BENEATH THE WATERS

PROMINENT YOUNG MAN MEETS MYSTERIOUS DEATH.

Wallace Riddick, of Hertford, Who Disappeared August 18th, May Have Met With Foul Play.

Hertford, N. C., Aug. 26.—The finding of the body of G. Wallace Riddick, son of Dr. Riddick, of this place, has not fully cleared up the mystery of his disappearance and body. The body was brought here last midnight on a gasoline launch from North River. A coroner's jury held yesterday rendered a verdict of accidental drowning. Only six dollars was found in his pockets. He is supposed to have had \$120.

On Tuesday, the 18th instant, young Riddick left Hertford and arrived at Elizabeth City enroute to Nag's Head.

As no boat left that day directly for the Head, he boarded the steamer Ocracoke, intending to go to Roanoke Island and proceed thence by sailboat to Nag's Head. He never reached Nag's Head. It was just before 6 o'clock when he told several of his Elizabeth City friends good bye and hurried to catch the boat. As he boarded it he shook hands with Mr. Walter Wood, who saw him mount to the upper deck, carrying a dress-suit case in his hand. This suit case was left on the boat. No other theory can possibly be offered than that while the boat was somewhere between this place and Roanoke Island he fell off and was drowned. His presence on the boat is hardly remembered by the crew.

An air of mystery encircles the whole affair, for no one can persuade themselves that being perfectly sober, which he was, he could have fallen off, nor can they believe that being in the best of health and spirits, and with an exceptionally bright future, he would have jumped off with suicidal intent. He was traveling alone and did not have an acquaintance on the boat, therefore no one believes that foul play was done.

Many a man's nose bruises for the acts of his elbow. Two heads are undoubtedly better than one in a drum.

Tom L. Johnson for Governor.

Columbus, Ohio, Aug. 26.—One of the most remarkable democratic state conventions in the history of Ohio politics was held in this city today, and Mayor Tom L. Johnson, of Cleveland, was nominated by acclamation for governor. The fight was a bitter one. Scenes of the wildest disorder and confusion attended the presentation of Johnson's name before the convention. There were several personal encounters.

Mebane Chair Factory Burned.

Mebane, N. C., Aug. 26.—The Continental Chair Co's. factory was destroyed by fire tonight. The fire started within a few minutes after the whistle blew for quitting. It started in the finishing department, the cause being unknown. The property was covered with about one third insurance.

Particulars of Dr. Wynne's Death

Tarboro, N. C., Aug. 27.—Full particulars of the death of Dr. Wynne, which occurred while he was spending his honeymoon in New York last Sunday, have reached here. He ate some soft shell crabs and drank lemonade. This poisoned his system and about four hours later he died.

Electric Lineman Killed by Fall.

Wilmington, Aug. 26.—Hugh Schwartz, a lineman of the Consolidated Street Railway Company, fell headlong from a pole this morning, striking on his head. He is probably fatally injured. He was painting the pole and lost his balance, falling 30 feet.

Opening of Wake Forest College.

Wake Forest, N. C., Aug. 26.—The college opened this morning with 193 students registered. On the first day last year there were 130 registered. This is the largest opening day by far in the history of the college.

ONLY 4 DAYS.

"Too Much of a Good Thing"

That's what we have—too much Silk Mull, Mercerized Pebble Cloth, Mercerized Chambray, etc., for the season. The season really lacks two months of being over, but we must reduce stock for fall goods. Consequently we are making great reductions in Wash Silks, White Goods, Embroideries, Percales, etc. The profit goes to you if you take advantage of these reductions at once. We will not carry them over. You'll not have another chance to get the same goods for anything like the same money. Note these prices.

Mercerized Pebble Cloths, was 30c., now 20c.

FAIR PLAY.

The following is from the Charlotte News:

"As there is a systematic attempt among a certain class of newspapers in this state to falsify the facts and mislead the people and even to nullify as far as possible any good results that may be observed in the operation of the dispensary and saloon laws in the towns in North Carolina, an effort that challenges the scorn of men and the judgment of Heaven, it is just as well to point out now and then that the saloon, as a temperance promoter, is not 'an unqualified success.'"

We never could understand why a reputable paper should make such a statement as the first clause of the above. If the News knows whereof it speaks, according to this paper's code of ethics it should proceed at once to give the facts, naming names and giving particulars. If there is 'a systematic attempt among a certain class of newspapers of this state to falsify the facts and mislead the people,' it is a wrong, and the News being in possession of the facts, should denounce it. Not being in possession of such evidence, the News should make no such charge.

