Hard Time Receipts.

There is being much said in this country about hard times and the scarcity of money, and as every one has a cause and knows its remedy, I thought I would write and tell your readers the cause:

We buy more than we produce.

There is too much flour and bacon shipped here every year.

The things we ought to make at home we are buying.

We let timber go to rot and buy our plow stocks, single trees, axe handles and fencing.

We throw away our ashes and buy soap and axle grease.

We give our beef hides away, buy hamstrings and shoestrings.

We waste our manure and guano.

We buy garden seed in the spring and cabbage in the winter.

We let our land grow up in weeds and buy our brooms.

We waste the wax out of our pine and gum trees and buy chewing gum for our children.

We build school houses and hire teachers and send our children off to be educated.

We lend our four dollar fishing rods.

We send a 15 cent boy out with a twenty dollar gun and a four dollar dog to kill birds.

We raise dogs and buy wool.

And about the only thing in this country that there is an over production of, is our production of politics and dog ticks.—Ex.

It is to be greatly regretted that the North Carolina Press Association, in its session in Washington (Thursday), went so far afield in hunting for trouble. The adoption of a resolution condemnatory of the hanging of an editor in effigy—though this was in fact a service to him, he having never had a better advertisement—was within its province, if it cared to so dignify the bad behavior of a lot of school boys; but it is not quite clear what the Association, as such, has to do with the case of Dr. Bassett of the action of the board of governors of Trinity College. Fortunately the wisdom of the body cut out this part of the resolution, but its introduction was not seemly and the discussion upon it less so.—Charlotte Observer.

Pity the fellow who gets in the dumps without cause and cherishes unkind feelings toward someone who never did him a wrong, either in word or deed. There are many such—too many. Reader, be sure you have just cause for displaying an unfriendly spirit before you indulge it towards any one.—Reidsville Weekly.

Prospect Gratifying For State Exhibit.

Mr. T. K. Bruner, who has been here the past several days in attendance upon the sessions of the state board of agriculture, of which he is secretary, will leave early this week for New York where he goes to attend a convention of the New York state butter and cheese makers' association and confer with them in regard to their exhibit in the St. Louis exposition. Mr. Bruner, as manager of the general and special exhibits in agriculture and horticulture at the great exposition, is scoring a great success and making a fine impression with the management of the exposition. He says that from what he has seen of the progress of preparations for the North Carolina exhibits the state will certainly be very creditably represented. No one is in better position to judge of this than Mr. Bruner for the reason that he is a manager of an entire department of the exposition in touch with the plans and progress of preparations in practically all the states. He will for some months yet spend much of his time on the road visiting nearly all the states in the union, especially the southern states.—Raleigh Post.

Crum Oroked

Charleston, S. C., Dec. 5.—W. D. Crum, the colored collector of the port here, whose nomination by President Roosevelt is now pending confirmation in the senate, who has been the cause of much contention on the race question, is accused by members of his own race of securing money under false pretense in connection with a sick and death benefit association. Crum was a director in the Metropolitan Benefit Association. With two other officers he recently withdrew from the organization, formed another known as the Protective, and induced many members of the Metropolitan to join the new one by representing that the Metropolitan had surrendered its charter.

The officers of the Metropolitan have laid the whole case before the secretary of state, to whom Crum and his associates had appealed for a new charter, and have passed resolutions denouncing his acts and those of his associates. They have also begun legal proceedings to prosecute the collector for obtaining money by false pretense. The charges are made by prominent men and there is no race issue involved.

Fire at Grifton.

About 3 o'clock Sunday morning the town of Grifton, on the southern border of the county, was visited by a fire of unknown origin. The fire started in the store of J. D. Gaskins, near the bridge, and this, with his stock of goods, a bicycle shop and store adjoining, were destroyed. All the buildings belonged to Mr. Gaskins. The loss is estimated at \$2,500 on which there was no insurance.

E. E. Griffin Assigns.

On Saturday evening E. E. Griffin, jeweller, executed a deed of assignment to H. Harding. The liabilities are stated at about \$3,000 with assets about \$2,300.

