### AYDEN ITEMS.

AYDEN, N. C., Aug. 26, 1903.

Mrs. Annie Finch, of Wilson, who has been visiting Dr. M. M. Sauls, went to Greenville Saturday.

W. C. Jackson made a business trip to Kinston Monday.

Mr. and Mrs. W. E. Darden, Mrs. Irene Ormond, Miss Elenora and Margurite Ormond, Reymond Turnage and Ray Taylor, all of Ormondsville, took the train here Monday for Asheville.

Dr. M. M. Sauls went to Black Creek Saturday returning Sunday.

Miss Blanche Cannon, who has been visiting in Kinston several days, returned home Saturday accompanied by Miss Alice Hodges.

Miss Nancy Coward left for Greenville Monday.

E. J. Gardner and mother, Mrs. J. B., spent Tuesday in Maple Cypress.

J. W. Moore left yesterday on Hatch Bros. excursion enroute for Baltimore, New York, Montreal and other points.

Edwin Tripp went to Kinston yesterday.

Jim Griffin, of Grifton, was in town Sunday.

The board of directors for the graded school will meet Tuesday Sept. 1st, to elect teachers for the coming session. A good many applications have been received from parties desirous of being teachers of this school. Who will be the principal is the all absorbing question at present.

The Free Will Baptist Theological Seminary opened Monday with Prof. T. E. Peden, of Ohio, as principal. The professor reports a much larger attendance than he expected. This is a good school and has a fully competent, energetic, influential man at the head of it, and we are highly pleased that the attendance at the beginning this year is so much larger than last.

Elias Turnage, of Ormondsville, spent yesterday in town superintending the unloading of machinery he has bought preparatory to fitting up a ginning plant near his home.

Our merchants are giving prices on their goods, selling some articles below cost. They couldn't do this if it wasn't that they sell so many of them.

Some improvements are being made around our depot. We are glad to see this; a new one would not hurt.

### TWENTY EIGHT YEARS AGO.

Colonel Harry Skinner's Recollections of the Greenville of Other Days.

Colonel Harry Skinner informs us that 28 years ago he became a citizen of Greenville, reading law with Major Latham. It is interesting to hear the colonel tell of his impression when he first landed in the small village of Greenville. He says Greenville was then a very small village, and, as he expresses it, "the dullest, and ugliest little town he ever saw," and his wonder was that such men as Galloway, Hilliard, Johnson, Bernard and many others were successful with the conditions that first presented the community to his view.

Then there were very few business houses, Alfred Forbes and T. R. Cherry & Co., being the leading merchants in the town. Colonel Skinner declares that he was impressed when he looked at the surrounding country districts and saw the wonderful facilities nature had bestowed upon the county of Pitt. Indeed there has been a wonderful development in Greenville, in Pitt county and the whole Eastern Carolina territory. Colonel Skinner has always been enthusiastic as to the possibilities of Pitt county and has contributed largely toward the progress and growth of the town and development of the county.

At present there are few people here who were citizens when the young lawyer came from Perquimans, his native heath, with all the fire and enthusiasm of youth, to set up the temple of home and lay the foundation of character.

These 28 years have been rich in joy and sorrow, but through them shines a light that hallows the past, embalms it in memories that no time can efface. May the glow of peace and happiness shine over the pathway of the subject of this sketch while the next 28 years spin out their mornings, noons and nights. May his shadow never grow less.

### "Too Much of a Good Thing"

That's what we have—too much Silk Mull, Mercerized Pebble Cloth, Mercerized Chambray, etc., for the season. The season really lacks two months of being over, but we must reduce stock for fall goods. Consequently we are making great reductions in Wash Silks, White Goods, Embroideries, Percaloes, etc. The profit goes to you if you take advantage of these reductions at once. We will not carry them over. You'll not have another chance to get the same goods for anything like the same money. Note these prices.

Silk Mulls, all colors, was 40c, now 25c.  
Mercerized Pebble Cloths, was 30c., now 20c.  
Mercerized Chambray, was 25c., now 15c.

WEDNESDAY AFTERNOON, AUGUST 26, 1903.

WHEREIN THE A. C. L. DEPOT IS UNSATISFACTORY.

