Miss Clyde Humphrey, of Richmond, who has been visiting at Everett Stroud's, left Thursday to spend a few days with Miss Daisy Carmon, at Rountrees.

The Christians will hold their quarterly meeting here Sunday in the graded school building.

Prof. T. H. King, principal of the graded school, delivered an excellent address in the school building Thursday night. Prof. King is an able speaker and an excellent man and well deserves the support of the patrons of the school.

Mrs. Sarah Jenkins and little Johnnie Leon went to Grifton Thursday to spend a few days with her daughter, Mrs. Irwin Jenkins.

Mrs. Celia Allen left Thursday to spend a few days with her daughter, Mrs. Joe McGlohon, near Littlefield.

J. S. Hart went to Grifton Thursday on business.

J. L. Tucker, of Grifton, went to Greenville Thursday.

Mrs. T. R. Lee, of Kinston, who has been visiting her mother, Mrs. C. C. Bland, returned home yesterday.

Dr. D. L. James, of Greenville, came yesterday afternoon.

The graded school opened Thursday with 96 students. It is estimated that there will be 200 in a short while. This is the largest opening a school in Ayden has ever had.

We see very few people on our streets nowadays who show evidence of having visited wet towns. We think if our sister towns will come over on the dry side for a while they will not wish themselves back.

Sautelle's Shows.

Greenville boys are busily engaged in earning and saving all the pennies, nickles and small change they possibly can, for is not Sig. Sautelle's new big twelve combined railroad shows scheduled to appear in this place Thursday afternoon and evening, October 8?

Mr. Sautelle has a standing challenge this year that his is the largest, grandest and best of all American shows. He backs up this assertion by a free display in the streets, on the day of exhibition, which is considerably over a mile in length and contains absolutely more glistening, enchanting, scintillating, processional wonders, than all others combined. Subsequently he presents a peerless performance, which is truly a world of marvels, in three hours. Among the features are to be found the only riding lion in the world and a 63 horse and pony act, either of which is worth many admission fees. Among the performers are to be found born heroes of the gymnastic world in feats of skill and personal prowess, eminent aerial artists, leapers, tumblers, educated animals and the most ludicrous of ludicrous comedians, to be seen in no other show.

Court Adjourned.

After occupying full two weeks Superior court adjourned today. It has been a busy court and a large number of cases have been disposed of. Judge Fred Moore is one of the best judges on the bench in North Carolina, and he is held in high esteem by the people of Pitt county.

WINTERVILLE ITEMS.

WINTERVILLE, N. C. Oct. 3, 1903.

The best of us, sometimes overlook those incidents in life most pleasing, as well as impressive, and so with this scribe in not chronicling in these items an event which occurred but a few days since. A cart with an ox hitched thereto, Frankie Harrington as driver, Leonard Hamilton in the capacity of footman, with a cargo of three fair blushing maidens slowly moving through our streets, was a scene pleasing to the eye, joyful to the heart and exhilarating to the soul. For this cargo was composed of maidens so fair, their loveliness was akin to the radiating light of a golden sun, their sweetness as refreshing as the mellow beams of a silvery moon, and their gushing, happy laughter filled the ear with music too delightful for feeble pen or beautiful English to describe.

Miss Anna Speight has been visiting Miss Mollye Bryan this week.

J. W. Beaman, from near Snow Hill, came over and spent Wednesday with his son at the boys' dormitory.

Henry Neison went to Greenville Thursday.

He has pay sufficient so as not to touch one blade of his large crop of fodder, and has corn in abundance to sell. He has 15 or 20 bales of cotton to dispose of, to say nothing of his tobacco, which he can afford to give away.

Mrs. J. D. Cox and Miss Lena Dawson were in Greenville Monday. Miss Lena left for a visit to Ayden last night.

Miss Mattie Dowd, of Charlotte, an artist of wide reputation, has been here a few days putting the finishing touches to a portrait she is painting of ex Governor T. J. Jarvis. SATURDAY AFTERNOON, OCTOBER 3, 1903.

PAPER MILLS WOULD PAY.

According to the Tradesman, in the thirteen Southern states during the past three months, 1,316 new industries were established. Of this number North Carolina is credited with 136. There is abundant reason why this creditable number should be increased. Commenting on the figures in the Tradesman and the opportunity for new profitable industries, the Asheville Citizen says:

"There is enough spruce in parts of Western North Carolina to justify the erection of pulp and paper mills.

"That there is good profit in paper making may be surmised from the fact that, since the organization of the paper trusts, prices have advanced more than 100 per cent. The white paper on which The Citizen is printed costs an average of between fifteen and twenty dollars per day. This paper, as well as that used by most of the Southern newspapers, must now be shipped at great expense from far-away points like Michigan and New York state."

The proprietor of the Kansas City Star, who owns both a morning and an afternoon paper, has established a paper mill of his own and makes the paper on which he prints all his editions. There is in North Carolina in abundance of the trees that are used to make pulp, and there is money in it for any person who will establish a paper mill. The North Carolina papers alone would make it pay.—Kaleigh News and Observer.