At least that is THE REFLECTOR'S view of the matter. We may add that our position on the whiskey question has been so well known for a quarter of a century no sane person can charge us with taking the observation of the News to ourselves.

We see in an exchange that North Carolina is to have a "typical" exhibit at the St. Louis exposition. In front of a "typical" cabin is to stand a "typical" hollow tree, where a "typical" possum and its family may be seen. Of course this will necessitate showing a "typical" no-account negro with a "typical" dog and gun. Though the article appears in the Baltimore Sun, we believe it is merely exposition press stuff sent out for want of something better to do. If any good North Carolina money goes for such a purpose as above somebody will hear from it.

When Mr. Pulitzer's students of journalism spend four or five years mastering the theory of their profession they will no doubt find newspapers who will give them a chance at an apprenticeship in the real business of newspaper making. If they are real bright it is possible that they may make a living.

Bright tobacco can only be raised in Virginia, North and South Carolina, and is absolutely necessary to the business of the tobacco trust. This ought to furnish the key to the situation.

Several days have elapsed since the Turk went on the war-path, and the president has not frothed at the mouth yet. Probably basking in the glory of his victory over Miles.

A Rutherfordton genius is trying to figure out the size of Heaven. Probably wants to know if it is big enough for him.

Some women remind you of a course, vulgar boy whose boast is that his parents never whipped him.

Hot weather is like hard times—the more you talk about it the worse it gets.

Like Dr. Talmage, the late lamented Bill Arp cannot be replaced.

Next week they begin to turn Jim Tillman loose.

Mutation.

Do you remember how the sun
Went shimmering across the dew
That day when May was just begun
And all of life and love were ahew?
A gypsy lad and lass we ran
Through field and wood, can you forget.
That day when you were Aucassin
And I was Nicolette?

And then the wonder of that night
When the white moon went up the sky,
And we two promised by its light
The faith and love that could not die.

By stern, parental laws beset;
I think we quite enjoyed our woe,
That night when I was Juliet
And you were Romeo.

To-night we meet again—we two;
Great are the comedies of life.
I chaperon my daughter—you
Yawn while you watch and wait
your wife.

I smile serenely at your frown,
You slumber while we drive 'up-town,
To-night, when you are Mr. Brown
And I am Mrs. Brown.

THE STATE PRESS

There is a world of wisdom in the brief communication of Mr. A. A. Thompson in today's paper calling upon the city aldermen and county commissioners to make a careful investigation and try to ascertain if they cannot reduce the tax rate. The total increased assessment in Raleigh is said to be about twenty-five per cent. There may be a few pieces of property assessed too high, but if so they are few. The tax assessors on the whole have not assessed the property of Raleigh too high.

If the tax-levying bodies of the town and county can see their way clear to decreasing the rate of assessment, all will be well. It can be done. There is a way to do it.—News and Observer.

The usual "look-outs" are being put in at the new postoffice building—holes and apparatus in various places through which an inspector can watch the officials and see what they are doing. They did not use to have these things and there was little thieving; now they are in every building of any note, and the stealage is something to talk about—not in Greensboro, of course, but in the big places.—Greensboro Record.

Now that Judge Allen and Solicitor Hammer are holding Davidson Superior Court it will be interesting to see what will happen to the gentleman who is operating a government distillery in Davidson county in defiance of state law. The distillery has been in operation in Davidson county for several weeks but the county officials took no action to stop it.—Statesville Landmark.

Considering the historic attitude of North Carolinians toward fine public buildings since the days of Tryon's Palace, we have often wondered how we came to have as good looking a Capitol as we have, and doubt whether we shall bring ourselves to spend \$300,000 on improving it. Perhaps the money would be better spent on educating us up to the appreciation of it when we do rebuild.—Charlotte News.

Taken With Cramps.
Wm. Kirmse, a member of the bridge gang working near Littleport, was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, August.

This remedy never fails. Keep it in your home, it may save life. For sale by Wooten's Drug Store, Greenville; E. L. Davis & Bro. Farmville.

Patriotism always stands in with the government.

SAVE THE CHILDREN.

Ninety nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St. Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. Kodol digests what you eat and makes the stomach sweet." Sold by J. L. Wooten.