It appears that the A. C. L. desires to know wherein its depot arrangement at this point is unsatisfactory. The situation is so obvious as to make room for the suspicion that the railroad company is not sincere. In cold weather the waiting room is entirely too small. Last winter it was disgusting and exasperating to witness the annoyances which women were compelled to suffer in the waiting room. The room was packed to its limits, several women being compelled to stand. The door was constantly being opened, letting in a wintry blast that went to the ribs of many. Occasionally a drunken brute would lunge forward to spit tobacco juice all over the adjacent scenery. Luggage was piled on the handful of seats. Of course the railroad company cannot make gentlemen out of clods, neither is it directly responsible for everything of an unpleasant nature to travelers, but if this point were given the attention its business and needs deserve, we should have very little to complain of.

There must be some very rough characters among the soldiery who make up the state guard, and the officers seem to have the men under very poor discipline. Blanketing seems to be a favorite pastime with the soldiers, they taking especial delight in tantalizing every negro they can catch around camp or near railroad stations where they pass. Blanketing is a dangerous sport and ought to be prohibited by law. Returning from the encampment at Morehead City recently some soldiers were running after a negro trying to blanket him and caused the negro to break his leg. And the regiment now encamped at Biltmore came near creating race trouble by undertaking to blanket every negro they could get hands on. The officers should not allow their men to do these things.

Booker Washington with a party of 40 prominent negroes, passed through Hamlet the other day and a meal was served them in the regular dining room of the hotel. Now there is all sorts of talk about it, but the hotel proprietor might have made a better reputation by setting the table in another room for Booker and his party.

The London Lancet, says the Wilmington Star, finds that coffee is not detrimental to health. The Lancet says the dyspeptic should not drink coffee because it is injurious to weak stomachs. The medical journal's reasoning appears to us a bit faulty. If coffee will injure a weak stomach will it not make a strong stomach weak?

Failing to get in the United States senate, Hon. Locke Craig, of Asheville, has decided to try for the next best thing to it. A friend of his has said to the Charlotte Observer that it is safe to say Mr. Craig will be a candidate for congress in the tenth district next year.

WHERE NORTH CAROLINA IS A TAIL ENDER.

This state has been disgraced by two or three bestial crimes recently which all good citizens will deplore, but there is no occasion for undue mourning or claiming that we are going to the demerit low-rows. The devil is in the human race just as much as he ever was, and in spite of civilization he breaks out once in a while. Because of a few crimes of particular heinousness we are not a state of rapists and murderers. We are just like the balance of the country—no better and no worse.

Judge Brown, who is holding court in Greensboro this week, put before the jury some figures on crime. He said that the census reports showed that while there were 285 homicides in North Carolina there were 330 in Virginia, 560 in New York, 1,100 in Texas, while Kentucky, which was called the dark and bloody ground, had only 300.

Thus it appears that North Carolina is really a tail-ender in one class of crimes, at least.

It is charged that the tobacco trust destroys competition by buying out rival factories. Now how many rival factories could the trust buy out if the rival factories refused to sell? It is simply a matter of making money.

Bulgaria has ordered 40,000 rounds of cartridges from a German factory. Judging from the work the Turk has been getting in lately, 40,000 tombstones would be more appropriate.

It may be that Mr. Pulitzer needs journalists and not newspaper men. Certain it is that he will never get the latter from his journalistic college.

The Goldsboro Anti-Saloon league has decided to adopt the slogan, "No saloons and no distilleries." We shall be glad to see them make good.

It may be some consolation to the depositors in that New Bern bank to know that wherever Dewey is he is all the time looking around the corner.

We believe there have been fewer vacation accidents this year than usual. This doesn't mean, however, that the fools are all dead.

The Richmond street car strike cost \$255,000 and what part of it the people have not paid they will pay to the street car company.

**Taken With Cramps.**

Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; R. L. Davis & Bro. Farmville.

When a girl can blush in the dark, she is all right.

**SAVE THE CHILDREN.**

Ninety nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. "Kodol digests what you eat and makes the stomach sweet. Sold by J. L. Wooten.

It is just as easy for a girl to fall in love as for a baby to learn to take the bottle.

**Sick Headache.**

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well." says Mr. Geo. E. Wright of New London, New York. **DEWITT IS THE NAME.**

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by J. L. Wooten.

One reason men get over the habit of saving money is that when they do, they lose it in investment instead of having the fun of spending it.

