Short Crops.
The opinion is expressed by those in position to know, that all of the cotton in Pitt county will be housed before October is gone. The extremely hot week with which August closed and the drought of the last three weeks practically ruined the late crop and caused the young bolls to dry up.

The colored graded school opened this morning with a large attendance. So far the enrollment of neither school has been completed, so the exact number of pupils cannot be stated yet.

WINTERVILLE ITEMS.
WINTERVILLE, N. C., Oct. 7, 1903.
Purnel Tripp, who runs a saw mill a short distance from here, in sawing a log two feet in diameter the other day struck a 20 penny nail right in the heart of the log, tearing his saw all to pieces. Forty years ago there were no 20-penny nails. Where did this come from? Figure, Dave! It would require considerable length of time for a tree to grow that distance around a nail.

Miss Hattie Kittrell spent Saturday and part of Sunday with Miss Minnie McGowan.
Mrs. Frank Carroll has been visiting friends in town for several days.

W. S. Highsmith was taken suddenly ill Sunday night with neuralgic colic and suffered terribly. Dr. Moye, of Greenville, was phoned for and arrived about 5 o'clock Monday morning. It was quite a while before the patient received relief.

Greensboro Votes Bonds.
Greensboro, N. C., October 6—Greensboro did the handsome thing as usual today by voting to issue two hundred and fifty thousand dollars in bonds for enlarging the water works plant, extending the sewerage system and continuing permanent street improvement. The election carried by a safe majority and everybody is happy. Only three votes were cast against the measure.

Strange but true, that when we tire we wish to retire.

Grafters Seize a Steamer.
Manila, Oct. 6.—George Foreman, chief inspector, and C. J. Johnson, constabulary supply officer, both stationed at Missamis, Mindanao, whose accounts were under investigation, took \$6,000 from the safe, seized a steamer and started for Borneo. Running short of coal they stopped a native vessel and took from her a new supply. A steamer has been sent to Borneo to intercept the fugitives.
Bishop Doherty, the first American clerical dignitary appointed for the islands, has just arrived here. An enthusiastic welcome was accorded him.
The wise man expects everything from himself, the fool looks to others.
The best way to find out whether a tree is hollow or not is to go and ax it.
It would seem natural for a carpenter to walk with a lumbering gait.
Harsh words are the thunders that roll out from the dark clouds of anger.
A determined look in the face of duty frequently hides the scowl of trouble.

Judge Pritchard is Severe.
Washington, D. C., Oct. 6.—Gelgado Crafton, of Riedsville, N. C., was sentenced by Judge Pritchard to two years' imprisonment for the embezzlement of more than \$3,000 from Georgetown University. Despite the fact that restitution of the money had been made and that strong pleas for clemency were submitted, Judge Pritchard refused to let the young man go free, and remarked that while the university has been reimbursed he would refuse to make the court a collecting agency.

Fatal Feud in Wilmington.
Wilmington, N. C., Oct. 6.—George T. Bland was shot and instantly killed by S. Hill Perry, his father-in-law, this morning, at his home in this city. Perry was standing on the sidewalk and Bland was in his front yard. Bad blood has existed between the men for several years and the shooting was a direct result of family trouble. The men have been carrying pistols for each other for sometime and a clash has been expected for weeks.

Trial of Haywood.
Raleigh, N. C. October 6.—In the trial of Earnest Haywood yesterday the defense examined fifty witnesses. The most sensational feature of the day was the severe criticism by Judge Peebles of the methods used by the state in the cross examination of certain witnesses and his subsequent modification of his censure.

Hearst & Co. on a Junket.
Salisbury, N. C., Oct. 6.—W. R. Hearst, of New York, has invited Senator Overman and Congressman Klutz to join a party in Chicago next week for a trip through Oklahoma and New Mexico for the purpose of making a study of the statehood question. Both gentlemen have accepted the invitation.

Southern's Hoodoo.
Goldsboro, N. C., Oct. 6.—The Southern railway had a wreck between two passenger trains this morning, in less than half a mile from the depot here. One engineer was injured but fortunately none of the passengers on either train were hurt. Both engines were thrown from the track and damaged.

Tillman Trial Delayed.
Lexington, S. C., Oct. 6.—The continued illness of Milton Sharpe, one of the jurors in the Tillman case, necessitated an adjournment of court today until tomorrow.

