A Sunday Train—Maybe.

Mr. H. L. Carr, secretary of the merchants' association, has received another letter from Mr. W. N. Royall, general superintendent of the Atlantic Coast Line, relative to the petition sent from Greenville for additional daily train, a Sunday train, and for better accommodations, the first reply to which seemed a flat refusal of all that was asked for. This last letter advises that the matter has been taken up again, "and have decided that with our next change of time-table we will comply with the request of the petitioners in running our passenger trains on Sundays. I cannot now advise when we will make a change in our schedule."

In reference to the additional train Mr. Royall said they did not think there was sufficient business to justify it, but added they would "put on an additional train when it becomes necessary to do so, and run it for such a period of time as the business may justify."

Information was asked for as to the complaint of insufficient depot accommodations.

Prospects of a Great Reunion.

Greensboro, N. C., August 22.—There is every proof of a great gathering of North Carolinians now living in other states, in Greensboro, at the re-union to be held here for that purpose, October 12-13.

A letter was received today by the committee from Rev. J. O. Ledbetter, of the Indiana conference of the M. P. church, in which he states that so many North Carolinians in that state are desirous of attending it has been decided to charter an excursion train, so that all may have an opportunity of re-visiting the state at a reasonable expense.

Miss Bessie Harding, of Greenville, N. C. an honor graduate of the State Normal and Industrial College, has accepted a position to teach in the graded schools here, and will be consigned to a grade of prominence.—News and Observer.

The Spirit of Intolerance.

The inhumanity of man to man is pointedly illustrated at Kimball, this state, in the case of a church congregation, said to have expressed the warmest admiration for their pastor, who helped out a salary by working during the week at painting and papering. Finally he took a job on a saloon building and the indignant church members fired him and sued him for the rent of the parsonage. Further comment is unnecessary, except to say that the same spirit of intolerance expressed in a thousand ways is still so strong in this world that the pain and penalty for living is almost unbearable for a large portion of the human race.—Yankton, S. D., Press and Dakotan.

Seven Men Make \$7,500,000 in Cotton.

Publication of a detailed and apparently unofficial story of the gains made by the cotton bull clique was made in The Daily State today. The figures given are: number of bales of spot cotton bought by clique, 250,000; this was at an average price of 9 cents a pound and sold it at an average of 12 cents, thus showing a gain of \$3,750,000. Future deals were based on a ratio of two to one actual cotton, and cleared for the members of the clique the same amount, for a total of 7,500,000 up the end of July. The seven men who made this money are: W. P. Brown, leader of the clique; H. DeL. Vincent, Frank B. Hayne, M. son Smith, T. J. Mayors, C. C. Cordill and F. L. Longshore, all of New Orleans.—New Orleans Dispatch.

Tarboro Physician Dead.

Tarboro, N. C. Aug. 24.—Our people were greatly shocked this morning at the sad intelligence of the sudden death of Dr. T. P. Wynne, one of our prominent physicians, which occurred in New York yesterday. Dr. Wynne was married in Durham to Miss Alberta Robbins, of that place, on Wednesday last, and was in New York with his bride spending a part of their honeymoon. Particulars of his sad death are not yet known.

A C. L. Blacksmith Shops Burned.

Rocky Mount, Aug. 28.—The blacksmith department of the Atlantic Coast line shops at this place was totally destroyed by fire about 12 o'clock last night. The fire was caused by sparks from the anvil. The building was nearly worthless, the chief loss being valuable tools.

Negro Fatally Shot.

Rocky Mount, Aug. 33.—At a negro dance last night near this place Arthur McKesses shot Ed Lang while engaged in a dispute. Lang is not dead but is in a critical condition. McKesses has escaped.

Lord Salisbury Dead.

London, Aug. 22.—Lord Salisbury died this afternoon. The end of the distinguished statesman was a peaceful one, without the slightest evidence of pain. When death became imminent the attending physicians summoned the waiting members of the family, who gathered at the bedside and took farewell of the dying man, who, however, was unconscious of their presence.

Will Go to School.

Mr. C. W. Hearne, who for five and-a-half years has been employed with the THE REFLECTOR, has resigned his position for the purpose of attending school, and will leave in a few days for Whitsett Institute. He has been a most faithful employe, always obliging and attentive to his duties, and while we regret to give him up, his desire to get an education and better equip himself for life's duties is commendable. He has our best wishes.

The Independent Movement.