The average man wants others to see him as he sees himself.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. For sale by Wooten's Drug Store Greenville, E. L. Davis & Bros., Farmville.

A lie out of the whole cloth should prove more satisfactory than a patched up story.

DEWITT IS THE NAME.

When you go to buy Witch Hazel Salve look for the name DeWitt on every box. The pure unadulterated Witch Hazel is used in making DeWitt's Witch Hazel Salve, which is the best salve in the world for cuts, burns, bruises, boils, eczema and piles. The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market. The genuine bears the name of E. C. DeWitt & Co., Chicago. Sold by J. L. Wooten.

There is hope for a man as long as he knows how to take a hint.

EAT ALL YOU WANT.

Persons troubled with indigestion or Dyspepsia can eat all they want if they will take Kodol Dyspepsia Cure. This remedy prepares the stomach for the reception, retention, digestion and assimilation of all of the wholesome food that may be eaten, and enable the digestive organs to transform the same into the kind of blood that gives health and strength. Sold by J. L. Wooten.

If beauty were taxable the fair sex would neer dodge the assessor.

POTENT PILL PLEASURE.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Phipot of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." Sold by J. L. Wooten.

MARVELOUS CURE BY DR. MOORE.

NORTH CAROLINA
Pitt County }
To all whom it may concern:
I hereby testify that my wife, Fanny L. Pearce, and my son, John W. Pearce, and Leona Pearce, wife of my son, J. W. Pearce, on or about the first of last March were strangely affected with a malady resembling fits, and when the attacks were on them they would scream and their paroxysms were so violent that they had to be held by main force. I applied to and had the services of five physicians without realizing any benefit whatever. I finally sought the ministrations of Dr. W. H. Moore, colored, and under his treatment my son passed three snakes, two of them were alive and one was dead. My wife passed several bugs with long snouts to them. It gives me pleasure to announce that they are all getting well and the fits have disappeared.

DEFY THE SUN!

Wear a Flannel or Homespun Suit and keep as cool as a cucumber. They are a cure for hot blood. In one of these a man looks cool and when he knows he looks cool, he feels that way. And the cost of getting into this happy condition is very small. These

start at \$6.50, \$8.50, \$10, \$12. Coats are skeleton backs in two styles.

BETTER KEPT OUT OF COURT.

One Darkey Got More Than He Bargained For.

Jack Daniel, colored, has had some court experiences this week that resulted disastrously to his feelings and likewise to his pocket. Jack went to the work shop of Dempsey Ruffin, also colored, and said he understood that he (Dempsey) had been saying so and so about his (Jack's) wife. Dempsey confessed the implication, whereupon Jack wanted to go for him, but Dempsey hammer in hand, persuaded him it would be best to keep at a safe distance. This did not seem to suit Jack so he went off to hunt for something that would reach futher than a hammer.

He got a pistol, but before he could get in speaking distance of Dempsey with it Jack was taken before Mayor Whedbee for carrying concealed weapon and bound over to Superior Court.

Even this did not satisfy Jack's honor, so he went before Justice of the Peace H. Harding and swore out a warrant against Dempsey, the charge being slandering his wife. The slander trial came on before Justice Harding Tuesday afternoon.

It turned out that Dempsey had a multitude of witness on hand to prove all that he had said so the case against him was dismissed and Jack had another bill of cost added to his wounded feelings.

Mr. Arden Tucker Dead.

Mr. Arden C. Tucker, a well to do farmer and prominent citizen of Beaver Dam township, died about 8 o'clock Wednesday afternoon, and the burial took place at the family grave yard this afternoon. He was about 72 years of age and was the father of Mr. A. E. Tucker, of Greenville.

Is it the Largest?

Parham & Parham have nearly finished their new tobacco warehouse, all the work being practically finished except painting. This house is 100 x 300 feet in size, and while they are not making any special boast of this fact, THE REFLECTOR believes it is the largest warehouse for the sale of leaf tobacco in the state.

Another Slander Case.

The case against John Harris and wife for the slander of Viola Davis was today settled, the defendant having denied all charges and having signed a paper vouching for the good character of Viola Davis and satisfying the prosecutrix that the slander did not originate with him, and was false. The case was before Justice H. Harding.

Helps the Railroad.

At the depot this morning we noticed two box cars standing together. On one of them lumber was being loaded for shipment and from the other lumber was being unloaded for local use. It comes and goes and the railroad gets freight both ways.