"The consumer, who is compelled to buy shelter, food, clothing, tools and medicine in a walled in mark cannot help himself. The workingmen, who are themselves consumers, are only taking the tariff makers at their word when they insist upon getting a larger share of the 'swag' The professed object of the Protectionist from the outstart has been a noble and beneficent desire to protect labor. The working man has at last discovered that they only intend to protect themselves, and he strikes for a more equitable divide."—Philadelphia Record.

Mr. Sam Munford, who lives in sight of town, reports that he has sold eight bales of cotton, weight over 500 pounds each, from eight acres of land and is good for at five more bales from the same land. What about the Ayden section for farming!—Ayden Free Will Baptist.

WEDNESDAY AFTERNOON, OCTOBER 7, 1903.

RALEIGH SETS THE PACE.

Raleigh did something Monday that will send its name cavorting down the plank road of fame all right. It was "soloons or dispensary," and we are exceedingly glad to note that the dispensary won by a majority of 190. Raleigh is, we believe, the first large city in the state to vote down the saloon, and our capital city may well feel proud of its victory. That victory means more than a dispensary for Raleigh—it means that the temperance legions throughout the commonwealth will have their hearts gladdened and their courage renewed for the conflict.

Already the saloon is on the run. In Durham and Goldsboro the temperance people are after them in a spirit of earnestness that will finally root up and destroy forever the whiskey power in North Carolina.

In the counties bordering on the lower Rappahannock river, in Virginia, which generally refuse to grant liquor licenses and have been dry for a number of years, a novel plan for evading the law has been hit upon. An enterprising but not too scrupulous captain of a river craft applied to the corporation judge at Fredericksburg for license to operate a floating bar room. It is supposed that the judge did not know the sentiment of the people along the river, as he granted the license, and now the natives find that liquor is sold within a few hundred yards of shore, their will to the contrary notwithstanding. The proprietor of that floating saloon may some day discover a large hole in his ship's bow and himself and boat taking a voyage to Davy Jones' locker, which would serve him right.

"THE REFLECTOR boasts of the number of pianos in Greenville, and says it is certain they are owned by 'industrious people.' No doubt the performers are bang up, too."—Wilmington Star.

Yes, and a great many of the pianos are banged up.

Senator Fairbanks would make just as good a vice-president as Theodore does a president, and that is not loading Fairbanks down with praise.

A Gordonsville, Va., banker has bought the newspaper in his town. He now has something to take away his surplus without the aid of an eloping cashier.

No little part of the dispensary victory in Raleigh was achieved by the News and Observer. That paper has landed some body blows for temperance.

"It is pleasant to live this weather," remarks the Orange, Va., Observer. When is it so unpleasant that you don't want to live, Bud?"

The worst of it is that when we turn Haywood loose we can't howl at South Carolina for turning Tillman loose.

Another crank has made an attempt at an attempt upon the president's life.

We almost feel like giving Raleigh that new capitol on account of the old girl's dispensary victory.

No one will have to beg Fairbanks to run on the Roosevelt ticket as the part that goes over the fence last.

The A. & N. C. railroad is not a success as an example of the blessings of government ownership.

The Russians are killing the Jews again, but "Christian Europe" doesn't seem to take notice.

New Bern banking interests are still worrying along without Mr. Dewey.

Take the A. & N. C. railroad out of politics or turn it over to business men.

Suing the company is the only way some people ever could make a living.

THE STATE PRESS.

"In the past we have adverted in complimentary terms to the conduct of a certain superior court judge who, not a century since, held court in Smithfield. We have seen and heard more of the man since then, and we can better understand some of his 'judicial' utterances since having arrived at a truer estimate of his character. No presiding judge can be polite and courteous to witness, lawyer or jury who had passed the night in a drunken debauch."

The Greenville REFLECTOR quotes the above from the Smithfield Herald and takes that paper to task for the publication. We agree with THE REFLECTOR. If the editor of The Herald knows of such conduct of a judge while holding court there he should publish his name or say nothing about the matter. If he was sure of his facts he should have published them along with the judge's name. If he was not sure of them he should have said nothing about the affair. As the matter stands it is a reflection upon the judiciary of the state with the fifteen innocent judges who are given no opportunity to clear their skirts of such an imputation. We do not believe in newspapers making such grave charges by innuendo.—Wilmington Messenger.