There was another mass meeting in the court house Saturday afternoon of those interested in forming a stock company to establish an independent tobacco factory and to put buyers on the market. The attendance was not so large nor was there as much enthusiasm as on the previous Saturday. The soliciting committees for the different townships had done very little work, and about the only increased subscriptions were reported by the general committee. The soliciting of stock by the committees will continue this week, and next Saturday morning at 10 o'clock there will be a meeting of those who have subscribed to organize by the election of officers and directors.

HOG AND HOMINY.

We are not capable of advising farmers as to their business, but we have never known a "hog and hominy" farmer to starve. When we have more townships like Kirby, in Northampton county, we can leave the tobacco trusts and all other trusts to whistle for company. The Roanoke-Chowan Times has the following to say in this connection.

Kirby township, which is to vote on the question of levying a local tax to supplement its school fund, is, with the exception of Rich Square, perhaps the most prosperous township in the county or in the Roanoke-Chowan section. It is a rare thing to see Western meat on sale in the stores of the township, the farmers raising a surplus at home. Neither do the farmers of that township buy Western corn or hay to any amount. Cotton and peanuts are the principal money crops and many of the farmers are in a position to hold these crops and market them when they please.

The Morning Post says:

"The Winston Journal may boast very properly of the interest its readers take in its advertising columns, but when it stands its pretty girl pictures in advertisements on their head, as in the issue of the 20th, it may expect trouble. Readers are not going to stand on their heads even to study the attractions of a pretty hat or shirtwaist. Our friend must be more careful."

Where, oh! where is the Post's knowledge of human nature? There has yet to be discovered the thing that a man will not do for a woman, and we don't believe a little matter such as standing on the head will make any difference. Men will stand on their heads or on anybody else's head if a woman wants them to do it. That is human nature, venerable sir. Now look backward by the light of other days and see if it is not.

How many lives of negro child-murderers can pay for one second of such agony as this mother suffers?

"The mother of the child is prostrated and the gravest fears are felt. She is a delicate woman and has had much trouble in life. Her husband died some years ago, and then her father died and now the darkness of night has settled upon her heart in the horrible death of her golden haired darling."

It was the Halifax lynching, and in hell that negro's sufferings cannot be greater than that of the mother who is left to eat her heart out in grief for her child, after a life of trouble and hardships.

There is a gentleman up in the state of New Jersey that New Bern needs in its business. His name is John W. Schofield, and he has been receiver of the First National bank of Asbury Park since February. He has paid depositors seventy per cent., and has money in sight to pay the balance. Perhaps if he were to go to New Bern he would make much the same success in undoing the doings of Dewey.

No doubt the participants in the latest prize fight made some money, but what is there to soothe their chagrined souls when it is remembered that the fight failed to overshadow the yacht races, the Turkish massacres and the Manchurian open door in the newspapers.

The trust can be scotched, but it will be no summer's picnic.

It is said that a foreigner has crossed the horse and zebra, producing the zebrula. Here is the report:

"Consul Guenther, of Frankfort, calls attention to a cross between horse and zebra, called zebrula, which Professor Ewart has produced by careful breeding and which is considered much superior to the mule. It is even affirmed that the mule will be replaced during this century and will be unknown in the twenty-first. The Indian Government has employed the zebrula in Western India, the animal being specially adapted for transport work by reason of the hardness of the hoofs. It is livelier than the mule and as intelligent, but nothing is said of its use of its heels."

We are not exactly from Missouri, but before we believe this new-fangled animal is livelier than the mule under certain conditions, you will have to show us.

Ex-Governor Taylor, of Kentucky, says he had absolutely no knowledge of the plans to kill Goebel. In the next breath he swears Caleb Powers is innocent. Perhaps he learned this from Durbin.

We sincerely hope the farmers will succeed in their efforts to get fair prices for tobacco, but if the final analysis shows that the politician are the ones on top, it will be a costly victory.

David B. Hill says Theodore is spectacular. Doubtless the latter's language would be of that description should he allow himself to express his candid opinion of the Wolfert Rooster.

The Rutherfordton Sun has been converted. After present contracts expire it will carry no more whiskey advertisements. Hail the day when more newspapers practice what they preach.

Everybody knows that lynching will never be stopped until the crime that causes it is stopped, yet people continue to present other solutions of the problem.

Well, maybe the Southern is not in the S. A. L. deal after all, but in these matters the best the public can do is to take it out in guessing.