This calls to mind that when the editor of THE REFLECTOR was honored by his brethren of the state press in being made president of the North Carolina Press Association, one of the suggestions for discussion made in his annual address at the meeting in Asheville in 1900, was that a paper mill be established in North Carolina. The statement was then made that there is enough newspaper used in North Carolina to make good business for a paper mill. During the discussion of the subject which followed later Mr. Z. W. Whitehead, of Wilmington, offered the following, which was adopted.

"Resolved, by the North Carolina Press Association in annual convention assembled, that we heartily approve the idea for the establishment of a paper mill in this state, and that it is the sense of the meeting that in order to further encourage the same, the members of this association take stock in a company properly organized for this purpose, and pledge the same their support and patronage, all things else being equal."

We believe Col. J. S. Carr, who was present at the time, said he would take \$1,000 stock in it, but there seems to have been no further discussion of the subject until the above appeared in the News and Observer. If the association thought in 1900 the establishment of a paper mill in this state would be a good thing, then surely the need for it is no less now.

The Charlotte News says:

"And George L. Morton, with his pro-saloon record, is the bravest man in sight now in North Carolina, if he is really thinking of running for any office that is in the gift of the whole people."

"Yes, we remember George. He is the man who fought everything in the way of temperance legislation in the last legislature. Lest the people forget, we remind them of it."

If Theodore gets out of the Miller muddle and still retains the good will of the labor unions, we will admit that he is a politician.

TOBACCO—CONTINUED.

The most radiantly and perseveringly optimistic editor we know is Col. Furman, of the Morning Post, and the only editor we know who is qualified to sit on the other end of the see-saw with Col. Furman is Joe King, of the Durnam Herald.

The editor of the Post always sees the sun shining through the darkest cloud, while the editor of the Herald doesn't go much on silver linings. Bro. King is a pessimist, but such a witty one that his darker musings are relieved of some of their sombreness.

The Herald said recently:

"The Greenville REFLECTOR has found a farmer who was satisfied with the prices obtained for his tobacco. There is room for him at Morganton."

Whereupon the editor of the Post gets a good fresh grip on his faith in humanity, puts on his rose-colored glasses and writes:

"Nothing strange in this. There are plenty of farmers who are satisfied when they feel they get the worth of their product, let it be much or little. Several years ago, when tobacco as well as every other thing was disgustingly low, a good farmer friend of this county who, as he expressed it, put everything he had in a tobacco crop, brought the result of his year's labor to the market and sold, not receiving therefor 'enough to pay him for hauling it to the warehouse.' 'It hits me pretty hard,' he said, 'but I ain't goin' to tell any lie about it. It brought every cent it was worth. It was the sorriest stuff I ever saw put on a market, and their is not a pound any better in my whole section.'

"It was a case of honesty similar to that of THE REFLECTOR's friend. That is all there is to it."

We are confident that if Col. Furman could cause every tobacco planter in the state to receive an equitable price for his product he would do it, but the plain, unvarnished fact is that this has been an exceedingly bad year for the tobacco planters, and it is not likely to get better to any considerable extent. Several individual instances of profitable sales are on record, but the general market has not improved to any extent worthy of consideration. All of the causes which contribute to this condition we do not know, but three causes we are certain of. One is the poor quality of bright tobacco, and the other two is the tobacco trust. Good tobacco will scarcely bring its value, and poor tobacco is a drug on the market.

A well-informed tobacco man recently told us that the only thing which will keep the general market up to its present condition is for the farmers to hold on to what they have. This opinion comes from a man who does not guess, and we believe he is right.

Mrs. Russell Sage is very bitter against American girls who marry titled and penniless foreigners, but you girls who don't marry lords need not expect to be remembered in her will.

Probably Mr. Dewey is waiting for the band to strike up "See the Conquering Hero Comes."

New Bern society has not yet received "at home" cards from Mr. Dewey.

Chamberlain's Cough Remedy. No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough

is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very

highly and very few are willing to take any other after having once used it. For sale by Wooten's Drug Store, Greenville; R. L. Davis Bros., Farmville.

Many Mothers of a Like Opinion Mrs. Pilmer, of Cordova, Iowa, says: "One of my children was

subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by Wooten's drug store, Greenville. R. L. Davis Bros., Farmville.

YOU MAY BE CURED

544 Garfield Avenue, CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhoea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley

Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a \$1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured. Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

THE WEATHER.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exist plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by Wooten's drug store, Greenville, R. L. Davis & Bros. Farmville.

To All Whom It May Concern:

This is to certify that in July, 1902, I had a fistula in anus which had given me trouble for ten years past and I had consulted several physicians and had followed their prescriptions to the letter and continued to grow worse until I could not walk, and for eight months I could only walk on crutches, and in this condition I was advised to call on Dr. Moore, colored, which I did, and under his treatment I at once began to grow better and in one week the trouble was removed and I was perfectly well, feeling like a 16-year old boy, and the trouble has never returned.