**EAT ALL YOU WANT.**

Persons troubled with indigestion or Dyspepsia can eat all they want if they will take Kodol Dyspepsia Cure. This remedy prepares the stomach for the reception, retention, digestion and assimilation of all of the wholesome food that may be eaten, and enable the digestive organs to transform the same into the kind of blood that gives health and strength. Sold by J. L. Wooten.

**POTENT PILL PLEASURE.**

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipps of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by J. L. Wooten.

To all whom it may concern:

I hereby testify that my wife, Fanny L. Pearce, and my son, John W. Pearce, and Leona Pearce, wife of my son, J. W. Pearce, on or about the first of last March were strangely affected with a malady resembling fits, and when the attacks were on them they would scream and their paroxysms were so violent that they had to be held by main force. I applied to and had the services of five physicians without realizing any benefit whatever. I finally sought the ministrations of Dr. W. H. Moore, colored, and under his treatment my son passed three snakes, two of them were alive and one was dead. My wife passed several bugs with long snouts to them. It gives me pleasure to announce that they are all getting well and the fits have disappeared.

**FARMVILLE CORRESPONDENCE.**

FARMVILLE, N. C. Aug. 25, 1903

We notice in several papers that elections will be held during the latter part of September for the purpose of voting a tax known as second mortgage bonds by sundry towns and townships on the line of the proposed railroad from Raleigh to Washington, to aid this enterprise in its completion. While the project of building this road is a commendable one, there has been no survey made and line definitely located, so the voters in these townships may know where the route will be located and whether by the location made it would be of any advantage to the township through which the road shall run. Take for instance Farmville township, the voters are asked to subscribe a tax equal to \$3000 per mile through the township and yet no one knows where the line of road will be permanently located. This seems to us a one sided business, and all the advantage on the side of the projectors of this road. We realize the fact that in building roads large towns on or near the final direction the road shall run, there is no danger of these towns being given the go by—but it is the intervening points that there is great uncertainty attending the locating the road near them. The road has asked Farmville township to vote a certain amount of bonds (second mortgage) Where is the certainty or assurance that the town of Farmville will be an objective point on this road?

There is great diversity of opinion as to the location of this railroad—Some persons have expressed the opinion that the road in running from Wilson to Greenville will follow the old plank road; that being the case, it would throw Farmville at least a mile from this old plank road route, and would truly destroy whatever advantage or benefit which would accrue to Farmville if the road was run directly to this place.

It seems to the writer of these lines, that before the bonds (if voted) are delivered to the railroad company that a positive unchangeable and perfect understanding be had as to the route. From what we can learn we are convinced that unless this matter is fully arranged before the election is held many voters who are in favor of the road if it should come by Farmville, will not vote for the bonds unless they are assured that Farmville be made an objective point.

This is quite an important matter, and it behooves the road officials to state plainly where they intend to locate the road, so all doubt and dissatisfaction be obviated, and the voters of Farmville township especially shall be enabled to vote intelligently on the bond issue.

We wish to see the road built. When completed it will develop a section of county heretofore, in a great measure, without railroad facilities and create a means of transportation direct from Raleigh to Washington which we have never had before—and will give to the towns greater competitive traffic advantages not now possessed. With all these advantages given due consideration, we think it best before the day of election the 22nd of September, that our people shall know if the road shall be run to Farmville, N. C. Satisfy us on that point, and we think the bonds will be voted by a large majority.

### GUARD HEALTH

Every woman should see that the periodical function is kept in a healthy condition. The way is to take an occasional dose of Wine of Cardui.

Every woman is subject to conditions which bring on female weakness. Wine of Cardui gives women strength for all the duties of life. It gives them strong nerves and freedom from pains.

Wine of Cardui not only cures but guards the health. The organs quickly respond to the healing vegetable ingredients of which Wine of Cardui is composed. A healthy woman does well to take this medicine on approaching her periodical sickness. Wine of Cardui cures the worst cases of prolonged female troubles and has cured thousands of them quickly and completely in the privacy of home.

CHICORA, Miss., May 1, 1902.  
Wine of Cardui and Theford's Black-Draught is a sure cure for all female diseases. I recommend your medicines to all my friends everywhere I go. Five months ago I could not walk across the house without great pain but I am well again. I have only taken four bottles of Wine of Cardui but feel better than I have felt in two years.  
MRS. N. T. GLIDEWELL.
