation.

Still The Only Way.

The Durham Herald speaks a parable when it says that "the farmers may think they are at the mercy of the trust, but it is not so. With a soil that will raise anything that is planted in it, it is a sorry farmer that is at the mercy of anybody." The North Carolina farmer does not have to raise tobacco, the price of which is fixed by a monopoly, if he doesn't want to, and the average business man wouldn't pursue an avocation or confine himself to a line in which he was "at the mercy" of anybody. In this connection it is noted that The Winston Sentinel, remarking upon the suggestion of The Statesville Landmark and The Observer that the way for tobacco growers to escape the trust domination is to go out of the business, expresses the opinion that "they could not be organized so thoroughly as to bring this about." Of course our cotemporary is right. An effort to organize them to this end would result as have all the efforts to organize them to reduce the cotton acreage, but the individual farmer can organize himself and we have suggested the only means by which he may relieve himself of the present condition of serfdom. Until there shall spring up a new and powerful competitor—and of this there is no likelihood—he will continue to raise tobacco, if he continue it at all, for the benefit of the trust, practically hiring himself to it for less than his board and clothes.—Charlotte Observer.

Colonel Bryan's amiability will not be increased a bit by the rumors that Mr. Gorman considers him a negligible quantity. Near friends of the Maryland Senator say that even if for any reason he does not run for the Presidency next year the Democratic National Convention's nominee will be a Gorman nominee and its platform a Gorman platform.—Hartford Courant.

The Greenville Merchants Association have declined to co-operate with other associations in the proposed boycott against the American Tobacco Company. They say that the time for action has not arrived. If it is not time when the price of tobacco, with a short crop, is forced to two and three cents a pound, then it will never be.—New Bern Journal.

The Iowa woman who lived on one meal a day gained 68 pounds in a year. We shudder to think how much she would weigh now if she had eaten the regulation three meals a day.—Atlantic Journal.

Instead of spending \$300,000 on the state capitol and large sums on negro education, why not make provision for the poor demented creatures now confined in county jails?—Wilmington Star.

SUICIDE PREVENTED.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide and something has been found that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Wooten's Drug Store.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Aigus.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro. Farmville.

A wise man hopes only for the things that are possible and probable.

SAVE THE CHILDREN.

Ninety nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. 'Kodol digests what you eat and makes the stomach sweet.' Sold by J. L. Wooten.

The little green apple is the small boy's double.

DEWITT IS THE NAME.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by J. L. Wooten.

It is the cooper who does a staving business.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. For sale by Wooten's Drug Store Greenville, R. L. Davis & Bros., Farmville.

POTENT PILL PLEASURE.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipot of Albany, Ga., says "During a billious attack I took one. Small as it was, it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill."