Benefits of Soap.

For years public-spirited people have been preaching about the benefits of soap. Some men have even gone so far as to say that soap is the real emblem of civilization. Whether this is so or not, it is well known that in countries where the people are savage there is no soap. It has been difficult, however, to get some people to accept soap as a blessing or as a bulwark of the home. In spite of the good work the magazines have been doing by way of disseminating soap advertisements there are many inhabitants of our splendid country who continue to regard soap with suspicion if not with downright abhorrence.—Chicago Record Herald

MONDAY AFTERNOON, DECEMBER 7, 1903.

Charlotte is in the hands of the Baptists this week.

And Germany, too, has lifted his hat and made his bow in recognition of Panama.

With eggs 35 cents a dozen in Charlotte and 30 cents in Greensboro, those towns are hunting a substitute for Christmas eggnog.

The North Carolina editors, while in Washington, did not care to call on the president. But being that they were all white perhaps Teddy did not care to invite them.

A canvass of many prominent democrats of Indiana brings out the fact that the sentiment in that state is largely in favor of Judge Parker for the presidential nomination.

W. P. M. Turner, who has been city editor of the Greensboro Telegram, has gone from that paper to the Wilmington Messenger. The Messenger gains by the change.

Parker stock for the presidential nomination seems to be on the increase. It is now said that New York will unite on him, the Tammany and Hill factions having agreed to put aside their differences and forget old scores. With New York united on a man and Indiana also for him means much in his favor.

Charlotte might get a profitable lesson from the example of the North Carolina foot ball boys, and come off the cotton future business while she has a full hand of winnings. Reports say that Charlotte dealers won \$400,000 in futures in one day last week. Naturally it set the town crazy, and there is danger of losing it all and more in pulling the wires too often.

All North Carolina learns with deep regret the death of Mr. John R. Morris, which occurred Saturday morning in a Baltimore hospital where he had gone for treatment. Mr. Morris was a traveling salesman well known all over this and neighboring states, and he had friends everywhere. Besides being a most genial and courtly gentleman, he was a fluent writer and his contributions to the press were always read with keenest pleasure. His home was in Goldsboro and his remains were taken there for interment.

A union of Women's clubs has established headquarters in Washington City to work directly for the expulsion from the senate of Senator Reed Smoot. The president of the national congress of mothers is the leader of the movement and many other national organizations are represented. The first question considered was the raising of funds and it has been decided to issue a call to the country to raise \$3,000 for the purposes of the union. A pamphlet setting forth the evil results to the country which would follow if senator Smoot retained his seat, will be issued and it is hoped, secure money to advance the cause. After the plans had been well discussed, a couple rose and left the hall. There was a good deal of astonishment

when they were recognized as the private secretary of Senator Smoot and the secretary's wife.

North Carolina received poor recognition in the assignments of committees in congress. Only one appointment to this state carries any importance of consequence with it, that of Mr. Klutz on postoffices. The following are the assignments this state received:

Claude Kitchen, Claims and expenditures in the state department.

John H. Small, Merchant marine and fisheries, and expenditures on public buildings.

W. W. Kitchen, Naval affairs.

T. F. Klutz, Post offices and post roads.

E. W. Pou, District of Columbia and reform in the civil service.

Claude Kitchen, Claims.

Charles R. Thomas, Public buildings and grounds.

E. Y. Webb, Education, patents.

R. N. Page, Reform of the civil service and expenditures in the interior department.

J. M. Gudger, Jr., Alcoholic liquor traffic and expenditure in the treasury department.

G. B. Patterson, Census.

Editor Banks, of The Asheville Gazette-News, thinks the term "Panamaians," one of the worst on record, barring "Varsity." It is known of Mr. Banks that whenever he would come across the word "Varsity" in a proof he would ring the alarm bell for the foreman and have it out with him, then and there. But Mr. Banks does not tell us what we are to call them. If not the "Panamaians" what? The New York Commercial advertiser reviews a few of the attempts to mint a designation for our new republican cousins. They are: Panamas, Panamios, Panamiese, Panamaists, Panamistos, Panamiens, Panamyans, Panamanarians, Panamanians, and, finally, Panamaians. We are not disposed to profess any love for the word "Panamaians." Panama people" ought to be good enough; certainly it would not be so hard on the tongue.—Charlotte Chronicle.