To encourage the production of "home supplies" by the farmers of Scotland county, Mr. D. C. Lynch last fall offered prizes amounting to fifty dollars, \$25 to the first, \$15 and \$10 respectively to second and third winners, who should produce the largest amount of wheat upon three acres. The result was, Mr. John Blue of Laurinburg raised 66 1-2 bushels upon three acres, Mr. B. Mason 57 bushels, Mr. James F. Blue 51, thus ranging from 17 to 22 bushels per acre. And last year was notoriously unfavorable for wheat in this state. A few years ago it was not considered practicable, certainly not profitable, to raise wheat or the better grasses in any part of eastern North Carolina. The above is another of many instances wherein this fallacy has been exploded.

The truth is, this old state of ours can raise every thing man wants or needs, in any section thereof.—Morning Post.

John Alexander Dowie, the Elijah of Zion, thinks he has solved the race problem, the solution being intermarriage. There is nothing new about this idea, but, coming from their prophet, it doubtless means that his followers endorse it. If so, this is proof positive that the South will never be an attractive section to them, which is that much better for the South.—Charlotte Chronicle.

Chamberlain's Cough Remedy.
No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough

is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very

highly, and very few are willing to take any other after having once used it. For sale by Wooten's Drug Store, Greenville; R. L. Davis Bros., Farmville.

Many Mothers of a Like Opinion
Mrs. Pilmer, of Cordova, Iowa, says: "One of my children was

subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by Wooten's drug store, Greenville, R. L. Davis Bros., Farmville.

I had Dyspepsia in its worst form and felt miserable most all the time. Did not enjoy eating until after I used Kodol Dyspepsia Cure which has completely cured me.—Mrs. W. W. Saylor, Hilliard, Pa. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, indigestion, dyspepsia and all stomach troubles are quickly cured by the use of Kodol. Kodol represents the natural juices of digestion combined with the greatest known tonic and reconstructive properties. It cleanses, purifies and sweetens the stomach. Sold by John L. Wooten.

A good character is above all things else.

A PERFECT PAINLESS PILL.

is that one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectually are DeWitt's Little Early Risers. Bob Moore of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by John L. Wooten.

Never be idle, for work prevents poverty.

DIETING INVITES DISEASE.

To cure Dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that one cares to eat, and is a never failing cure for indigestion, Dyspepsia and all stomach troubles. Kodol digests what you eat—makes the stomach sweet. Sold by John L. Wooten.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exist plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain-Balm freely, as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by Wooten's drug store, Greenville, E. L. Davis & Bros. Farmville.

YOUNG WIFEHOOD

Boston, Mass., 152 Shawmut Ave., Oct. 25, 1902.
After I had been married about four months I felt my health generally decline. I seemed to lose the light step and dragged wearily along instead. My appetite failed me and I lost health and strength. I was nervous and had shooting pains through my limbs and stomach while bearing down pains and constant headaches added to my misery. The menstrual flow became more and more profuse and I was unfit to attend to my daily duties. My husband called in three different physicians and I took enough medicine to kill or cure a dozen women, but it all had no effect on me whatever, until I took Wine of Cardui. In a few days I felt a change for the better, my general health improved and at the next time of my periods my flow was more natural and I was in less pain. Gradually I recovered my health and strength and am now in perfect health. I take an occasional dose of Wine of Cardui which keeps me well.

I am happy to give you this endorsement.

Beth Ricker
President, Back Bay Woman's Club.

Why don't you try for the same health Mrs. Ricker has? It is easy to secure if you take Wine of Cardui according to directions. Wine of Cardui strengthens weak and worn-out women of any age and assists the mother and housewife to bear her exacting duties. Wine of Cardui makes women fit for all the duties of womanhood.

It will relieve the pains of irregularity, cures falling of the womb, leucorrhoea, ovarian troubles, and has been known to remove what physicians considered dangerous tumors. Women who use Wine of Cardui do not suffer at the monthly periods. They do not suffer hysterical attacks, because Wine of Cardui gives them strong nerves freed from the irritation of female suffering.

A \$1.00 bottle of Wine of Cardui purchased from your druggist will keep you free from pain.

To All Whom It May Concern:

This is to certify that in July, 1902, I had a fistula in anus which had given me trouble for ten years past and I had consulted several physicians and had followed their prescriptions to the letter and continued to grow worse until I could not walk, and for eight months I could only walk on crutches, and in this condition I was advised to call on Dr. Moore, colored, which I did, and under his treatment I at once began to grow better and in one week the trouble was removed and I was perfectly well, feeling like a 16-year old boy, and the trouble has never returned.
