New York, Aug. 20, 3:15 p. m. —The race between the Reliance and Shamrock III is on this afternoon. The Reliance took the lead early in the contest and has maintained it. At this hour the Reliance is a mile ahead, but it is believed the race will not be finished in the time limit.

#### Summary of Crop Conditions.

Washington, Aug. 18.—The weather bureau's weekly summary of crop conditions says:

Cotton has made rapid growth throughout the cotton belt and in portions of the central and western districts, and in eastern North Carolina, too, rapid growth is quite general, rust and shedding being also reported in the central and eastern districts, while heavy rains have caused injury in portions of North Carolina, Alabama, Louisiana and Arkansas. Boll weevil are increasing in the southwest and south central cotton counties of Texas and boll worms are appearing in northern Texas, but as yet the latter have caused little damage. Early cotton is now opening, a "first" bale having been ginned in South Carolina on the 11th, four days later than the average.

Cooler weather has affected to bacco unfavorably in Kentucky, Pennsylvania and New England, and drought is causing further injury in Ohio. Elsewhere the crop has made satisfactory progress. Cutting has begun in Maryland, Ohio, Kentucky, Wisconsin and New England. There is a very general absence of reports of injury by worms.

#### Negro Killed.

Hamlet, N. C. Aug. 19.—Isaac Hooker, colored, was run over by an engine in the yard this morning about one o'clock and was so badly injured that he died later. His left shoulder was crushed and one side of his head was badly lacerated. Hooker was drunk and was lying on the track just above the gas plant.

#### Wholesale Poisoning.

We are told by a gentleman who received the information in a letter from Roanoke Rapids, that a wholesale accident poisoning occurred in that town Saturday night. An entertainment was given by the Jr. O. U. A. M., at which ice cream was served. It seems that the freezers in which some of the cream was made poisoned it and 140 people were made sick by eating it. One death resulted.

#### Judge Cooke on Liquor.

"The people of North Carolina, in their sovereign will, have declared that the manufacture and sale of spiritous liquors to an extent heretofore allowed is a great public evil, and must be stopped. The court itself is of the opinion that if all the tears that have been shed by women and children on account of this evil could be gathered together at once, it would exceed in horror at Dante's description of hell."

THURSDAY AFTERNOON, AUGUST 20, 1903.

There are peculiar laws in some parts of our country. The absconding sheriff of Burke county was arrested in Oklahoma, and notice of the same was sent to the proper officials of North Carolina that he was captured and held for instructions. Governor Aycock prepared the necessary papers and an officer was sent to Oklahoma to bring back the sheriff. When the officer reached his destination he found that the men had been allowed to give bail and had skipped, which was permissible under the laws of Oklahoma.

And now they say that the Big Chief of the White House has blood in eye. The president's daughter, Miss Alice Roosevelt, is reported to have danced a cotillion with Harry Lehr, of society fame, and Pa Teddy is very mad thereat. The young lady, however, was greatly pleased and thought she had a very interesting partner.

They don't get too old in South Carolina to run moonshine whiskey. In a recent capture in that state one of the men caught smuggling is 80 years old. What a spectacle. That is a little worse than a citizen of this county whose liberties were abridged to the confines of Pitt jail last spring.

A negro prisoner in jail at Newberry, S. C., who recently exposed a plot of the prisoners to kill the sheriff, if necessary, and make their escape, has been granted a pardon by the governor of South Carolina. That was a good ground for a pardon.

It does now and then happen when an election is held on the question of saloons that the whiskey side wins, but such cases are few and far between. And such a blot it is on the town which votes that way.

The question is what will Boston do next? The latest from that sensational burg is the arrest of a young couple because they kissed where a policeman could see them. "Pears to us 'twern't nobody's business but theirs."

Major C. H. Smith, the famous writer known to the world as Bill Arp, is said to be dying at his home in Cartersville, Ga. His physicians say there is no chance of his recovery.

The mosquito, little but loud, is giving the scientists their annual meditation, and they are about to make him the most dangerous enemy to the human race.

The race between the Reliance and Shamrock III will now take the place of the boxing Jims in the minds of the sporting world.

The man with the hoe will be in evidence at Rocky Mount tomorrow and it is hoped he will do some weeding on the tobacco trust.

STARTLING WATERSPOUTS.

To the fright of some and to the curiosity of all three waterspouts made their appearance at Wrightsville Beach yesterday morning about 10:30 o'clock. Many people viewed the wonderful sight and some of the number were badly frightened.