Oh, just say "the gentleman from Panama," and be done with it. That is what it will be when he gets in congress.

Our "per capita" circulation has reached the \$30.21 mark, gradually but surely reaching out for the ultimate of American hopes and aspirations, \$50. But the latter when first introduced as a "demand" and followed by idolatrous worshippers only promised to be a glittering generality made of paper and pictured in gay colors. Now, however, the per cap represents sound, sane, sensible, substantial and savory shinning salvation—gold—every per cap being of the same value and good wherever the constitution and the flag lie down together in pleasant dreams. Happy consolation, to know that while cotton sells for 12 cents and the rise, tobacco getting away up in the substantial figures, peanuts 3 cents per pound in the shell, corn and wheat sailing round the moon, and all other things according, every mother and mother's son and daughter of us are "good" for \$30.21 per cap of money that is current with the merchant without hesitation, humiliation or suspicion. We are the people.—Raleigh Post.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine

had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the

baby." This remedy is for sale by Wooten's Drug Store Greenville and R. L. Davis Farmville.

The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," write Post & Bliss, of Georgia, Va. No other liniment

will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lumbago and pains in the chest. Give this liniment a trial and you will never wish to be without it. Sold by Wooten's Drug Store, Greenville, R. L. Davis, Farmville, & Bros. Farmville.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Bode rick, of Polesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by Wooten's Drug Store Greenville, R. L. Davis & Bros. Farmville.

The truckers say that the cold weather has almost destroyed the cabbage plants. All the earlier ones that had been transplanted have been killed by the heavy frosts before they got well rooted, and the late ones were killed in the beds. Some farmers have lost practically every plant, and none will have enough to amount to anything.—Newbern Journal.

CURED OFFILES AFTER 40 YEARS

Mr. C. Haney, of Geneva, O., had the piles for 40 years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, laceration, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by Jno. L. Wooten.

Only Makes a Bad Matter Worse.

Perhaps you have never thought of it but the fact must be apparent to every one that constipation caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Wooten's Drug Store, Greenville, R. L. Davis & Bros. Farmville.

Kodol Dyspepsia Cure supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. A REMARKABLE CASE.

One of the most remarkable cases of a cold, deep seated on the lungs, causing pneumonia, is that of Mrs Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by John L. Wooten.

Queen Quality

The First Requisite

The very first requisite of a shoe is that it shall fit the foot with absolute accuracy. Closely but not tightly! No waste space, yet no pressure! The "QUEEN QUALITY" Shoe is made so that

It Fits the Foot

It fits just as a Paris made glove fits the hand. Have you ever noticed no other shoe talks much about Fit? They talk about "style" and "beauty" and "form" and other things that mean nothing. But they say little about FIT! They don't dare to!

"Queen - Quality"

fits because it is an entirely different construction which, by the way, adds many dollars to the weekly pay roll. But the shoes fit perfectly!

SHOES

FOR PARTICULAR WOMEN

We are proud of our shoe stock this season. We are certain we have the finest line we have ever shown and we are certain that no other store gets even a little bit ahead of us.

ULTRA and BROCKPORT Shoes for Women

are our strong cards, and we are able to meet the requirements of the most fastidious as well as the more conservative patrons, and we invite a thorough inspection of our line—ULTRA in name, ULTRA in character; ULTRA in every feature that contributes to fit, comfort and style. In finish, material and workmanship, we are proud to present to all lovers of good taste in footwear a shoe for which we have never yet had to make apology. The "Brockport" Shoe is constructed on common-sense principles without sacrifice of those attributes that appeal to a woman's taste, or her pride, in a well and stylishly dressed foot.

Our usually up-to-date line of children's and infant's shoes is ever better than ever. We are positive we can insure you perfect satisfaction and save you money in your shoe needs.