There may be no connection between the governorship and low prices, but that will not keep some people from thinking so.

We all hope Bill Arp will live on, of course, but he has done so much good in the world he has earned a Heavenly rest.

It doesn't make much difference whether Dewey is in this state or not unless he still has what he lifted from New Bern.

It is the fashion now to cuss the tobacco trust ad infinitum, but it is possible that the trust is not responsible for everything bad.

We suppose Sir Thomas Lipton has made arrangements for getting back home after losing the yacht races.

We wonder if it will be necessary to boil the Milky Way in order to kill the microbes in the milk,

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

Taken With Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called on consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro. Farmville.

Occasionally when a man doesn't know just what to say his silence is mistaken for a superior brand of wisdom.

SAVE THE CHILDREN.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. Kodol digests what you eat and makes the stomach sweet." Sold by J. L. Wooten.

The seashore always agrees with girls who have curly hair.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. For sale by Wooten's Drug Store Greenville, R. L. Davis & Bros., Farmville.

DEWITT IS THE NAME.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by J. L. Wooten.

EAT ALL YOU WANT.

Persons troubled with indigestion or Dyspepsia can eat all they want if they will take Kodol Dyspepsia Cure. Sold by J. L. Wooten.

POTENT PILL PLEASURE.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipot of Albany, Ga., says: "During a billious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by J. L. Wooten.

Fans are now moving in the best society.

Its a wise cow that knows her own fodder.

It sometimes happens that an innocent man also pleads not guilty.

It is more blessed to give than it is to receive—also more expensive.

At some period in his career every man carries something in his pocket for luck.

When a man is looking for difficulties he will find two where he expected one.

The Raleigh Post presents two reasons why the state capitol should be enlarged at a cost of \$300,000. It says that more room is badly needed in the building to transact public business, and that with the increase in the valuation of property, the state will have the money to spare. Nevertheless the next legislature will be slow to make the appropriation.—Winston Sentinel.

LETTER TO O. HOOKER.

Greenville, N. C.

Dear Sir: "It costs as much to put-on poor paint as good"—a common saying and true—it costs much more to put-on poor paint; more gallons.

Poor paint is paint and barytes or paint and sand or paint and lime or paint and chalk or paint and beuzine or paint and water; these are the usual cheats; there are others.

It takes more gallons of paint-and-cheat than of honest paint; and the cost of the labor of painting is so much a gallon—one gallon costs as much as another, for labor.

This is the way to reckon your costs for this year; but how about next year?

Paint Devoe, and next year costs nothing; year after next the same; the same for several years.

Paint anything else, and your costs recur according to what you paint with. Some of the mixtures wear one year; some two; some three.

It costs twice, three times, four times, five times, as much to paint with a cheat as to paint with Devoe.

Yours truly

F. W. DEVOE & Co.

P. S.—H. L. Carr sells our paint.

MARVELOUS CURE BY DR.

MOORE.

NORTH CAROLINA }
Pitt County }

To all whom it may concern:

I hereby testify that my wife, Fanny L. Pearce, and my son, John W. Pearce, and Leona Pearce, wife of my son, J. W. Pearce, on or about the first of last March were strangely affected with a malady resembling fits, and when the attacks were on them they would scream and their paroxysms were so violent that they had to be held by main force. I applied to and had the services of five physicians without realizing any benefit whatever. I finally sought the ministrations of Dr. W. H. Moore, colored, and under his treatment my son passed three snakes, two of them were alive and one was dead. My wife passed several bugs with long snouts to them. It gives me pleasure to announce that they are all getting well and the fits have disappeared.

AND ANY OTHER DISEASE CAUSED BY IMPURE BLOOD.

Do not be discouraged if other remedies have failed. RHEUMACIDE has made its reputation by curing allured incurable cases. Does not injure the organs of digestion.

GOLDSBORO, N. C., Aug. 25, 1902.

Gentlemen—Some six years ago I began to have rheumatism, and also a chronic case of muscular rheumatism. At times I could not work at all my business being baggage master on Southern R. R. For days and weeks at a time I could not work. My suffering was intense. Physicians treated me, without permanent relief, however. Tried a number of advertised remedies without permanent benefit. Finally I tried "RHEUMACIDE." It did the work, and I have had excellent health for three years. I can cheerfully say that all rheumatics should use "RHEUMACIDE," for it is by far the best remedy.