Two of the spouts were small ones and burst soon after forming, but the third was of gigantic proportion, as large, it is said, as an average size residence, and was first noticed about five miles off. It moved towards the beach with great rapidity and when within probably a mile and a half of shore the top separated from the clouds and the large volume of water fell back into the ocean.

The waterspouts are described by those who calmly observed them as being shaped like tapering funnels and were dark at both ends but light of color in the centre.

The Century encyclopedia says that a waterspout is a cloud brought down to the earth's surface by the rapid gyrotory motion of a vertical wind and it consists simply of fine mist surrounding a central axis of rarefaction. It touches the water's surface and draws up the water for a distance into its vortex and imparts its whirling motion.—Wilmington Messenger.

AS TO GOVERNMENT OWNERSHIP

A contemporary, referring to the recently developed fact that the work in the government printing office at Washington is done at a cost 100 to 200 per cent. in excess of what the same work would cost if executed at a private establishment, points it out as an exhibition of what the country might expect under a system of government ownership of things. The point is well taken. Whether it is the building of a court house or doing anything else, it always cost the government about twice as much as it would an individual or a company. Add 100 per cent. to the operating expenses of the railroad and telegraph lines of the country and reduce the cost of the transportation of passengers and freight and messages—of course the cost would have to be reduced, otherwise there would be no object in having the government take these properties over—and on which side of the books do you suppose the balance would show at the end of the year? Why, the deficit would be enormous and the dear people would have to go down in their clothes for the difference.—Charlotte Observer.

We would like to know how much that review of the North Atlantic squadron by the president on Monday cost the government. The bill for powder burned in his honor must be a pretty big one. There were thirteen ships in the squadron, including the Mayflower, from which the president held the review. Every vessel fired a salute when the president passed it. The Mayflower fired one when he left it to go aboard the flagship and when he returned, and when he boarded the Kearsage the thirteen thips fired a salute each. As a president's salute is twenty-one guns, this would make five hundred and sixty-seven charges of powder burned in his honor. Added to this will be the cost of repairing the damage to the Decatur and the Barry. As the treasury has no money to burn as well as the navy has powder, we suppose the people can stand it.—Wilmington Messenger.

Worry over money matters has killed more creditors than debtors.

## Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Little port, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro. Farmville.

Lie, and the world lies with you, tell the truth and alone you talk.

## SAVE THE CHILDREN.

Ninety nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. "Kodol digests what you eat and makes the stomach sweet. Sold by J. L. Wooten.

It is easier to make a new promise than to mend a broken one.

## Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well." says Mr. Geo. E. Wright of New London, New York. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros., Farmville.

## DEWITT IS THE NAME.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by J. L. Wooten.

It is possible to save a lot of trouble by getting rid of it.

## EAT ALL YOU WANT.

Persons troubled with indigestion or Dyspepsia can eat all they want if they will take Kodol Dyspepsia Cure. This remedy prepares the stomach for the reception, retention, digestion and assimilation of all of the wholesome food that may be eaten, and enable the digestive organs to transform the same into the kind of blood that gives health and strength. Sold by J. L. Wooten.

## POTENT PILL PLEASURE.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipot of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by J. L. Wooten.

Hope is a good thing when backed up by hustle.

## GRIMESLAND ITEMS

Grimesland, N. C., Aug. 18, 1903.

The low price of tobacco has caused a great depression in business of town and community fortunately, some of our farmers did not plant any tobacco, but the majority of them did, unless prices improve they are in a bad fix.

J. J. Laughinghouse went to Greenville Saturday to attend the meeting of Farmers Protective Association. There were a good many others from this section in attendance but we did not get their names.

Claud Taigpen, Leon Fleming and Misses Corrine and Louise Waid came over Saturday to visit friends and returned today.

J. O. Proctor returned from his annual trip to Baltimore where he has been to purchase fall goods: They are coming daily.

Miss Eva Jones went to Washington today. She has accepted a position as bookkeeper in the knitting mills at that place.

Mesdames J. O. Proctor and John W. Mayo and Miss Caddie Holliday are in Washington today shopping.

Levi Holliday and Jessie Davis seemed to enjoy themselves all day yesterday, as well as make visitors enjoy themselves. They are genial, clever boys.

Miss Myrtle Proctor had quite a party of young home folks and visitors to dine with her yesterday. She is a clever little hostess, and made her visitors a happy lot.

## Best Interests of the Farmers And the Dealers Would be Served if Little or no Leaf Tobacco Were Planted Next Year.

Richmond, Va., August 14.—If tobacco men were blue yesterday, as reported in another paper, they are decidedly black this morning. The view presented of the market, they declare, is absolutely wrong and does a great injustice to many with a tendency to hurt the credit of the trade in general.

"There is not a tobacco man in Virginia or North or South Carolina, to my knowledge," said Mr. Wingo, this morning, "who is in the slightest degree embarrassed by the present conditions. The fact is that the last year's crop was between seventy-five and one hundred million pounds heavier than for some time previously, and dealers loaded themselves up with it, but it was a fine crop and there will always be a demand for it as long as there is a pound of it to be bought. Some may have to hold it for a while to get a reasonable profit out of it, but the money is there, and the time will come when it will be easily realized."

At both the Planters' and First National banks, where a majority of the tobacco business is transacted, it was said that the trade was in a very sound condition.

"No tobacco man has been 'caught' or had his credit impaired by his tobacco business," said Mr. Morton. "There is a rumor to the effect that one or two have been crippled by the stock market, but it is only a rumor, and the business is in fine condition."

In view of the large crop this year, it is believed that the best interests of the farmers and the dealers would be served if little or no leaf tobacco were planted next year. It would give the merchants a chance to unload their stocks, and would have an excellent effect on prices.—News-Leader.

## SUICIDE PREVENTED.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide and something has been found that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. "It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Wooten's Drug Store.

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

## Kodol Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action. Bottles only \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c

### MARVELOUS CURE BY DR MOORE.

NORTH CAROLINA }  
Pitt County }

To all whom it may concern:

I hereby testify that my wife, Fanny L. Pearce, and my son, John W. Pearce, and Leona Pearce, wife of my son, J. W. Pearce, on or about the first of last March were strangely effected with a malady resembling fits, and when the attacks were on them they would scream and their paroxysms were so violent that they had to be held by main force. I applied to and had the services of five physicians without realizing any benefit whatever. I finally sought the ministrations of Dr. W. H. Moore, colored, and under his treatment my son passed three snakes, two of them were alive and one was dead. My wife passed several bugs with long snouts to them. It gives me pleasure to announce that they are all getting well and the fits have disappeared.

### A MUSICAL FEAST.

Friday Evening 21st, From 7 to 11.

If you wish to be entertained in a novel way,

Go down to Mrs. M. A. Jarvis to stay

Until you have partaken of all the pleasures planned

You can do as you like, sit or stand,

Or have a "tete-a tete" with your best girl on the lawn

As you listen to sweet strains from meudelssohn

First of all you will find at the door,

A little mite chest that says give me 10, 15 a quarter or more.

Then inside there's refreshments that call for more dimes,

Now don't get frightened, you've spent much more many times

And didn't get value received, at last but not least,

After you have attended this musical feast,

And come in to bid us good night

Hope you will feel repaid for having done the thing that was right.

### LETTER TO PITT COUNTY BUGGY COMPANY.

Greenville, N. C.

Dear Sirs: Mr. Frank Robinson, Titusville, Pa. bought Devoe with a good deal of feeling against the whole tribe of mixed paints. Our agents there, Messrs. Kernochan & Co. got him to do it. He says:

I am more than pleased with the job. I had one-third of the paint left-over; I know of several other jobs, a year old or more, painted with Devoe, that are wearing well.

What a pity we have to all go through the same school, to find out what paint to put on a house! Experience teaches. Isn't there any easier way to learn?

Yours truly

F. W. DEVOE & Co.

### Miss Mattie Phillips Entertains.

Miss Mattie Phillips entertained a number of her young friends Monday night, complimentary to her visiting friend, Miss Katie Tunstall, of Greenville. Nine couples of young folks gathered at Mr. K. R. Tunstall's beautiful home at 801 North Queen street and passed the evening in a very pleasant manner until 10 o'clock, when refreshments were served. The guests enjoyed the occasion immensely and voted Miss Mattie a charming young hostess.—Kinston Free Press, 19th.

### Pitt Co. Ministers' Meeting.

Mr. Editor:—It was moved and carried in our meeting August 12th, that we meet again Sept. 2nd, in Greenville court house, at 11 a. m., and that special invitation be given every good man of the county to be present that day without fail. Our aim is to raise the religious and moral standard of the county. It was requested that the papers of the county keep this notice before the people.

F. F. EURB, Sec.

### Discharged Snakes and Bugs

Elsewhere in this paper is published an affidavit by J. W. Pearce, setting forth that members of his family, supposed to be troubled with fits, were treated by Dr. W. H. Moore, colored, with the result that they were relieved of live snakes and bugs. This is something marvelous. The parties in question are white people of good standing and the affidavit speaks for itself.
